Q If I ask you a question and you answer my question, I'm going to assume that you understood my question and you've answered it accordingly. Do you understand that? A Yes. Q As you've been doing, you need to keep giving verbal responses to all of my questions so we can make sure that your answers are captured in the written transcript that will result from the deposition. Do you understand that? A Yes. | 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 | A Correct. Q You're currently employed at Shell? A Yes. Q When did you start working at Shell? A May 13, 1992. Q What position were you hired into, do you remember? A I was hired into as an entry-level operator. Q Was that your first full-time position? A With Shell? Q Yeah. A Yes. Q Okay. I mean was that your first full-time position, period. A No. Q Where did you work prior to that in a full-time capacity? A I worked for Penn Canadian Petroleum. Q For how long? A For eight months. Q Was that your first full-time position? A Yes. |

| , | | | Page 11 |
| 1 | A Correct. | 1 | A 2013 I took a role in Calgary as the title |
| 2 | Q And about how long did you hold that | 2 | of the role was senior advisor asset operations. |
| 3 | position? | 3 | Q That was a promotion? |
| 4 | A I held an operations position for 18 years, | 4 | A No, it was not. |
| 5 | but I did progress through different levels of | 5 | Q Lateral? |
| 6 | operations. | 6 | A It was a lateral move. |
| 7 | Q Okay. So let's go through those. Your first | 7 | Q Why did you take that role? |
| 8 | position was entry-level operator. What was your | 8 | A Why? |
| 9 | next position? | 9 | Q Uh-uh. |
| 10 | A So that was classified as an Operator Number | 10 | A It was an opportunity to do something new in |
| 11 | 5. The next would be an Operator Number 4, 3, 2, 1, | 11 | my career. |
| 12 | lead. So there was multiple progression levels in | 12 | Q Who'd you report to in that role? |
| 13 | the hourly operations ranks. | 13 | A I initially reported to Dave Todd, |
| 14 | Q Got it. So did you go did you progress | 14 | David Todd. |
| 15 | through all of the levels of operator? | 15 | Q At some point that changed? |
| 16 | A Correct. | 16 | A Yes. |
| 17 | Q Okay. So you started out at as 5, you went | 17 | Q When? |
| 18 | to 4, then 3, then 2, then 1? | 18 | A David retired. After only maybe five months |
| 19 | A Correct. | 19 | in the role, he retired. |
| 20 | Q Over the course of how many years are we | 20 | Q And then who'd you start reporting to? |
| 21 | talking? | 21 | A Then I reported to Murray Elliot. |
| 22 | A 12 years. | 22 | Q How long did you hold that senior advisor |
| 23 | Q And those were all promotions? | 23 | role? |
| 24 | A Yes. | 24 | A For approximately 18 months. |
| | | | |
| | Page 10 | | Page 12 |
| 1 | Q All right. So we're at about 2004 now, | 1 | Q So sometime in 2014? |
| 2 | right? | 2 | A So it was yeah. May of 2015 is when I |
| 3 | A Correct. | 3 | exited. |
| 4 | Q All right. And then what happened? | 4 | Q And what did you do when you exited? |
| 5 | A I remained as a lead operator until | 5 | A I came to Pennsylvania to the Appalachia |
| 6 | approximately 2010 at which time I moved to a | 6 | asset. |
| 7 | supervisory position with Shell. I became the chief | 7 | Q Where? |
| 8 | steam engineer and operations supervisor. | 8 | A To Wellsboro, Pennsylvania. |
| 9 | Q That was a promotion? | 9 | Q To do what? |
| 10 | A Correct. | 10 | A I became the superintendant of operations, |
| 11 | Q So as of your promotion in 2010, where were | 11 | production superintendant. |
| 12 | you working? | 12 | Q That was a promotion? |
| 13 | A Caroline Gas Plant, Alberta, Canada. | 13 | A Correct. |
| 14 | Q And who were you reporting to when you were | 14 | Q Who did you report to when you started in |
| 15 | promoted into the chief steam engineer and operation | 15 | that role in May of 2015? |
| 16 | supervisor role? | 16 | A Greg Larson. |
| 17 | A Darren Van Curen. | 17 | Q His position at the time? |
| 18 | Q How long did you hold that role? | 18 | A Operations manager. |
| 19 | A For three years. | 19 | Q How long did you hold that role? |
| 0.0 | Q Through around 2013? | 20 | A Two years and seven months. |
| 20 | A 37 | 21 | Q So are we at the very end of 2017? |
| 20 | A Yep. | | -, |
| | A Yep. Q Working in Alberta, Canada the whole time? | 22 | A Yeah. January of 2018. |
| 21 | | | |
| 21 22 | Q Working in Alberta, Canada the whole time? | 22 | A Yeah. January of 2018. |

| | | | Page 15 |
|----|---|--------|---|
| 1 | A Yes. | 1 | |
| 2 | | 2 | A Tanya Williams. Q Her role at the time? |
| 3 | Q And what happens in January of 2018? | 3 | |
| | A I became the operations manager. | 4 | A At the time she was the general manager for |
| 4 | Q It was the role that Larson had held? | 5 | Appalachia. The title has since changed to vice |
| 5 | A Correct. | | president. |
| 6 | Q Was that the position that he had held? | 6 7 | Q When did that change? |
| 7 | A Correct. | | A The title? |
| 8 | Q What happened to him? | 8 | Q Yeah. |
| 9 | A He retired. | 9 | A I believe earlier this year, so maybe March |
| 10 | Q Was that a promotion for you? | 10 | timeframe. |
| 11 | A Yes, it was. | 11 | Q So then Tanya became the VP? |
| 12 | Q Was that a position that you had applied for? | 12 | A Yeah. Her role didn't change; just the title |
| 13 | A Yes, it was. | 13 | of the role changed. |
| 14 | Q So it was posted? | 14 | Q Are you still operations manager? |
| 15 | A Yes. | 15 | A Yes. |
| 16 | Q And you submitted an application? | 16 | Q Do you still report to Tanya Williams? |
| 17 | A Correct. | 17 | A Yes. |
| 18 | Q Did you interview? | 18 | Q And you've reported to her consistently since |
| 19 | A Yes. | 19 | January 2018? |
| 20 | Q With whom? | 20 | A Yes. |
| 21 | A Not with Greg; with Mike DeWitt who was the | 21 | Q Was Tanya the first female that you reported |
| 22 | general manager or exiting general manager. | 22 | to during your employment at Shell? |
| 23 | Q Anyone else? | 23 | A Yes. |
| 24 | A There was an HR representative. | 24 | Q Since you've been operations manager starting |
| | Page 14 | | Page 16 |
| 1 | Q Do you know who? | 1 | in January of 2018, have you had direct reports, |
| 2 | A No, I don't. I don't recall. | 2 | people who report directly to you? |
| 3 | Q Do you know if anyone else was interviewed | 3 | A Yes. |
| 4 | for the role? | 4 | Q Who? |
| 5 | A Not to my knowledge. I don't know. | 5 | A Since 2018? |
| 6 | Q Had Greg talked to you about applying for or | 6 | Q Uh-huh. |
| 7 | getting the role before you interviewed? | 7 | A I've had the superintendant report to me, the |
| 8 | A Yes. | 8 | instrumentation electrical team lead report to me, |
| 9 | Q What did he talk to you about? | 9 | the surveillance team lead, an administration |
| 10 | A Just as part of succession planning what my | 10 | professional. Just thinking if there's anyone else. |
| 11 | next potential role might be. And I had expressed | 11 | I had a cost leadership focal report to me. And I |
| 12 | interest in the operations manager job. | 12 | think that's it. |
| 13 | Q When did you find out that he was going to | 13 | Q So those are all |
| 14 | retire? | 14 | A Oh, actually one more. Sorry. The asset |
| 15 | A Maybe in the fall of 2017, late 2017. | 15 | integrity team lead. |
| 16 | Q Is that around the time that he had the | 16 | Q What was the first word? |
| 17 | succession planning discussion with you? | 17 | A Asset integrity. |
| 18 | A No. Succession planning discussions happen | 18 | Q Team lead? |
| 19 | as part of an annual review process. So we would | 19 | A Team lead. |
| 20 | have the discussion every year. | 20 | Q So these are all the positions that have |
| 21 | Q All right. So at some point you were told | 21 | reported to you since you became operations manager |
| 22 | that you got the position? | 22 | in January 2018? |
| 23 | A I was the successful candidate, yes. | 23 | A Correct. |
| 24 | Q And who'd you report to when you started? | 24 | Q Who has held the superintendant role? |
| | , | | |

| 1 | A Hondo Blakley. | 1 | Q Did you all do the interview together or |
|----------|--|----------|--|
| 2 | Q Has that been the case since January 2018? | 2 | separately? |
| 3 | A Yes. | 3 | A No. Interviews are done together. |
| 4 | Q Was he already in that role when you became | 4 | Q Who has held the implementation electrical |
| 5 | operations manager? | 5 | team lead role? |
| 6 | A Yes. | 6 | A Kyle Vessel. |
| 7 | Q So you inherited him? | 7 | Q Since January of 2018? |
| 8 | A I was part of the hiring committee, yes. | 8 | A He's been in that role I don't recall |
| 9 | Q Well, he was already superintendant when you | 9 | exactly when Kyle took that position. |
| 10 | got the operations manager role, correct? | 10 | Q Was he the first person who held that role |
| 11 | A Yes. So he succeeded me in my position. I | 11 | under you as operations manager? |
| 12 | was in that position before. | 12 | A Yes. |
| 13 | Q Okay. So Greg Larson vacated his position, | 13 | Q And he still holds that role? |
| 14 | you got his role, you vacated yours, Blakley got your | 14 | A Correct. |
| 15 | role? | 15 | Q The surveillance team lead. Who's that? |
| 16 | A Correct. | 16 | A Dan Blackwell. |
| 17 | Q Okay. And you were involved in Blakley's | 17 | Q Has he been in that role since you became |
| 18 | selection? | 18 | operations manager? |
| 19 | A Yes. | 19 | A Yes. |
| 20 | Q Was he interviewed? | 20 | Q The admin professional. Who's that? |
| 21 | A Yes. | 21 | A Jennifer Card. |
| 22 | Q That position was posted? | 22 | Q Is that basically an administrative assistant |
| 23 | A Yes. | 23 | role? |
| 24 | Q He applied for it? | 24 | A Yes. |
| | Page 18 | | Page 20 |
| 1 | A Yes. | 1 | Q Has she held that role since you became |
| 2 | Q Had you spoken with him about getting that | 2 | operations manager? |
| 3 | position before the selection process? | 3 | A Yes. |
| 4 | A As part of succession planning in the annual | 4 | Q Did she hold that role under Larson? |
| 5 | individual planning, yes. | 5 | A The timing was, I think, just after I became |
| 6 | Q Did you speak with anyone else other than | 6 | operations manager that she took that role. |
| 7 | Blakley about getting that role? | 7 | Q Do you know who was the admin assistant under |
| 8 | A Not that I recall. | 8 | Larson? |
| 9 | Q Was anyone else interviewed other than | 9 | A Penny Robins. |
| 10 | Blakley? | 10 | Q What happened so that Penny Robins was no |
| 11 | A Not that I recall. | 11 | longer the admin professional and Jennifer Card |
| 12 | Q He was the only applicant? | 12 | became the admin professional under you? |
| 13 | A I don't recall for sure how many applicants. | 13 | A Penny decided to take a package, a severance |
| 14 | Q Are you sure whether he actually applied? | 14 | package, and exit. |
| 15 | A He had to apply in order to receive the role. | 15 | Q Do you know who offered that to her? |
| 16 | So there's an online application process, and | 16 | A It was done through human resources. |
| 17 | that's how the roles are. You create an online | 17 | Q Whose decision was it to offer her a |
| 18 | posting, and he has to apply for it. | 18 | severance package? |
| 19 | Q Who interviewed him, do you know? | 19 | A Human resources. |
| 20 | A So I interviewed, and Greg Larson, I believe, | 20 | Q You didn't have a role in that decision? |
| | interviewed. | 21 | A No. |
| 21 | | | |
| | Q Anyone else? | 22 | Q So at some point HR tells you that the |
| 21 | Q Anyone else?A We would have had an HR representative. I | 22 23 | Q So at some point HR tells you that the decision has been made to offer her a severance |
| 21 22 | | | |

Page 21

- A Yes. That a severance package was available if she was interested.
 - Q Who in HR told you that?
- A Would be Michelle Priest was our HR representative.
 - Q Was this before or after you became operations manager?
- A I believe it was after.
- Q So was there a period of time where Penny 9 10 Robins was acting as your admin assistant?

- Q So were you surprised when HR comes to you and says we're going to offer her a severance package?
- A There was a reduction in the -- on the drilling side of the organization where Jennifer Card was working, and so there was not a position for Jennifer. And there was an opportunity for a severance package. And Penny had asked that if she could be -- if she was able to have a severance package and Jennifer could take over her position, that she would be interested.
- Q Did you learn all this from HR when they called -- when Michelle Priest calls and tells you

to vou?

- A Yes. I made it very clear that she -- and I was an advocate for Penny, that she was meeting expectations and that I was happy to have her stay in her position.
- Q So you didn't have a conversation with her about reductions or the possibility of anyone losing their job before she comes to you and talked to you about a severance package?
- A It was aware that there was reductions happening in the office on the drilling project side of the organization, so she was aware of that. And so she would have been aware that Jennifer's position was potentially a reduction.
- Q My question was: Before she comes to you and proposes a severance package, did you have any conversations with her about a reduction or the possibility of anyone losing their job.
- A I don't recall, no.
- Q Okay. Did you ever tell her that both -- the company could not retain both her and Jennifer, that if one of them stayed, the other had to go?
 - A No, I don't recall that.
 - Q So is it possible you told her that?

Page 22

- that they've decided to offer Penny a severance package?
 - A So I would have communicated that to HR that Penny was interested in a potential severance package if one was to come available.
 - Q Okay. So at some point does Penny come to you and say that she's interested in taking a severance package?
 - A Correct.
 - Q Okay. And did you know what prompted that?
 - A The reduction on the drilling side prompted that. So she was interested in staying -- or helping Jennifer retain employment. Because I think they're sisters-in-law with each other.
 - Q Had you had any conversations with Penny about a reduction or her losing her position or that that was even a possibility before she comes to you and proposes a severance package?
 - A No. So I made it very clear to Penny that I supported her remaining in her position and that her position was not at risk at all and that she could remain in her position regardless of what was happening on the drilling side.
 - Q You tell her this in response to her coming

Page 24

- A Could you just repeat the question?
- 2 Q Sure. Is it possible you told her something 3 to the effect of that the company couldn't retain
- 4 both her and Jennifer Card, so if one of them stayed, 5
 - the other one would have to go?
 - A There was going to be a reduction of the administrative professional on the drilling side.
 - That would have been communicated to Penny.
 - Q Does that mean that there were not positions for both Penny and Jennifer Card?
 - A No. That means that the position that Jennifer held was not going to be sustained, and so that Jennifer's position was at risk, but not Penny's.
 - Q Did you share that with Penny at some point?
- A I don't recall sharing that with Penny. 16
 - Q So did you -- after Penny comes to you and proposes a severance package, did you communicate that to HR?
 - A Yes. There was going to be severance packages available for those that were displaced. And so that was -- so there was the discussion of could -- you know, would that -- could that severance package be moved from the drilling side to an

the role for like six months?

Q Okay. So after you started, he was only in

A Yeah. He was in the role as -- when I was a

| 10 | They would have to check. But if it was approved, | 10 | A Dan Blackwell. |
| 11 | that that would be acceptable. | 11 | Q Is he also the surveillance team lead? |
| 12 | Q And at some point you got back to Penny and | 12 | A No. |
| 13 | said basically yes, we can do this? | 13 | Q Sorry. Who's the surveillance team lead? |
| 14 | A Yes. If you're interested, it's your choice. | 14 | A Ernesto Fonseca. |
| 15 | We would offer you a severance package. | 15 | Q Sorry. I thought you said Dan Blackwell was. |
| 16 | Q And did you tell her that if she didn't take | 16 | A No. |
| 17 | the severance package, then it would be offered to | 17 | Q How long has Ernesto been surveillance team |
| 18 | Jennifer? | 18 | lead? |
| 19 | A No, I don't think I told her that. | 19 | A For approximately 18 months. |
| 20 | Q Did you ever tell Penny that you wanted her | 20 | Q So shortly after you became ops manager? |
| 21 | to stay in her position or words to that effect? | 21 | A Correct. |
| 22 | A I told Penny that I supported her in her | 22 | Q Who was the first one in that lead under you? |
| 23 | position and that I was happy to have her stay as the | 23 | A Trevor Winter. |
| 24 | administrative professional. | 24 | Q Was he in that position when you took over? |
| | Page 26 | | Page 28 |
| 1 | Q So as a result of her taking the severance | 1 | A Correct. |
| 2 | package, Jennifer Card moved over to your admin | 2 | Q And why did he move out of that position? |
| 3 | assistant position? | 3 | A He took a new position as part of his normal |
| 4 | A Correct. | 4 | cadence of rotation. |
| 5 | Q And you were okay with that? | 5 | Q What does that mean? |
| 6 | A I was fine with that. I had no issues with | 6 | A So in staff in staff, there's a when |
| 7 | either. | 7 | you take a role, it's typically a four-year term, and |
| 8 | Q Is she still your admin assistant? | 8 | you have an availability date. You can so after |
| 9 | A Yes. | 9 | your availability date comes up, then you need to |
| 10 | Q All right. The I'm sorry. The cost | 10 | look for a new opportunity. And it's more prevalent |
| 11 | leadership focal. | 11 | in the higher job grades, focussed more on |
| 12 | A Uh-huh. | 12 | professionals where you're working through different |
| 13 | Q Who is in that position? | 13 | jobs through your career. |
| 14 | A His name is Jordan Dondey. | 14 | Q All right. And Dan Blackwell is asset |
| 15 | Q And has he been in that position since you | 15 | integrity team lead? |
| 16 | became operations manager? | 16 | A Correct. |
| 17 | A He was. He resigned about, I'm going to say, | 17 | Q How long? |
| 18 | approximately one or maybe 14 months ago. | 18 | A Dan started about the same time as Ernesto, |
| 19 | Q And then did he come back? | 19 | so in about March-ish of 2018. |

| 2 | Q Why? | 2 | all. |
| 3 | A As part of a cadence of change, he applied | 3 | Q Okay. Since May of 2015 when you were |

| 7 | A No. | 7 | discrimination or sexual harassment? |
| 8 | Q When you were during the time that you | 8 | A No. |
| 9 | have been operations manager, have you worked out of | 9 | Q Other than Jesse Barnes, right? |
| 10 | Wellsboro? | 10 | A So I'm not aware of sexual complaints |
| 11 | A Yes. | 11 | regarding Jesse other than what was like during |
| 12 | Q And during the time that you were production | 12 | the course of the work, I was not made aware of any |
| 13 | superintendant, operations supervisor, did you also | 13 | sexual complaints of Jesse. |
| 14 | work out of Wellsboro? | 14 | Q At some point, you were you became aware |
| 15 | A I wasn't the operations supervisor in | 15 | that Jesse was making complaints? |
| 16 | Wellsboro. I was only the superintendant in | 16 | A Yeah. Yes. |
| 17 | Wellsboro. | 17 | Q And when was that? |
| 18 | Q Okay. | 18 | A So the first knowledge that I had was on |
| 19 | A I was the operations supervisor at the | 19 | November 21st of 2016. |
| 20 | Caroline complex in Alberta, Canada. | 20 | Q How did you become aware on that date? |
| 21 | Q Okay. Since May 2015, have you worked out of | 21 | A I was asked to enter a meeting that was |
| 22 | Wellsboro? | 22 | happening between Jesse and Mr. Turney, her |

| 3 | Q No. During your employment at Shell. | 1 2 | |
| | | 3 | Q And he reported to you at that time? |
| 4 | A I've had other female reports, yes. | 4 | Q And he reported to you at that time?A Yes. |

| | | 4 | A Yes. |
| 5 | Q When's the last time? | 4 5 | A Yes. Q When did he start reporting to you? |
| 5 6 | Q When's the last time? A In 2013. | 4 5 6 | A Yes.Q When did he start reporting to you?A When I became the production superintendant |

Q All right. So at some point after those 10 to 15 minutes, Turney exits. And then how long were you in there alone with Jesse?

A I'm going to say maybe 20 minutes.

Q All right. And tell me what's discussed during those 20 minutes.

A So Jesse shares that she is frustrated with Turney's leadership as a supervisor and that he has touched her on, I think, her leg, that she brought up that she didn't get the scheduler role and that she found it difficult to work for Mr. Turney.

Q What else did she say?

A No. Well, that we take allegations very seriously and that I would follow up with HR right away on that.

Q Anything else?

A I don't remember. Yeah, I don't remember exact details. But the goal of having a safe workplace, but I can't remember specifics of exactly what I said.

Q Did you believe that anything she was telling you violated company policy?

A So the code of ethics or code of conduct -sorry -- that parts of what would be termed harassment could potentially, depending on the circumstances and the context, may violate policy.

THE VIDEOGRAPHER: We are now going off the record. The time on the camera is 2:08 p.m.

(Break taken from 2:08 to 2:18 p.m.)

(Judge called)

THE VIDEOGRAPHER: We're now back on the record at 2:18 p.m.

Q BY MS. GURMANKIN: What were you discussing with your lawyer over the break?

MS. KIRKPATRICK: Objection. Instructing the witness not to answer.

MS. GURMANKIN: What's the basis?

MS. KIRKPATRICK: Attorney-client privilege.

Q BY MS. GURMANKIN: And you're following your attorney's instructions?

A Yes.

Q Did you discuss your deposition testimony with your attorney on the break?

MS. KIRKPATRICK: Objection. Same objection.

Q BY MS. GURMANKIN: You're following your attorney's instruction not to answer that question?

A Yes.

Q Have you ever touched a lower-level female employee on the leg at Shell?

A No. Not to my recollection.

Page 47

would you determine whether a male supervisor
touching a lower-level female employee on the leg had
harassment or sexual connotations?

A I would have to understand the situation and listen to the individual's -- and the circumstances.

Q So how would you make that determination?

A Based on the facts presented and based on the situation and the facts presented.

Q What would you do to get the facts that you would need to determine whether or not there was harassment or sexual connotations?

A I guess I would seek to understand the situation. And if there was any doubt at all, I would treat it with -- you know, treat it carefully and get HR involved. If there was any real allegations, I would get HR involved immediately.

Q If there were allegations including a male supervisor touching a female subordinate on the leg?

A Yes.

Q And one of the ways in which you would ascertain the facts to determine if there was sexual connotations would be to talk to the person who's making the complaint, right?

A Potentially, yes.

Page 46

- Q Do you believe it would be a violation of policy for you to do so?
- A Depending on the circumstances.
- Q What would be the circumstances in which you touching a lower-level female employee would not be a violation of company policy?

A If there was a -- let's say a hornet or something on your leg that I thought was going to put you in danger and I was going to swat it off would be an example, I guess.

Q Okay. Other than trying to swat off a hornet or something on a female subordinate's leg, are there any other circumstances in which you touching a lower-level female employee's leg at Shell would not be a violation of company policy that you can think of?

A I think as long as it didn't have any harassment or sexual connotation. We're at a close table in a tight meeting room and a leg brushes up or touches another leg, that would be an example of where I don't think that would be a violation of policy. It would be unintended, no sexual undertone, no sexual context in the circumstance.

Q As a management-level employee at Shell, how

Page 48

Q Would there be any circumstances in which you wouldn't want to talk to the person making the complaint to determine if there were sexual connotations?

A If I felt that it was outside of, you know, my role as a supervisor to dig into the details, I wouldn't see -- I would more accept what they said and let them know that I would get HR involved. In my role, it's not to be an investigator of sexual allegation -- of sexual allegations. So I would -- you know, I've been taught to call HR, talk to HR if anything like that were to come up.

Q In your management role at Shell, did you understand that harassment was -- there was a policy against harassment even if it wasn't based on a characteristic like sex or race or age?

A Yeah. There's a harassment policy.

Q And at the time that you were having this conversation with Jesse on November 21, 2016, you had had training at Shell about EEO policies and antiharassment and antidiscrimination policies,

correct?A EEO?

Q Equal employment opportunity? Have you heard

Q Other than that development program, did you have any other training at Shell on EEO, antiharassment, discrimination issues? A Yes. So every year we do mandatory code of | 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 | be biassed towards certain demographics of people. Q Like unconscious bias? A Yes, exactly. Unconscious bias training. Q When was that? A That training would have been it was while I was superintendant, so I'm going to say probably in maybe the summer of '16. I don't remember exactly. I just know I was superintendant at the time. Q Before your conversation with Jesse on November 21, 2016? A Yes. Q Any other training on those topics? A When I started with Shell, I know that we took training, because I remember it as a new joiner learning about Shell's requirements for code of conduct, ethics and compliance, the three golden rules. So that was part of my on-boarding. Q Any other training on those topics? A We did a session with Michelle Priest, I think, in December of 2016 as well as on code of conduct and harassment, things like that. Q That would have been after your conversation |

Q So that was one three-week program? A That was one one-week program. Q Okay. And part of that one week was on the sexual harassment, EEO issues? A Yeah. Harassment, yeah. Q Do you remember how long that portion was out of the one week? A It was an it all kind of blended together, but it was that one-day session. There were certain focus periods. So you know, that one may have been two hours and then we did interview for two hours. I don't remember exactly how long. Q That's all I'm asking. A I don't know. Three hours. Q Other than that development program, did you have any other training at Shell on EEO, antiharassment, discrimination issues? | 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 | be biassed towards certain demographics of people. Q Do you have any explanation for why you did not include in your handwritten notes marked as P39 that she told you on November 21st that Turney touched her on her leg? A No, I don't. Q Okay. And then you say "don't want to be touched." Is that what she relaid to you? A Yes. Q Okay. Next one is Ken. That's Ken Foreman? | 9 10 11 12 13 14 15 16 17 18 19 20 21 22 | touched? A I did not. Or I don't recall asking that question. Q Is that a question you would have asked? A I wouldn't be in a position to be investigating. But given the serious nature of the allegations that my job is to engage human resources for to investigate, something like this. Q Yeah. I'm not talking about conducting a whole investigation. I'm just asking is that a question you would have asked, what other women are you saying he's touched? A Possibly. Q Do you remember doing that? |

Barnes v. Shell Exploration & Production Company Appalachia, et al. **STEVE CRAIG, 9/20/19** Page 69 Page 71 1 A Correct. 1 A I'm confident it wasn't in that first meeting 2 Q How did you know that Jesse had called the 2 because I think in that meeting my recollection is 3 hotline on November 15th? 3 just that I've made a complaint or have called. And A She told me that in the November 21st then in writing the email, that I asked for the date 4 4 5 5 meeting. and the report number so I could reference it. 6 Q Did she also give you the report number? 6 Q So you would have had a separate discussion 7 A I believe she did. 7 with her before the November 22nd meeting asking her 8 Q And how had you remembered the report number 8 the date of her report and the report number? A Correct. 9 from November 21st until the following day? 9 10 A I don't recall if I asked her. Yeah, I don't 10 Q Do you recall that? 11 recall when I got that information. 11 A I don't recall it specifically. Q Do you recall if it was in person or over the 12 Q I'm sorry? 12 13 A I said I don't recall exactly when I got the 13 14 report number from Jesse. 14 A It would have -- wouldn't have been over the 15 15 Q Well, you just said that you thought she gave phone. 16 it to you on November 21st. 16 Q I'm sorry. Are you done? 17 A She told me about it on November 21st in the 17 18 meeting, that she had made a complaint to the 18 Q Why didn't you include on the third page of 19 hotline. 19 Exhibit 15 in your email to Jarred and Michelle that 20 Q Right. But I asked you where you got the 20 Jesse had told you that Will touched her on the leg? 21 date information and the report number information, 21 A I didn't provide any of the details in the 22 22 and you said that Jesse gave it to you on that email, just merely that there had been a complaint. 23 November 21st meeting; is that right? 23 I know that Jesse had provided details, she said, in 24 MS. That's what the training has 4 to the HR hotline during the one-on-one meeting. But 4 taught me to do. 5 5 I don't remember if I got the when and the number. I Q Right. Now, I know you did not include it in 6 don't think I got it in the meeting. Because yeah, I 6 your email. My question is: Why didn't you include 7 would have written it down. I would have made a note 7 in your email the things Jesse told you about Turney 8 of it. Q Okay. Where else would you have gotten that information from, the date of the complaint and the report number?

A I think from -- only from Jesse, is my recollection.

Q All right. So at some point before you sent this email on page 347, you would have gotten the date on which Jesse made the complaint and the report number from her?

A Yeah.

Q You're just not sure if it was in the

24 November 21st meeting? again.

Q BY MS. GURMANKIN: Can you answer the question?

A Sure. I didn't include it because my job isn't to do -- you know, isn't to do the investigation. I sat and listened to Jesse's allegations, and I thought the best course of action is to let HR formally investigate the allegations.

Q Did you think that that information that she gave you would be relevant to their investigation?

A It would be relevant. But the fact that we -- I was asking for -- one, there's already been an online complaint registered and that HR would be

A So depending on, you know, where it took place and under what situation and if there was any sexual undertones to it. I think you'd have to understand the circumstance around it. Q You don't think there were sexual undertones by a female subordinate being shown a selfie of her male supervisor in his underwear by him? Is that your testimony? MS. KIRKPATRICK: Objection. THE WITNESS: I think it depends on you'd have to look at the totality of the circumstance. Q BY MS. But I'm following up on your testimony that when it happened would be one of the factors that you would need to know to make the determination as to whether or not it violated company policy, right? - Q Okay. So I want to make sure I understand that. Are you saying -- by when it happened, are you talking about the time of day that it happened?
- A I think that the situation, when it happened.

 And it wouldn't be specific to the time of day.
 - Q Okay.

- A But what's the general situation around the context of whether -- you know, when that happened. Was it -- you have to look at the totality of the whole, the whole situation and what was the dialogue that was happening, what was the situation, was an individual asked, was there -- you know, I don't know without knowing all of the facts around that.
- Q So if a male supervisor came to you in your capacity as operations manager and said is it okay if I show my female subordinate a selfie of myself in my underwear, would your response be it depends on the totality of the circumstances?
 - A If I was asked that?
- 20 Q Yep.
- 21 A I'm not sure how I'd respond to that. I

 - Q Sure. If a male supervisor at Shell came to

Page 99

- Q But wouldn't it depend on the totality of circumstances and what it happened and who else was around and what was said and whether there was sexual undertones?
 - A Yeah, it would.

- Q Okay. So why wouldn't that be your response to a male supervisor coming and asking you about that?
 - A I think it's a best practice of a supervisor.

 It wouldn't be -- I wouldn't support that. But had it happened, then I think you would have to look at the circumstance. But it would not be something that I would suggest would be a good practice.
 - Q Going back to page 350 of Exhibit 15, a couple down from the one that we just looked at about the selfie of the supervisor in his underwear, there's a sentence that starts "I was told in my mid year review." Do you see where I am?
 - A Uh-huh.
 - Q "I was told in my review that I make good money for a woman and should not be upset with my pay grade by my supervisor." Did I read that correctly?
 - A Yes
 - Q And if that were said, that would be a

Page 98

- you in your capacity as operations manager and said is it okay if I show a female subordinate a selfie of myself in my underwear --
- A Right.
- Q -- would you respond it depends on the totality of circumstances?
 - MS. KIRKPATRICK: Objection.
 - Q BY MS. GURMANKIN: You can answer.
- A Okay. I would advise that's probably --
- would be not a thing that I would recommend in doing.

 O You'd advise probably that you wouldn't
 - Q You'd advise probably that you wouldn't recommend it?
 - A Yeah. Like that would be something that I would not -- I wouldn't suggest that would be a good thing to do.
 - Q Why?
- 17 A Why?
- 18 Q Uh-huh.
- 19 A I think that's -- could be not something that
- a supervisor would do for -- you know, to a femalesubordinate.
- 22 Q Well, why would you probably not suggest that
- 23 they do it?
- A It could be perceived as inappropriate.

Page 100

- violation of company policy, correct?
- A Yes. I believe that depends -- yeah. I guess it depends like on the context of the
- statements, if there was -- I don't know if there was
 something that preceded that that would have made
 - that -- that would provide some context that I can't read into that statement.
 - Q All right. So I just want to be clear. Is your testimony that that statement would be a violation of company policy if it were said or it would depend on the context?
 - MS. KIRKPATRICK: Objection. Asked and answered.

You can answer.

THE WITNESS: Again, I think -- so company policy -- you know, is that a harassment statement? I think in the context of if it was said as a -- you know, as a joke, it wouldn't be appropriate. But would it be construed as harassment? I don't know. Again, I think you need to look at all the statements, you know, in the totality of the

situation that they were made and...

Q BY MS. GURMANKIN: Based on all the training you've had at Shell about EEO matters and

antidiscrimination, you agree that that statement is a violation of Shell's EEO and antidiscrimination policies?

MS. KIRKPATRICK: Objection. Asked and answered.

You can tell her again.

THE WITNESS: Again, I think it's -- you know, it's how it was said and in what manner and whether or not it would be seen as a violation. I certainly don't think it's a best practice by a supervisor to say anything like that. Does it cross the -- you know, would it be a blatant violation? Again, you'd have to look at the whole situation. Was it said as a -- you know, what was the context of the comment? Was it said as a joke? Or was it -- not -- not that that makes it okay. I'm not saying that. But I think it's -- you gotta look at the situation too.

Q BY MS. GURMANKIN: If it's said as a joke, would it violate the company's policy?

A If it's hurtful and taken in a discriminatory way, possibly.

Q And you never know whether someone is going to take something in a discriminatory way, right?

Page 103

says "I was told I work well with male employees because I'm a woman by my supervisor."

Do you see that?

A I see that.

Q Do you agree that would be a violation of the company's EEO and antidiscrimination policy?

A Again, I think in the context of how it was stated, when, with who, it may be, but it may not be. And depending on how it's received by those that were

Q You finished your answer?

A Yes.

present.

Q Right under that it says "I was told I'm a hot blonde by my supervisor."

Do you see that?

A Yes.

Q Is that statement a violation of company policy, if true?

A Again, I think you need to see the whole context. Was there something said prior to that? But that certainly is not a best practice or something that we at Shell would want a supervisor saying.

Q A few down from that, you see where it starts

Page 102

- A Correct.
- Q Which is why that conduct -- there should be zero tolerance for that type of conduct, right?
- A Yeah.
- Q Do you agree that that comment on its own would violate company policy?

MS. KIRKPATRICK: Objection. Asked and answered five times.

Q BY MS. GURMANKIN: Or no?

A I think you gotta look at the situation in totality to really make a definitive answer or definitive decision whether or not it's a violation. In some cases, yes. But in other cases, possibly no.

Q You became aware during the course of the investigation that Turney admitted saying that to

16 Jesse?

MS. KIRKPATRICK: Objection.

THE WITNESS: I don't recall when exactly I learned that particular statement.

Q BY MS. GURMANKIN: Was it before you saw the internal complaint in preparation for your deposition today?

- A Honestly, I don't recall when I first saw it.
- Q Right under the one we just looked at, it

Page 104

- "At a work charity golf tournament"?
- A Yes.

Q "At a work charity golf tournament, I was asked more than once why I was not wearing shorts at this event and if my supervisor could cut my pants into shorts as well as other supervisors joined in

and took a picture of my backside (buttock) and savedon the phone."

Did I read that correctly?

A Yes.

Q If that's true, would that be a violation of company policy?

A Not necessarily. I think that again in the context of the statement, it may be, but it may not be. So if it was a hot day and someone is wearing jeans, that maybe you could make a statement that way.

Q How about calling a female employee a bitch? Is that a violation of company policy?

A I think that would be considered -- am I reading somewhere here?

Q No. It's just a question.

A Yeah. I think -- I mean statements like that are not -- you know, not acceptable in the workplace.

| | Page 105 | | Page 107 |

| 1 | Q A violation of company policy? | 1 | Q Do you know if anyone did? |

| 7 | Q So you agree with that? | 7 | Q Okay. In the discussion that you had with |
| 8 | A Yes, I think so. Yes. | 8 | her when she came to Wellsboro to conduct the |

| 13 | interviews as part of the investigation? | 13 | Q Well, did she question you as part of that |
| 14 | A Yes. | 14 | initial meeting that you had with her? |
| 15 | Q You had a one-on-one meeting with her? | 15 | A I don't recall. |
| 16 | A I think so. Yes, I think so. | 16 | Q Do you recall her ever questioning you about |
| 17 | Q Was that before she actually started her | 17 | your knowledge as part of her investigation? |
| 18 | investigation? | 18 | A About my knowledge of the items? |
| 19 | A I don't recall. | 19 | Q Of the issues, the allegations, yeah. |
| 20 | Q Do you remember what you discussed? | 20 | A I don't recall specific questions that she |
| 21 | A Not specifically, no. | 21 | asked me. |
| 22 | Q How about generally? | 22 | Q Do you recall her questioning you about your |

| | Page 106 | | Page 108 |
| 1 | MS. KIRKPATRICK: I have to take a break to | 1 | you? |

| 3 | THE VIDEOGRAPHER: We are going off the | 3 | me about the event, yes. Or the events, the |
| 4 | record. The time on the camera is 3:35 p.m. | 4 | investigation. |
| 5 | (Break taken from 3:35 to 3:43 p.m.) | 5 | Q Did you say discussions? |
| 6 | THE VIDEOGRAPHER: We are now back on the | 6 | A Discussion. |
| 7 | record at 3:43 p.m. | 7 | Q One discussion or multiple discussions? |
| 8 | Q BY MS. GURMANKIN: What did you discuss with | 8 | A There were more than one discussion that I |
| 9 | your lawyer on the break? | 9 | would have had with Megan. |
| 10 | MS. KIRKPATRICK: Objection. I'm instructing | 10 | Q Did you have more than one discussion with |
| 11 | the witness not to answer. | 11 | Megan about the allegations or her investigation? |
| 12 | Q BY MS. GURMANKIN: And you're listening to | 12 | A Not necessarily the allegations, but the |
| 13 | that instruction, correct? | 13 | investigation in totality. |
| 14 | A Correct. | 14 | Q All right. Tell me we talked about the |
| 15 | Q You testified that you had a discussion with | 15 | meeting you had with Megan that you just recalled |
| 16 | Megan Kloosterman when she came to Wellsboro to | 16 | generally being about the investigation when she came |
| 17 | conduct the investigation. You don't remember | 17 | up to Wellsboro to do the interviews. |
| 18 | specifically what you discussed? | 18 | A Uh-huh. |
| 19 | A I don't remember the specific details, no. | 19 | Q You had other discussions with her while she |
| 20 | Q Just generally about the investigation? | 20 | was in Wellsboro? |
| 21 | A Correct. | 21 | A Yeah. We discussed so it was part of the |
| 22 | Q Did you provide any input as to who she | 22 | consequence management on what would be appropriate |
| 23 | should interview? | 23 | consequence or how to deal with the allegations and |
| | | | |
| 24 | A I don't recall providing that input. | 24 | the outcome of the investigation. I don't recall |

| | Page 109 | | Page 111 |
|----|---|----|---|
| 1 | exactly when that was. But I know that we met with | 1 | that phone call? |
| 2 | her about that. | 2 | A Not to my recollection, no. |
| 3 | Q What is consequence management? | 3 | Q You didn't think that one was relevant enough |
| 4 | A So if there's been a violation of one of our | 4 | to document? |
| 5 | practices, procedures, code of conduct, then we apply | 5 | MS. KIRKPATRICK: Objection. |
| 6 | consequence management based on the severity and what | 6 | THE WITNESS: Well, it was being documented |
| 7 | happened. | 7 | through HR, so I didn't take my own specific notes. |
| 8 | Q All right. So that's like another term for | 8 | Q BY MS. GURMANKIN: You understood that the |
| 9 | discipline or punishment issue? | 9 | phone call was being documented through HR? |
| 10 | A Correct. | 10 | A Yeah. It was being it was led by HR who |
| 11 | Q Is consequence management a term that's used | 11 | was who was my assumption is that they were |
| 12 | at Shell? | 12 | leading the meeting and that they were taking the |
| 13 | A Yeah, I think so. | 13 | notes. |
| | Q You've heard that used at Shell? | 14 | Q Did you check that assumption to make sure |
| 14 | A Yes. | 15 | · |
| 15 | | 16 | that someone in HR was documenting the phone call |
| 16 | Q All right. So that would have been after the | 17 | that you had? |
| 17 | conclusion of her investigation; is that right? | | MS. KIRKPATRICK: Objection. |
| 18 | A Yes. | 18 | THE WITNESS: So I know that that happened |
| 19 | Q Okay. So between your initial meeting when | 19 | because there was the outcome. They were tasked |
| 20 | she came up to Wellsboro when you discussed the | 20 | we rely on HR to administer you know, to help with |
| 21 | investigation generally, which is all you recall, and | 21 | consequence management determination and then help |
| 22 | the discussion after the conclusion of her | 22 | with administration of that. It's an HR-led |
| 23 | investigation about consequence management, did you | 23 | function. |
| 24 | have any other discussions with Kloosterman about the | 24 | Q BY MS. GURMANKIN: My question is different. |
| | Page 110 | | Page 112 |
| 1 | investigation or Jesse's allegations? | 1 | You testified that you did not take notes of that |
| 2 | A Not to my recollection, no. | 2 | consequence management call with Kloosterman and |
| 3 | Q Did you speak with anyone at the company | 3 | Larson because you assumed that HR would document |
| 4 | about the investigation between your initial | 4 | that. |
| 5 | conversation with Kloosterman when she came to | 5 | Did you check that assumption with anyone to |
| 6 | Wellsboro to do the interviews and your discussion | 6 | make sure that HR was documenting the call? |
| 7 | about consequence management after she concluded the | 7 | MS. KIRKPATRICK: Objection. |
| 8 | investigation? | 8 | Q BY MS. GURMANKIN: Go ahead. |
| 9 | A Not that I recall. | 9 | A I don't recall asking that specifically. But |
| 10 | Q Okay. So tell me about this meeting with her | 10 | it would that's the protocol with HR is that that |
| 11 | about consequence management. | 11 | was it was their meeting that they booked to get |
| 12 | A So at the conclusion of the investigation | 12 | input into what did we think would be the right |
| 13 | when it was determined that there was a violation in | 13 | consequence to apply. |
| 14 | the code of conduct, then we needed to decide what | 14 | Q Did you ever see any documentation of that |
| 15 | would be appropriate consequences for Mr. Turney and | 15 | phone call? |
| 16 | Mr. Hoover based on the evidence. | 16 | A No. No, I don't think so. |
| 17 | Q Is this a discussion in person or over the | 17 | Q Do you still have your notebook that P39 was |
| 18 | phone with Kloosterman? | 18 | part of? |
| 19 | A I think there were more than one discussion, | 19 | A Yeah. |
| 20 | but I can't specifically remember. I think it was | 20 | Q Where is it? |
| 21 | over the phone after the investigation was concluded. | 21 | A It would be at the office. |
| 22 | Q Just the two of you? | 22 | Q In Wellsboro? |
| 23 | A No. Greg Larson was part of it. | 23 | A Yep. |
| 24 | Q Okay. Did you take notes of that meeting or | 24 | Q So tell me what you recall of that phone |
| I | , , | I | , |

| | | | Page 115 |

| 2 | right? | 2 | A Yeah. |
| 3 | A That's my recollection, yeah. | 3 | Q and this phone call on consequence |
| 4 | Q All right. What do you recall? | 4 | management that you have with Larson and Kloosterman |
| 5 | A Just what the consequences should be. So | 5 | at the conclusion of the investigation |
| 6 | anywhere from termination of Mr. Turney all the way | 6 | A Uh-huh. |
| 7 | through to I don't think there was any discussion | 7 | Q you believe that you found out during that |
| 8 | around no consequence. But stemming from termination | 8 | consequence management phone call |
| 9 | through to, you know, whether it's a letter on his | 9 | A Uh-huh. |
| 10 | file, just what the severity of consequence would be. | 10 | Q that there was a conclusion as a result of |
| 11 | It was clear that there would be consequence | 11 | the investigation that Turney and Hoover violated the |
| 12 | management for Mr. Turney. | 12 | company's code of conduct, correct? |
| 13 | Q So at some point you find out that there's | 13 | A Correct. |
| 14 | been a conclusion as a result of the investigation | 14 | Q Okay. What were you told about that |
| 15 | that Turney and Mark Hoover violated the code of | 15 | conclusion on this phone call? |
| 16 | conduct? | 16 | A So what was I told about what the code of |
| 17 | A Correct. | 17 | conduct violations were? |
| 18 | Q Did you find that out on this phone call with | 18 | Q Sure. |
| 19 | Larson and Kloosterman? Or did you find that out | 19 | A That there was harassment, that it was a |
| 20 | beforehand? | 20 | violation of the harassment policy. |
| 21 | A I don't recall specifically when I found that | 21 | Q Were you told what Turney and Hoover actually |
| 22 | out. | 22 | did that was to have violated the code of conduct? |
| 23 | Q You don't recall any discussions with anyone | 23 | A I don't remember specifically the details of |
| 24 | at the company between your initial meeting with | 24 | the violation. But that there was there was |
| | | | |
| | Page 114 | | Page 116 |

| 2 | call that you had about consequence management, | 2 | Q Were you told about any of the things that |
| 3 | right? | 3 | employees told Kloosterman during the course of the |
| 4 | A Correct. | 4 | investigation, about things that were said or done? |
| 5 | Q So based on your recollection, it would have | 5 | A Not that I recall, no. |
| 6 | been on this phone call that you would have found | 6 | Q Did you ask if that was information that you |
| 7 | that out? | 7 | could get? |
| 8 | A Yes. | 8 | A No, I didn't ask. |
| 9 | Q Do you remember what Kloosterman told you | 9 | Q How come? |
| 10 | about the conclusion that Hoover and Turney violated | 10 | A I didn't see it as my place to ask. HR I |

Based on your | 17 18 19 20 21 | you know if, by the way, Larson had had any conversations about the investigation with anyone before this consequence management phone call? A Not to my knowledge. Q All right. So Kloosterman tells you on that |

- 1 Q But she doesn't give you specifics?
- 2 MS. KIRKPATRICK: Objection.
- 3 THE WITNESS: Not that I recall.
- 4 Q BY MS. GURMANKIN: Did you see any documents, 5
- any documentation about the investigation as of the
- 6 time of this call?
 - A Not that I recall, no.
 - Q All right. And then you discussed the consequence that will be applied to Turney and Hoover
- 10 as a result of this finding that they violated the
- 11 code of conduct?
- 12 A Correct.

- Q So what was discussed about that? 13
 - A So like I said, whether -- so what are the options available. So anywhere from termination of
- 16 Mr. Turney to the potential demotion out of that
- 17 particular role as a supervisor, a letter on a file,
- 18 reduction in IPF ranking. So yeah, you know, just 19 quite a broad range of options available.

- 22 what consequence to apply if you didn't know what 23 exactly Turney and Hoover did that invited the code
- 24 of conduct?

- 1 THE WITNESS: I don't recall being given any 2
- email or paper copies of anything. We had a
- 3 dialogue, we had a discussion on the phone to talk 4 about -- you know, to talk about what the appropriate
- 5 consequences would be.

- Q BY MS. GURMANKIN: Yeah. My question was not whether you were given documents or emails.
- 8 But as of today, you do not have a 9 recollection if you and Larson on that call about 10 consequence management were even given details about 11 what Turney and Hoover did to violate the code of 12 conduct?
 - MS. KIRKPATRICK: Objection. Asked and answered. He said he doesn't recall. He's given specifics.
 - Q BY MS. GURMANKIN: Right?
- 17 A Yeah. I relied on -- yeah, it's with HR.
- 18 Q I just want an answer.
- 19 MS. KIRKPATRICK: You got an answer. He told 20 you five times.
 - Q BY MS. GURMANKIN: You do not have a recollection -- well, let me ask it this way.
 - At some point a decision was made to give
- 24 Turney a warning, right?

Page 118

- MS. KIRKPATRICK: Objection. He said he doesn't recall if he was told.
- THE WITNESS: Yeah, I don't recall the specifics.
- Q BY MS. GURMANKIN: Well, you don't recall if you were even given specifics, right?
- A So it was a -- my recollection is that it's a phone call. I was in my -- I have a little break-out room near my office that I was in. And we do our calls on the speaker. And so you know, I just can't specifically remember all the details of what we discussed.
- Q And you do not have a recollection of being given specifics as to how Hoover and Turney violated the code of conduct, right?
- MS. KIRKPATRICK: Objection. Asked and answered. He said ten times that he doesn't recall.
 - Q BY MS. GURMANKIN: Right?
- A Yeah, the details. I'm sorry. I don't recall.
- Q But you don't even recall if you were given details.
- MS. KIRKPATRICK: He doesn't recall either way. He said that ten times.

- Page 120
- A I'm not sure what you mean by warning.
- 2 Q What was the decision about what consequence 3 to give Turney?
 - A Right. So there was a reduction in his IPF was one of the consequences and a letter on his file.
 - Q Okay. Was that a warning or a letter? MS. KIRKPATRICK: Was that it? Were you finished with your answer?
 - THE WITNESS: There was -- yeah, a letter on a file and the IPF reduction.
 - Q BY MS. GURMANKIN: Okay. The letter on the file, was that a warning?
 - A So we have -- we can provide verbal, documented verbal warnings or a formal letter on file. So I'm not sure -- I'm not sure how -- if it's described as a warning, I haven't heard it described as a warning. It's called a letter on your file, which is documented in your personal file for a period of time.
 - Q Whose decision was it to reduce his IPF -and that's his performance review rating?

 - Q Whose decision was it to reduce his IPF rating and give him a letter on the file?

Page 121

A So HR -- my recollection is that HR provided the suggestion, and we talked through it. We being Greg and myself and Megan. That would be an appropriate response to the -- to the code of conduct violation.

Q Was that decision made on this consequence management phone call with Larson and Kloosterman?

A My recollection, yes. But I think it also had to be validated -- so by like our general manager was also made aware of that decision before it was taken.

Q Who's that?

A Michael DeWitt.

Q So tell me if this is correct. On the phone call, you, Larson, and Kloosterman -- well, strike that.

Kloosterman makes the suggestion on the phone call to reduce Turney's IPF rating and give him a letter on the file; is that correct?

A Correct.

Q And then you and Larson, on that phone call, decide to take her recommendation?

A Correct.

Q And make the decision on that phone call

step, that they would need to get senior manager

approval. Because I don't think it was her final decision, but this was the recommendation. And it

had to be approved by the general manager.

Q Well, you and Larson made the decision based on Megan's recommendation on that phone call, correct?

MS. KIRKPATRICK: Objection. That's not what he said.

MS. GURMANKIN: That is what he said. But let's confirm that.

Q Is that what happened?

A So we didn't make the decision, Greg and I. We provided input into the HR suggestion and agreed that that would be appropriate. So it wasn't our -- I didn't see it as our decision that we were going to do it. We rely on HR to ensure that consequence management is applied consistently across the business. That's why we rely on HR. It's not the supervisor's ability to make decisions on -- especially on something like this -- around what's the appropriate consequence management. Because I don't have the detail or the background to know what is the right level. That's why we have HR is to help

Page 122

which is subsequently approved by Mike DeWitt?

A My understanding, yes.

Q Okay. What was your understanding based on that DeWitt approved the decision that you and Larson made on that phone call?

A Please repeat the question.

Q Sure. What's the basis for you testifying that you believe that Mike DeWitt approved the decision that you and Larson made on that phone call to reduce Turney's IPF rating and give him a letter on his file?

A Right. It was my understanding that -- and I don't recall specifically. I'm aware that it had to be vetted through Mike DeWitt for kind of final approval of the consequence that was going to be applied. And I think that was done by HR after our meeting.

Q I'm just asking what your source is for that belief. Did someone tell you?

A No. I think Megan provided that information that we would test this with Mike DeWitt and get confirmation. That's my recollection.

Q Megan said that on this phone call?

A As best I can recall. That would be the next

Page 124

determine what is the right level. They test it with
us. Do you think this seems appropriate. And we
agreed that it felt appropriate for the
circumstances.

Q What circumstances? I mean you weren't aware, as of this time, what the circumstances were regarding Turney's violations of the code of conduct.

MS. KIRKPATRICK: Objection. He said he doesn't recall if he was given specifics.

THE WITNESS: Other than what Jesse initially provided as the evidence. I know that we had discussion around the event and the outcome. I just -- I cannot give you specifics of exactly what the -- you know, all the allegations and what we explicitly talked about. But we talked about the investigation and what was found and then the recommendation of what would be appropriate consequence for Mr. Turney and Hoover.

Q BY MS. GURMANKIN: Okay. So who were the decision-makers regarding the decision to reduce Turney's IPF rating and give him a letter on the file?

MS. KIRKPATRICK: Objection. He already told you that he and Larson weighed in --

- A For Mark's, I think it was a recommendation, and they were both reviewed with Mr. DeWitt. That's my recollection.
 - Q Okay. All right. Anything else you recall about this consequence management phone call with you, Kloosterman, and Larson?
 - A No.
 - Q Did either you or did any one of the three of you recommend that Turney be terminated as a result of his violations of the code of conduct?
 - A Did we recommend termination?
- 12 Q Yeah.

 - Q And you did not because Kloosterman never

- 8 A I don't think -- yeah. I don't recall

- 10 Q Because Kloosterman didn't?
 - A Yeah. Because I was relying on HR.
- 12 Q And Kloosterman never recommended anything

 - A Not to my recollection, no.
- Q And that's why you never recommended anything else for Hoover?
- 17 A Correct.
- Q And as far as you know, that's why Larson didn't recommend termination for Turney or anything beyond the verbal discussion with Hoover?
 - A Correct.
- 22 Q I'm showing you what's been marked as
 - Exhibit 32. You can pass one on.
 - Have you seen this document before?

Page 130

- Q So if Kloosterman had recommended termination for Turney, you would have agreed with that
 - recommendation because it was coming from HR?

4 MS. KIRKPATRICK: Objection.

- THE WITNESS: I would have -- we would have discussed it and listened to the totality of the investigation and the recommended consequence. So I would have -- I mean HR ultimately, I think, leads this consequence decision.
- Q BY MS. GURMANKIN: But during the call, Kloosterman never suggested termination for Turney, correct?
 - MS. KIRKPATRICK: Objection.
- THE WITNESS: I don't recall specific. I do know that we talked about the bookends of, you know, what would be potential termination -- or sorry, potential consequence could range anywhere from termination through to, you know, a discussion. And that's just, you know, in the business. There's multiple different layers of consequence management. But I don't specifically recall that we talked about termination.
- Q BY MS. GURMANKIN: Other than the discussion that that was a possible option along the spectrum of

- A I did see it in pre-read, yes.
- 2 Q In the preparation for your deposition?
 - A Correct.
- 4 Q Did you see it prior to that?
 - A No.
- 6 Q Did you read it once you got it in

 - A I did read through it.
- 9 Q And does this document -- and if you need to, 10 feel free to look at it now. But does this refresh
- your recollection as to whether you were given any
- details as to how Turney and Hoover violated the code
- of conduct?
- A So the three points -- again, I don't -- I
- mean I read this before, but I cannot conclusively
- say that I remember these points being discussed. I can't say that I remember either way. It's almost
- three years ago, and I just don't remember
- specifically these things being said.
- Q Even if you don't remember specifically these things being said, are you referring to the things under summary of findings on the first page?
- 23 A Correct. Yeah.
 - Q All right. Even if you don't remember

 - THE WITNESS: I just don't recall specifically talking about these points.
- Q BY MS. GURMANKIN: Right. That's all I'm asking is your recollection.
- 18 A Okay.
- 19 Q All right? So all I want to know is when you

 given specific details about what Turney and Hoover

- 10 MS. KIRKPATRICK: Objection. Asked and

- 19 Q What are you looking at?

 - was in some of the pre-read material, I think.
 - Q BY MS. GURMANKIN: When you say "pre read," you're talking about in preparation for your
 - deposition?
 - A Yeah.
- Q All right. After that consequence management
- phone call with Larson and Kloosterman, at some point
 you learned that senior management had approved the
- recommendations that the three of you made regarding
- Hoover and Turney's consequence, right?
 - A Right.
- 19 Q Okay. And who tells you that?
- 20 A I don't remember if it was Megan or Michelle.
- 21 I think probably Megan.
- Q Are you guessing? Or do you have a

 - A I can't say with a hundred percent certainty.

Page 136

- I believe it was Megan that would have told me that.
- 2 Q You and Larson together or just you?
 - A I don't remember. I think it probably came
- 4 through Greg.
- 5 Q Oh. So you think Greg told you?
 - A I don't recall.
- 7 Q Okay. You don't recall who told you?
 - A No.
- 9 Q All right. But at some point you learned
- that your recommendation had been approved for Hoover and Turney?
 - and Turney?
- 12 A Correct.
 - Q And did you learn as to who approved the
- 14 recommendations?
 - A I'm aware that Mike DeWitt approved it.
- That's the only person that I'm aware of.
 - Q And how are you aware that DeWitt approved
 - the recommendations for Hoover and Turney?
 - A From Ms. Kloosterman.
 - Q Okay. Did she call you?
- 21 A I don't recall. I just know that Mike was
- going to be briefed on the recommendations. Before
 - we could move forward, they needed to test it with
- 24 Mike DeWitt. And they came back approved, so...

Page 137

- Q All I'm asking is if you remember who told you that DeWitt approved the recommendations for Turney and Hoover.
- A I don't remember who told me, whether it came through Greg or -- I don't remember specifically who told me.
- Q Did you document the conversation in which you learned that your recommendations regarding consequences for Hoover and Turney's violation of the code of conduct had been approved?
 - A No, I did knot.

 I didn't see that as a consequence. We talked about
 consequence, letter in the file, reduction of IPF.
- So the lead training -- I guess it could be seen as consequence.
 - Q Did you see it as a consequence?
 - A Normally that type of training is given as something just to help staff improve their leadership ability. So I think it was -- yeah, it could be viewed as a consequence.
 - Q Is that generally part of a leadership development program?
- A Yeah. That we put our supervisors through leadership development.
 - Q Okay. Is that part of the leadership development program that you took from 2007 to 2010?
 - A It's actually the evolution of it, so it's

 - Q Okay. Tell me -- and how soon was it after you learned of the approval that you and Larson had the conversations with Turney and Hoover?
 - A I don't remember explicitly how many days, but it would have been quickly after.
 - Q Tell me about the conversation that you and Larson had with Turney. Where was it?
 - A So I think it was in our little break-out room, in our -- Greg and I's office area where we had Will come in first and then Mark after.
 - Q Okay. Tell me about the discussion with Will.
 - A That he would be -- yeah, given the written warning, put on his file. He would have to do -- he'd be enrolled in the leadership training, would continue to be coached, and that he would have a reduction in his IPF.
 - Q Where did the leadership training come from?
- A Where did it come from?
- 21 Q Yeah.
- A It's a Shell -- it's a Shell leadership
- 23 course that's put on.
 - Q Who made that recommendation?

- changed over the years. They don't do what I did back in the day.
 - Q But it's similar?
 - A This is a replacement for it.
 - Q Got it. All right. How long is your meeting with Turney?
 - A Estimate, maybe 15 minutes.
 - Q Did you give him the warning in the meeting?
- 9 Or I'm sorry, the letter in the file?
 - A I don't recall if the letter was given to him in that meeting. Normally you would give a letter, read through it, and both sign it. But I don't recall doing that specifically in that meeting or if
- Greg did that separately. Yeah, I don't remember specifically.
 - Q Did you see the letter before it was given to Turney?
 - A I can't remember explicitly.
- 19 Q Do you remember ever seeing it?
 - MS. KIRKPATRICK: Objection. He just told you he doesn't remember.
 - THE WITNESS: I don't recall.
- MS. GURMANKIN: He said before he met with Turney. My question now is if he ever remembered

| | Page 141 | | Page 143 |

| 2 | THE WITNESS: Not explicitly. | 2 | Q Anything else that was said in that meeting? |
| 3 | Q BY MS. GURMANKIN: Okay. I'll show you | 3 | A Just that yeah, I remember him talking |
| 4 | what's been marked as Exhibit 33. You can pass one | 4 | that he would learn from this and that it would |
| 5 | copy. | 5 | not something like this would not happen again, |
| 6 | Is this is the letter that he signed? Have | 6 | that this was a certainly a strong learning |

| 12 | Q Do you remember seeing it but not explicitly | 12 | Q Uh-huh. |
| 13 | reading it? Or you don't remember seeing it? | 13 | A No. Not that I recall. Because it was |
| 14 | A I don't remember seeing it. | 14 | really Greg as the ops manager delivering this |
| 15 | Q Do you remember if you saw a draft? | 15 | message. So I don't recall having to interject on |

| 5 | letter was at the meeting as well, and Will signed it | 5 | the code of conduct? |
| 6 | there. | 6 | A I don't recall going into the specific list |
| 7 | Q Seeing this doesn't help you recall? | 7 | of allegations. But just that he had violated the |
| 8 | A You know, I think it probably was at the | 8 | code of conduct with his with his yeah, |
| 9 | meeting. I just can't explicitly remember Will | 9 | inappropriate jokes and comments. But I can't recall |
| 10 | yeah, I think it was. I think we did go through this | 10 | specifically going through a list of these or the |
| 11 | with him there. That Greg read this to him, and I | 11 | specific things you've done in that particular |
| 12 | observed that and Will signed it. And that we went | 12 | meeting. |

| 16 | A Yeah. I recall him being very sorry that he | 16 | A Not to my recollection. |
| 17 | had you know, that this had happened, that he | 17 | Q Do you know if anyone met with Hoover to talk |
| 18 | didn't he certainly didn't mean anything, no ill | 18 | to him about the conclusion that he violated? |

THE VIDEOGRAPHER: This begins File Number 3 in the videotaped deposition of Steve Craig in the matter of Barnes v Shell, et al. We are going back on the record at 4:42 p.m.

Q BY MS. GURMANKIN: You testified earlier that you didn't have a specific recollection of talking to Greg Larson after that initial November 21st, 2016, meeting with Jesse and Turney and before the meeting that you had with the two of them on the following day, correct?

A Correct.

Q After the November 22, 2016, meeting that you

- Q Any other meetings or discussions that you had with anyone about the investigation or the conclusions?
 - A Not to my recollection, no.
- Q You ever talk to Jesse about the investigation or the conclusion?
 - A No, I did not.
- Q Did you follow up to make sure that someone did?
- A I knew that HR was communicating with her.
- Q Who told you that?
 - A Yeah. I don't know if Megan explicitly said that. But as part of the investigation process, that would be HR's role to follow up with the person.
 - Q I'm just asking if you know if anyone followed up with her.
 - A Do I know if anyone followed up with Jesse? I don't know specifically who followed up with Jesse.
 - Q Do you know if someone did?
 - A Based -- yeah, I know that somebody did based on our company's thoroughness on, you know, conducting a full investigation like this, that it would only make sense that HR or someone in the
 - organization is going to follow up on a complaint.

- had with Turney and Jesse and before the consequence
 management phone call that you had with Kloosterman
- and Larson at the conclusion of the investigation,
- 4 did you and Larson have discussions about the
 - investigation or Jesse's complaints?

A So I know because of the confidentiality of it, we didn't have any detailed discussions around -- like when the investigation is going on, then I don't recall any specific discussions. Yeah, when I read, you know, the decision on what would be best for Jesse in her -- you know, from a work perspective, how could we allow her to, you know, exit this and come out in a positive -- with a positive opportunity. I don't recall exactly. You know, I think Greg and Megan were having the discussions around what would be the best for Jesse. And I don't recall specific discussions that Greg and I had around that.

Q Do you recall specific conversations that you had with Larson or communications with Larson after the meeting you had with Turney and Jesse on November 22nd and before you and Larson have the phone call with Kloosterman about the consequence management?

A So I would have informed Greg that I had communicated this to HR and that we were aware that investigation would happen, that we would have Megan come to location, so the discussion here with Kelly and Megan and Greg, that we would have the investigation.

- Q You're talking about the bottom of your handwritten notes marked as P39?
- A Correct.
- Q Okay. That's with you and Kloosterman and Larson and Kelly Soudeleir?
 - A Correct.
- 13 Q On December 1st?
- 14 A Correct.

- Q In the discussions that you had with Larson about that, was there discussion about moving Turney out of his group or his role?
 - A Yes. We talked about that as one of the options.
 - Q What were the other options that you and Larson discussed?
 - A So moving Will or moving Jesse. And we recognized that Jesse wasn't happy in her current -- with her current work group. That was, I understand, brought up. And so how could we -- you know, how could we do what's best for Jesse and give her, you

anything -- any specific conversations that Greg and I had.

MS. KIRKPATRICK: Are you finished with your answer?

THE WITNESS: Yeah. I'm just trying to think if I can remember any conversations that Greg and I had about -- I guess my only -- my only recollection is discussing -- and I don't remember when, but what would be a potential -- you know, a potential opportunity for Jesse. How could we -- how could we, you know, provide a new opportunity or what would be -- what would be in Jesse's best interest.

Q BY MS. GURMANKIN: Was that after the conclusion of the investigation?

A Yes. Because it wasn't something that we -we didn't really -- I mean we waited. The premise
was wait with the investigation. And Greg was really
good at making sure, you know, so this is a
confidential investigation and we shouldn't -- none
of us should be discussing anything about the
investigation with anybody in the office.

Q All right. Let me ask it this way.

After the conclusion of the investigation,
did you and Larson have a discussion about how to

- know, a new opportunity.
- Q Well, one way to do what was best for her was to remove the supervisor who was sexually harassing her.
 - MS. KIRKPATRICK: Objection. He never testified --
 - MS. GURMANKIN: Right. I'm asking.
 - Q That would be one option, wouldn't it?
 - MS. KIRKPATRICK: I'm instructing him not to answer that question.

MS. GURMANKIN: Based on what?

12 MS. KIRKPATRICK: That's a misleading

guestion. He never testified to that.

MS. GURMANKIN: You know that's not in the rules, Kathy. Please don't do that.

MS. KIRKPATRICK: And you know that's --

Q BY MS. GURMANKIN: One of the ways to do what's best for her would be to take the supervisor who's sexually harassing her out of his role, right?

MS. KIRKPATRICK: Objection. Instructing him not to answer.

MS. GURMANKIN: What's the basis?

MS. KIRKPATRICK: Because you are assuming that there was a finding that he was sexually

harassing her. That's part of your question.

MS. GURMANKIN: You can object to the form.

MS. KIRKPATRICK: No. I'm not going to let you mislead the witness.

MS. GURMANKIN: Do you know what the rules are, Kathy? There's very specific circumstances in which you may instruct him not to answer, and you are very well aware that misleading questions in your opinion are not one of them.

MS. KIRKPATRICK: You are not permitted to distort the facts.

MS. GURMANKIN: Are you seriously instructing him not to answer that question?

MS. KIRKPATRICK: Yeah. Did you hear it? Do you want me to say it again?

MS. GURMANKIN: Yeah. Say it again.

MS. KIRKPATRICK: You heard it.

Q BY MS. GURMANKIN: Are you listening to your attorney's instruction not to answer that question?

A Yes

Q Did you consider removing -- well, you understood that Turney was making Jesse uncomfortable. You knew that from November 21st, 2016.

Page 159

trouble with was Ken Foreman who she said was puttinghis hands through her hair, right?

MS. KIRKPATRICK: Who she said put his hands through her hair.

Q BY MS. GURMANKIN: Right?

MS. KIRKPATRICK: Again, objection. Because you're misstating the testimony.

You can answer.

Q BY MS. GURMANKIN: Right?

A Well, I've only -- so when you say putting hands through hair implies more than once. Jesse only indicated that it happened once. But she would be going back and working with the same group.

And so in our discussion with Greg is, again, genuine care for people, how could we help improve Jesse's situation given everything that had transpired. So providing her a new opportunity seemed like a good alternative as opposed to putting Jesse back into the same role as she had before where she was stressed out and having difficulty delivering.

And her ability to deliver in that role was part of that discussion. And my observations of Jesse were such that I wasn't -- you know, I wasn't

Page 158

A Correct.

Q And did you consider, when you were talking to Larson about this, removing the supervisor who was making her uncomfortable? Did you ever consider that?

A We did.

Q And what did you discuss about that?

A Well, so Jesse was also having challenges with her -- with her work group, with others in the work group that she didn't -- she wasn't getting along with. Her performance was also discussed as we had, you know, previous to all this brought up, you know, in our performance evaluation how she was doing in her role. And that played into the discussion too, that maybe because she was struggling in the role to deliver, as evidenced by the IPF value that she received that year, that it may be in her best

interest to give her a new opportunity where she could learn some new skills and get a fresh start and not have to go back and try to work with the same

trouble with before.

group of individuals that were -- that she was having

Q And you understood as of November 21, 2016, that one of the individuals that she was having

seeing the quality of work that I believed was necessary to, you know, do a good job in that role.

Q Did you notice that prior to November 21st, 2016?

A Yes.

Q Any documentation of that prior to November 21, 2016?

A I don't recall putting -- like writing her -- writing that down other than during our IPF session when all of the group has to rank all of the individuals. It was documented there.

Q Where is that?

A So in the 2016 IPF session, that's -- it's in the -- I think it was one of the documents that was in the pre-read items.

Q In the documents you looked at in preparation for your deposition?

A Yeah.

Q And this is a session you had with your direct reports?

A Yes. It's the operations manager, human resources, and the supervisors. And then as you -- because we evaluate everyone, including myself. So as it moves up, then other people leave the room. So

Q It relates to what you and Larson were discussing about what to do for her, right? A Right. Q Yes? A Yes. Q There's a copy of a PostIt on here saying Steve, this is my notes from a discussion with Jesse about her role options, Greg. A Yeah. Q Did Greg give this document to you? A Yes, I guess. I don't yeah, I don't recall this. Yeah, based on the sticky. So I don't know if this was in his file when he turned it over to me. So he had a bunch of notes that he provided for me when he left. So I believe that this sticky was when he did his hand-over in the staff documents that he provided. Q Oh, I see. When he retired? A Yeah. Q And you took over his documents? A Like he gave me his IPF notebook and said |

And that's why we bring a third-party, impartial, non asset person in to do the investigation. So I rely on HR to do their job. And I didn't see it as my role to be asking or probing into, you know, any of the allegations that are being made. Q Sorry. Are you finished? A Yeah. Q My question was: Did you think it would be inappropriate for you to ask Kloosterman if Jesse's allegation about Foreman putting his hands through her hair was substantiated. MS. KIRKPATRICK: Objection. Asked and answered. You can tell her again. MS. GURMANKIN: No, it hasn't been answered. MS. KIRKPATRICK: You don't like the answer, but it has been answered. Q BY MS. GURMANKIN: No. Did you think it would be inappropriate? That's all I want to know. | that was created for a potential role for Jesse. - 7 Q And she was given that ranking -- when would 8 she have been given that ranking?
 - A Probably in the new year. So we do the sessions, the ranking sessions, in October. And then the IPFs are delivered in the new year. So probably around that January 24th time.
 - Q Was -- after the allegations were made against Turney by Jesse in November of 2016, was there any discussion that you were involved in about reviewing her IPF ranking again to make sure that his feedback was fair and accurate?

MS. KIRKPATRICK: Objection.

THE WITNESS: Will's feedback was fair and objective?

- Q BY MS. GURMANKIN: Yeah.
- 22 A So Will was only one of probably five people 23 providing feedback of Jesse's performance in October 24 during the IPF ranking session. So it wouldn't have

was fair and unbiassed?

A I'm aware, based on this email, that there was a review of her IPF.

And again, I think it's important to understand in the IPF ranking session that it's relative to others in the organization. So it's not just strictly based on the individual's performance, but it's relative to the performance of the rest of your peers and within your group, within a group of -- a group of staff. And so the system has us rank people from .8. You know, we have to have .8 all the way up to 1.2. So if we have all super-star performers, you still have to deliver .8 as part of the process.

So when we rank our staff against each other, then that can influence -- not just for Jesse but for any staff -- that can influence what IPF ranking they get. And there's a big component on behaviors in the IPF ranking. So it's one, can you do your job, demonstration by Jesse that she gives examples of where she does her job. But then the behaviors piece is equally as important on how do you -- how do you show up at your job, are you there to -- as I say, are you paddling the boat or are you dragging your

Page 174

been strictly Will's feedback. Will would be one person providing feedback.

- Q And who were the other four?
 - A So it would have been Greg Larson, myself, HR would be there but not really providing feedback, the operations supervisor.
 - Q Who's that?
 - A Mark Hoover. And Kyle Vessel as the I&E, instrumentation electrical supervisor. And Shane Sollinger at the time as the assets integrity supervisor.
- Q So and in that discussion providing feedback on Jesse and -- well, on Jesse, Turney, you, Larson, Hoover, Kyle Vessel, and Shane Sollinger?
- A Yeah.
- Q Anyone else? 16
- 17 A Not to my recollection, no. That should have 18 been the group of supervisors, superintendent.
- 19 Q Okay. But Turney was the only one who was 20 her direct supervisor?
 - A He was her supervisor, Yes.
- 22 Q All right. So was there anything discussed
- 23 that you were involved in about going back and making
 - sure that the feedback that he was giving to Jesse

Page 176

1 oar.

> And so back to your question on if there was input or review of Will's input. I'm aware that the IPF went up to .9 based on the review and the evidence that was provided from Greg's notes and Jesse's input and the input that we provided at the IPF session.

- Q All Right. So the behavior aspect is subjective, right?
- A Yes.
- Q Okay. So to go back, there was a review after Jesse complained about her rating?
 - A Yes.
- Q Who was involved in the review?
- A I think Greg. I don't remember. Well, I guess -- let me think if I...
- Q Were you?
- 18 A I don't remember specifically discussing
- 19 this. I know like Greg was really managing it. I
- 20 mean the email was sent to me. I guess I did have --
- 21 I do recall discussion with Greg around our IPF
- 22 session and what -- you know, what our comments were
- 23 to just confirm or validate that what we said was, in 24
 - fact, fair and as part of this discussion. And then

Page 177

I think Greg took it up with HR and made the decision as to what -- you know, to increase it.

Q So your understanding was that it was Larson's decision to increase the rating?

A I don't know if it was exclusively Greg's decision, but made in conjunction with HR.

Q Who in HR?

2.4

A I think Michelle at the time.

Q Okay. So above in the top email on the first page, that's an email from Jesse. This is January 25, 2017, to the same people. And she said I want to point out that I reached out to Steve in May 2016 for input in my role before and I didn't receive a response. I attached the email. In addition to my first email, I attached three high-5s I received this year as well.

The second page is her May 17, 2016, email to you, correct?

A Uh-huh.

Q Yes?

21 A Yes.

Q And is she correct that she didn't get a

response from you?

A No, that is not. She did not get an email

out and to get some coaching or mentoring from a peer in the business. And that's something that's common that we do that with others, our other roles. I do that with my peers, and as does the superintendant.

And so Jesse wrote this email after. And I remember following up with her on this and clarifying because she -- I also remember Will coming to me and saying you've got -- Jesse thinks you've got problems with -- with her. And that's why I was providing this suggestion. I was doing it more in the spirit of helping her have an external coach or mentor or somebody that she could reach out to if she had a question or, you know, something that she was struggling with just to be able to make a contact for her.

So I talked to Jesse about it and just clarified that, you know, I -- you know, that that suggestion was made in, you know, the most -- you know, in a positive manner that giving you -- you know, just helping you reach out in case if you're having trouble -- trouble in your role, there's ways for you to improve.

Q Why was Jesse's IPF rating lower than the subsequent determination was that it should have

Page 178

response from me, but she did get a response from me verbally.

Q Any documentation of that?

4 A No. Not that I -- no.

Q How come?

A We had a -- and I can provide the context to this email. We had a cross-asset engagement where we had another superintendant -- his name is Bob Carsh, who was a superintendant who I knew and was visiting. And I know we were outside of 108C meeting room. I was talking to Bob, and Jesse was there. And I suggested to -- I introduced Bob, this is Jesse, our maintenance analyst. And I suggested to Jesse that you should reach Bob's maintenance analyst back at Caroline. Her name is Jennifer Evans, and I've worked with her, and she's -- she's really strong in the maintenance analyst role and has done that role for a long time, it would be a great opportunity for you to link up with Jennifer.

And so this was all in the spirit of collaboration and helping Jesse grow in her role. So this is in May of '16. So Jesse's, you know, not quite a year into the role. And so this was a genuine -- a genuine opportunity for Jesse to reach

Page 180

been?

A Why was it rated lower than the subsequent? Based on the process that we went through and the five individuals who rated her and every other employee, her performance was not -- was not as strong as the rest of the employees.

Q But there was a subsequent determination that that was not correct, right?

MS. KIRKPATRICK: Objection. That is not what he testified to.

MS. GURMANKIN: I'm asking. It's a leading question, Kathy. It's a leading question.

THE WITNESS: So --

MS. KIRKPATRICK: Objection.

MS. GURMANKIN: That's how you take a deposition.

MS. KIRKPATRICK: Okay.

THE WITNESS: I won't say that the .8 was wrong. That was -- based on all the evidence that we had, Jesse was not performing as well as her peers. And that was -- you know, that was discussed and documented in there. And we -- you need to understand too that when we do an IPF session, we go through, you know, 30 or 40 employees and we do our

1 best to make it a fair transparent documented process 2 where we weigh all the facts, and then we adjust the 3 IPFs based on -- and it's a battle with supervisors as well where people -- you know, I stand up and I 4 5 give evidence of my staff of why I think they've done 6 good. You may give evidence of your staff. And we 7 have to come -- we've got to get the number to 1.03 8 overall average, we need to have some at the bottom 9 at .8, and some at the top at 1.2. And so we have a 10 long deliberation about what IPF people are going to 11 get. And we do it -- we try to be fair, and we focus a lot on behaviors. And Jesse's behaviors were 12 13 not -- and that's part of why she landed at the

bottom of that session.

Q -- is it correct -- it looks like from the emails that you're the one who met with Jesse to give her the 2016 performance review, correct?

19 A Correct.

20 Q Why was that?

Q Why?

A Because after the investigation -- well, it wouldn't be in -- it wouldn't seem appropriate to have Will deliver the performance rating. That it would make more sense for me to do it.

Page 182

MS. KIRKPATRICK: Objection. That's assuming facts not in evidence. He said the people. That was one person.

MS. GURMANKIN: Please don't give speaking objections.

Q Mark Hoover and Will Turney, those two. Was there any discussion that you were involved in about the fact that two of the people involved in giving feedback on Jesse's performance were subsequently found to have violated the code of conduct against her?

A Not to my knowledge. But I would reiterate that -- I just want to state that -- yeah, that Mark wouldn't have worked with her exclusively. That it's -- but yeah, that there's multiple people in that it wasn't Mark's or Will's determination, but rather the collective group.

(Exhibit P42 was marked.)

Q BY MS. GURMANKIN: All right. P42 is a series of emails.

A Okay.

Q And I want to direct you to the second page. Actually why don't you take whatever time you need and go through the whole thing.

Page 184

2 A Because of the investigation and the code of 3 conduct violations of Will.

Q There could be a perception that he was retaliating against her by giving her a poor performance review?

MS. KIRKPATRICK: Objection.

THE WITNESS: The poor performance review or the IPF was done well in advance of the ranking session. And the IPF was done well in advance of the allegations made.

Q BY MS. GURMANKIN: And the rating was warranted?

14 A Yeah.

Q It was fair?

16

17 Q Based on the feedback --

A Correct.

19 Q -- that was given?

20 Well, then why was -- who made the decision 21 that Turney wasn't going to give her the review but 22 vou were?

23 A I think -- so it says here Megan from HR wanted me to contact you and how I would proceed. I

would prefer to go through the year-end with just you. Let me know your thoughts.

So I had no problems with that. So I guess that was just discussed, and I had no issues with doing that with Jesse.

THE WITNESS: No. No, I disagree with that. I think that based on this, that Megan and Jesse had a discussion around that. So I don't know that to be factual.

Q BY MS. GURMANKIN: Well, Jesse says in her email Megan from HR wanted me to connect with you on how I should proceed with this. She says I would prefer to go through my end-of-year with just you, but realize that that may not be possible, right?

If the rating were completely fair and justified, then why would it matter who was actually delivering the message to her?

12 MS. KIRKPATRICK: Objection.

> THE WITNESS: So it wasn't about the rating at all, but rather about having to put Jesse with her -- you know, with someone who's conducted a code of conduct violation against her. So in the spirit of care for Jesse, it would -- I wouldn't want to put her in that position.

Q In the spirit of care for Jesse, did that cross your mind before she reached out to you and asked you to meet with her to give her the review in December of 2016?

MS. KIRKPATRICK: Objection.

THE WITNESS: I don't recall if I thought --

Page 186

- 1 Q Did anyone from HR tell you that it would be 2 inappropriate, given her complaints about Turney and 3 the investigation, that it would be inappropriate for 4 him to give her her review? 5
 - A Not that I recall.
 - Q Before you got this email from Jesse, did you ever come to that conclusion?
 - A Yes. I would say that, given the circumstances and the code of conduct violation of Will, that it would not be appropriate to have Will give her the end-of-year review.
 - Q And you came to that conclusion before you got her email at the bottom of 771, dated December 20, 2016?
 - A I don't know if I made that conclusion before or after. But I agreed that I would not have no problem doing the end-of-year evaluation.
 - Q You decided to meet with her as a result of her reaching out to you in her email of December 2016, at the bottom of 771, correct?
 - A Correct.
 - Q Okay. And you believed -- you agreed to meet with her instead of having Turney meet with her because you had concerns that it would be

Page 188

- if I was thinking about that. Mid year -- these reviews weren't scheduled yet. Or sorry. The end-of-year reviews are usually done into the new year, so maybe it wasn't on my radar yet.

MS. KIRKPATRICK: Objection.

THE WITNESS: It was not in the timeframe yet of the -- of when the end-of-year reviews would normally be done.

Q BY MS. GURMANKIN: Is that no? MS. KIRKPATRICK: Objection. He gave you his answer.

Q BY MS. GURMANKIN: Is your answer no? Did anyone from the company reach out to you before Jesse reaches out to you in December 20, 2016 -- let me finish my question -- and suggest that it may not be in Jesse's best interest or comfortable for her to have to sit down to have her review with the person who was found to have violated the code of conduct?

MS. KIRKPATRICK: Objection.

reviewed her attached accomplishments in the end-of-year review. And so she provided some feedback to me relative to her performance, as I read that. I reviewed her attached accomplishments and did an end-of-year review as best I could. But I wanted to get his opinion as well based on the IPF ranking that we all together came up with.

Q Yeah. My question was: Why are you asking him for that after you meet with Jesse to give her the performance review?

A Because he was her supervisor for the year, and I wanted to get his feedback as her supervisor.

Q Right. But why are you asking him for that after you had the performance review discussion with her?

A To be able to put that into HR online.

Q But wouldn't you want his feedback before you had the performance review discussion with her as the person who's been working with her all year?

A So the GPA -- I think it's important to recognize that. The question that Jesse is asking --

Q Where are you?

employee, we sit down and we go through it, and that

2 goes into their file. So we -- like for all the 3

employees, I write up the performance review, we book

4 a meeting, we sit down, and we talk about it, and 5

then I put that into the file. So I don't take additional notes on the performance review. It goes 6

7 into the online system, is where it goes. 8

Q Is that why you didn't take notes of your discussion with Jesse?

A Yes.

Q Any other reason?

12 A No.

> Q All right. So you're asking Turney to please give you a paragraph or two based on her performance from your point of view that I can use to help frame up what will go into HR online.

What are you -- can you explain to me what you're asking him for here?

A I'm -- as the supervisor who's been working with her all year, can you provide me some of the feedback that you have.

Q Why are you asking about this after you have the performance review meeting with her?

A So I had information ahead of that. I

Page 192

that's not -- it's not -- this is framing up what we're going to do next year, so what are the goals and items going to be for the following year.

So when I read this now, when I read the subject, I don't know why I jumped to the year-end review because this is really -- like it's out of sequence for the end-of-year review. So I think -- I don't know why I turned this to an end-of-year discussion. Yeah. I don't recall why that happened.

But the beginning of this email chain on page 772 is around preparing for the following year's GPA and performance contract. So it's like what are we going to do in 2017, what are your goals. We all have to do those in the company, and we put those into HR online. So that was the first email.

And then it's a question of how do we want to connect -- or Megan from HR wanted me to conduct with you on how I should proceed. I would prefer to go through my end-of-year review with you. And so I guess I asked for, you know, probably her information and I would try to do the end-of-year as best I could. And then knowing that there's a potential shift for Jesse to a new opportunity, that her GPA would be followed up in the new year.

You testified a few minutes ago that in your -- the first full email on 771 where you're emailing Turney on December 20, 2016, and you say I had a discussion with Jesse today. You testified that discussion was her performance review meeting, right?

- A I did a year-end discussion.
- Q All right. You had testified earlier it was her performance review meeting. Is that true or not?
- A I think that was the intent of that discussion, yes.
- 15 Q Was that the discussion?
- A I reviewed her accomplishments at that 16 17 meeting.
- 18 Q So was that her performance review meeting?
- 19 A She was not given her IPF ranking in that 20 meeting.
- Q Okay. 21
- 22 A So normally your year-end would go with your 23 performance review. Once they're allowed to be
- 24 published, then you sit down with your supervisor and

Page 195

- Q But so that -- does that information go into 1 2 HR online after the IPF rankings are published?
 - A Does that go into -- it can go in before or it can go in after. There's no -- it can go in anytime really. If you change roles mid year, then your outgoing supervisor would put in your performance review at that time, and then the new supervisor would put it in as well. So the system doesn't prevent you from putting anything in there.
 - Q Yeah, I understand that.

But so the IPF rankings go into HR online, right?

- A Correct. Well, yes, they're in HR online.
- Q Okay. Does anything else about the performance review go into HR online other than the IPF ranking?
- A The written description of the performance goes into HR online.
 - Q That's part of -- that's the performance review?
 - A Correct.
 - Q Okay. So the performance review itself and the IPF ranking is the information that goes into HR online?

Page 194

- 1 you go through your review and you get your IPF at 2
- the same time. So this was out of sequence. And so 3
- I guess I tried my best to listen to see what Jesse's
- 4 accomplishments were, and then -- but I needed -- if 5 I was going to close that out in HR online, I would
- 6 need additional information.
 - Q All right. So as of December 20, 2016, the IPF ratings were not published yet?
 - A No. Not until towards the end of January.
 - Q All right. Is that normally the case?
- 11 A Yes. Every year.
 - Q In any case, on December 20, you had a discussion with Jesse about her accomplishment for 2016?
 - A Correct.
 - Q Okay. So why are you emailing Turney for his feedback about her performance after you speak with her about her accomplishments for that year?
 - A In order to be able to have something to put into HR online.
 - Q And what is HR online?
- A That's the human resources online database 2.2 23 that has their -- the employees' performance reviews, 24
 - how long you've been in your role, all that stuff.

Page 196

- A As well as the performance contract and your GPA.
 - Q Okav.
- 4 A So there's three -- maybe call it four
- 5 pieces: Your GPA and performance contract, how did 6 you deliver, and then your IPF. But amongst a whole
- 7 bunch of other data, when did you start, the 8
 - availability date, all that.
 - Q All right. And the GPA and performance contract are more related to the plan and the goals for the following year?
 - A Correct.
- 13 Q Okay. So the IPF rankings and the 14 performance reviews, you just testified, aren't 15 released every year until the end of January of the following year, right? 16
 - A Correct.
- 18 Q So as of December 20, 2016, there's no need 19 for you to put anything in HR online because the IPF 20 ratings and the performance reviews haven't yet been 21 released?
- 22 A That's true. I didn't need to put anything 23 in there yet.
 - Q All right. So why are you asking Turney on

Page 197

- this day after you talked to Jesse about her
 accomplishments for the year but at least a month
 before you needed to put anything on HR online before
 the IPF rankings and the performance reviews are even
 - A Because Jesse's --

- A Jesse had asked about doing her end-of-year review to me. And so I guess I -- right or wrong, I went and I did that with her.
- Q Okay. And you're telling Turney to make sure that the feedback that he gives you aligns with her IPF rating?
- A Yeah. Based -- I wanted his feedback. And based on the feedback that others also gave in the IPF ranking session, that we needed to take that into consideration.
- Q Well, you're telling him from your point of view, please give me a paragraph based on her performance that will align with her IPF. That's what you're telling him in this email, right?
- 23 A Yeah.
- 24 MS. KIRKPATRICK: Objection.

MS. KIRKPATRICK: Objection.

THE WITNESS: Her supervisor, yes.

- Q BY MS. GURMANKIN: Who she's complained about, right.
- A Correct.
- Q And who's been found to have violated the code of conduct, right?
 - MS. KIRKPATRICK: Objection.
- 12 Q BY MS. GURMANKIN: Right?
 - MS. KIRKPATRICK: Asked and answered.
- 14 You can tell her again.
 - THE WITNESS: Yes. I asked Will for that feedback.
 - Q BY MS. GURMANKIN: And you're asking him to incorporate -- when you say align with her IPF, you're asking him to incorporate the feedback that is including Mark Hoover, right?
 - A Correct. And all of the other supervisors.
 - Q Yep. And you didn't have any concern as of this time, December 20, 2016, about asking Turney who's been given a letter for the file and told his

Page 198

THE WITNESS: So align with the IPF is meaning we need to take into consideration the feedback that the group provided, not just your feedback, but the IPF, which is standard that we would provide based on what that person's IPF is, that we would take into consideration the person's IPF.

- Q BY MS. GURMANKIN: You wanted to make sure that the paragraph or two that he gives you justifies the IPF rating that as of this time she's going to get?
 - MS. KIRKPATRICK: Objection.
 - Q BY MS. GURMANKIN: Right?
 - MS. KIRKPATRICK: You can answer.

THE WITNESS: It's to make sure that it's -it could be on the positive or negative side. But we
as a collective team come up with an IPF. So the
supervisor's job is to write a year-end review that
is inclusive of everyone's comments and not just -so if I think an individual has done a great job but
the rest of the organization sees it otherwise, then
I need to take that into consideration. That was the
meaning behind that, is that we need to...

Q BY MS. GURMANKIN: Okay. And you're asking

Page 200

- IPF rating has been reduced as a result of the investigation into Jesse's complaints to have him write up her performance review, right?
 - MS. KIRKPATRICK: Objection. He didn't write up the performance review. Go ahead.
 - THE WITNESS: Yeah. So it was input. I was seeking to get input from Will and then also taking into account the other feedback from the IPF session as I -- as I did her end-of-year review.
 - Q BY MS. GURMANKIN: And you didn't have any concerns about asking the guy who she's complained about and who's been found to have violated the code of conduct to do that?
 - A No. Because he reported -- she worked for him for the majority of the year. So he would have the best view of her performance.
- Q And by the way -- sorry. Go ahead. Were you done?
- 19 A Yes.
 - Q Okay. On the first page of P41.
- 21 A Uh-huh.
- Q Do you see that -- so Turney at the bottom of the first page sends you information about Jesse's 24 2015 review, right?

| | Page 201 | | Page 203 |
|----------|--|----------|--|
| 1 | A Uh-huh. | 1 | A Uh-huh. |
| 2 | Q Yes? | 2 | Q It lists you and Meg Toto, which she's listed |
| 3 | A Yes. | 3 | as the HR business partner right above that? |
| 4 | Q And then above, he sends Larson issues that | 4 | A Right. |
| 5 | he says are related to Jesse's performance, right? | 5 | Q And then Michelle Priest and Will Turney. Do |
| 6 | MS. KIRKPATRICK: Missed opportunities? | 6 | you see that? |
| 7 | THE WITNESS: Yes. | 7 | A I do. |
| 8 | Q BY MS. GURMANKIN: And then Larson forwards | 8 | Q Is this correct? |
| 9 | that to you and Michelle Priest. | 9 | A This is what was entered into HR online, but |
| 10 | A Yes. | 10 | it wasn't it wasn't who conducted the interviews. |
| 11 | Q Did anyone from the company, including Larson | 11 | So but the selection panel would be based on the |
| 12 | or Michelle Priest or anyone, tell you that maybe | 12 | interviews. Then HR and myself would have input |
| 13 | Turney should not be involved at all in Jesse's | 13 | based on the recommendation from the interview panel |
| 14 | performance review process? | 14 | on who was going to get. So I would have been part |
| 15 | A Not that I recall. | 15 | of the decision process, but not necessarily in the |
| 16 | Q On November 21, 2016, one of the things that | 16 | interview. |
| 17 | Jesse had talked to you about was that she had | 17 | Q So then you were involved in the selection |
| 18 | applied for the scheduler position, correct? | 18 | process? |
| 19 | A Correct. | 19 | A So I wasn't involved in the interview, but I |
| 20 | Q That was a position that was open in your | 20 | was, I guess, briefed or updated on the |
| 21 | organization? | 21 | recommendation from the interviewers. |
| 22 | A Correct. | 22 | Q I asked if you were involved in the selection |
| 23 | Q In November of 2016? | 23 | process. Were you or weren't you? |
| 24 | A Correct. | 24 | MS. KIRKPATRICK: Objection. |
| | | | |
| | Page 202 | | Page 204 |
| 1 | Q Were you involved in the selection process? | 1 | Q BY MS. GURMANKIN: You said earlier that you |
| 2 | A For the scheduler role? | 2 | weren't. This P43 says that you are. Which is |
| 3 | Q Yeah. | 3 | right? |
| 4 | A Not to my recollection. | 4 | MS. KIRKPATRICK: He did not say that. |
| 5 | Q Were you involved in the hiring panel? | 5 | MS. GURMANKIN: Yes, he did. |
| 6 | A No. I was aware of it, but I wasn't part of | 6 | MS. KIRKPATRICK: Mischaracterization. He |
| 7 | the interview group. | 7 | said he wasn't involved in the |
| 8 | Q Who were the people who were the | 8 | MS. GURMANKIN: He said the selection |
| 9 | decision-makers regarding that position? | 9 | process. |
| 10 | A I think Hondo was the PIL. | 10 | THE WITNESS: Okay. So when you asked the |
| 11 | Q What's that? | 11 | question in the beginning, my mind was on the |
| 12 | A Process improvement lead. And Will Turney | 12 | interview. So I was not involved in the interview, |
| 13 14 | was the supervisor for the position. (Exhibit P42 was marked) | 13 14 | but I was involved as part of the final decision for |
| 15 | (Exhibit P43 was marked.) Q BY MS. GURMANKIN: You've been handed what's | 15 | the selection, yes. |
| 16 | been marked as P43. This is a document about the | 16 | Q BY MS. GURMANKIN: So at some point, |
| 17 | it looks like the requisition for the scheduler | 17 | people there's discussion about the applicants for the position. |
| 18 | position, if you look at the very top. | 18 | A Correct. |
| 19 | A Uh-huh. | 19 | Q And who did you talk to about that? |
| 20 | Q And it looks like the projected start date is | 20 | A Who do I talk to? |
| 21 | November 20, 2016, at the top. Do you see that? | 21 | Q Did you talk to anyone about that? |
| 22 | A Okay. Yep. | 22 | A I would have talked to Will and Hondo based |
| 23 | Q And then you see the selection panel in | 23 | on who was yeah, who applied for the role. |
| 24 | the close to the middle of the page? | 24 | Q All right. So do you remember the discussion |
| | | | , |

| | Page 205 | | Page 207 |
|--|---|--|--|
| 1 | with them about this? | 1 | Q Priest? |
| 2 | A Not explicitly. | 2 | A That's my recollection. |
| 3 | Q How about generally? | 3 | Q Do you know why she was involved as opposed |
| 4 | A About who was who applied? | 4 | to Ria Toto? |
| 5 | Q About the selection process for the position. | 5 | A Michelle was our main point of contact in HR. |
| 6 | A It followed our normal our normal | 6 | Q Okay. So you knew that the only applicants |
| 7 | selection process that we repeatedly do at the | 7 | were Jesse and Jeremy Green? |
| 8 | location. | 8 | A Correct. |
| 9 | Q Did you have a discussion with Turney and | 9 | Q And what did Blakley and Turney tell you |
| 10 | Blakley about the selection process for the scheduler | 10 | about the interviews with them or the evidence that |
| 11 | position? | 11 | they presented? |
| 12 | A Not explicitly. | 12 | A That Jeremy was seen as the better candidate. |
| 13 | Q Generally? | 13 | And based on his experience in particular for this |
| 14 | A I don't recall. | 14 | role, the scheduling work, he had worked in the field |
| 15 | Q Well, how were you involved in the selection | 15 | as a mechanic for |
| 16 | process? | 16 | Q As a what? |
| 17 | MS. KIRKPATRICK: Objection. He just | 17 | A As a mechanic for quite some time. So his |
| 18 | asked and answered. | 18 | ability to schedule the work would be he would |
| 19 | You can let her know again. | 19 | have a stronger skill set to do that job. Having |
| 20 | THE WITNESS: So once the interview team | 20 | done the jobs himself before, he would be a better |

| | | | |
| | Page 206 | | Page 208 |
| 1 | with the recommendation of the interview team. | 1 | A Didn't I just I didn't make a |
| 2 | Q BY MS. GURMANKIN: Did that happen? Did | 2 | specific I know that the like the interview |
| 3 | Turney and Blakley present you and HR with the | 3 | information was there. We do the ranking tool, and |
| 4 | evidence? | 4 | we have a discussion, and then we we use the HR |
| 5 | A Yes. | 5 | online system to update, to send an offer. |
| 6 | Q Okay. When? | 6 | Q Any explanation as to why you didn't document |
| 7 | A When? | 7 | this discussion? |
| 8 | Q Yes. | 8 | A Why I didn't document it? |
| 9 | A It would have been after the interview and | 9 | Q Uh-huh. |
| 10 | before the offer was made. I don't know the date. | 10 | A No. |

Do you recall that from a couple Q That, you don't remember? 6 minutes ago? 6 How about Shane Sondeleir? 7 A Yes. 7 A I don't recall comments from Shane. 8 Q Were you answering about the feedback that 8 Q Why is it that you remember Turney's but not 9 Turney had given during the IPF ranking session or 9 Hoover's or Shane's? 10 just around that October 2016 timeframe? 10 A Because Will was her direct supervisor. And 11 A So Will's provided feedback on a -- you know, 11 so he would be the one that would be providing most 12 around how employees are doing and -- yeah. So in 12 of his reports, not just Jesse but all of his 13 the session as well as throughout the year, he would 13 reports, feedback. What did Turney say about 6 Turney's specific feedback during the IPF ranking 6 Dan Krise in the IPF ranking session in October of 7 session, which at this point was close to three years 7 2016? 8 8 A I don't recall Dan. I think why I would 9 9 recall Jesse's more is because as a .8, that's a low A Based on -- that's just what I recall 10 having -- because we had had discussions around her 10 IPF. And so more discussion around the low IPFs. 11 11 Q So you don't recall Dan; is that right? performance previously. 12 Q So what did Kyle Vessel say about her during 12 A Correct. 13 the IPF ranking session in October of 2016? 13 Q All right. Jeremy Green? A I don't recall Kyle's comments. I recall 14 A Jeremy -- this is in 2016? 14 15 Greg talking about her being -- not how she showed up 15 Q Yep. 16 A So Jeremy wasn't a Shell employee and would 16 and... 17 not have had a ranking session done against him. 17 Q What does that mean, how she showed up? 18 Q Calvin Flynn? 18 A So how she would engage in the meetings and 19 19 how she would participate. So we didn't -- you know, A Calvin -- so I think Calvin had a stronger

performance as the EWINS focal that Will provided.

Q What did he say specifically about Calvin?

Subject: RE: Discussion Follow Up

Hi Kelly,

I apologize for my overdue email. Thank you again for reaching out to me.

Here is a list form of what I would like to see in my review for accomplishments;

- Saved 16K in maintenance costs thru auditing preventative maint, plans
- Streamlined and managed all Z6 inquiries and submissions
- Reduction of 400 unnecessary preventative maintenance plans and over 800 hours
- Initiated redlining process with lead maintenance technicians
- Audited cost reports and found hundreds of thousands of dollars being allocated incorrectly on a month basis, took actions to fix issues.
- Identified gap in training process on SAP training, created job aides, and incorporated training with on-boarding process of new hires.
- Strategically designed maintenance lean boards for KPI awareness and continuous improvement opportunities
- Reduced over 1200 standing orders that weren't being cost tracked correctly, minimized risk of cost tracking errors
- Managed all building maintenance vendors and contracts, acted as an OSR for building maintenance crews
- Created an equipment tracking online system for lean initiative for improvement opportunities for planning and scheduling jobs accurately
- Filled in for maintenance scheduler and planner as needed
- Displays strong leadership skills as well as managerial techniques

However, I believe my 2016 performance review is discrimination based on my sex and retaliation because I complained about sex discrimination and sexual harassment. Also, in my 2016 year-end review, I was criticized for my performance and my attitude, and that I have not been criticized for my performance or attitude in my past performance reviews before I had complained about sexual harassment. I believe I was criticized for my attitude because I complained about sexual harassment, and that the criticism is unlawful retaliation for my complaints.

Please let me know if there's anything else you need me to provide.

Thank you, Jesse Barnes

Subject: Discussion Follow Up

Hi, Jesse. I wanted to follow up with you from our last discussion on April 27th.

First, we discussed your concern on your 2016 IPF (Individual Performance Factor). I shared that HR was present during the 2016 IPR discussion, and your relative performance was fairly represented in the room and assessed by the group. However, understanding your concerns regarding your supervisor, I had communicated we would increase your

EXHIBIT 060

2016 IPF from .8 to .9 and provide the associated pay benefits. This has been completed and details are provided below. You will see these monies in the coming weeks on your regular paycheck.

Merit:

Old Merit = 800 USD

New Merit = 1000 USD

Salary as of 1.31.2017 = 56200 + 800 = 57000 USD

Revised Salary with New merit amount = **57200 USD effective 2.1.2017**

Bonus:

Old Bonus amount $56100 \times .1 \times .8 \times 1.15 = 5200$ USD Paid
Revised Bonus amount $56100 \times .1 \times .9 \times 1.15 = 5900$ USD Difference owed to employee is **700 USD**

Additionally, you had shared with me several notes regarding 2016 performance, and you had agreed to summarize these and send HR (Michelle or myself) the summary for input to your 2016 GPA. I've not seen this from you yet. Could you send it by June 30th or let us know if you will more time so that we can close it out? Regarding 2017 performance, you shared that you had set 2017 goals with your new supervisor and he was being supportive of your performance and development.

Lastly, I had agreed that we would speak with other women in the office to ensure a positive work environment exists. Michelle and I have done this through various engagements, as well as conducted trainings with all staff and leadership on diversity and inclusion. As you know, Shell is committed to a workplace free of harassment and discrimination. HR and line leadership also continue to visit the office regularly to ensure a positive working environment.

Michelle Priest and I both remain available if you would like to reach out to discuss any of these items further.

Thank you,

Kelly Soudelier

Hi Jesse,

Thanks for reaching out and letting me know about these comments and behaviors. While I have moved on from supporting Appalachia, I will call you tomorrow to discuss whether you feel comfortable with Natalie Gawecki (who took my role in Upstream HR) to reach out to you to learn more about these events. These comments do not sound appropriate, and I would recommend that Natalie understands more about what is happening so that she can address it accordingly.

Subject: Negative Comments

Hi Michelle,

I want to make you aware of my current workplace environment.

Male employees have been ignoring and avoiding me, and have made comments to me such as "we've heard stories about you" and have asked me about my complaints of sex discrimination against the company. I believe that the hostile and dismissive comments and conduct to which I am being subjected are discriminatory because of my sex and retaliatory because I filed an EEOC Charge.

If you would like to discuss further, you can contact me anytime.

Subject: Re: Appalachia Visit

Hi Leslie/Michelle,

Thank you for looking into the possible retaliation on not receiving my written narrative prior to it being put into HR online. I did not take into consideration I was transitioning under a new manager which may have some glitches in the process.

I feel as if I possibly wasn't being completely clear on what I was trying to say to you both about my IPF and written narrative that comes along with it. My written part has comments in it where it talks about my behaviors not being to standards but what I am trying to explain is that those behaviors were a direct result of what working conditions I was put in. "Jesse is seen as not working well with others and appeared isolated which can contribute to lower productivity of the planning and scheduling department." Is one quote from my review that is a direct result from how my supervisor(s) and team members were treating me and violating the code of conduct. Also, "Jesse can also become frustrated in her job and has missed work as a result." Is another direct result of my working conditions which were all documented on the information I put into the HR complaint. I have a screen shot of my text messages to my supervisor the day I left in frustration of me asking for approval to go home and he approved. That same day was a day that a team member put his hands thru my hair and I went to the bathroom and was crying and that's when I text my supervisor. Shortly after is when I knew everything I was going thru was affecting more than I wanted it to and I had a conversation with another supervisor about some of the things I was going thru which I believe my supervisor knew I talked to this supervisor about him and it made him upset.

My supervisor started to intentionally not invite me to meetings which I believe is retaliation to my "attitude" or rejecting his advancements towards me. And this same person was deemed fit to give me my review and IPF? I realize Greg and Steve helped but I did not even talk to Greg before this HR complaint and only worked with Steve a few times last year.

I apologize for the lengthy email, I have a lot of unanswered questions and I know this situation isn't right. Michelle please let me know when you have some free time to talk.

Thanks, Jesse

Hi, Jesse

Sorry for the delay in responding – I needed to follow up with Michelle, who had looked at your concerns again. She explained to me that she created a timeline and was satisfied that there did not appear to have been retaliation against you by reducing your IPF. The IPFs were decided in late October/early November, which was before you raised your initial complaint. She explained to me that the feedback from supervisors at the time that the IPF was determined was related to behaviours and not to your work responsibilities, and that the IPF ranking was appropriate using the 9 box model.

Your concern about not getting the feedback in writing before it was put into HR Online seems to unfortunately be a breakdown in communication. Greg and the various supervisors involved at that the others had given you the feedback in writing, and as a result none of them did it. While unfortunate, this can happen when you change supervisors late in the year. I had a similar thir

EXHIBIT 058

to me this past year as a former supervisor closed out my GPA in HR Online with no feedback in it and the two supervisors I had over year end weren't sure who was supposed to put feedback in. We ended up having to reopen my GPA after the deadline to get any feedback in there at all.

I know that when you have lost trust in your leaders, it is hard to see any of their actions in an innocent light, but I know Michelle did look at your situation carefully and I can agree that it does not appear to be retaliation based on the explanations she provided. I know that is not the answer you wanted to hear. If you encounter specific incidents that feel like they could be retaliation in the future, please contact me again and we will look into them.

Michelle will touch base to answer any specific questions that you may have.

Hi Leslie,

I am writing to follow up about our conversation last week. We talked about my IPF and my concerns that throughout 2016 I was working under leadership that was in violation of the code of conduct. I appreciate you taking the time to talk with me, unfortunately, I have not heard back from Michelle yet. I am reaching out to you per our conversation and your suggestion to follow up with you if nobody contacted me.

What should my next steps should be in addressing my IPF and a section of the written feedback?

Thanks in advance for your help, Jesse Barnes

Recently, you visited us here at Appalachia and provided a code of conduct review. I was wondering if you had some time to talk about an incident I am dealing with and offer some guidance, if you can.

Please let me know when a good time for you would be.

position of Environmental Technician. As Environmental Technician, report to Steve Ellis (male), Health, Safety, Security & Environmental Manager. Ellis reports to Randy Burow (male), US/LA Assets Security & Environmental Manager.

Respondent has discriminated against me because of my sex (female), including subjecting me to a hostile work environment because of my sex, and has retaliated against me because of my complaints of discriminatory conduct. Respondent has failed to promote me to a position for which I applied, interviewed, and was qualified; Respondent instead promoted a male employee to the position.

I have consistently demonstrated excellent performance and dedication to Respondent. I performed my job duties and responsibilities in a highly competent manner. Prior to complaining about discrimination, I received positive performance reviews.

X I want this charge filed with both the EEOC and the State or local Agency, if any. I will advise the agencies if I change my address or telephone number and cooperate fully with them in the processing of my charge in accordance with their procedures

EEOC Charge of Discrimination Page 2 of 6 Initials of Charging Party

2. Harm Summary

I have been discriminated against, including being subjected to a hostile work environment, because of my sex (female), and retaliated against because of my complaints of discriminatory conduct. Evidence of the discriminatory and retaliatory conduct to which I have been subjected includes, but is not limited to, the following:

- (a) Out of the approximately one hundred eighty-eight (188) employees at Respondent's Wellsboro location, there are eight (8) full time female employees and approximately one hundred eighty (180) male employees. There is only one (1) female supervisor at Respondent's Wellsboro location.
- (b) For the years that I reported to Turney, I was his only female direct report that did not also report to another supervisor.
- (c) On one occasion, Turney showed me a photo he took of himself in his underwear.
- (d) Turney regularly touched my arm, stomach, and leg during our one-on-one meetings. Turney continued to touch me even when I ask him to stop. I complained to Turney that I do want him or other male coworkers touching me.
- (e) Turney has told me I am "a hot blonde."
- (f) Turney regularly asked me about and commented on my personal life and my personal relationships.
- (g) Turney regularly sent me text messages of a personal nature, including but not limited to the following: asking me if I miss him; asking me if I am thinking about him; telling me to smile; and telling me about my coworkers' personal lives and relationships.
- (h) Turney told me that he thinks it is funny when I get into a disagreement with female coworkers. If Turney overhears such disagreements, Turney imitates cat claws with his hands and makes hissing noises. Turney does this in team meetings, in front of my coworkers. I complained to Turney that I do not like when he does this.
- (i) Turney whispered in my ear during work meetings, in front of my coworkers.
- (j) Male coworkers have indicated to me that they believe I use my sexuality to "get what I want." Male coworkers have told me that, maybe if they "wore tight pants and batted [their] eyes, [they] could get what [they] wanted," suggesting that this is what I do.
- (k) Males coworkers have called me a "bitch" at work.
- (I) Male coworkers have referred to me as pretty. Turney has mocked me when I told him that I do not come to work to hear that I am pretty.
- (m) Kenneth Foreman (male), Scheduler, ran his fingers through my hair without my consent. Turney mocked me when I told Foreman to stop, and that I do not like to be touched.
- (n) Foreman told me that I "sound like [his] wife bossing [him] around."

EEOC Charge of Discrimination Page 3 of 6 Initials of Charging Party

- (o) On or about March 8, 2016, during a required CPR training course at Respondent, the male instructor told me to "pick my ass up" in front of my male coworkers. When I complained to Turney about this comment, following the training, he laughed and asked me, "well, did you pick it up?" I understood these comments to be harassing and discriminatory based on my sex.
- (p) In or about April 2016, Mark Hoover (male), Operations Supervisor, told me that I was not smart enough to be able to perform a task because I am a woman and have blonde hair.
- (q) Turney degrades me and treats me differently than he treats male employees. I complained to Turney that I feel like he criticizes my work, and does not recognize how hard I work, in a way that he does not criticize male employees.
- (r) In or about May 2016, I complained of sexual harassment to Hondo Blakley (male), Process Improvement Lead. I asked Blakley for help, and expressed that I was upset at the way I have been treated by Turney and male coworkers because I am female. In response to my complaint, Blakley told me that this was "out of character" for me, and that I needed to "make sure to control [my] emotions."
- (s) After my complaint to Blakley, Turney excluded me from work-related meetings. Turney became short-tempered with me, and exercised increased control over me and my actions. He commented that he "need[s] to watch what [he] say[s] around [me]," alluding to my complaint about him to Blakley.
- (t) In or about May or June 2016, Turney told me that I work well with male employees because I am a woman.
- (u) On or about June 10, 2016, at an outdoor work event, several male supervisors and male coworkers asked me why I was not wearing shorts, and asked me if Turney could cut my pants into shorts. Male supervisors then took a picture of my buttocks, without my consent, and saved the photo on their phones. Turney commented that another female at the event was wearing shorts and kissed him on the cheek, suggesting that I do the same.
- (v) On or about July 18, 2016, during my mid-year performance review, Turney told me that I "make good money for a woman and should not be upset" with my pay grade. I was the lowest-paid Maintenance Analyst, and the only female Maintenance Analyst at Respondent's Wellsboro location. Despite my repeated requests for an explanation as to why I was the lowest-paid Maintenance Analyst, I did not receive an explanation.
- (w) In or about August 2016, Turney asked me several times if I thought about him over the weekend.
- (x) In or about September 2016, Turney told me that he thought about me while he was showering.
- (y) In or about October 2016, Foreman asked me what I accomplished in 2016, "other than not dying [my] my hair for a whole year."
- (z) In or about October 2016, I complained of sex discrimination to Blakley and Turney. In response to my complaint, Blakley and Turney told me that I "need to stop playing the victim."

EEOC Charge of Discrimination Page 4 of 6 Initials of Charging Party

- (aa)In or about November 2016, I was denied a promotion to a Scheduler position for which I was qualified, applied, and interviewed. This promotion would have provided me with an increased salary.
- (bb)The Scheduler position for which I had applied and interviewed, was qualified, and was denied, was given to Jeremy Greene (male) instead of me.
- (cc) Turney and Blakley conducted the interviews and made the hiring decision. During my interview, Turney and Blakley laughed when I told them that I wanted the position because I wanted to advance my career at Respondent. During the interview, Turney and Blakley emphasized reasons why they believed I would not do well in the position.
- (dd)After Greene was promoted to the position, Turney told me that he was "worried" that I might have received the promotion because I had more time in the group than Greene.
- (ee)In or about November 2016, I complained to Respondent's Human Resources Department that I was being sexually harassed.
- (ff) In or about November 2016, I complained to Craig that I did not receive the promotion. I was provided no rationale or explanation as to why I was not promoted. I complained to Craig that Turney has been sexually harassing me, and that I have submitted a complaint to Human Resources.
- (gg)In or about November 2016, I contacted a doctor because I was experiencing anxiety and crying spells. I was diagnosed with situational anxiety and depression. I have continued to experience anxiety, insomnia, and diarrhea because of the sexual harassment and discrimination to which I have been subjected at Respondent.
- (hh)Respondent assigned Megan Kloosterman (female), Human Resources Account Manager, to my internal complaint of sexual harassment. Kloosterman met with me in or about the end of November 2016. I provided Kloosterman with a two- (2) page document that included many of the instances of sexual harassment included in this Charge. I also provided this two- (2) page document to Craig.
- (ii) Kloosterman conducted an investigation, and reported to me in December 2016 that Turney and Hoover, were found to have violated Respondent's Code of Conduct. Kloosterman did not address my complaints of sexual harassment.
- (jj) Following the investigation, Greg Larsen (male), Operations Asset Manager, told me that I "need to think about how [I] present [my]self in the office and what [I] talk about at work." I asked him what he meant by this comment. He responded that I must "make sure [I] think about how [I] may come across." I understood Larsen's comments to be blaming me for the sexual harassment to which I have been subjected at Respondent.
- (kk) In December 2016, Respondent transferred me to a new, less-desirable position. Following the outcome of the investigation, I was not provided the option of remaining in my then-current position.
- (II) I am the lowest-paid Environmental Technician, and the only female Environmental Technician.
- (mm) I am the only female employee directly reporting to Ellis.

EEOC Charge of Discrimination Page 5 of 6 Initials of Charging Party

- (nn)In or about the end of January 2017, I was provided with my 2016 year-end performance review. I was criticized for my performance and my attitude; I had not been criticized for my performance or attitude in my performance reviews before I had complained about sexual harassment.
- (oo)I received a smaller bonus as a result of my 2016 year-end performance review.
- (pp)On or about April 6, 2017, Ellis told me that my position is in jeopardy of being eliminated.
- (qq)The continuous sexual harassment and retaliation that I have experienced has caused me physical and emotional distress.
- (rr) Respondent has not taken action to remedy or prevent the hostile work environment to which I have been subjected.
- (ss) Respondent's sexual harassment constitutes a continuing violation going back to my date of hire.
- (tt) Several of my coworkers at Respondent are aware of the sex-based hostile environment and sex discrimination to which I have been subjected at Respondent.
- (uu)Respondent's comments and conduct evidenced a bias against female employees. In addition to the above, male employees at Respondent regularly make comments of a sexual nature, including but not limited to the following: comments about porn; comments about women in bikinis; and comments degrading women.

Page 6 of 6 Initials of Charging Party

B. 1. Respondent's Stated Reasons

- (a) Respondent has not offered any explanation for discriminating against me, including subjecting me to a hostile work environment, because of my sex.
- (b) Respondent has not offered any explanation for retaliating against me because of my complaints of discriminatory conduct.
- (c) Respondent has not offered any explanation for failing to promote me to the Scheduler position.
- (d) Respondent has not offered any explanation for failing to remedy or take corrective action regarding the discrimination against me, including the hostile work environment to which I was subjected, because of my sex, and regarding the retaliation against me because of my complaints of discriminatory conduct.

C. 1. Statutes and Basis for Allegations

I believe that Respondent has discriminated against me, including subjecting me to a hostile work environment, because of my sex (female), and retaliated against me because of my complaints of discriminatory conduct in violation of Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000(e), et seq. ("Title VII) and the Pennsylvania Human Relations Act, as amended, 43 P.S. § 951, et seq. ("PHRA") as set forth herein. Respondent's failure to pay me as much as it pays its male employees is also in violation of 29 U.S.C. § 206, et seq. ("Equal Pay Act").

D. 1. Class Charge

I bring this Charge as a class and pattern and practice Charge on behalf of myself and any and all current or former similarly situated employees of Respondent who are female, and have been discriminated against based on sex, in connection with compensation, hiring, promotion, or termination decisions, and/or have been subjected to a hostile work environment.

INFORMATION FOR COMPLAINANTS & ELECTION OPTION TO DUAL FILE WITH THE PENNSYLVANIA HUMAN RELATIONS COMMISSION

Jesse Barnes v. Shell; Shell Global; Shell Oil Company

EEOC No.

| You have the right to file this charge of discrimination with the Pennsylvania Human Relations Commission (PHRC) under the Pennsylvania Human Relations Act. Filing your charge with PHRC protects your state rights, especially since there may be circumstances in which state and federal laws and procedures vary in a manner which would affect the outcome of your case. |
|--|
| Complaints filed with the PHRC must be filed within 180 days of the act(s) which you believe are unlawful discrimination. If PHRC determines that your PHRC complaint is untimely, it will be dismissed. |
| If you want your charge filed with the PHRC, including this form as part of your EEOC charge with your signature under the verification below, will constitute filing with the PHRC. You have chosen EEOC to investigate your complaint, so PHRC will not investigate it and, in most cases, will accept EEOC's finding. If you disagree with PHRC's adoption of EEOC's finding, you will have the chance to file a request for preliminary hearing with PHRC. |
| Since you have chosen to file your charge first with EEOC, making it the primary investigatory agency, the Respondent will not be required to file an answer with PHRC, and no other action with PHRC is required by either party, unless/until otherwise notified by PHRC. |
| If your case is still pending with PHRC after one year from filing with PHRC, you have the right to file your complaint in state court. PHRC will inform you of these rights and obligations at that time. [Sign and date appropriate request below] |
| X I want my charge filed with PHRC. I hereby incorporate this form and the verification below into the attached EEOC complaint form and file it as my PHRC complaint. I request EEOC to transmit it to PHRC. |
| X I understand that false statements in this complaint are made subject to the penalties of Pa. C.S. § 4904, relating to unsworn falsification to authorities. X 04/25/17 |
| Signature and Date I do not want my charge dual filed with PHRC Signature and Date |
| |

As a courtesy, I want to inform you that I have filed a charge of discrimination with the EEOC.

Thank you,
Jesse Barnes

- A. I would say that it would depend on the context.
- Q. That's your understanding from the policies and the training?
 - A. That's my understanding, yes.
- Q. And what context -- in what context would it not be a violation of company policy or code of conduct to refer to a female employee as bitchv?
- A. Well, it depends on the relationship and what type of conversation is going on. It's strictly context. As it stands right now, it may be outside the lines. But I think you have to understand exactly how it was delivered and why it was delivered.
- Q. And that's what you were taught from the Shell's computer-based training and the periodic manager training that you received?
 - A. That's how I took it.
- Q. That's what you understood from the training?
 - A (Witness nodded in the affirmative.)
- Q. Yes?

 - A. It's in Wellsboro.
- Q. Did you work out of Wellsboro through your effective date of separation on July 1, 2017? 12
 - A. Yes.
 - Q. Was Will Turney's group there, as well?
 - A. Yes.
 - Q. And where were you seated in connection with Turney's group?
 - A. We sat in cubicles. They were like quad cubicles. Seat, seat (indicating). I sat catty-corner from Will. My desk was in the corner. Will was behind me in the other open corner
- 23 Q. But your group was right next to his 24 group?

- Q. Based on your experience as a supervisor at Shell, your familiarity with the policies and your training on the policies and the code of conduct, is a male supervisor touching a female employee, does that violate the company policy?
- A. Um, so, I don't know that it would violate it. Again, I would have to look at it in context. I mean, there are different forms of touching. A pat on the back because you did a good job is touching. I don't know that violates the code. So I think context has to be understood.
- Q. How about touching a female employee's thigh?
 - A. Again, context.
- Q. That's what you understand from the company's training. Correct?
- 19 A. Yes.
 - Q. And your experience --
- 21 A. They are reviewed.

 - A. No, not in that area there.
- Q. You worked with Turney's group during your time as operations supervisor. Correct?
- A. Yes. His maintenance group and my operations group had to interact, yes.
 - Q. Why?
- A. Why?
 - Q. Um-hmm.
- 16 A. Maintenance takes care of corrective 17 maintenance, preventive maintenance issues on the 18 equipment that allows for seamless production.
 - Q. So there was a lot of overlap between your groups?

The three of you have a meeting? 2 admitted saying that to Jesse? 2 3 A. She asked me why did I do it, asked me 3 Q. About how soon is this after you were 4 the reason behind it. 4 interviewed with Kloosterman? 5 Q. And what did you say? 5 A. I don't remember exactly. I don't 6 A. The same thing I just told you here; it 6 remember. 7 was over a mistake -- I thought was a mistake that 7 Q. Are we talking weeks, months, the 8 Jesse made. And again, I did not know the exact 8 following year? 9 conversation. 9 A. No. It wasn't -- it wasn't months. I 10 Q. Did Kloosterman ask you whether you 10 would say within a month, probably weeks. 11 ever called any male employee of Shell a window 11 Q. And how were you invited to that 12 licker? 12 meeting or how was it set up? 13 A. I do not recall if she asked me that. 13 A. I don't recall exactly. Probably 14 no. 14 through an e-mail meeting notice. Again, I don't 15 Q. Were you completely honest with 15 recall exactly. Kloosterman during the interview? 16 Q. Where did you meet? 16 17 A. Where? 17 A Yes 18 Q. How did the interview end? 18 Q. Um-hmm. 19 19 A. I don't remember exactly. I mean, A. At the office, at the Shell office. 20 it -- I think it was thank you for your time. I 20 Q. Where? don't remember exactly. 21 21 A. Couldn't tell you. 22 Q. Did she ask you anything about what you 22 Q. Don't remember? 23 observed or heard about Turney's interactions with 23 A. Don't remember. 24 Jesse? 24 Q. How long was the meeting? Page 60 Page 58 1 A. I do not recall. 1 A. That, I don't remember, either, 2 Q. And you don't recall anything other 2 Q. Do you remember, are we talking two 3 than the three questions that we talked about? 3 minutes, an hour? 4 A. Correct. 4 A. No. No. It would have been more along 5 5 Q. And you were never, as far as you can the half hour to an hour timeframe. 6 recall, sent anything or shown anything to review 6 Q. That's what you recall? 7 or sign reflecting the interview that you had? 7 A. Yes. 8 A. I do not recall signing anything. 8 Q. So what was discussed during that 30 9 9 Q. At any point after that interview with minutes to an hour? 10 Kloosterman, did you have any conversations with 10 A. Code of conduct and how you need to 11 anyone at Shell about the interview or the 11 conduct yourself as a manager. 12 allegations that Jesse made or the complaints that 12 Q. Well, tell me what you recall each of 13 she made? 13 them saying to you and you saying to them during 14 A. There were -- there was a meeting with 14 that 30 to 60 minute meeting? 15 leadership -- my leadership concerning code of 15 A. I don't recall the exact -- what they

Q. Who talked more?

A. I don't remember. Probably equally but

21 that's -- I don't remember. 22

Q. Did they tell you that you violated the code of conduct?

A. I don't remember them coming straight

- Q. Jill Brueilly was a Shell employee?
- A. Yes.
 - Q. Other than Jill Brueilly, did you have any other female direct reports who were Shell employees during your time as operations -supervisor of operations?
 - A. No.
 - Q. Going back to Kloosterman's notes of your interview. Second paragraph under question one. According to the notes you say, "There is a huge overlap of maintenance. Maintenance and operations go hand in hand.

"we have problems that are not a quick fix or something that needs some specialized equipment, like a truck crane or something, then we will interface with maintenance. If it is causing deferment or lost gas/revenue, we will try to work on it. Sometimes in conversation we talk about it."

And this was the overlap between your group and Turney's group?

A. Um-hmm.

- Q. Okay. So you knew Jesse from the time that she started as a Shell contractor?
 - A. Yes.
- 10 Q. And you worked with her when she was a 11 Shell contractor?
 - A. We were in same office.
 - Q. Did you work with her?
 - A. Not directly, no.
 - Q. Indirectly?
 - A. Yes.
 - Q. Did you have any involvement in her hire as a full-time employee of Shell?
 - A. No.
 - Q. You go on to say, according to the notes, "The interaction there is there is some interaction due to scheduling. We might talk about who will do what next week. PMs that fire through the SAP system."

Page 74

- Q. Yes?
- A. Yes.
- Q. That's true what you told Kloosterman, as she writes here about the overlap?
 - A. Yes.
- Q. According to her notes, you said sometimes in conversation we talk about it. That was not informal meetings. Right? That was casual conversation?
 - A. Yes.
- Q. And that was both between you and Turney and also members of your group. Right?
 - A. Repeat.
- Q. That -- those were conversations between you and Turney. Right?
 - A. Yes.
- Q. And those were also conversations between the members of your respective groups?
- A. Yes.
 - Q. All right. Question number two,
- 21 "Describe your working relationship with Jesse 22 Barnes as the maintenance analyst and how your 23 role interacts with hers. How would you describe 24
 - the nature of your relationship?"

What does that mean, PMs that fire through the SAP system?

A. Preventive maintenance. The SAP system is a database that Shell uses to plan and schedule work. And you'll have certain tasks that need to be performed maybe on a weekly basis, maybe on a biweekly on down the line, up to annual, maybe even every five years.

And SAP is a way to, like, generate those. You have to build that structure. And then if you build it properly, when it comes time for a certain piece of equipment to have a specific task performed on it, a preventive maintenance task or maybe an inspection, then SAP will fire -- what we call fire, that work order and it comes to the planner/scheduler.

It's like okay, we're due to check chokes on this particular pad on the week of July 7th. So it's how you plan your work, schedule your work and do your work efficiently, I quess.

- Q. So how did you and Jesse interact in connection with what you just described?
 - A. It was mostly around any kind of

Page 80

Page 77

scheduling concerning the operators and the tasks that they need to do. Again, if she had questions around maybe somebody wasn't what we call closing out a task that was performed in a timely matter, then she would let me know, hey, you need to talk to the guys, they're not closing those out properly. No problem. I'll take care of it.

There are key performance indicators around performing your tasks in a timely manner because they are time sensitive. So...

- Q. And the last sentence, that if operators are not up to getting paperwork in, then we will talk about that. Is that what you just described as to --
- A. That's what I just described to you, that's correct. It could be a hard copy paper or it could be done on computer.
- Q. And you never had any issues in connection with what you interacted with Jesse on, as described to Kloosterman here?
 - A. No.

Q. Subparagraph A, she is asking about the working relationship with Turney as maintenance supervisor. According to her notes, you say,

A. Yes.

- Q. You say you usually don't attend them or you didn't at the time. There were times when you did?
- A. I would stop in on my own accord just to see how the meetings were flowing. Maybe I could take notes from his meetings and apply them to mine.
- Q. You thought he was a good supervisor, from what you saw?
 - A. I did.
- Q. You tell her, "From what I have seen they function very well."

What was your basis for saying that?

- A. The amount of work they get done. No backlog in work not getting done. Anything that -- any corrective-type maintenance, breakdowns, if you will. Things that happen at the spur of the moment, Will's group was always willing to, you know, gear up, get out there to where the problem is and get it fixed in a timely manner.
- Q. During your full-time employment at Shell, did you ever hear any complaints from

Page 78

"Primarily interface with him as supervisor. Our working relationship is outstanding. We have a strong relationship. We aren't butting heads."

Is that correct?

- A. Yes.
- Q. And that's what you told Kloosterman?
- A. Yes.
- Q. You and Turney were on the same organizational level. Right?
 - A. Yes
- Q. Subparagraph B, "Do you have any observations of the team for the maintenance team?" You said, "From what I have seen, the maintenance planner, schedulers, field guys, they have their own separate meetings that I usually don't attend. From what I have seen they function very well. They get a lot of accolades across UPU for things they have done over the past year, year and a half."

The separate meetings, you were referring to the meeting that Turney had with his group?

- A. Um-hmm.
- Q. Yes?

anyone about Turney?

- A. No.
 - Q. All right. You go on to say, "They get a lot of accolades across UPU." What's UPU?
 - A. It was an acronym for -- uh, it's -- it was an acronym for what they called the shale -- on-shore shale place in U.S./Canada, and I think they included Argentina in that, as well. I don't remember exactly what the acronym stood for because we had many of them.
 - Q. What was your basis for saying they got a lost accolades across UPU?
 - A. They got a lot of atta-boys and recognition over some sharing of best practices across UPU, which is the overall group.

They actually put out a little film of how they were doing a specific task on a well pad that showed some pretty innovative efficiency; being prepared to do your work, time saving matters. They had gotten a lot of -- they got a lot of talk -- a lot of really good, really good feedback from the different assets across UPU.

- Q. When was that film?
- A. When?

20 (Pages 77 to 80)

Page 84

Page 81

Q. Um-hmm.

- A. It had to have been somewhere around summer or fall of '16. That's -- that, again, is a guess.
- Q. Was that showed as part of the training?
- A. There was a talk about possibly using that as training. But it was actually demonstrating -- I don't know if you ever heard of the work process that goes by LEAN. So it was created by Toyota.

It was a way to do work, evaluating your work and changing your way of doing work, maybe habits that you're in, about how you prepare or perform a task, to do it more efficiently and possibly with less people.

So there was a lot of push to go -Shell had -- was going to adopt the LEAN process,
as it is -- as it was, I guess, invented by
Toyota, if you will. And there were third-party
personnel, third-party contractors coming in to
coach around the LEAN process. So this particular
film actually demonstrated -- very well
demonstrated a LEAN mindset, if you will.

we're going to watch it today. I don't think it worked like that.

- Q. Do you know anything about the film's distribution after it went out in the way you just described? Was it used for any other purpose?
- A. No. I wouldn't know what other purposes it would be used for.
- Q. And do you know who it was distributed to? I mean, was it company wide?
- A. I don't know the extent of how far into the company it got. I don't know it that went off-shore. I don't think so. I mean, Shell is a big company, and they are global. I don't know how far it went. I just know that it went into like the shale assets.
- Q. Which assets were those as of summer/fall of 2016?
- A. There is one in Permian, in Texas. I think -- I'm not going to -- probably not going to get this exactly right. But I think there were four in Canada.
- Q. How many altogether are we talking?
- A. Seven, eight.
 - Q. And it also went out to Appalachia?

Page 82

- Q. That Turney's group was doing?
- 2 A. Correct.
 - Q. Was Turney in the film?
 - A. I think it was -- I think he might have narrated to a point. I never sat down and watched the whole film, to be honest with you.
 - Q. But you saw part of it?
 - A. Yes.
 - Q. How did you come to see part of it?
 - A. Well, they showed it around. You know, finished product. This is what we're doing. It got distributed. It was shared across the different assets. It got some pretty heavy accolades.
 - Q. Who showed it? Do you know?
 - A. To the rest of the people?
 - Q. Yes.
 - A. I have no idea. I guess it was just basically sent out computer based, and maintenance supervisors, operational managers were able to see it. Hey, this is a little film around LEAN and Appalachia put it together, look at it when you can. I can't remember if there was a formal, like, hey, everybody needs to watch this film and

- A. Well, it was done here in Appalachia, so Appalachia was aware of it and got a chance to see it.
- Q. Any other assets in Pennsylvania that you're aware of that it was distributed here?
 - A. No. not that I'm aware of.
- Q. Any other basis for you telling Kloosterman that Turney's group gets a lot of accumulates across UPU, other than the accolades and this film?

MS. KIRKPATRICK: Objection.

THE WITNESS: They were recognized in meetings for work that they did, work that they did around incorporating the LEAN process, work that they did on keeping -- I mentioned the key performance indicator; KPIs is the acronym. Keeping KPIs green as opposed to yellow or red, which we all know green means good, red means not so good. Maybe late. Or -- you know, a lot of work put into that. A lot of focus on that.

MS. GURMANKIN: Um-hmm.

THE WITNESS: Because these were new processes that were being added.

concert this weekend. Oh, who are you going to go see. I remember I went and seen so-and-so. I went and seen -- maybe I went and seen that same person back in -- so many years ago, you know. Just those kind of things. Shared experiences and that type of stuff.

Q. What stories did you tell her about Mardi Gras in Louisiana?

A. Oh, it was just -- you have to kind of -- if nobody has ever attended it, you kind of got give an idea of a scope. You don't realize the size, the amount of people. You know, if you've ever seen a picture of a Mardi Gras tree in New Orleans or Lafayette, which I lived in Lafayette, they just have, like, thousands of beads hanging off of them. And you would think it was staged, but it's not. It's from being thrown from the parade.

Believe it or not, you have grown people almost fighting one another over some cheap plastic beads that don't even cost a penny apiece

when you buy them in bulk. It's just giving a flavor of, you know, the bead throwing and the floats and the parades and the balloons.

And let's face it, there's a lot of drinking involved. And there is drinking right out on the streets with Mardi Gras. It's just, you know, trying to relate a scope and a size, because you normally don't see things like that in this particular part of the world. It's a little bit unique to that area and some other areas but to that area especially. You know, south of Louisiana and New Orleans is known for Mardi Gras.

So it's just relating the size and the scope and just -- it's kind of -- it's kind of a free for all.

 - A. Repeat the question. I'm sorry.
- Q. Sure. You said you told Jesse old stories like Mardi Gras in Louisiana, drinking establishments, nights that may not make you feel great.

What did you talk to her about drinking establishments?

A. Oh, just, you know, like being out. You know, just relating stories. I don't remember exact stories. But you know, I had a couple of places that I used to go to on a regular basis and different places that I have lived over the years.

> Q. Do you recall generally what you talked to her about drinking establishments?

A. Just, you know, I had a place I used to go to. We used to have a good time. We used to play this one song all the time and sing it. Just things like that. Just kind of relating experiences.

- Q. What song? What song?
- A. I don't remember.
- Q. What did you talk to her about nights that you may not have felt great about?
- A. Oh, I mean, come on, there's a lot of nights where you probably took it a little bit over the edge and got a little bit -- too much to drink. That's it. That's what I'm talking about, right there.
- Q. Ever talk to Jesse about you going to strip clubs?

Interview Questions: Will Turney

Attendees: Will Turney, Megan Kloosterman (HR)

Date: 12/6/16

Introduction

• Introduction of myself

- Purpose of meeting is to follow up on the concerns raised by Jesse Barnes
- At this time I don't have any conclusions, we take these allegations seriously and are in the process of gathering information
- I ask that you be honest and transparent in your responses so I can gather the information needed to complete a thorough investigation
- Please keep the information we discuss here confidential, I will as well only sharing on an absolute need to know basis

Interview Questions

1. Describe your current role and responsibilities.

Been in role since January 2015 – over maintenance, planner/schedulers, was over compression/ES/warehouse, but the last few months we made changes to the asset. Now just mechanics, planning, scheduling.

2. Describe what event led you to send the email to Michelle with your concerns? (Attachment 1) It's been building based on things Jesse has been doing; It's been around the A3 which is on a visual board – I told her I wanted her to manage this board; Assigned this to her in October; she will send an email/ping/text that she's not ready; then we will review what she does have. She created the board and I critiqued it; Rory helped her and I said just remember LEAN is on this board, Rory won't know everything to put on our board; A week later she didn't have any changes to the board. When I questioned her on why, she said you know I have another job besides this board. She had Jeremy do this – he said Jeremy said "I have another job to do". She got really upset and said "that's not funny" – she looked really mad. I said that isn't funny, this is important. I called her in to talk about it and she started flooding out all of these issues and how I treat her. She brought up a few examples- Pulse survey meeting – I apologized for saying- what is the value of doing these things, I said Jesse it isn't about you it's about business. And I apologized. I was hurt when she brought up that she has felt this way about me since she's been working with me. She says I put her down.

Text messages – have all of the messages from the past and you can see that I haven't put her down.

019

She gets upset with the feedback of the board; and she gets upset about things. She gets mad about everyone. Matt Scorney used to be my backfill and I would ask him – she gets furious quick. It's never been brought up to me before, I was stunned and I couldn't believe it.

Mark is my peer and Hondo is one role above me –I've been sharing these things with me.

I stopped sending her to meetings because she seems disinterested and wants to leave; she acts like she has no interest; blames others for why things aren't right.

I get complaints from a lot of people about her attitude; she was really upset at Ken Foreman. I told her she doesn't play nice in the sandbox.

When I told her I wanted her to train the CATS people how to do it themselves; She thinks everyone is incompetent and they can't do it; she did not want them to do it themselves; we came up with a whole list of things that weren't being done right.

She gets so mad – she said she was going to go to the field; she texted me that she would be gone all day. I asked her if we could make it 4 hours and se got very upset and wouldn't talk to me for 3-4 days. The week before that to ask if she could take April/Tonia out to dinner on the Shell card. I said sure, keep it reasonable if you want to get together. She gets very mad at me when I say no as my supervisor.

I found out that she and someone else went out on a drilling rig. I didn't know that she did it, but why would you do that if you had other work for me to do.

No other performance related concerns before the board- just her attitude, so I was trying to be accommodating and work with her -i.e. not attending meetings.

We've always told her too, people made sure I knew what I was doing when I was trying to hire her. I hired her; I fought to get her hired, she worked with me when she was a contractor.

JG7 issue – I was trying to build her up, I told her, I'm sorry I said this, but you're making good money as a woman. My intent was good but I was trying to make her feel good about it. I won't lie to you.

- 3. Overall, describe your working relationship with Jesse. How has the relationship been this year?
 - Recently not very good.
 - I have a lot of text messages from before, we were friends, we would be friendly; that's why this was so surprising, it broke my heart, I'm confused, I don't know if it is because of the recent performance things.
 - Told an individual that hugged her that she doesn't like to be hugged; I was looking out for her; and she was upset that I did that.
 - When Jeremy said the comment about he "has other work to do" she got mad that I didn't intervene.
 - They mess around a lot and joke around and then she gets mad at me for not intervening

4. Are you aware of any concerns she has with your working relationship? Has she made you aware of any concerns that she has?

In Jesse's hotline call she provided various examples that I would like to review with you and gather additional information on. I would like to walk through each one to get your response. I understand some of these may come as a shock to you and may be upsetting. Let me know if you need to take a break.

Supervisor

- I have been shown a "selfie" of my supervisor in his underwear by him.
 - Me Ken and Jesse were there
 - We were showing pictures Chad was showing a picture of him boxing posing in his shorts so I showed a picture of me in my underwear to the group.
- I have been brought into situations with an employee that were not necessary because my supervisor thought it was funny that the other employee and myself did not like each other (Robin G.).
 - Jesse said she hoped she ran into Robin's husband in Canada because she'd hit on him.
 - o Jesse hates Robin Grouette
 - o I would always joke and say hey your favorite person is here.
 - Don't remember bringing Jesse into a meeting unless Robin wanted me to bring her into a meeting.
- I was told in my mid-year review that I make good money for a woman and should not be upset with my pay grade by my supervisor.
 - o It was when we first hired her and when she got her salary. But I did say that yes.
- My supervisor told me I was intended to be a pay grade 7 but was told by OM that I would be an 8 with no
 explanation.
 - The decision was made for lack of experience, once you prove yourself it's easier to raise you up.
 That was the real reason.
 - No one has ever told me why they questioned me hiring her.
- I was told I work well with male employees because I am a woman by my supervisor (project with lead mechanics PMPs).
 - o I said that; I said we saved this money, let's put it on the board, let's keep going. I said that's good it's because you are a girl. Tim Brewerly and Luke are who she said she works well with and you gotta know them to understand. You need to know Tim.
- Superintendent had written me a note to tell me he thought I did a good job regarding certain projects
 and CC's my supervisor on the email. I was then taken a side by my supervisor and a door was closed so
 the superintendent could not hear supervisor talk down to the things the superintendent just gave me
 recognition for.
 - I would not close the door because it was the superintendent (wouldn't hide anything); but i
 don't remember what we were speaking about
- I was told I am a hot blonde by my supervisor (Supermarket story "saw a hot blonde at supermarket").
 - Confirmed supermarket story; at last year's Christmas party she was showing me the picture of me and her boyfriend at the Christmas party and referenced two handsome gentleman.
- I am continuously asked about my personal life by my supervisor (ex: do you drink wine when you get home?).
 - I do talk with her; we will all sit there in a group, she talked about buying a house, asked her about buying a house; she confided in my one time that she had to go to the doctor; I asked if she was OK, and she shared with me;

- O She used to tell us all the time to her office and up until 3-4 months ago tell me that she was drunk and out blacking out and getting in fights/kicked out of the bars.
- o I'm sure I have asked that if she drank wine when she got home; I know she doesn't sleep well at night
- She tells everyone how she gets drunk and drinks all night long she brings it up herself.
- I would describe my relationship with everyone on my team is friendly like that. I try to be really nice to everyone
- My supervisor has referred to my significant other as a nerd.
 - o Probably so.
 - o One day I saw her passing and I asked who that goofball was that was driving her car
 - I am always asking about how he's doing. My wife is an RN.
- At a work charity golf tournament I was asked more than once why I was not wearing shorts at this event and if my supervisor could cut my pants into shorts as well as other supervisors joined in and took a picture of my backside (buttock) and saved on phone.
 - She told us she would get swamp ass walking around in those pants
 - It doesn't sound like something out of the ordinary to cut her pants
 - I don't know who took the picture; this past year se brought a very attractive blonde to hang out at the tent, in my opinion it wasn't proper. This was her best friend and she was all over everybody. She was very drunk. When you have that kind of situation, there was alcohol there. Anything could have happened; Jesse and her friend were going around hole to hole and asking people for beers.
 - o The whole leadership team was at this event, Mayor of Wellsboro
- I was informed to "bullshit" my superintendent on what my position competency by my supervisor.
 - Steve would share with Will that their MA is doing work
 - I would back her up and say what she is doing
 - o They talk to her and she clams up − I told her she needs to show them what you're doing; I didn't say bullshit, you tell them what you are doing.
 - Hondo can contest to that. We tell her since we hired her, you need to be on you're A game, you
 always need to be improving. Telling her that feedback. When you present in front of
 superintendent, don't clam up.
 - Steve was questioning her performance because he would ask her to do something and she wouldn't understand.
- My supervisor touches my arm and or leg the majority of the time I have a meeting or talk to him one on one.
 - o I never touch her leg, but I do this to everybody, I tap people's arms.
 - o I have never touched her leg, unless I am scooting in to talk to her.
 - She has never asked me to stop.
- I was told I am only right if my supervisor allows me to be by my supervisor.
 - That doesn't make any sense, I would never say that
 - o I don't recall saying that in a joking manner
- I have addressed my supervisor about an issue I was having with a co-worker and was told that is the way it was going to be. (Ken Foreman completing some of her work)
 - She expressed concern that he was going to screw it up, she said she doesn't want others to do her job. I told her she needs the help, he's here to help you.
 - We have a huge backlog of work to do and she couldn't finish it all; this is where she gets defensive if people get in her territory.

- o I told her that I did not say that I was upset with her; I will address it with her.
- She asked if she could work from home that day so she did.
- o I think she hates Ken, she hates Dan. It's not a secret that she hates these guys
- She is the controller of the Z-6 log because she wrote an email to you saying she could handle this.
- This co-worker had lied to me saying that my supervisor was mad at me because I was falling behind on work. When I asked my supervisor what I needed to catch up on he denied that he had said anything.
- My supervisor said he thinks it's funny when I get into a disagreement with other women co-workers. (ex: Tonia P in Pittsburgh pointing out an issue).
 - I don't think it's funny, its aggravating to me.
 - o I have to have someone replace Jesse if she gets promoted or moves on
 - When I call someone in to help her she gets aggravated, she said don't send Jill over here. She
 does that about Jen, Robin G, Jen Card. She's got her favorites and people hse doesn't want to
 work with
 - o I don't tell her it's funny, but what am I Supposed to do. I try to coach her on it
 - Example: Tonia is very aggressive, she will send a note that Jesse can't do her job. Tonia said she sent you the procedure and she is asking you if you know how to do it. I told her to get with Tonia to figure it out.
- Supervisor gestures cat claws and makes a hissing noise.
 - I have done that, I'm sorry Megan. I do that to everyone, you don't single anyone out.
- I expressed a concern to my supervisor a CPR trainer that instructed at our office that when I was performing CPR the instructor told me to "pick my ass up" in front of male colleges. My supervisor said "well did you pick it up?" in a laughing manner.
 - o I was in the class with her, she was doing something incorrectly
 - o I recall him calling her out on something she was doing wrong.
 - I don't recall saying that.
- In my goals on HR online I entered I would attempt to visit the field every quarter for I am office based and want to gain knowledge of the field. When I asked permission to spend the day in the field with a female colleague I was told by my supervisor I was only allowed to go for 4 hours. When I asked why and/or if he needed me for something that prevented me from spending an 8 hour day in the field, he responded with no I just don't think you need to spend the whole day in the field. (April Heater visit)
 - o Field visits did not affect her IPF this year.
- I have been asked by my supervisor multiple times if I thought about him over the weekends.
 - o I do say this to a lot of people; I asked people "did you miss me?"; I could have said "did you miss me this weekend" because I don't do that.
- My supervisor has told me that he has thought about me while showering.
 - I've said this in front of everyone; I think about work all the time; it was business related, when I was in the shower I thought about "oh" I think about stuff all the time in the shower, it wasn't in that context.
- My supervisor encourages arguments among my team.
 - That's not true; I hate them.
 - o I do let people argue it out, working out differences right here.
 - People might make comments during meetings like "oh here it's the scheduler's fault again"
 - o If she is in a meeting she acts like she doesn't want to be there. Someone might call on her because we want her input and active in the meeting. She seems 'disgusted to be there'
- My supervisor mocks me when I have informed people I do not like to be touched.

- Trying to look out for her;
- She's told everybody that she doesn't like to be touched.
- My supervisor has mocked me when I told him I do not come to work to hear that I am pretty when a coworker referred to be as pretty. My supervisor kept saying it when I addressed him "I don't come to work to hear I am pretty" he would say to me.
 - o Fletch came in and asked her to do something
 - o I didn't make the comment; I promise you I have never said that.
- I have received non work related text messages. (While on vacation in May if she missed him, if she had been drinking yet).
 - Yes I have texted her before; am I allowed to go through your town? She is the town mayor of Tioga
 - o Probably texted that.
 - She texts stuff too saying we forgot her birthday.
- I have been referred to as a "window licker", which I believe was to insult my intelligence.
 - o No
 - People mess with her because she dishes it back
- I was told when I voiced some of my concerns that "I need to stop playing the victim". (When she told Penny that Ken asked what she accomplished this year outside of not dying her hair)
 - I have said that to her; When she says Ken's taking my work, she's playing like it's something bad.
 I did tell her that, it's not because she was voicing her concerns. She gets so mad when someone is trying to help her
 - Example is Tonia trying to help her (one minute she hates her, one minute she's takin gher to dinner)
- A co-worker had put his hands through my hair without permission.
 - o No recollection.
 - If you talk to Kenny you will see he means nothing by it.
- 5. At any point did Jesse notify you that any of these instances were unwelcomed or she was concerned with any of these situations?
 - a. No she did not, that is why I am so stunned.
 - b. When I said the comment in the SPS meeting I knew that I did the wrong thing; but other than that this is all total shock.
 - c. What was your reaction? What did you do?
- 6. (If applicable) Do you have any reasons to believe why Jesse may not be telling the truth with her claims?

They seem to be taken out of context, there is some truth, but not the whole truth

7. Is there anything else you'd like to share with me related to either Jesse's concerns or yours, that have not already been discussed?

Why wait two years to bring this up, what is the end game? Why wasn't it brought up a long time ago?

I don't take notes like that, there are times when things people do are not appropriate. I feel like since she hasn't said anything, how do we know to correct it? When Steve was in there I asked what do we need to make this right? She said I don't think we can fix it. To me she is saying that

whatever I've done, it can't be fixed and she's not willing to work to fix it.

I'll be friendly but there will be no extra. She said, how can I come into work knowing this is

going on?

8. Is there anyone specifically you think I should talk to regarding the concerns raised?

Hondo, April Heater used to work for me, Penny Robbins (might get out), Ken Foreman, Dan

Krise, Matt Scorney is on vacation this week.

9. Please send me any supporting documentation (emails, text messages, etc.) that may be useful

for us to reference as part of the investigation.

Conclusion

• Please keep this conversation and the information we discussed confidential and do not share

others

• Stress this is a on-going investigation, I will be talking to a number of people and this needs to

remain most confidential.

I will maintain confidentiality as well and will only be shared on a need to know basis

• As a reminder, we do not tolerate retaliation for submitting a complaint nor participating in

investigatory interviews – if you have any concerns related to retaliation, please let me know

Feel free to contact us should you think of anything else after our meeting

• We take these complaints seriously and as a reminder, I will not draw any conclusions until the

investigation has been completed

Michelle,

Monday afternoon (11/21/2016) I called Jesse Barnes into room 120A to have a one on one discussion about recent performance concerns. After talking with her few a few minutes she started saying that I was the problem. I asked why I was problem and she stated that I always put her down, telling her nothing was ever done correctly etc.... After only a few minutes into this, I asked her to hold tight until I went and got Steve. She agreed to this and Steve joined the conversation. Talking with Steve today, I don't want to let this go. I haven't (In my opinion) ever done anything wrong. Now, I know I have said some things that I shouldn't have but apologized for saying it... I guess what I'm wondering is if we can discuss this. Everything has been fine this week (between her and me) and far as business goes. I don't want this to get out of hand or I fear that I cannot coach her because of this. Anyway, let's discuss Michelle when you return to work. Thank you very much.

Thanks,

William Turney

Re: Expert Report re Workplace Investigation

Jesse Barnes v. Shell Exploration and Prod. Co. Appalachia, et al.

U.S.D.C., M.D. Pa., Civil Action No. 18-cv-01497 (MWB)

Dear Ms. Gurmankin:

You have asked me to provide my expert opinion about whether the Defendants in this matter (collectively "Shell") properly conducted a workplace investigation relating to various incidents and complaints of alleged gender discrimination, sexual harassment and retaliation made by your client Plaintiff Jesse Barnes.

My findings and opinions stated throughout this report are all made within a reasonable degree of professional certainty.

I. ISSUE

Was Shell's investigation of Ms. Barnes' various complaints of gender discrimination, sexual harassment and retaliation reasonable, sufficient and consistent with workplace investigation standards?

II. CONCLUSIONS

No. It is my opinion that Shell's method of investigation was not reasonable or sufficient as it failed to meet accepted standards for workplace investigations for a variety of reasons, including but not limited to (in general order of the investigatory process):

A. The investigator did not possess the necessary skills or experience to conduct the investigation.

MICHAEL J. TORCHIA

DIRECT DIAL: 215-887-2042 • EMAIL: mtorchia@sogtlaw.com

- B. The investigator did not properly plan or prepare for an effective investigation
- C. The investigation was not conducted in a manner to reliably obtain relevant information
- D. The investigator failed to include facts sufficient for the decision makers to judge the credibility of the complainant, witnesses and alleged harassers
- E. The investigator failed to prepare an Investigative Report, and the "Investigation Overview" failed to provided necessary information.
- F. The investigator was unfamiliar with the application of company policies and the applicable law.
- G. The company failed to investigate all of Ms. Barnes' complaints

III. DOCUMENTS REVIEWED

In addition to the reference materials, cases, statutes and regulations referenced herein, in connection with this report, I had access to and/or was provided with the following documents:

- 1. Filed documents as per PACER docket entries
- 2. Jesse Barnes deposition transcript and exhibits
- 3. Hondo Blakley deposition transcript and exhibits

V. WORKPLACE INVESTIGATIONS OVERVIEW

A. A Reasonable Investigation Is Required

Numerous state and federal civil cases from across the nation have found workplace investigations to be fatally flawed because they were delayed or conducted in an ineffective or negligent manner. There are opinions and guidelines from a number of sources developed by a variety of cases, administrative agencies and private organizations that address the question of how a proper workplace investigation should be conducted. For example, the EEOC has periodically provided guidance about how it believes a proper workplace investigation should be conducted. *See* EEOC Notice 915.002, June 18, 1999 "Enforcement Guidance on Vicarious Employer Liability for Unlawful Harassment by Supervisors." Appropriate investigative procedures, however, are generally determined under the standard of reasonableness under the circumstances, sometimes in conjunction with the employer's own policies and procedures regarding workplace investigations.

Pursuant to the United States Supreme Court cases of *Faragher v. City of Boca Raton*, 524 U.S. 775 (1998) and *Burlington Ind., Inc. v. Ellerth*, 524 U.S. 742 (1998) (commonly referred to collectively as "*Faragher* and *Ellerth*") an employer may assert an affirmative defense to a claim of sexual harassment if it can demonstrate (1) it exercised reasonable care to prevent and correct promptly any harassing behavior; and (2) that the alleged harassed employee

Caren N. Gurmankin, Esq. August 13, 2020

unreasonably failed to take advantage of preventative or corrective procedures provided by the employer.

That the employer "exercised reasonable care to *prevent and correct promptly* any harassing behavior" has been universally interpreted to require a prompt and thorough workplace investigation. Employers, therefore, have a duty to "prevent and correct promptly" the harassment being complained of. The "complaint" triggering an investigation can be an oral or written complaint, and if written, could be as informal as an email or short note or as formal as an EEOC Charge of Discrimination or a civil action complaint. Furthermore, extensive case law supports that the type of investigation contemplated by *Faragher* and *Ellerth* has expanded well beyond sexual harassment into other areas of discrimination such as gender, religion, national origin, age, race, disability and retaliation.

Courts are often asked, or decide on their own, to comment on the adequacy of workplace investigations. *See, e.g., Walters v. Washington County,* 415 Fed. Appx. 374 (3d Cir. 2011) (affirming district court's determination that workplace investigation was adequate); *Richards v. Centre Area Transp. Auth.*, 414 Fed. Appx. 501, 503 (3d Cir. 2011) (same); *Fairclough v. Wawa, Inc.*, 412 Fed. Appx. 465, 469 (3d Cir. 2010) (same); *Miller v. Patterson Motors, Inc.*, Civil No. 3:2007-33, 2009 WL 789897 at *18 (W.D. Pa. March 24, 2009) (defendant's inadequate workplace investigate created a genuine issue of material fact as to whether employer had actual or constructive knowledge of the existence of a sexually hostile environment and whether employer took appropriate steps to stop the alleged harassment prior to employee's complaint to her immediate supervisor, precluding summary judgment on the issue of respondeat superior in a Title VII sexual harassment action); *Lake v. Ak Steel Corp.*, No. 2:03CV517, 2006 WL 1158610 at *50 (W.D. Pa., May 1, 2006) (investigations lacked confidentiality mechanisms, which put complainants at risk of adverse treatment).

In addition to guidance from the EEOC and other sources setting forth what is required to perform an effective investigation, techniques, protocols and standards can be found in many published sources, for example:

B. Examples of Investigations Not Reasonably Conducted

In addition to the employer's legal duty to investigate, it is important for complainants and others involved to know that complaints are "taken seriously," and investigated promptly and thoroughly and in an unbiased manner. Employees involved in the investigation as complainants, alleged harassers, witnesses, or just those who are "in the know" about what is happening, anxiously await "to see what will happen." If the consensus is that "nothing happened" to the alleged harassers, or a serious investigation was not conducted, bad-acting

employees may feel empowered to continue to engage in the wrongful behavior and complainants may not speak up.

Workplace investigations are routinely reviewed in civil proceedings, and courts will occasionally mention the investigation if it is relevant to the case outcome. For example, in *Weist v. Tyco Elec. Corp.*, 812 F.3d 319 (3d Cir. 2016), the Third Circuit Court of Appeals affirmed the district court's dismissal of plaintiff's retaliation claim under the Sarbanes-Oxley Act, finding that any adverse employment actions that may have occurred were unrelated to the employee's protected activity. The court detailed each step of the investigation, and stated:

We conclude that Wiest has failed to offer any evidence to establish that his protected activity was a contributing factor to any adverse employment action that Tyco took against him. Specifically, the record is devoid of any evidence that Wiest's conduct frustrated personnel in management or that, even if he frustrated management personnel, any such individual was involved in the investigation and an ultimate recommendation to terminate his employment. Further, even if Wiest could satisfy those threshold requirements, Tyco has demonstrated that it would have taken the same actions with respect to Wiest in the absence of Wiest's accounting activity given the thorough, and thoroughly documented, investigation conducted by its human resources director.

Id. at 321, 324-25 (emphasis added).

The following cases illustrate examples of unreasonable internal investigations:

Connearney v. Main Line Hosp., Inc., CIV. A. No. 15-02730, 2016 WL 6440371 at *5 (E.D. Pa. Oct. 28, 2016). In partially denying summary judgment, the Court held "a reasonable factfinder could conclude that Defendants' investigation was flawed with inconsistencies and weaknesses and that Defendants could not have relied on it in good faith." In this matter, the investigator failed to speak with the supervisor who supposedly made the decision to terminate about the events leading up to the plaintiff's alleged infraction, nor did anyone from Human Resources investigate or become involved. The Court also found there was evidence that one of the supervisors with significant involvement with the investigation could have discriminated against the plaintiff, therefore her participation could lead a jury to believe the investigation was tainted, citing the so-called "Cat's Paw" theory of liability. *Id.* (citing *McKenna v*. City of Philadelphia, 649 F.3d 171, 179 (3d Cir. 2011) ("[I]t is sufficient if those exhibiting discriminatory animus influenced or participated in the decision to terminate." (quoting Ambramson v. William Paterson Coll. of N.J., 260 F.3d 265, 286 (3d Cir. 2001)); see also Staub v. Proctor Hosp., 562 U.S. 411, 412, 422 (2011) ("We...hold that if a supervisor performs an act motivated by...animus that is intended by the supervisor to cause an adverse employment action, and if that act is a proximate cause of the ultimate employment action, then the employer is liable....")).

- 2. Zielinski v. SPS Techs. LLC, No. 10-CV-3106, 2011 WL 5902214 (E.D. Pa., Nov. 22, 2011). The jury awarded the plaintiff \$85,000 in back pay, \$100,000 in front pay, \$250,000 in emotional distress damages and \$500,000 in punitive damages. The failure of SPS to show any evidence of meaningful investigation into multiple complaints of the plaintiff supported the award of punitive damages (which was more than 50% of the total verdict). The trial court said the investigation into the claims of race discrimination were "brief and, in some instances, non-existent." Id. at *6. Further the court said the jury "was permitted to further infer that SPS's failure to thoroughly investigate his complaints of discrimination and to discipline the alleged offenders was indicative of its unlawful motives. Id. (citing Woodson v. Scott Paper Co., 109 F.3d 913, 923 (3d Cir. 1997) ("[A]n atmosphere of condoned racial harassment in a workplace increases the likelihood of retaliation for complaints in individual cases")).
- 3. Rorrer v. Cleveland Steel Container, 712 F. Supp. 2d 422, 435-36 (E.D. Pa. 2010) (Title VII liability may arise where an employer merely investigates a complaint of harassment without taking any remedial action, or the investigation is so flawed that any remedial measures are destined to fail, as here where the employer told the alleged harasser to stay away from the victim, but did not separate them, had only short discussions with employees, and failed to take any meaningful steps to cease and prevent further harassment).
- 4. Cain v. Wellspan Health, 419 Fed. Appx. 213, 215 n. 2 (3d Cir. 2011). In affirming the district court's decision to grant summary judgment to the defendant in a race and gender discrimination action, the Third Circuit touched upon how investigations need to be consistent, and how disparate treatment could occur if investigations are conducted differently for different employees:

Appellant also maintains that the District Court did not consider that her federal discrimination claims arose out of Wellspan's failure to "allow her to confront her accusers and have an opportunity to be represented by an attorney during the termination process." We disagree with appellant's characterization of the District Court opinion. The District Court did consider the "procedures employed by Wellspan to investigate the allegations of wrong doing by Cain" but found these procedures were relevant only if Cain "had produced evidence that Wellspan used some other procedures where similar complaints were lodged against Caucasian or male employees." However, Cain "has produced no such evidence, and, thus, her focus on the underlying investigation is merely a distraction." In short, Judge Rambo concluded that "[t]he

record is devoid of any evidence that Wellspan approached other similarly situated allegations of dishonesty differently.

See also Moussa v. Pennsylvania Dept. of Public Welfare, 413 Fed. Appx. 484, 487 (3d Cir., 2011) (investigation adequate as plaintiff was not treated differently in the investigation than others).

- 5. Spagnola v. Morristown, Civ. A. No. 05-577, 2006 WL 3533726 (D.N.J. Dec. 7, 2006) (employer's motion to dismiss was denied because there was enough evidence to establish a cause of action against defendant for negligent misrepresentation after its outside counsel was hired to conduct a sexual harassment investigation, and told the complainant that no policy of the employer had been violated, in addition to attempting to intimidate the complainant and communicate that no action would be taken against the alleged harasser).
- 6. Lake v. Ak Steel Corp., No. 2:03CV517, 2006 WL 1158610 at *50 (W.D. Pa., May 1, 2006). The Court held defendant's policy failed to contain adequate mechanisms to further thorough investigations. Investigations lacked confidentiality mechanisms, which put complainants at risk of adverse treatment. As a result, employees were unlikely to file justified complaints. The lack of avenues for informal reporting and the lack of confidentiality in investigating undermined the reasonableness and effectiveness of defendant's policy toward eliminating hostile environments.
- 7. Vasquez v. Empress Ambulance Serv., Inc., 835 F.3d 267, 276 (2d Cir. 2016). Court of Appeals held "an employer may be held liable for an employee's animus under a "cat's paw" theory, regardless of the employee's role within the organization, if the employer's own negligence gives effect to the employee's animus and causes the victim to suffer an adverse employment action." Plaintiff filed a complaint against her co-worker for sexual harassment. When plaintiff's co-worker discovered her complaint, he provided the employer with false documents purporting to show his relationship with the plaintiff was consensual. In reliance on those false documents, and notwithstanding plaintiff's offers to produce evidence in refutation, plaintiff was promptly fired on the ground that she had engaged in sexual harassment. Id. at 271. Because the employer conducted an unreasonable investigation by failing to verify the co-worker's account against the plaintiff's refutable evidence, the employer acted negligently and may be held liable for an adverse employment action.
- 8. Sassaman v. Gamache, 566 F.3d 307, 315 (2d Cir. 2009). Court of Appeals held "We conclude that this evidence [defendant/supervisor's] alleged comment on the propensity of men to engage in sexual harassment and defendants' arguable failure to investigate properly the charges of sexual harassment lodged against Sassaman was sufficient to permit a jury to infer discriminatory intent."

- 9. Roberts v. Texaco Inc., 979 F. Supp. 185 (S.D.N.Y. 1997), African-American employees of Texaco settled a class action lawsuit in 1996 for \$141 million after a botched investigation. A second-year associate in Texaco's legal department, appointed to coordinate discovery in a class action harassment suit, was unaware that several Texaco departments were withholding information. The personnel manager secretly taped and eventually released conversations of high-ranking Texaco executives making alleged racial epithets and plotting to destroy evidence in the case. The tapes revealed that executives involved in the investigation process plotted to "purge" and "shred" documents to avoid "unnecessary questions which might arise when the lawyers review the books." An independent investigatory report concluded that Texaco's treasurer "had a cynical view of the discovery process as a whole and had decided that he, rather than the in-house lawyers, should decide what was relevant."
- 10. EEOC v. Mitsubishi Motor Mfg. of Amer., Inc., 102 F.3d 869 (D. Ill. 1996). The EEOC sought class action status for sexual harassment claims of more than 300 female employees in one of Mitsubishi Motor Manufacturing of America, Inc.'s Illinois plants. The female employees made numerous allegations, including off-premises sex parties, circulation of pornographic pictures, male employees' leaning against female employees and simulating sex with them, and male employees fondling themselves in front of female employees. The employer took no action regarding the sex parties until 14 months after the females had filed a harassment suit. Further, in response to a female employee's complaint that a male co-worker terrorized women, talked about oral sex, and said he wanted to kill women, the manager allegedly stated, "He is a good worker. He deserves a chance." The EEOC found the workplace had "spun out of control" because the employer:
 - (a) lacked adequate policies and procedures to deter harassment
 - (b) did not investigate complaints and did not respond to reports of harassment
 - (c) failed to maintain meaningful progressive discipline in its policies
 - (d) responded reactively -- instead of proactively -- to the charges. For example, the company shut down its assembly lines and encouraged its employees to march on the EEOC's offices; manager did not stop circulation of pornographic pictures because he "looked at them as the same as guys coming in after a hunting trip and showing pictures of the deer." Both examples demonstrate a tolerance for a sexually hostile workenvironment.
- 11. Kimzey v. Wal-Mart Stores, Inc., 907 F. Supp. 1306 (W.D. Mo. 1995), aff'd in part and rev'd in part, 107 F.3d 568 (8th Cir. 1997). A jury awarded a retail employee \$50 million in punitive damages in a sexual harassment suit. The

trial court noted Wal-Mart's failure to initiate an investigation after the plaintiffemployee reported the harassment to her supervisor.

- 12. Fuller v. City of Oakland, 47 F.3d 1522 (9th Cir. 1995) (investigator's failure to review all records, to interview the accused's corroborating witnesses, and to credit contradicting evidence tainted an internal harassment investigation).
- 13. Kestenbaum v. Pennzoil, 766 P.2d 280 (N.M. 1988), cert. denied, 490 U.S. 1109 (1989). A jury awarded \$1 million in contract damages to a vice president discharged as a result of a faulty harassment investigation. The court cited the investigator's failure to distinguish between direct evidence and hearsay, failure to make credibility determinations, and failure to conform to professional investigation standards, and admonished the employer for not actively overseeing the investigation.

The following are selected decisions in Pennsylvania and within the Third Circuit that illustrate the benefit of a proper investigation:

- 1. Peace-Wickham v. Walls, 409 Fed. Appx. 512, 521 (3d Cir. 2010) (employer took adequate remedial measures in response to racial harassment by coworkers, which included conducting timely investigations, reprimanding employees, transferring employees as needed, arranging for mandatory diversity training, and requiring employees to attend anti-harassment classes).
- 2. Young v. Temple Univ. Hosp., 359 Fed. Appx. 304, 309 (3d Cir. 2009) (actions in response to harassment complaints by an employee were promptly taken and reasonably calculated to end the harassment).
- 3. *McCloud v. United Parcel Serv., Inc.*, 328 Fed. Appx. 777, 780-81 (3d Cir. 2009) (employer was not liable under Title VII or Pennsylvania Human Relations Act for racially harassing conduct (insults written on an orange cone) as employer investigated incident within 24 hours of employee informing his supervisor, interviewed all employees possibly involved, obtained handwriting samples from each of them, consulted handwriting expert, and instructed supervisors to meet with and inform employees such conduct was not tolerable; although no employee was punished because investigation was inconclusive, investigation and required meetings were reasonably calculated to prevent further harassment.
- 4. Morrison v. Carpenter Tech. Corp., 193 Fed. Appx. 148, 153 (3d Cir. 2006) (following African-American employee's discovery of large cardboard drawing of man who had upraised noose around his neck, employer took prompt and adequate remedial action which stopped the alleged harassment, precluding employee's hostile work environment claim under Title VII and Pennsylvania Human Relations Act; employer undertook extensive investigation involving

interviews of dozens of employees and several departmental meetings at which management reviewed company's policy against harassment.

- 5. Weston v. Pennsylvania, 251 F.3d 420, 426 (3d Cir. 2001) abrogated on other grounds as recognized by Burlington N. & Santa Fe Ry. Co. v. White, 548 U.S. 53 (2006) ("After the Supreme Court's Faragher/Ellerth decisions, employers must do more than [sic] merely take corrective action to remedy a hostile work environment situation. Employers also have an affirmative duty to prevent sexual harassment by supervisors").
- 6. Taylor v. JFC Staffing Assoc., 690 F. Supp.2d 357, 368-69 (M.D. Pa. 2009) (actions taken by employer once it became aware that coworker had given racially offensive birthday card to African-American employee were reasonably calculated to stop further harassment, precluding employer's liability for hostile work environment under Title VII and Pennsylvania Human Rights Act, where, on next business day after employee informed his supervisor about card, employer had begun investigation into what transpired, employer concluded, after its investigation, that coworker's actions were not taken with intent to discriminate or harass employee, and, six days after alleged harassment occurred, coworker was disciplined by receiving written warning and counseling session about employer's anti-harassment and anti-hostile work environment policies).
- 7. Preston v. Bell Atlantic Network Serv., Inc., Civ. A. No. 96-3107, 1997 WL 20853, at *10 (E.D. Pa. Jan. 16, 1997) (employer escaped liability for an allegedly hostile work environment by establishing and following a clear sexual harassment policy and implementing "energetic measures" to thwart sexual harassment (including an investigation procedure, with protection against retaliation). Id. (citing Gary v. Long, 59 F.3d 1391 (D.C. Cir. 1995))).

VI. INVESTIGATION STANDARDS

The following are the relevant standards² which must be adhered to when conducting workplace investigations into complaints of sexual harassment, discrimination and retaliation:

- **Standard 1:** The investigator must possess the necessary skills and experience to conduct the investigation.
- **Standard 2:** The investigator must properly plan and prepare for an effective investigation.

²There are various additional standards relevant to workplace investigations not included here as they are not implicated by the facts of this case.

Standard 3: The investigation must be conducted in a manner to reliably obtain relevant information.

Standard 4: The investigative report must contain facts sufficient for the decision makers to judge the credibility of the complainant, witnesses and alleged harassers.

Standard 5: The Investigative Report must provide the decision makers with information to reasonably make a determination.

Standard 6: If asked to draw conclusions, the investigator must be familiar with the application of company policies and the applicable law.

Standard 7: All complaints must be investigated.

VII. SHELL FAILED TO MEET RELEVANT INVESTIGATION STANDARDS AND DID NOT ACT REASONABLY IN INVESTIGATING MS. BARNES' COMPLAINTS

A. Shell Failed to Meet Standard 1 – The Investigator Did Not Possess The Necessary Skills Or Experience To Conduct The Investigation.

The Barnes investigation was conducted by Megan Kloosterman, UP HR Account Manager. Kloosterman. Kloosterman Dep. at 25. Her supervisor, Kelly Soudelier, did not personally investigate any claims brought by Ms. Barnes. Soudelier Dep. at 115.

Ms. Kloosterman had conducted only two other workplace investigations prior to the Barnes investigation. The first was co-conducted, and the second may have been co-conducted. Kloosterman Dep. at 26, 31-32. Kloosterman conducted the Barnes investigation by herself. She had no formal training but obtained "on the job training" by shadowing a colleague during the first investigation. Kloosterman Dep. at 39-40. Ms. Kloosterman graduated from college in December 2014 and her first job was at Shell beginning in February, 2015. Kloosterman Dep. at 23. She had been working approximately one year and ten months when this investigation was assigned to her by Ms. Soudelier.

It is well settled that the adequacy of an investigation is based in large part on the credentials of the investigator. Courts have consistently considered the investigator's background, training and demeanor. See Casiano v. AT&T Corp., 213 F.3d 278, 286 (5th Cir. 2000) (court of appeals affirmed summary judgment for defendant employer who suspended alleged harasser in part as a result of using two "E.O. Specialists" to conduct investigation); Smith v. First Union Nat'l Bank, 202 F.3d 234, 245 (4th Cir. 2000) (court of appeals reversed summary judgment for defendant employer finding inadequate investigation where investigator

had never before conducted a sexual harassment investigation, investigation focused on alleged harasser's management style rather than complaints of sexual harassment, and did not even mention the allegations of sexual harassment to the alleged harasser).

The employer must consider the following characteristics (among others) when selecting an investigator:

- a. Company Familiarity. An in-house investigator may be more familiar with company policies, personnel and the context and significance of facts, and may be able to investigate more quickly, but investigations can often be emotional and involve embarrassing information. Witnesses may discuss the situation more freely with someone they know and trust rather than with an outsider, but they also may be more suspicious that an insider has preconceived ideas of the people involved or the situation.
- b. <u>Unbiased</u>. An internal investigation must do more than arrive at the truth. If the participants and workforce in general suspect the investigation result is preordained, the employer loses many long-term benefits of a thorough investigation. It is therefore imperative that the investigator be, and be perceived as fair and impartial. *See Brooms v. Regal Tube Co.*, 881 F.2d 412 (7th Cir. 1989) (human resources department that typically conducted internal investigations precluded from investigation when allegation involved a Human Resources staff member), *overruled on other grounds by, Saxton v. American Tel. & Tel. Co.*, 10 F.3d 526, 533 n.12 (7th Cir. 1993) (the court noting the employer's investigation was timely and resulted in appropriate remedial action that protected employer from an adverse ruling for employment violations) (internal quotations and citation omitted).
- c. <u>Trained</u>. The need for a trained investigator increases in proportion to the severity of the allegation. Supervisors and human resources representatives may conduct small-scale investigations, but thoroughly trained and experienced investigators are necessary for large-scale or complex or serious matters, or those where litigation is likely or that involve high profile personnel.
 - Regardless of whether the employer uses an inside or outside expert, the investigator must follow generally accepted investigation techniques. *See Fuller v. City of Oakland*, 47 F.3d 1522 (9th Cir. 1995) (investigator's failure to review all records, to interview the accused's corroborating witnesses, and to credit contradicting evidence tainted an internal harassment investigation).
- d. <u>Professional</u>. The investigator must be able to obtain information from nervous, hostile, emotional, untrusting and unwilling witnesses without exacerbating the problem in the process. Consider demeanor, appearance, speech patterns, experience, and presentation style when choosing an investigator.

Choosing an internal investigator rather than an outside investigator can be problematic. In-house investigators can have the advantage of not adding any additional expense, and can be

familiar with the company, the complainant, alleged harasser and witnesses, and may even be aware of past complaints involving the parties.

But the "advantages" of an in-house investigator are ultimately disadvantages. Often, in-house investigators are not objective and may be unfamiliar with the laws relevant to harassment, discrimination and retaliation claims. Frequently they had not received adequate training or had previously conducted similar investigations.

In this particular case, Megan Kloosterman's supervisor Kelly Soudelier, Human Resources Manager, assigned her to the investigation. Ms. Soudelier testified that she wanted someone who was "independent from this organization, who to the best of my knowledge had not worked with any of these employees previously." Soudelier Dep. at 112. That is a legitimate consideration, however, Ms. Soudelier did not do anything to ascertain whether Ms. Kloosterman had previously worked with any of the employees in the group. Soudelier Dep. at 112.

Surprisingly, Ms. Soudelier did not know anything about Ms. Kloosterman's specific experience in investigating complaints or harassment or discrimination prior to assigning the matter to her. Soudelier Dep. at 112. Ms. Soudelier did not consider hiring someone outside the company to investigate the claims even though Shell had hired a third-party investigator previously. Soudelier Dep. at 113-114.

Ms. Soudelier could not recall if:

- Ø Ms. Kloosterman had previously conducted investigations into discrimination or harassment
- Ø Ms. Kloosterman was trained on how to conduct investigations into discrimination or harassment
- Ø she considered getting someone from outside the company to investigate

Soudelier Dep. at 113-114. Furthermore, Michelle Priest (HR Account Manager) said that Ms. Kloosterman was chosen because she "could come to Wellsboro quite quickly to be there in person to conduct the investigation." Priest Dep. at 78-79.

Despite Ms. Kloosterman's obvious inexperience, Ms. Soudelier did not get a full report from Ms. Kloosterman at the conclusion of the investigation "because [Kloosterman] was a competent investigator," "I trusted the investigation she had conducted, the conclusions she had made," "I trusted Ms. Kloosterman was competent and did a thorough job in the investigation," "I did not need to go back and double-check everything she had done," "I recall that she had done a thorough investigation" and "Again, I'll say Ms. Kloosterman conducted a thorough and robust investigation, and I reviewed and supported her conclusions and recommendations." Soudelier Dep. at 121-123, 128, 161. Ms. Soudelier made those statements, however, not having specific knowledge of Mr. Kloosterman's background, training or experience in conducting workplace investigations, and furthermore, not hearing from or asking Ms. Kloosterman for all of the relevant information she obtained in the investigation. *See, e.g.*, Soudelier Dep. at 163, 237.

Despite not recalling any details about Ms. Kloosterman's previous experience, Ms. Soudelier testified the basis of stating Ms. Kloosterman had "conducted a thorough and robust investigation" as:

My basis for that is Megan Kloosterman reported to me and I knew that she had a Human Resources master's degree, had been working for Shell, had been trained and would conduct a thorough and robust investigation.

Soudelier Dep. at 165.

Ms. Soudelier said about herself, that "I can make the appropriate decision [about discipline and termination] based on a competent investigator's conclusions." Soudelier Dep. at 124. So it follows that if the investigator was not competent, Ms. Soudelier could not have made an appropriate decision about discipline and termination.

Indeed, Ms. Soudelier did not have the background and experience to choose a competent investigator in the first place. Although Ms. Soudelier had many years of experience in various HR roles, she could not recall conducting any investigations in previous positions at other companies or at Shell. Soudelier Dep. at 20-21, 24, 48, 50-52. When she was an employee relations team leader of the Norco facility, she oversaw investigations but could not recall even an estimate of how many, putting her estimate between one and fifty. Soudelier Dep. at 31-32. And even of those – however many there were – Ms. Soudelier could not recall if she actively participated in the investigations of discrimination. Regarding her own training, Ms. Soudelier could not recall where or when she received the training, by whom or the kind of training, or whether it was a one-time event. Soudelier Dep. at 33-35.

In Ms. Soudelier's role at HR Manager for Manufacturing she could not recall any investigations she oversaw. Soudelier Dep. at 38, 50-52. In Ms. Soudelier's role at HR Manager Projects and Technology she could not recall any investigations she oversaw. Soudelier Dep. at 41-42, 50-52. In Ms. Soudelier's role at HR Manager Upstream and Integrated Gas she could not recall any investigations she oversaw. Soudelier Dep. at 45, 50-52.

Stated simply, Ms. Soudelier was not qualified to choose an investigator. But even if she had been so qualified, Ms. Soudelier did not have sufficient information to conclude that Ms. Kloosterman was the proper choice to conduct the investigation, nor could she reasonably conclude the investigation was done competently and thoroughly.

Nonetheless, however she was chosen to conduct this investigation, the fact remains that Ms. Kloosterman was a very junior HR generalist with little or no training and little or no

³ Ms. Soudelier recalled discussing one matter with one of her direct reports "recently" but did not oversee the matter nor was she involved in the decision making process. Soudelier Dep. at 52-55.

experience conducting sexual harassment, discrimination and retaliation investigations. Considering the inadequacies of the investigation as further stated in this Report, it is clear Ms. Kloosterman was too inexperienced and had not yet obtained a proficiency in the investigative process sufficient to allow a thorough and adequate investigation consistent with workplace investigation standards.

B. Shell Failed To Meet Standard 2 – The Investigator Did Not Properly Plan Or Prepare For An Effective Investigation

1. Delay in starting the investigation

Ms. Barnes made her initial formal complaint via the Shell Hotline on November 15, 2016. *See* Shell 525-529.

Cari Otto forwarded the complaint to Michelle Priest on November 28, 2016. *See* Shell 523-524. Michelle Priest then forwarded the complaint to Kelly Soudelier later that same day. *See* Shell 523-524. Despite the fact Ms. Soudelier stated that Ms. Barnes' "complaints were quite – quite serious and we needed to make sure that a thorough investigation, a prompt investigation was done," the complaint was not assigned to the investigator, Megan Kloosterman, until November 29, 2016, a full two weeks after it was received by the Shell Hotline. There is no indication of a reason for the delay.

Even if the actual interviews did not begin for two weeks, the investigatory process should have started almost immediately to determine the nature of the claim, and more importantly, whether the complaint warranted immediate action (such as removing one or more employees from the physical space or from each other). There is no indication that was done.

There is also no indication that Ms. Kloosterman took any steps to investigate other than keep her notes and conduct interviews of the witnesses. Kloosterman Dep. at 272.

During the two week delay, Ms. Kloosterman gave no directive to any individual or to the company IT department (for example) to preserve documents, emails, texts or other information, nor was there any indication she attempted to gather, obtain or secure documents or other pertinent information. In her pre-interview outlines, Ms. Kloosterman included a statement to read to each witness to send her any supporting documentation but there is no indication anyone did or that Ms. Kloosterman followed up (assuming she made the request in the interviews). *See, e.g.* Shell 1152.

In addition to not gathering or securing documents prior to the interviews, there is no indication Ms. Kloosterman (nor anyone else) even asked the witnesses to bring relevant documents with them, nor is there any indication that the witnesses were asked during the interviews if there were relevant documents, emails, text messages, etc. There is no indication any attempt was made to locate video surveillance or audio recordings of any reported incident.

These deficiencies are violations of accepted workplace investigation standards.

2. The investigator failed to review background information on the complainant and alleged harassers.

The Association of Workplace Investigators in its "Guiding Principles" under its "Investigation Planning" section states (emphasis added):

The investigator should consider what documents, if any, are needed and how to obtain them. Documents may include e-mails and e-files, text messages, *personnel and sensitive files*, timelines, policies, procedures, handbooks, and *relevant prior investigation materials*.

The investigator could not recall asking for Mr. Turney's personnel file or other documentation, and there is no indication otherwise that she did. Kloosterman Dep. at 75-77. There is also no indication Ms. Kloosterman sought the personnel files for the other three alleged harassers.

While it would be improper to use a previous complaint and "hold it against" the complainant or the alleged harassers, a previous complaint could be relevant for several purposes, including:

- Ø To determine if the previous complainant, alleged harassers or witnesses are involved in the present matter;
- Ø To more fully gauge whether the recommended remedial measures are appropriate under the circumstances;
- Ø Possibly to aid in determining credibility

Likewise, background information, personnel files and disciplinary records would be relevant for the same purposes.

Despite the relevance of previous incidents, Ms. Kloosterman disagrees, and stated previous complaints and previous relationships have no relevance to the current complaint. Kloosterman Dep. at 70-71. Obviously, her colleague Michelle Priest (HR Account Manager, Unconventionals) thought previous complaints were relevant because she forwarded to Ms. Kloosterman details of a previous complaint that Ms. Barnes made of inappropriate conduct from a male supervisor. *See* Shell 510 email of Dec. 5, 2016. Ms. Priest also forwarded to Ms. Kloosterman an email from Turney (that he sent after Ms. Barnes complained about sex discrimination and sexual harassment involving him) advising that he had performance concerns about her. Shell 345-346.

This lack of review or reference to the previous complaints is a breach of investigative standards and unreasonable in the context of Ms. Barnes' complaints.

C. Shell Failed To Meet Standard 3 – The Investigation Was Not Conducted In A Manner To Reliably Obtain Relevant Information

1. The order of witness interviews was incorrect.

Ms. Kloosterman interviewed the complainant Ms. Barnes first, which was correct. Kloosterman Dep. at 97. But after Ms. Barnes' interview, Ms. Kloosterman interviewed the primary alleged harasser Mr. Turney, which is incorrect and an indication of her inexperience. The alleged harasser should be interviewed after the complainant and other witnesses to be efficient, *but also to be fair to the alleged harasser*.

The investigator should gather and organize any allegation or statement to which the alleged harasser should reply to give that person an opportunity to defend the actions taken or not taken. Some commentators liken this to a criminal defendant being able to "confront the accuser." To conduct an investigation fair to all parties, the alleged harasser should have the opportunity to be confronted with those facts.

By interviewing Mr. Turney second, the investigator could not ask him about facts or statements made by the other eleven witnesses.⁴

Furthermore, in this case, in addition to Mr. Turney, there were allegations against several male employees including Ken Foreman, Hondo Blakley and Mark Hoover. Ms. Kloosterman should have interviewed as many others as possible and scheduled those with allegations against them until the end, with Mr. Turney being last of the first round of interviews.

The order of the interviews as conducted by Ms. Kloosterman was a violation of accepted workplace investigation standards.

2. The investigator failed to ask complete set of questions to the witnesses

In most investigations, the investigative interview is a primary method of obtaining pertinent facts. In his book *Principles of Kinesic Interview and Interrogation*, Walters stresses the importance of the investigative interview itself:

The extreme importance that the interview of a victim, witness, complainant, or subject has on the outcome of any investigation cannot be overstated. A Rand Corporation study found that in any investigative process, the single most important determinant of

_

⁴ In addition to Ms. Barnes and Mr. Turney, Ms. Kloosterman interviewed Matt Empsen, Ken Foreman, Wayne Fletcher, Dan Krise, Penny Robins, Jeremy Greene, Kelvin Flynn, Shane Sollinger, Hondo Blakley, Greg Larsen and Mark Hoover.

whether a case will be satisfactorily resolved is the information gained from the interview of the witness or victim of a crime.

Stan B. Walters, *Principles of Kinesic Interview and Interrogation* (CRC Press 2d ed. 2002) at 30 (citing Greenwood, P.W., The Rand Corporation Study: Its Findings and Impacts to Date; The Rand Corporation, Santa Monica, CA July, 1979).

Ms. Barnes made a variety of complaints both in writing and when she spoke with Ms. Kloosterman. Each one of Ms. Barnes' complaints and concerns needed to be addressed. Unfortunately, they were not.

Quite simply, Ms. Kloosterman failed to inquire about certain direct and very serious allegations made by Ms. Barnes. Ms. Kloosterman conducted thirteen interviews total, but *nine* investigative interviews in just one day, December 7, 2016 which means she did not spend very long with each witness.⁵ It is possible she was concerned about having to complete the investigation no later than January 14, 2017. Kloosterman Dep. at 165-166.

But more than just not obtaining relevant facts from the witnesses, *the reasons* Ms. Kloosterman did not inquire are disturbing in the context of workplace investigations, and illustrate her inexperience and/or misunderstanding of the workplace investigative process. By way of example:

- a. Ms. Kloosterman failed to investigate Ms. Barnes' complaint about Mr. Turney driving by her house which is 30 minutes away on a dead end street. Kloosterman Dep. at 249-250. This is related to the investigation because it could be determined if Mr. Turney was stalking or was infatuated with Ms. Barnes or was trying to harass her as a form of retaliation. It would also help the decision makers determine proper disciplinary remedies if it turned out to be true.
- b. Ms. Kloosterman failed to investigate Ms. Barnes' allegation that Mr. Turney sent to her a "selfie of underwear" because it was something that occurred "after work." In fact, the incident occurred after a work conference. Kloosterman Dep. at 276. Ms. Kloosterman also defended her actions by stating the underwear selfie was an "isolated incident" and was not reported at the time of the incident. Kloosterman Dep. at 278.
 - i. Ms. Kloosterman did not ask questions about Mr. Turney sending a selfie of his underwear (even though Ms. Barnes listed it as a complaint) because Ms. Kloosterman felt that was out-of-work incident and therefore irrelevant to the investigation a shockingly erroneous conclusion by any workplace investigator. *See* Kloosterman Dep. at 276.

⁵ Ms. Kloosterman interviewed Greg Larsen the next day on December 8, 2016 and Mark Hoover on December 14, 2016.

- ii. Ms. Kloosterman did not ask questions about Mr. Turney sending a selfie of his underwear because she felt it was an isolated incident. But Ms. Kloosterman would not know it was an isolated incident unless she investigated. But even assuming it was a one-time occurrence, her belief demonstrates a fundamental misunderstanding of the investigative process and what is or could be relevant to establish a violation of the law. It certainly highlights the lack of Ms. Kloosterman's knowledge about the "severe or pervasive" standard under Title VII and related statutes, even though she made reference to it. Kloosterman Dep. at 328. As a matter of law, an isolated incident can be sexual harassment or discrimination, as can an incident that was not reported by the complainant at the time it occurred.
- iii. At the very least, Ms. Kloosterman should have recognized that *Shell's own policies* do not limit incidents to just those that occur "once" or only those in the physical space of the work buildings or during work hours. *See* Shell policies at Shell 1056-1057, and Shell Code of Conduct at Shell 588-631.
- iv. Furthermore, there were other incidents that could be considered "isolated" that Ms. Kloosterman *did* inquire about, for example, Mr. Turney telling Mr. Fletcher to tell Ms. Barnes she was pretty, and the "hot blond" comment. Kloosterman Dep. at 186, 207, 283. More notably, however, Ms. Kloosterman investigated and recommended to reprimand Ms. Barnes for using the phrase "fuck off" even though that appeared to be a one-time isolated incident. Kloosterman Dep. at 291-293.
- c. Ms. Kloosterman conducted no investigation into Ms. Barnes' complaint regarding her low pay grade and the reasons given to her why that was. This could obviously result in a finding of gender discrimination, gender harassment, retaliation, or an Equal Pay Act violation. Ms. Soudelier could not recall any investigation into gender pay disparity or other complaint. Soudelier Dep. at 203-210.
- d. On December 8, 2016, Ms. Kloosterman said she interviewed Greg Larsen, the Operations Manager, which was the highest ranking position at Shell's Appalachia location. Ms. Kloosterman did not inquire about preventative or correction action even though that was a question on her outline. Kloosterman Dep. at 193; Shell 450. She did not ask Mr. Larsen when Ms. Barnes spoke with him directly, nor did she ask about previous allegations

⁶ Mr. Larsen said several times that he was never interviewed by Ms. Kloosterman. Larsen Dep. at 12, 81-82.

against any alleged harasser, which included not just Mr. Turney but at least three others as Ms. Barnes identified.

Ms. Kloosterman did not ask all of the witnesses about all of Ms. Barnes' e. allegations unless Ms. Barnes or Mr. Turney identified them as a witness. Kloosterman Dep. at 146-147. As a workplace investigation standard, this is only partially reasonable. Although it is frequently unnecessary to ask every witness about every allegation, the investigator must ask those witnesses about allegations where it can reasonably be expected they have information, can clarify the incident or put it into a clearer context. Ms. Kloosterman's mistake was she did not employ that flexibility and apparently as one of her investigative protocols, asked witnesses about allegations *only* if those witnesses were identified.

One explanation for Ms. Kloosterman's limited questioning could be that she saw her role as having to protect the company from liability. After all, in the Introduction section of her written "Interview Questions" for the various witnesses, she never notifies the complainant, alleged harassers or witnesses that she is a neutral investigator or read to them what is commonly referred to as an "Upjohn" or "corporate Miranda" warning – i.e., letting the witness know where her loyalty lies. Kloosterman Dep. at 97, Interview Questions for J. Barnes, Shell 1111.

Furthermore, in Ms. Kloosterman's document "Questions for Jesse Barnes" (Shell 506-509), she makes reference to the "purpose" of certain questions to be:

> "Affirmative Defense, 1st Prong: Employer must take reasonable care to prevent and promptly correct harassment; to test agency's burden to take immediate and appropriate corrective action."

"Affirmative Defense, 2nd Prong: Employee's duty to exercise reasonable care."

These references are to affirmative defenses an *employer* like Shell has available to it to defend against complaining employees like Ms. Barnes in a civil lawsuit pursuant to the dual United States Supreme Court cases of Faragher v. City of Boca Raton, 524 U.S. 775 (1998) and Burlington Ind., Inc. v. Ellerth, 524 U.S. 742 (1998). See supra at section V(A).

Failure to ask about these subjects was a violation of accepted workplace investigation standards.

⁷ This notice comes from *Upjohn Co. v. United States*, 449 U.S. 383 (1981) and is required to be given by attorneys, especially in-house attorneys, conducting investigations, but is commonly provided by nonattorneys so there is no confusion about the investigator's role and to make certain that internal attorneyclient communications are protected.

3. The investigator failed to follow up or cross-check a multitude of responses

Permeating investigative interviews are witness statements provided to the investigator which the investigator had not previously heard. If the fact or statement relates to the subject matter of the investigation, the investigator must, of course, ask follow up questions to determine whether the fact or statement is sufficiently relevant to include it in the report for consideration by the decision makers.

"Following-up" primarily means asking the declarant witness additional questions, but might also mean asking the complainant, the alleged harasser and other witnesses about the statement, as well as exploring whether any documents exist relative to the subject.

One of the serious violations of investigative standards was Ms. Kloosterman not returning to Ms. Barnes and Mr. Turney for second interviews to ask them follow-up questions based on what she heard in the previous witness interviews. There were allegations and negative comments made against both Ms. Barnes and Mr. Turney that they should have had the opportunity to rebut and explain.

Ms. Kloosterman failed to follow-up on many witness statements relevant to the investigation. By way of example:⁸

- a. Mr. Turney's contradictory statements about Ken Forman running his hands through Ms. Barnes' hair at first saying he had "no recollection" then "If you talk with Ken, you will see he means nothing by it." Kloosterman Dep. at 261.
- b. Mr. Turney's statement, "[Jeremy and Ms. Barnes] mess around a lot and joke around and then she gets mad at me for not intervening." Shell 1123; Kloosterman Dep. at 251.
- c. Mr. Turney's statement, "There are times when things people do are not appropriate." Kloosterman Dep. at 264.
- d. Mr. Turney's statement "I'll be friendly but there will be no extra." Kloosterman Dep. at 267.

⁸ These are only examples of Ms. Kloosterman's failure to follow-up, because there is no way to know how many facts or statements were told to her during the interviews that she did not note, especially if it was her judgment that the facts or statements were not relevant to the investigation. With an experienced investigator, that would be within investigatory standards, but given Ms. Kloosterman's inexperience, I am confident she was unable to determine relevant facts and statements from those that would eventually be determined to be irrelevant. Ms. Kloosterman said "Not all follow-up questions were included in the notes if they were asked" although the witness response would have been included. Kloosterman Dep. at 138.

- e. Matt Empsen's statement about Mr. Turney being "very condescending to them and more specifically Jesse." Kloosterman Dep. at 102-104.
- f. Mr. Empsen's statement about Mr. Turney, "I have seen [Mr. Turney] say inappropriate comments to all women in the office, body language, things he would say, how he postures himself around other females." Kloosterman Dep. at 105-107.
- g. When asked if Mr. Turney asks others about their personal lives, Mr. Empsen's response, "Yes. That is one of [Mr. Turney's] things, and he's one to share his. He thinks it's okay to ask about relationship status. I have noticed he has done that with people on his team." There was no question about whether Mr. Empsen heard Mr. Turney make similar comments to men. Kloosterman Dep. at 105-107.
- h. Ken Forman's statements about Ms. Barnes, "She played the female card as long as it benefitted her," "She takes things the wrong way often. I recognized a long time ago that she is an edgy one. "She's been treated wrong for her looks in the past." Kloosterman Dep. at 144.
- i. Mr. Foreman was not clear in his answer about whether or not he put his hands through her hair. Kloosterman Dep. at 145, 155-156.
- j. Wayne Fletcher's comment, "I have heard guys make comments to other women" and "Inappropriate things to her I think things have been directed towards her." Kloosterman Dep. at 162-164.
- k. Wayne Fletcher's comment that, "It seems like he might not be giving her a fair shake because she is a woman." Shell 1164.
- l. Dan Krise's statement that Shell is a "men-dominated environment" and "I think it is a tough work environment for women." Kloosterman Dep. at 167-168.
- m. Penny Robbins' comment about Mr. Turney, "He thinks he is a ladies' man. Him and Robin Grouette would flirt." Kloosterman Dep. at 178.
- n. Ms. Barnes telling Jeremy Greene she thought certain comments by Mr. Turney were "borderline offensive." Kloosterman Dep. at 184.
- o. Mr. Greene's statement, "[Ms. Barnes] has talked to me about the [Mr. Turney] situation before, and I can see her points." Kloosterman Dep. at 184.
- p. Mr. Greene's statement, "There are things she has taken offense to that she shouldn't have." Kloosterman Dep. at 185.
- q. Mr. Greene's statement that a male supervisor referring to a female subordinate as a "hot blond" was normal talk. Kloosterman Dep. at 186.

- r. Shane Sollinger's statements "I have been disappointed in the way [Mr. Turney] conducts his business and things he talks about" and "But one of my team members he has taken it out of context and I confronted it. He backed down. He has a tendency to talk about his people to other people even in negative ways." Kloosterman Dep. at 193.
- s. Ms. Barnes' allegation about a comment to her about cutting shorts at the golf outing, the identifying a witness, "Tina could have heard." She helped me set up the tent." Ms. Kloosterman did not even ask who Tina was or her last name, much less try and speak with her. Kloosterman Dep. at 217-222.
- t. Ms. Kloosterman did not ask Mr. Turney if he told others he thought about them in the shower. Kloosterman Dep. at 255.
- u. Hondo Blakley's statement, "I see a lot of banter back and forth, joking, friendly." Kloosterman Dep. at 203.
- v. Mr. Blakley's statement that Ms. Barnes was "Talking about her personal life, boyfriend." Kloosterman Dep. at 203.
- w. Mr. Blakley's statement that Mark Hoover called Ms. Barnes a name, but did not fill in the blank and actually say "bitch." Kloosterman Dep. at 206.
- x. Mr. Blakley's statement, "Chris Anderson cautioned hiring her because she is 'trouble' and we will all end up in the same position as the last guy." Kloosterman Dep. at 207.
- y. Mr. Blakley's statement about Ms. Barnes, "She has dealt as much as she received. In some situations she started it but seemed joking banter back and forth." Kloosterman Dep. at 208-209.
- z. In Penny Robbins' interview (the only female witness other than Ms. Barnes) there were no questions about Ms. Barnes' specific allegations Kloosterman Dep. at 174-179.

These twenty-five examples (and again, there are sure to be many more) indicate a departure from acceptable workplace investigation standards, and illustrate Ms. Kloosterman's inexperience (or her unwillingness or inability) to forcefully question witnesses in this context.

Failure to follow-up on these subjects was a violation of accepted workplace investigation standards.

D. Shell Failed To Meet Standard 4 – The Investigator Failed To Include Facts Sufficient For The Decision Makers To Judge The Credibility Of The Complainant, Witnesses And Alleged Harassers

It is well established that making credibility determinations is clearly within the province of a workplace investigator. *See, e.g., Kestenbaum v. Pennzoil*, 108 N.M. 20, 766 P.2d 280 (1988), *cert. denied*, 490 U.S. 1109 (1989) (A jury awarded \$1 million in contract damages to a vice president discharged as a result of a faulty harassment investigation. The court cited the investigator's failure to distinguish between direct evidence and hearsay, *failure to make credibility determinations*, and failure to conform to professional investigation standards, and admonished the employer for not actively overseeing the investigation).

The Association of Workplace Investigators in its "Guiding Principles" under its "Witness Interviews" section states:

The interview presents a unique opportunity to assess witness credibility. The investigator should put himself or herself in a position to determine the credibility of witnesses relative to one another.

Ms. Kloosterman conceded that part of her job as an investigator is to assess the credibility of the witnesses and reach conclusions. Kloosterman Dep. at 41. She assesses credibility in an investigation by validating and corroborating the evidence and partially by assessing the witnesses' demeanor. Kloosterman Dep. at 42-43.

Up to that point in her explanation, Ms. Kloosterman's comments were reasonable and well-grounded in workplace investigation standards. Unfortunately, her actions in this investigation belie those general statements.

Ms. Kloosterman said that in order to believe an allegation of harassment "there needs to be some type of [documentary] evidence or a witness." Kloosterman Dep. at 225, 254. The standard that Ms. Kloosterman articulates is entirely contrary to established workplace investigation standards and applicable law, and is another example of Ms. Kloosterman's inexperience with investigations and her unfamiliarity with Shell's own company policies and the law.

Workplace standards do not require objective or corroborating evidence before an allegation of discrimination or harassment can be believed. In fact, that is much of the point of assessing credibility, because objective evidence is so often non-existent, the decision makers must rely on who they believe or who is most likely to be providing an accurate account of the events.

Shell's human resources policies certainly do not require objective or corroborating evidence in order to determine harassment or discrimination occurred. In fact, Shell does not establish *any* standard for determining when a complainant is to be believed.

Ms. Kloosterman also does not seem to understand how disciplinary decisions might be made, that is, many alleged harassers are disciplined or even terminated not because allegations against them are "proven," but merely because the allegations are likely to have occurred or even because they might possibly have occurred. And is certainly not uncommon for a jury to believe the complainant over the alleged harasser in a so-called "he said she said" case.

Ms. Kloosterman's belief that an allegation has to be objectively substantiated to be believed, led her to her conclusion that not one of the witnesses she interviewed was lying, and everyone was telling truth. Kloosterman Dep. at 96, 166. Taken to the extreme, this would lead to a ridiculous result. Hypothetically, if Ms. Kloosterman was investigating the allegation that John Doe sexually attacked Mary Smith while they were alone in an elevator, and John admitted being in the elevator but having no physical contact with Mary, and there was no objective evidence of the attack, Ms. Kloosterman would report that both John and Mary were telling the truth, which could not be. Ms. Kloosterman might say that both could be telling the truth because they just had different perceptions of the event, but that would be an unreasonable conclusion given the facts.

Because she could not find objective evidence to validate certain allegations, Ms. Kloosterman provided no information to the decision makers regarding the "pick up your ass" comment during CPR training (Kloosterman Dep. at 254); that Hondo Blakley took a picture of Ms. Barnes' behind (Kloosterman Dep. at 220-242); or that Mr. Turney told Ms. Barnes he thinks about her in the shower. (Kloosterman Dep. at 240-245).

Even further than not making credibility determinations or providing her thoughts or observations in an investigative report, Ms. Kloosterman said the witnesses were telling the truth (including the alleged harassers) because they did not have a reason to lie. Kloosterman Dep. at 117-119, 145, 166. It is one thing for Ms. Kloosterman to determine that a witness was not lying, but quite another to believe alleged sexual harassers have no reason to lie. Obviously there are many reasons an alleged harasser might lie, including: not to be disciplined; not to be demoted; not to be fired; not to lose money; not to expose his actions to family, friends and co-workers; not to expose himself to potential criminal action; not to have the allegations be made public; to be consistent with prior falsehoods; and not to lose a license or certification.

Ms. Kloosterman was asked about Mr. Turney saying he did not recall to several questions, rather than her conclusion that he was being untruthful. Her very naïve statement was, "Because for the investigations we ask and require all employees to be honest in their responses and share their recollection. And if they are not honest, that could be ground for discipline." Kloosterman Dep. at 258-259.

But in fact, Ms. Kloosterman, again, was inconsistent throughout the investigation. Even though there was corroboration of the allegation, Ms. Kloosterman failed to conclude that Mr. Turney mocked Ms. Barnes after she told him, "I do not come to work to hear that I'm pretty." Kloosterman Dep. at 255. Both Ms. Barnes and Wayne Fletcher confirmed Mr. Turney's comment. Kloosterman Dep. at 256-258.

Ms. Kloosterman did not even "consider" that Mr. Turney was lying when there were two people stating a fact to the contrary. Kloosterman Dep. at 258:

Q: Do you really believe than an employee accused of sexual harassment is going to be completely honest about everything when you're interviewing him?

A: Yes, I believe they should be.

Q: You believe they should be. Do you believe they are?

A: Yes.

Kloosterman Dep. at 259.

Ms. Kloosterman's failure to make meaningful credibility determinations, combined with the fact that she did not produce an investigative report violates workplace investigation standards of providing sufficient information to the decision makers.

E. Shell Failed to Meet Standard 5 – The Investigator Failed To Prepare An Investigative Report, And The "Investigation Overview" Failed To Provided Necessary Information

Although Ms. Kloosterman may think she prepared an investigative report, for this investigation, no investigative report was in fact prepared. Instead, at the conclusion of the investigation, Ms. Kloosterman prepared an "Investigation Overview." Shell 1167-1169. At best, the document is indeed merely an "overview" of the investigation, but even as an overview it hardly paints an accurate or complete picture.

The entire Investigative Overview is only 2½ pages long, but the actual "Summary of Findings" is only two paragraphs. This Investigative Overview fails to provide myriad information necessary for the decision makers to reasonably make a determination of discipline and remedial action.

Although sometimes expressed in different ways, the Association of Workplace Investigators ("AWI") has summarized the contents of the investigative report as may containing:

- a. A statement of the scope and the issues;
- b. An explanation of the investigation process;
- c. A discussion of the evidence relied upon by the investigator;
- d. An identification of the employer policies involved, if any;
- e. An identification of any evidentiary standard used; and,
- f. A statement of the investigator's findings and conclusions.

Reviewing those standards against what Ms. Kloosterman produced, the Overview is woefully deficient:

a. A statement of the scope and the issues: The Investigative Overview states the "Allegation" but not the scope or the issues. In fact, the Investigative Overview doesn't enumerate (even by reference) Ms. Barnes' detailed allegations. Someone reading this Investigative Overview would literally have no idea of the nature of Ms. Barnes' allegations other than she alleged "harassment, specifically name calling, belittling, inappropriate touching and comments."

The scope of possible allegations with that vague description is limitless.

- b. An explanation of the investigation process: The Investigative Overview provides absolutely no explanation of the investigation process. Ms. Kloosterman fails to disclose facts that would place the investigation into context for the decision makers, such as:
 - 1. the complainant and alleged harasser were interviewed (there is literally no indication that Ms. Kloosterman spoke with either the complainant or the harasser)
 - 2. the witnesses interviewed
 - 3. any sense of how long the investigator spent with the interviewees
 - 4. summary of Ms. Barnes' complaints
 - 5. summary of Mr. Turney's responses, including what he admitted and what he denied (in fact at his interview Mr. Turney admitted several allegations)
 - 6. summary of the other alleged harassers' responses, including what they admitted and what they denied
 - 7. summaries of statements of any witness
 - 8. an analysis of the statements pointing out support or discrepancies
 - 9. credibility determinations and an analysis supporting those determinations
 - 10. documents reviewed (documents reviewed are not attached to the Investigative Overview)
 - 11. whether or not any further information was necessary to complete the investigation
- c. A discussion of the evidence relied upon by the investigator: Not provided.
- d. An identification of the employer policies involved, if any: Not provided, except that Ms. Kloosterman references that Mr. Turney violated Shell's Code of Conduct, Section 3.3 Harassment. There is no reference to Shell's "zero tolerance" policy or any other policy at issue in this investigation including the Shell's Anti-Harassment Policy and Equal Employment Opportunity. Shell 1056-1057.

- e. An identification of any evidentiary standard used: Not provided. Ms. Kloosterman's floating phrase "evidence to support" in the "Summary of Findings" section with no further explanation is not at all helpful for the decision makers to determine a remedial or punitive course of action. The decision makers should be told whether Mr. Turney and the other alleged harassers admitted the allegations, or if they denied them but other witnesses were found credible and made statement to the contrary, or there documents that show these events occurred, etc.
- f. A statement of the investigator's findings and conclusions: Ms. Kloosterman provides a "Summary of Findings" but does not address all of Ms. Barnes' allegations, for example the following are not included which include allegations of inappropriate touching, pay differential and potentially sexually harassing conduct: 9
 - 1. "I have been shown a 'selfie' of my supervisor in his underwear by him."
 - 2. "I have been brought into situations with an employee that were not necessary because my supervisor thought it was funny that the other employee and myself did not like each other."
 - 3. "My supervisor has referred to my significant other as a nerd."
 - 4. "During a pulse survey meeting, when I spoke up about an opinion I had, I was told the meeting was not about me by my supervisor."
 - 5. "At a work charity golf tournament, I was asked more than once why I was not wearing shorts at this event and if my supervisor could cut my pants into shorts, as well as other supervisors joined in and took a picture of by backside (buttock) and saved on phone."
 - 6. "I was informed to 'bullshit' my superintendent on what my position competency [sic] by my supervisor."
 - 7. "My supervisor touches my arm and/or leg the majority of the time I have a meeting or talk to him one on one."
 - 8. "I was told I am only right if my supervisor allows me to be by my supervisor."

⁹ Some typographical errors have been corrected from the original document at Shell 526.

- 9. "I have addressed my supervisor about an issue I was having with a co-worker and was told that is the way it was going to be."
- 10. "This co-worker had lied to me saying that my supervisor was mad at me because I was falling behind on work. When I asked my supervisor what I needed to catch up on, he denied that he had said anything."
- 11. "My supervisor told me I was intended to be a pay grade 7 but was told by OM that I would be an 8 with no explanation." 10
- 12. "I expressed a concern to my supervisor a CPR trainer that instructed at our office that when I was performing CPR the instructor told me to 'pick my ass up' in front of male colleagues. My supervisor said 'well did you pick it up?' in a laughing manner."
- 13. "In my goals on HR online I entered I would attempt to visit the field every quarter for I am office based and want to gain knowledge of the field. When I asked permission to spend a day in the field with a female colleague, I was told by my supervisor I was only allowed to go for 4 hours. When I asked why and/or if he needed me for something that prevented me from spending an 8 hour day in the field, he responded with no, I just don't think you need to spend the whole day in the field."
- 14. "I have been called a bitch by numerous people in the office."
- 15. "I was told when I voiced some of my concerns that 'I need to stop playing the victim."
- 16. "I have been told by co-workers that maybe if they wore tight pants and batted their eyes they could get what they wanted, suggesting that this is what I do."
- 17. "I have been referred to as a 'window licker' which I believe was to insult my intelligence."

¹⁰ Ms. Kloosterman did not investigate Ms. Barnes' paygrade complaint (being a level 8 instead of moving up to a level 7) except to speak with HR Account Manager Michelle Priest. Kloosterman Dep. at 248. However, even that information was not included in the Investigative Overview.

- 18. "Superintendent had written me a note to tell me he thought I did a good job regarding certain projects and CC's my supervisor on the email. I was then taken aside by my supervisor and a door was closed so the superintendent could not hear supervisor talk down to the things the superintendent just gave me recognition for."
- 19. "I have been asked by my supervisor multiple times if I thought about him over the weekends."
- 20. "My supervisor has told me that he has thought of about me while showering."
- 21. "My supervisor encourages arguments among my team."
- 22. "I was told I was not smart enough by a supervisor to be able to do something."
- 23. "A co-worker had put his hands through my hair without permission."
- 24. "My supervisor mocks me when I have informed people I do not like to be touched."
- 25. "My supervisor has mocked me when I told him I do not come to work to hear that I am pretty when a co-worker referred to me as pretty. My supervisor kept saying it when I addressed him 'I don't come to work to hear I am pretty' he would say to me."
- 26. "I feel like I am bullied at work. On a daily basis I feel upset and frustrated. I have become very unhappy while at work. My motivation level has decreased and my communication is lacking. This is affecting my work and personality at work."

See Ms. Barnes' complaint at Shell 526. The decision makers have no idea that the six listed items are really six of at least *thirty-two* issues raised by Ms. Barnes. The report would give the indication that all Mr. Turney did, or all Ms. Barnes complained about, was what is included in the Summary of Findings.

The failure to draft an investigative report is fatal to the investigative process. Combined with the fact that the investigator did not provide details of the investigation to her supervisor/decision maker, it is clear Shell's internal investigatory protocols, at least in this working group, are entirely deficient and contrary to accepted workplace investigation standards.

F. Shell Failed To Meet Standard 6 – The Investigator Was Unfamiliar With The Application Of Company Policies And The Applicable Law

As previously stated above, Ms. Kloosterman exhibited a fundamental misunderstanding of the investigative process and what is or could be relevant to demonstrate a violation of the law, and her lack of knowledge about the "severe or pervasive" standard under Title VII and related statutes.

Also previously stated was Ms. Kloosterman's failure to recognize that *Shell's own policies* do not limit a determination of harassment, discrimination or retaliation to just those that "isolated incidents" or only those occurring in the physical space of the work buildings or during work hours. *See* Shell policies at Shell 1056-1057, and Shell Code of Conduct at Shell 588-631.

Shell has a "zero tolerance" policy for harassment and a parallel Code of Conduct. Shell 588-631, 1056-1057. Despite those policies and the fact that Ms. Kloosterman found that Mr. Turney and others committed various violations of the harassment policy and the Code of Conduct, she did not conclude the behavior constituted a hostile work environment for Ms. Barnes. Kloosterman Dep. at 326-327. Given the deficiencies of the investigation, Ms. Kloosterman could not have drawn that conclusion and Ms. Soudelier and other decision makers should not have relied on those conclusions. As stated throughout this Report, her investigation was fatally flawed, she was inexperienced and she exhibited a shallow understanding of the applicable law.

G. Shell Failed to Meet Standard 7 – The Company Failed To Investigate All Of Ms. Barnes' Complaints

The Shell Anti-Harassment Policy addresses workplace investigations in one sentence: "All matters will be promptly and confidentially investigated." Dep. Ex. 4, Shell 1056. The Shell Equal Employment Opportunity Policy reads the same. Dep. Ex. 4, Shell 1057.

Shell initiated an investigation in response to Ms. Barnes' complaints in November, 2016. After the investigation was completed in December, 2016, Ms. Barnes filed an EEOC Charge of Discrimination on April 25, 2017. Dep. Ex. 48, Shell 546. Ms. Soudelier could not recall whether any investigation was conducted after the Charge was filed but there is no indication otherwise that one had. Soudelier Dep. at 217-218.

At the time of Ms. Barnes' EEOC filing, Michelle Priest was an HR Account Manager Upstream Appalachia Asset who reported to Kelly Soudelier. Priest Dep. at 15-16. At her deposition Ms. Priest testified as follows about the extent to which there was an investigation into Ms. Barnes' new EEOC claims, i.e., claims in the EEOC Charge that were not previously investigated:

- 1. There was no investigation of the allegation that "Turney whispered in my ear during work meetings in front of my co-workers." Priest Dep. at 160.
- 2. There was no investigation of the allegation that "Foreman told me that I sound like his wife bossing me around." Priest Dep. at 172-173.
- 3. There was no investigation into the allegation "In or about May 2016, I complained of sexual harassment to Hondo Blakley (male), Process Improvement Lead. I asked Blakley for help and expressed that I was upset at the way that I have been treated by Turney and male coworkers because I am a female. In response to my complaint, Blakley told me that this was out of character for me and that I needed to make sure to control my emotions." Priest Dep. at 195-196.
- 4. There was no investigation into the allegation "After my complaint Blakley, Turney excluded me from work-related meetings. Turney became short-tempered with me and exercised increased control over me and my actions. He commented that he needs to watch what he says around me alluding to my complaint about him to Blakley." Priest Dep. at 198. Ms. Priest had no recollection if she spoke with Mr. Turney or if she did whether she spoke with anyone else other than Mr. Turney. Priest Dep. at 199-200, 202-203.
- 5. There was no investigation into the allegation "In or around October 16, Foreman asked me what I accomplished in 2016 'other than not dyeing (my) hair for a whole year." Priest Dep. at 217. Ms. Priest thought there may have been an investigation in the first eleven days of August, 2017 prior to the EEOC Position Statement being submitted but could not recall details or who might have conducted the investigation. Priest Dep. 221-222.
- 6. There was no investigation into the allegation "Turney and Blakley conducted the interviews and made the hiring decisions. During my interview, Turney and Blakley laughed when I told them that I wanted the position because I wanted to advance my career at Respondent. During the interview, Turney and Blakley emphasized reasons why they believed I would not do well in the position." Priest Dep. at 233. Mr. Priest did not recall any details of an investigation or who may have conducted it. Priest Dep. at 234.
- 7. There was no investigation into the allegation "After Green was promoted to the position, Turney told me that he was worried that I might have received the promotion because I had more time in the group than Green." Priest Dep. at 236.

8. There was no investigation into the allegation that "Greg Larsen (male), Operations Asset Manager, told me that I 'need to think about how [I] present [my]self in the office and what [I] talk about at work." Priest Dep. at 246.

Ms. Priest explained that the new EEOC claims were not investigated because they "were not materially different" than the allegations previously investigated in December, 2016. Priest Dep. at 176. Although Ms. Priest thought she recalled speaking with Mr. Turney regarding some of the new claims, there was clearly no proper investigation conducted. Ms. Barnes was not interviewed by the company and no written report was ever prepared.

Ms. Priest also said she "took a look" at the new claims in the EEOC Charge to determine "if a more thorough internal investigation needed to be conducted." She determined a further investigation was not necessary and that the company would leave it in the hands of the EEOC. Priest Dep. at 203. Given the fact that Ms. Priest herself was an inexperienced workplace investigator, ¹¹ she was in no way qualified to make that determination.

Ms. Barnes made additional complaints in October, 2017, and again in writing on January 29, 2018. Dep. Ex. 61, Shell 799. Michelle Priest responded to Ms. Barnes that she would notify Natalie Gawecki in the Human Resources department. Soudelier Dep. at 235. Ms. Soudelier could not recall whether any investigation was conducted after the Charge was filed but there is no indication otherwise that one had.

Ms. Barnes complained about her performance review in a March 3, 2017 email to Leslie Dunlop (Ethics & Compliance Manager). Dep. Ex. 58, Shell 729; Soudelier Dep at 169. On March 13, 2017, Ms. Barnes was informed that no retaliation had been found by the Company related to her additional complaints. Dep. Ex. 58, Shell 730.

On April 12, 2017, Ms. Barnes again complained to Ms. Soudelier in a telephone conversation and Ms. Soudelier took multiple pages of handwritten notes. Dep. Ex. 59, Shell 1049-1055. Soudelier did not ask follow up questions to Ms. Barnes' concerns. Soudelier Dep. at 202. Ms. Soudelier responded in June 19, 2017 email to Ms. Barnes that her paygrade was being increased and she would be receiving the associated pay benefits. Dep. Ex. 60, Shell 793. Ms. Barnes responded that she felt she had been criticized as a result of discrimination and retaliation for making complaints of sexual harassment. Dep. Ex. 60, Shell 792. There was no investigation into these complaints. Soudelier Dep. at 231, 233-234.

Page **35** of **36**

¹¹ Ms. Priest only received an initial training session at Shell on investigations when she first started with the company in February, 2007, and could not recall what it covered. Priest Dep. at 7, 23-24. When asked how many investigations she had conducted, she said it was "most likely" more than one, but doesn't remember more than five. She then said she thought there were two investigations that she was involved in, one being a previous investigation regarding Jesse Barnes. Priest Dep. at 24-25.

On January 29, 2018, Ms. Barnes notified Michelle Priest via email that she was being subjected to retaliation as a result of filing an EEOC Charge. Dep. Ex. 61, Shell 799. Ms. Priest responded the same day and said she would reach out to Ms. Barnes to discuss. Dep. Ex. 61, Shell 799.

On March 6, 2018, Ms. Barnes was informed that no discrimination or retaliation had been found by the Company related to her additional complaints.

Failing to investigate is a fundamental flaw of workplace investigation standards.

VIII. EXPERT QUALIFICATIONS, TESTIMONY AND COMPENSATION

A copy of my current curriculum vitae is attached to this report, which contains my qualifications and a list of my publications authored in the previous 10 years.

Among other matters in which I have been retained as an expert, I have testified and been qualified as an expert witness in workplace investigations by the Honorable William H. Yohn, Jr., U.S.S.J. in the federal court trial of *Dunn v. Mercedes-Benz of Fort Washington, Inc.*, Docket No. 10-cv-1662 (E.D. of Pa. 2012), April, 2012.

In the past four years, I have testified as an expert by deposition in the matter of *Debra Confer v. State of New Jersey and Craig Reiner*, Superior Court of NJ, Law Division, Mercer County, Docket No. MER-L-1727-15; and anticipate testifying as an expert by deposition shortly in *Gregory Sherrill v. Care Point Health Management Associates, LLC, Brian McDonough, Roberto Gonzalez and John Does 1-10*, Superior Court of New Jersey; Law Division: Hudson County, Docket No.: HUD-L-3217-17.

I am charging a fixed fee of \$8,500 for the study and preparation of this report. My fee for preparation for, and testimony at, a deposition, hearing or trial will be an hourly rate of \$450/hr unless otherwise agreed upon with you.

I reserve the right to amend or supplement any portion of this report, including my findings and opinions, if and when additional relevant information is discovered and provided to me.

Please let me know if you need any further information or an explanation of any portion of this report.

Q. (BY MS. GURMANKIN) And you talked to Kelly Soudelier, right?

A. Can you repeat your question?

Q. Sure. How was it that you were assigned to investigate Jesse Barnes's complaints?

MR. TUCKER: Objection; asked and answered.

You may answer again.

A. My boss assigned the claim to me.

Q. (BY MS. GURMANKIN) How did she assign it to you?

A. So the claim came in via our hotline. So there was a write-up, and my boss sent that to me and assigned me as the investigator.

Q. Did she speak to you first, or did she just send you the internal complaint?

A. I can't recall the specifics. I -- I am sure her as a boss gave me a heads-up that she wanted me to investigate it and then also sent me the claim.

Q. All right. You should have on your screen

- 6 A. Yes.
 - Q. How did you get assigned to investigate the complaint that Jesse Barnes had made?
- 9 A. From my bosses.
 - Q. And who was that at the time?
- 11 A. Kelly Soudelier.
 - Q. And when did you report to Kelly?
- A. I reported to Kelly in my unconventionals
- role. I don't remember when she replaced Erin
 Verdon.
- Q. She held the same title as Erin?
- A. Her title was HR manager.
 - Q. Did Kelly come talk to you about this

MR. TUCKER: When you say "this issue,"

what are you referring to?

MS. GURMANKIN: Jesse Barnes's

MR. TUCKER: When you asked her about

in front of you what's been marked as Exhibit 14,

which is Bates stamped Shell 523 through 529.

Is this the email that you received?

(Exhibit 14 was marked.)

A. From Kelly, yes. This would have been the

email that had the claim attached, I believe.

Q. (BY MS. GURMANKIN) And if you scroll

through, that's the complaint from Jesse, the internal complaint?

A. This is the internal complaint from Jesse.

Q. And Kelly sends this to you on November 29, 2016, and it's look like from the complaint that it was filed on November 15, 2016.

Do you see that on page 3?

A. I see a report initiated on November 15, 2016.

Q. Okay. Do you know why there was that delay between the complaint being filed and it being assigned to you to investigate?

MR. TUCKER: Objection to the use of the term "delayed." There has been no suggestion that is was delayed. That is counsel's characterization. So she is not going to answer the question with the word "delay."

 - Q. What do you recall about that?
 - A. I believe I had reviewed the claim with her and talked her -- talked to her about how I would
- approach the investigation.
 - Q. What did you talk to her about then?
- A. About whether or not I would complete it face to face or virtually, about who I would talk to
- and about the types of questions.
- Q. Any more specific that you recall?
- A. No, I don't recall the specific
- 22 conversation.
- Q. At this time you did not support the group

- Q. For what group?
- A. She -- as far as -- as best I can recall,
 - she was for the Appalachia asset.
 - Q. Was that the one that Jesse was a part of
- 5 at this time?
 - A. Yes.
- 7 Q. All right. So she sends you a bunch of
- 8 attachments. If you go to the second page, this is
- 9 an email from Will Turney. And you understood from
- reading Jesse's internal complaint by this time that
- she was making complaints about him?
- 12 A. Uh-huh.
 - Q. Right?
- 14 A. Yes.

GURMANKIN: I wasn't even finished 7 Do you see that? 7 with my question, but you can look at either one. 8 8 Q. (BY MS. GURMANKIN) But in any case, if you A. I see that. 9 9 Q. All right. So did you understand after you can look through the internal complaint and tell me 10 10 read this email that Turney was expressing he had what about her allegations makes 11 11 Turney's -- Michelle sending Turney's email to her performance concerns about Jesse? 12 12 about his conversation with Jesse about performance A. I understand from this email that he had --13 13 was having a conversation with her about performance concerns relevant to her allegations. 14 MR. TUCKER: So if you look at 14 concerns, but the intent of sending this email is 15 Document 5, which is Exhibit 15, this is what she 15 that the conversation did not go well. Q. And did you also understand from reading 16 sent you. 16 17 A. There are two comments in here that I can 17 this email that he had performance concerns about 18 see after quickly reviewing it. One around the 18 Jesse that he was expressing to Michelle Priest? 19 19 A. I understand he had some performance superintendent had written me a note to tell me he 20 thought I did a good job regarding --20 concerns, and he was having a discussion with her 21 Q. (BY MS. GURMANKIN) I'm sorry; where are 21 about it. 22 Q. And you thought this was relevant to your 22 23 A. In her list of complaints. 23 investigation, correct? 24 Q. Yeah, which page? You can look at the 24 MR. TUCKER: Objection.

Page 61

- Bates number on the bottom or the page number.
- 2 A. 350.

- Q. Okay. And where is that?
- A. About three-fourths of the way down, starts with "superintendent."
- Q. Okay. "Superintendent had written me a note to tell me he thought I did a good regarding certain projects and CC's my supervisor on the email. I was then taken aside by my supervisor and the door was closed so the superintendent could not hear supervisor talk down to the things the superintendent just gave me recognition for."

Is that the one?

- A. Yes.
- Q. And why did you think that that part was relevant -- or why did you think that you getting Turney's email to Michelle Priest about his meeting with Jesse about her performance concerns was relevant to this investigation?
- A. Because my interpretation of this claim is that there is some disagreements on her performance.
- Q. And how -- if there were disagreements about her performance, how would that be relevant to claims she's making of sexual harassment?

A. No.

- Q. You just -- you just read that and thought there is a disagreement about performance?
- A. There is something going on with performance.
- Q. Okay. Did you also consider that it might be an issue regarding miscommunication from a supervisor to a subordinate, or did you assume that there was an issue regarding performance when you read that?
- A. No, I did not assume that there was an issue with performance, that there may be a communication issue with her supervisor.
 - Q. You considered that, as well?
- A. Yes.
 - Q. All right. Anything else -- you were looking through the internal complaint. Anything else that led you to believe that Michelle Priest sending you Turney's email to her regarding his conversation with Jesse about performance concerns was relevant to her internal complaints?
- was relevant to her internal complaints?A. There is one more about half the way down.
 - Q. On that same page?
 - A. "I have addressed this to my supervisor."

Page 62

- A. I didn't believe that was the guestion.
- Q. That's my question now. If there were
- disagreements about her performance, would that be
- 4 relevant to claims she's making of sexual
- 5 harassment?
 - A. I don't believe that -- that a claim about sexual harassment was also related to her claims about work -- about performance.
 - Q. I'm sorry; I didn't understand your answer. Do you mind explaining that?
 - A. So her issue summary was that she had been dealing with harassment issues, specifically name calling, belittling, inappropriate touching and comments. And then in her examples she did that as an example of where I see it as regarding performance and how her supervisor was handling it.
 - Q. Okay. So am I correct that you saw that as separate from her claims of sexual harassment?
 - A. Yes. I did not view this as a sexual harassment claim, this specific example.
 - Q. Okay. Did you view it as a sex discrimination claim?
- A. This specific example?
- 24 Q. Yeah.

- Q. Okay. "I have addressed this to my supervisor about an issue I was having with a coworker and was told that is the way it was going to be. This coworker had lied to me saying that my supervisor was mad at me because I was falling behind on work. When I asked my supervisor what I needed to catch up on, he denied that he had said anything." That one?
 - A. Yes.
 - Q. And what about that made you think that Priest sending you Turney's email to her was relevant to Jesse's complaint?
 - A. I see the two as related because this is talking about falling behind on work, and between a coworker and a supervisor I'm not sure what was really communicating -- communicated, but I see that as related to having a conversation around work and performance.
- Q. Similar to your thoughts about the other --
- A. Yes.
- Q. -- allegation that we just looked at?
 - A. Yeah.
- Q. Anything else in the internal complaint

- 11 A. Not that I can recall.
- 12 Q. Or anyone at the company?
- A. Not that I can recall. I can't recall a conversation, no.
- Q. Or any other communication?
- 16 A. Right.
- Q. Did you believe it was relevant to Jesse's current complaints of sexual harassment, the fact that she previously made a complaint?
- A. I kept them separate and I wanted to evaluate her current claim.
- Q. But did you think it was relevant to her
 current claim, the fact that she had previously made
 a complaint?

about sexual harassment?

- A. I was only aware of personal friendships, and that did not impact or have any relevance to my investigation.
- Q. Right. I'm asking as an HR professional and as the investigator. If Jesse had relationships with other Shell employees, would that be relevant at all to her complaints of sexual harassment?

MR. TUCKER: Objection; it's a hypothetical.

- A. It depends on the situation, but I would not -- I would investigate the claims separately.
- Q. (BY MS. GURMANKIN) When might it have relevance to a complaint of sexual harassment, an employee having relationships with other Shell employees?

MR. TUCKER: Objection.

- A. I can't speak to that, as I have not had that experience.
- Q. (BY MS. GURMANKIN) You said it might be relevant. And as you sit here today, can you think of any circumstance in which an employee having relationships with other Shell employees would be relevant to her complaints of sexual harassment?

Page 70

- A. She didn't make -- no, because she didn't make complaints about Mr. Turney in this one.
 - Q. The fact that she had previously made a complaint, would that make it more or less likely that her complaints about Turney were -- had merit?
 - A. No.
 - Q. By the way, if Jesse had relationships with other Shell employees during the course of her employment, does that have any relevance to her complaints of harassment?

MR. TUCKER: Objection. She's not indicated any knowledge of your client's -- knew her sexual relations with other Shell employees. So I don't want you stating that as a fact to her. Just note that the witness has not indicated any knowledge of your client's sexual --

MS. GURMANKIN: You can make an objection to form.

MR. TUCKER: But you stated --

- A. Can you --
- Q. (BY MS. GURMANKIN) Sure. If Jesse had relationships with other Shell employees during her employment, does that have any relevance to her complaints that she's making in November of 2016

Page 72

MR. TUCKER: Objection.

- A. No.
 - Q. (BY MS. GURMANKIN) How did you determine which witnesses to interview?
 - A. When I interviewed Ms. Barnes, I asked her who may have been witnesses to the claims that she made. I also asked her who she recommended that I talk to. To the best of my recollection, I also discussed that with Mr. Turney, and then I also looked at who was on the team or who interacted with the team that may have also been witnesses.
 - Q. So did you have a list coming into your investigation about who you wanted to interview? Other than, I guess, Jesse and Will Turney.
 - A. I don't recall.
- Q. Had you spoken with Kelly or Michelle Priest or anyone at Shell about who they thought should be interviewed?
 - A. I don't recall.
 - Q. Prior to going into the investigation, did you know anything about Jesse Barnes other than the fact that Will Turney thought that she had some performance concerns, as he expressed in his email to Michelle Priest, and that she has previously made

Page 76

Page 73

- 1 a complaint of inappropriate conduct? Did you know 2 anything else about her before you started your
- 3 investigation?

4

12

15

- A. Before I started my investigation, to the
- 5 best of my knowledge, or as far as I can recall, I
- 6 received this email, which states that she had made
- 7 a claim before, and then the email from Will Turney
- 8 to Michelle Priest stating that he was having a 9 performance conversation that did not go well.
- 10 Q. Anything else that you knew about Jesse 11 before you started your investigation?
 - A. Not that I can recall.
- 13 Q. Anything that you knew about Turney before 14 you started your investigation, anything at all?
 - A. I don't believe so.
- 16 Q. And you never reviewed his personnel file, 17 correct, before you starting your investigation?
- 18 A. I don't recall.
- 19 Q. How about any time during the investigation
- 20 before you wrote up your report with your
- conclusions? Did you ever review Turney's personnel 21
- 22 file?

- 10 those can vary. It's not standard.
 - Q. Anything else that Shell keeps on its
- 12 employees other than performance reviews and job
- 13 histories?
- 14 A. Those are the main ones that I can recall.
- 15 Q. Employment applications, are they generally
- 16 in the files?
- 17 A. No.
- Q. Résumés? 18
- 19 A. It depends.
- 20 Q. On whether they have applied for positions

- 22 A. They are not kept in -- résumés are not
 - kept always in employment files. Some -- some
 - employees may have it because they have asked for it

- personnel file because I knew his job grade and IPF.
- 2 Q. Couldn't you have gotten that from asking
 - someone in the organization, and would you have to review his personnel file to get that?
 - A. I would want to look up in the system to validate it.
 - Q. His job grade?
 - A. Yes.
 - Q. Okay. But do you have a recollection of ever reviewing any part of his personnel file before
- 11 completing your investigation?
 - MR. TUCKER: Objection; asked and answered.
- 14 You may answer it again.
 - A. What do you mean by "personnel file"?
- Q. (BY MS. GURMANKIN) His file at Shell. His 16 17 performance reviews, anything connected with his 18 employment.
- Well, let me ask you this: Does Shell 19 20 keep personnel files on their employees, files 21 related to their employment?
- 22 A. We do. There are performance reviews that 23 are documented.
 - Q. Okay. Anything else that Shell keeps on

- to be uploaded.
- 2 Q. If an employee's been disciplined, that
 - would be part of the personnel file?
 - A. Not necessarily.
 - Q. Where would that be kept?
 - A. It would -- it may have been in the file,
- 7 or it would have been kept with the HR account
- 8 manager and the manager of the employee.
- 9 Q. Was there a policy that HR account managers 10 or HR business partners keep files on all of the
- 11 employees that they supported?
- 12 A. That's not a written policy.
- 13 Q. A practice?
- 14 A. Yes.
- 15 Q. Did Michelle Priest -- was Michelle Priest
 - HR business partner for Jesse's group at this time?
- 17 A. Yes.
 - Q. Did you ask her if she had any files on
- Will Turney? 19
 - A. At what point?
- 21 Q. At any point from the time that you got the
- 22 assignment to the time that you completed your 23
- investigation. 24
 - A. I don't recall specifically.

Q. So somewhere in your research it said that you should ask a question about how the harassment affected the complainant, has your job been affected in any way, to determine whether there was tangible

- employment actions to examine the impact?
- A. Yes.
 - Q. Did the research say why?
- 10 A. Not that I recall.
 - Q. And you don't have an understanding as to why that information should be asked as part of an investigation into a complaint of harassment?
 - A. Based on my education and background, I would think you're trying to understand if there has been employment action taken because of this harassment.
 - Q. Okay. And why would that be relevant?
 - A. That's relevant to understand if there's
- 20 been discrimination.
 - Q. How so?
- 22 A. If there's been an action taken because of 23 the harassment or gender of the employee.
 - Q. Do you remember what specifically -- what

- 13 A. I don't know what that means. I was using 14 this as a draft.
 - Q. (BY MS. GURMANKIN) But you wrote it?
- 16 A. I did not write the purpose statements that 17 are italicized.
- 18 Q. Who wrote that?
- 19 A. I got that from research that I did.
- 20 Q. On what?
- 21 A. On interview questions that you should ask.

 - I read that correctly?
 - A. Yes.
- Q. And what was your understanding as to what 16
- that means from your research? 17
 - A. The question or the purpose?
- 19 Q. Either one.
 - A. Let me read it one more time.
- 21 Q. Sure.
- 22 A. My understanding of this is to understand
- 23 if it happened before, if there were complaints made

- Q. And how would that be relevant?
 - A. Because an employer must take action if there's a complaint made.
 - Q. Right. And you had an understanding that if an employer did not take reasonable care to prevent or correct harassment, including sexual harassment, then they might be liable for that kind of conduct?
- A. My understanding is that employers must take action.
 - Q. Or they're liable for that type of conduct occurring in the workplace?
 - A. I don't exactly know what we mean by them being liable.
 - Q. They might be responsible for that type of conduct occurring in the workplace.
 - A. If they knew about it and didn't do anything, yes.

 - Q. (BY MS. GURMANKIN) Whether she welcomed the conduct that she was complaining about.
 - MR. TUCKER: Objection.
 - A. I did want to know whether or not the conduct was unwarranted or not, and if she told anyone.
 - Q. (BY MS. GURMANKIN) I'm sorry; you said "unwarranted." Did you mean "unwelcome"?
 - A. Unwelcome.
- Q. All right. No. 9, "Are you aware of the
 agency's antiharassment policy? How are you aware?
 Did you complain pursuant to that policy?"
 - Then on to page 2, "Purpose:

Page 82

- rejection of the alleged discriminatory conduct?
- Who did you tell, when, what did you tell the person? Purpose: Goes to issue of unwelcomeness."
 - What was your understanding from the research about what that meant?
- A. So again, this was a draft format, and I was really using it as a brainstorm. So I -- as I'm sharing with you what my understanding of this is, I don't recall -- I don't have good memory of what I was thinking at the time when I was reviewing this. So I'm just sharing what my knowledge of it is at this time.
- Q. Well, you did research at the time when you were putting together this draft, correct?
 - A. Yes.
- Q. Okay. And did you understand that if the employee welcomed the conduct, that that might take away from their claim that they were being sexually harassed?
- A. So my understanding of this No. 8 is that if they -- I would -- I would want to use this to understand if they made it known or, yeah, if it was unwarranted.
 - Q. Right. That if they -- and did you

- that result from violations of the statute."
- I read that correctly?
 - A. Yes.
- Q. Okay. And what were you trying to get at with No. 9?
 - A. My understanding of these questions is that a company is responsible to ensure that employees are aware of their antiharassment policy.
 - Q. And did you understand that if an employee doesn't take advantage of the employer's policies or the procedures they have in effect, that the company may not be responsible for conduct that occurs, like sexual harassment?
 - A. I didn't -- I don't necessarily know that that is a fact.
- Q. But you got that from the research that you did, based on the purpose that's written on No. 9?
- A. My understanding of this is just that an employee is responsible to have a policy in place and that employees are aware of it.
- Q. You said employees are responsible for having a policy in place --
- A. Employers.
 - Q. No. 10, did you complain about the

Page 85 Page 87 1 1 harassment --Q. Sure. Take your time. 2 MR. TUCKER: Excuse me a second. Take 2 A.  - A. That's not my understanding from this.
 - Q. You assumed that -- you assumed what from that paragraph that he -- that we just read that he was telling you?
 - MR. TUCKER: She didn't say that she assumed anything. She said that was not her understanding.

- Q. (BY MS. GURMANKIN) That you reached the conclusion that it wasn't about sex, right?

MS. GURMANKIN: Do you mind, Connie? (Requested portion was read.)

- A. I didn't gather that conclusion from this specifically. I gathered that Matt Empsen's observations is that with Jesse he sits beside her, can lean on her and is near her comfort zone, that that's his perception.
- Q. (BY MS. The getting too close to Jesse, the 11 subordinate, leaning on her, impeding her comfort 11 invading her personal space, the leaning on her that 12 12 zone, getting too close to her, that concerns you Matt's telling you about, that would be a violation 13 that there might be inappropriate conduct going on 13 of Shell's EEO and antiharassment policies, correct? 14 here? 14 A. Can I review the policies? 15 MR. TUCKER: Objection. 15 Q. Sure. I'll bring them up. 16 You may answer. 16 Do you need to see them in order to 17 A. You see that? 12 12 13 then you're writing Matt Empsen's statements to you. 13 A. Yes. 14 He says, "Yes. That is one of Will's things, and 14 Q. And then when you have done that, if you 15 he's one to share his. He thinks it's okay to ask 15 scroll forward two pages, there is the EEO policy. 16 about relationship status. I didn't necessarily find that claim 17 done that with people on his team." 17 violated the -- Shell's EO -- EEO or harassment 18 I read that correctly? 18 policy, but I found it to be inappropriate 19 A. Yes. 19 supervisor behavior. 20 Q. Did you ask him if Turney only did it with Q. And why did you conclude that it didn't 20 females, or whether he did it with males and females 21 21 violate the company's policy? 22 on his team? 22 A. Can you pull up the --23 A. I don't recall. I don't believe I asked 23 Q. Yeah. The Code of Conduct or the 24 that specifically. 24 antiharassment?

Page 113

A. Antiharassment, please.

I did not find that rise to the level under Shell's antiharassment policy that it was sexual harassment, a request for a date, favor or other verbal or physical conduct of a sexual nature. I didn't view it at that level, that it was a sexual nature.

Mr. Turney in his investigation mentioned that that is something that he does kind of to relate to people. He will touch someone's shoulder or arm. And he said he may have accidentally touched her leg if scooting up closer.

- Q. Do you have Matt Empsen telling you that he's seen Turney only treat Jesse this way, getting too close, leaning on her, impeding her comfort zone and invading her personal space and not doing it to other males, only noticing it with her, right? That's what Empsen is telling you?
 - A. That's what Empsen said.
- Q. Okay. And do you agree that the conduct that Empsen is describing to you would constitute physical behavior of a sexual nature of Turney towards Jesse?
 - A. I had to look at everything in totality and

physical behavior of a sexual nature.

MR. TUCKER: She's answered that. She

had --

MS. GURMANKIN: No.

MR. TUCKER -- to look at it in the context of totality of circumstances.

MS. GURMANKIN: I'm not asking about totality of circumstances.

Q. (BY MS. GURMANKIN) I'm asking why didn't you conclude -- you testified you concluded that that conduct did not violate the company's policy. And I'm asking why did you conclude that that conduct was not physical behavior of a sexual nature?

MR. TUCKER: Objection; asked and answered several times.

You may answer it again.

A. My view and what I took away was that this was inappropriate behavior and should not be done by a supervisor. But I did not view that it rose to the level or didn't have information to validate that this was of a sexual nature.

Q. (BY MS. GURMANKIN) If you concluded it was inappropriate behavior that should not have been

Page 114

validate against everyone's observations, but I don't necessarily think what Empsen saw validates that it is of a sexual nature.

Q. If he is saying that Turney is only doing this to Jesse, why not?

A. I had to look at everything in totality to validate this, and that is just his observation of -- that it is just toward Jesse. It doesn't necessarily validate that it's not for others.

Q. Right. But I'm just asking about Empsen's allegations about Turney getting too close to Jesse, leaning on her, invading her personal space and only doing it with her, not the male members of his team.

Why, in your opinion, did that not constitute physical behavior of a sexual nature?

MR. TUCKER: She's answered three times --

MS. GURMANKIN: No. not that one.

MR. TUCKER: She said she looked at -- had to look at totality of circumstances.

MS. GURMANKIN: I'm not asking about totality. I'm asking about that conduct specifically.

Why didn't you conclude that that was

Page 116

done by a supervisor, how did you conclude that that did not violate the company's policies?

A. I concluded that it did not violate the antiharassment policy here, but it was inappropriate.

Q. Right. I'm asking how did you conclude that it was inappropriate and should not have been done by a supervisor but that it didn't violate the company's policies?

A. I could not validate that it was of a sexual nature.

Q. Well, if he's only doing it to the woman, then wouldn't that indicate that it is being done in a sexual nature?

A. I had to look at everything in totality, and that was Mr. Empsen's observation.

Q. Of course. You are interviewing him. But my question is, if Empsen's telling you that Turney's only doing this to the woman and not the men, wouldn't that indicate that it's behavior of a sexual nature?

A. That may indicate that, but I did have to look at everything in totality, and that was his view.

- 1 Q. Well, did you ever conclude that Empsen was
- 2 lying to you?
 - A. No.

- with what Empsen was telling you led you to conclude that, while this was inappropriate behavior that 12 shouldn't have been done by a supervisor, it didn't
- 13 violate company policy? 14
 - A. Mr. Turney admitted that he has done this in a friendly way and that he does it with others, as well. I can't recall specifically if this was validated by others. I would have to look through those notes.
 - Q. Well, Turney has reason to lie here; Empsen doesn't, right?
 - A. I didn't conclude that Mr. Turney had reason to lie.
- Q. Well, Turney's being accused of sexual 23 24 harassment; Empsen is not, right?

 - A. It violates Shell's Code of Conduct.
 - Q. All right. So based on what Empsen is telling you, Turney's conducted violated the company's Code of Conduct, right?
 - A. My findings were that Mr. Turney's behavior did violate Shell's Code of Conduct.
 - Q. But I'm asking you specifically about the allegations that Empsen is making about Turney touching Jesse, getting too close to her, invading her personal space in a way he doesn't with the male employees, only with her.

Did that violate the company's Code of Conduct?

A. I can't specifically just take one person's observation and say that that -- it was for sure a violation. I have to look at everything in totality

Page 118

- A. That's true.
- Q. All right. So Turney has reason to lie;
- 3 Empsen doesn't?
 - MR. TUCKER: Objection; she's answered the best she can. He didn't believe he had a reason to lie.
 - Q. (BY MS. GURMANKIN) Right?
- 8 A. I did not conclude that Mr. Turney was 9 untruthful.
- 10 Q. That wasn't my question.
- 11 Turney has reason to lie; Empsen 12 doesn't, right?
- 13 MR. TUCKER: Objection; asked and 14 answered.

- 19 MR. TUCKER: Objection; asked and 20 answered three times now.

Did 3 you conclude that based on what Empsen is telling 4 you about Turney touching Jesse and getting too 5 close to her in a way he didn't with the male 6 employees, which you say was inappropriate behavior 7 that should not have been done by a supervisor, did
 - that conduct violate the company's Code of Conduct? A. I did not make that conclusion based on one interview.
- 11 Q. So a supervisor engaging in inappropriate 12 behavior that should not have been done by getting 13 too close to a female employee, leaning on her, 14 impeding her comfort zone, invading her personal 15 space does not violate the company's policy? Is 16 that what you are saying?
 - A. That is not what I'm saying.
 - Q. Does it violate the company's policy?
- 19 A. Yes.
- 20 Q. You agree that a reasonable woman would be 21 offended by that type of conduct, a male supervisor 22 getting too close to her, invading her personal
- 23 space, leaning on her in a way that he doesn't with

- Q. Yes. There you go. It's on the last part of page 2.
- A. And your question was?
- Q. What Empsen is telling you about Turney telling Jesse, repeatedly asking if she missed him in a way he's not heard him say to male coworkers,
- does that violate the company's policy?
- A. I don't believe so.
- Q. Why not?
- A. Making a comment or a joke around "miss me"
- on a number of occasions doesn't necessarily violate
- the company's policies.

Q. But Empsen is telling you something particular, and you are saying now that you would need more information to validate that. So why didn't you ask Empsen for more information when you had him in the conference room?

A. I didn't mean that I need more information from Empsen, but I would have to look at the totality of my investigation and my conversations with Ms. Barnes, Mr. Turney and other individuals who may or may not have witnessed this to come to that conclusion.

Q. Next page on Exhibit 20, page 3. "My supervisor has told me that he has thought about me while showering," and then Empsen says, according to your notes -- did he say "not applicable," or is that you writing that?

A. As far as I can recall, that was me writing them.

Q. And why did you write that?

A. As far as I can recall, he did not hear him say that comment.

Q. Right. But he did tell you, according to your notes, that "I could see him saying something

Page 122

- Q. It could, though?
- A. Again, I had have to look at the totality, but this specifically what we are looking at doesn't necessarily violate them.
 - Q. Well, if you are saying it doesn't necessarily, it could; is that right?
 - A. What we're looking at right now, no.
 - Q. Okay. So that what Empsen is telling you does not violate the company's policy, even though he's telling you that Turney only does that to the woman, not to the men.

Is that what you are saying?

- A. This is not enough information to validate that it's violating a company policy.
 - Q. So did you ask for more information?
- 16 A. I don't recall.
 - Q. If you had it, it would have been included in here?
- 19 A. I believe so.
- Q. Why wouldn't you have asked for more information?
- A. I was discussing this with a number of individuals to get their observations, as well. So
 - I didn't feel like I needed to ask for more

- like that," right?
- 2 A. Correct.
 - Q. Did you ask him why?
 - A. Not that I recall.
 - Q. Might be related to Empsen saying that he's heard Turney making inappropriate comments to all women in the office, that you wrote down on page 2?
 - A. I can't make that connection or make that call myself.
 - Q. Because you didn't ask him about that, right?
 - A. Right.
 - Q. On page 3 under No. 3, "Her coworkers on that team treat her disrespectfully. They see how he treats her, so they see that it's okay. Dan Krise, Ken Foreman would be others that treat her
- that way. They feed off of Will. They think it's
- okay and it's funny and Will can do it. They poke

- setting the example. For Will it seems like a power

- 8 that there are often friendly touches or being in 9
 - each other's space. So it could have happened, but
- 10 he is not saying an example that he can recall.

 - A. Well, I did as a part of my investigation ask general questions around any observations that they had had between the two of them.

- Q. If Turney made those comments, that would be a violation of the company's policies, correct?
 - A. Those are inappropriate comments.
 - Q. Would they be violation of the company's policy?
 - A. That could be a violation of the Code of Conduct.
 - Q. Under the second paragraph under No. 4, this is, according to your notes, what he says to you. "Just the atmosphere itself, I would believe it would be" -- I'll go back to the beginning.

You're asking him about a golf outing over the summer. How was the dynamic between the them at this event. Asking why not wearing shorts, cutting shorts, taking pictures of her backside.

These are Jesse's claims, right?

- A. Uh-huh.
- 19 Q. Yes?
- 20 A. Yes.
- Q. And he says, "I don't recall but that's
- very possible, very vaguely don't recall that. I
- 23 know she had a friend of hers that was flirtatious.
- $\,$ 24 $\,$ $\,$ She ran the booth at Hole 1. They served food and

and Will was near. Do you recall the specific situation?

 a. Did Will tell you to tell her she was pretty and she would do it?" Answer, "yes."

Is that a violation of company policy, for Turney to tell Fletcher -- in front of Jesse -to tell her she's pretty?

A. Yes.

Q. "B, do you recall her response? No, I don't think she said anything, rolled her eyes and gave you the look. I do recall her saying, 'I don't come to work to be told I am pretty.'"

That would indicate that Jesse found that comment to be unwelcome, right?

A. Yes.

Q. Under No. 6, "Is there anything you'd like to -- anything else you would like to share related to the items we discussed today that hasn't been asked yet?"

He says, "I have never had any concerns with her. I've been to both their houses. They are both considered friends. I don't want to lose the trust between either of them."

And then is this you asking him were

- 8 make comments to other women and they may not take
- it as serious. For example, compared to what anoperator says versus her boss.

Did you ask Fletcher what he was referring to when he said "I have heard guys make comments to other women"?

- A. I can't recall that.
- Q. If you did, it would be included in your notes?
- 17 A. What his response was?
 - Q. That you asked the question and that he
- 19 gave a response?
- A. That I asked the question it might not necessarily be included in here. But he if had a response, there would be some notes.
- Q. No. 5, "I understand you had asked Jesse to do some work for you (outside of her normal duties)

- A. As far as I can see, I believe so, yes.
- Q. Okay. Did you follow up and ask him what things?
- A. I can't recall.
- Q. Why didn't you ask Fletcher about any of the other allegations?
 - A. I can't recall that off the top of my head.
- Q. Were you under some sort of timeline? And did anyone tell you that you had to get this done in a certain period of time?
 - A. There is a due date on the response, but I don't recall what that date is off the top of my head.
 - Q. On which response?
- A. On the -- I don't remember which document was it, but on the one that outlined the claim,
- there is a due date.
 - Q. The internal complaint?

Q. And second paragraph -- I'm sorry; in his

- 15 Q. Did you raise that issue with Greg Larsen 16 or Steve Craig, that you have an employee in the 17 group who's saying it's a tough work environment for 18 women? 19
 - A. I don't recall if I specifically shared that, but one of my recommendations was that there is this type of training for all employees at the site.
- 23 Q. What type of training?
- 24 A. Code of Conduct, how we treat each other.

with other people at the company, that you have an

 - A. I can't -- I don't believe I have anything in writing, as far as I can recall.
 - Q. Did you share any of your interview notes with anyone at the company?
 - A. I can't recall. I -- my supervisor may have had them, but I don't know. I don't remember if for sure.
- 16 Q. In one of your jobs as an HR business 17 partner, account manager is to make sure that this 18 isn't happening, that it's not a tough work 19 environment for women, right?
- 20 A. That's correct.
 - Q. And what did you do to address this?
- 22 A. One of my recommendations was to have a

- 3 Q. But employees were already required to go 4 through that type of training on an annual basis, 5 weren't they?
 - A. An online training. But my recommendation was an in-person, face-to-face training.
 - Q. Well, if you -- even with the annual online training that includes the Code of Conduct, if you have an employee saying to you -- you think is truthful saying, "I think it's a tough work environment for women," would that mean that the training that has been offered up until then hasn't been effective?
 - A. I can't gather that conclusion from someone saying it may be a tough work environment for women, that that means the training has not been effective.
 - Q. Well, that could be a possibility, couldn't it?
 - A. It is a possibility.
- 21 Q. Could also be a possibility that the policies aren't effective if you have an employee 22
- 23 saying to you, "I think it's a tough work

Do you have that view even after everything 11 that was admitted in connection with your 11 12 investigation about Jesse's allegations? You still 13 13 share the view that the policies were effective?

- 12 Q. That didn't cross your mind?
 - A. That was not the conclusion that I made
- 14 from this comment.
 - Q. Did you consider that?
- A. No. 16
- 17 Q. Why?
- 18 A. I -- as I was looking at everything in
- 19 totality, as far as I can recall, this was the only
- 20 time that this was brought up. It was not raised by
- 21 Ms. Barnes or anyone else on the team as an issue.
- 22 And -- yeah, that's what I would...
 - Q. Did you ask anyone else that you

As far as I can recall, this was a comment 20 "Pretty positive. There was misunderstandings around that Ms. Barnes makes good money for a woman. 21 between the two of them. We are all a team and 21 22 Q. That Turney said that to her? 22 supposed to be equals. Some things can't be treated 23 the same in some ways." I'll stop there for a sec. 2.3 Q. And Turney's admitted saying that to her? 24 What did you understand that to mean? 2.4 Page 178 Page 180 1 A. Yes. 1 A. I don't recall off the top of my head. 2 Q. And that was a violation of company policy? 2 Q. That would suggest that women can't be 3 3 treated the same way as males in some ways, correct? 4 Q. Third -- the last line on the first page, 4 A. I can't draw that conclusion just based on 5 5 "He thinks he is a ladies' man. Him and Robin those two sentences. 6 Grouette would flirt. (That is my perception.)" 6 Q. As you sit here today, can you think of 7 Did you know who Robin Grouette was? 7 anything else that that refers to? 8 A. I knew of her, that she used to be a leader 8 A. Can I read the full paragraph? 9 there. 9 Q. Sure. 10 Q. Female? 10 A. Okay. Can you repeat your question, 11 A. Yes. 11 please? Q. Did you ask Penny about her perception that 12 12 Q. Yeah. Is there anything else that that 13 Turney thinks he's a ladies' man? 13 would refer to other than the fact that women can't 14 A. Not that I can recall. 14 be treated the same way as guys in some ways? 15 Q. Did you know what position Robin Grouette 15 A. I see that he is referring to saying the 16 was in at this time? same things to her as he might to a guy because she 16 17 A. I believe that I had, but I can't recall 17 may get offended. 18 now off the top of my head what position that was. Q. That's his next sentence, right? 18 19 Q. But you looked into it at the time, or you 19 A. Uh-huh. 20 knew it at the time? Q. Yes? 20 21 A. I believe that I did. 21 A. Yes. 22 Q. Did you ask anyone else that you Q. So can you think of anything else that that 22 23 interviewed in connection with this investigation 23 would refer to when he says, "We are all a team and 24 whether they saw Turney flirt with any female 24 supposed to be equals. Some things can't be treated

the same in some ways," other than the fact that you can't treat women the same as guys in some ways?

A. I take it as not necessarily treating but things that you might say to a male peer or colleague versus a female because she may take offense to it.

- Q. You have to say things differently to women than you do to men?
 - A. That's how I take what he's saying.
- Q. After he says, "I don't say the same things to her as I would to a guy," he goes on to say, "She gets offended if treated differently and if saying the same things as you would to a guy." I'll stop there for a sec.

So Jesse getting offended if treated differently, that would -- well, strike that.

If she were treated differently because of her sex, that would be a violation on the company's EEO policies, correct?

- A. I think it depends on the situation.
- Q. Would there be any situation that you can think of in which a woman were treated differently than a guy that it wouldn't violate the company's
- 24 EEO policies?

Q. So a female colleague not being talked to in the same way as a male colleague would violate the company's policies?

MR. TUCKER: Objection.

- A. The comments that they are making, if it would offend someone so you are not going to say it to them, then they shouldn't be said at all. So if they are being said and they are offensive, then that would be a violation of the company's policies.
- Q. Okay. So then did you say to him because he might be saving things in the workplace or others in the group might be saying things in the workplace that would violate the policy if they can't say them to Jesse, a female, did you ask him what were those comments that he's referring to so you could address them?
- A. I did, I believe. As far as I can recall, I did.

Page 182

- 1 A. I believe -- as far as I can recall, what I 2 believe that he is saying in here is that he would
 - say things differently or he would say things
- 4 differently to male colleague or a female colleague
- 5 because a female colleague may get offended. So 6 that is how he's saying he may treat differently.
- 7 So I think by not saying that may offend someone,
- 8
- that would not be a violation of the policy.
 - Q. No. No. If women are treated differently, if Jesse were treated differently based on her sex, that would be a violation of the company's EEO policy, right?
 - A. It depends on how you're treating someone differently.
 - Q. So you're saying that if male colleagues speak differently to other male colleagues than they do to female colleagues, that that would not violate the EEO policy? Is that what you are saying?
 - A. It depends on what they are saying. I think in this situation what he's saying is that he may not say something to a female colleague because it would offend them. And I think that would not violate the policy because that is trying to respect
- 24 what someone might be offended by.

Page 184

Did you ask if he had any other examples. Or that was the only one?

- A. I can't recall.

Did you ask him what she had talked to him about?

 - Q. "She has told me things that have been said that I would say is borderline offensive, but I don't think it's something that's meant to be offensive."

 - Q. No. 6, "Is there anything else you'd like to share related to the items we discussed today that hasn't been asked yet?"

He says, according to you, your notes, "In working with both of them, it was always assumed as harmless banter. She dealt as much as she received. In some situations she started it but seemed joking banter back and forth. He has done that stuff or still does, trying to keep the stress low. People are frustrated, our SPS is low, trying to find ways to keep morale up. He tried to make people laugh, joke, et cetera. At the time you go back and forth." I'll stop there for a sec.

- Q. And that could cause a reasonable woman to be offended? A. Yes.
- Q. Two bullet points down, "I was told in my mid-year review that I make good money for a woman and should not be upset with my pay grade by my supervisor."

That would be a violation of company policy, correct?

- 10 A. That comment is a violation of company 11 policy, yes.
- Q. And that would cause a reasonable woman to 12 13 be offended?
- A. Yeah. 14
- 15 Q. Two bullet points down, "I was told I work well with male employees because I am a woman by my 16 17 supervisor."

That would be a violation of company policy, right?

- A. Yes. 20
- 21 Q. And that could cause a reasonable woman to

 - A. Yes.
 - Q. Next page. First bullet point on that

page, "I was told I'm a hot blond by my supervisor."
 That would be a violation of company

A. Yes.

Q. And that could cause a reasonable woman to be offended?

A. Yes.

Q. Next one, "I'm continually asked about my personal life by my supervisor. Will asks me what do I do when I get home. Do you start drinking wine? Do I cook? He asks me bizarre questions when people are around. It is really uncomfortable. He asks me about my boyfriend, what does he do, what does he do, does he make good money. He has met him once. I brought him to the holiday party, and ever since he met him, there have been a lot of questions about him.

"My boyfriend had to get back surgery. They called me and told me they were going to bring him into surgery. I asked Will if I could take the rest of the day off, and when I came back from work, he asked how it went. Then he continually asked about him. It's been four or five months, and he still asks about it."

MS. GURMANKIN: No, she's not.

MR. TUCKER: Not to your satisfaction.

Q. (BY MS. GURMANKIN) Do you think it was inappropriate?

MR. TUCKER: She has answered your question that she thought it was poor leadership.

MS. GURMANKIN: I didn't ask if it was poor leadership behavior.

Q. (BY MS. GURMANKIN) Did you think it was inappropriate?

A. I think that it would be inappropriate if it was unwelcome.

Q. Based on how Jesse's relaying it to you, did you believe that that conduct was welcome or unwelcome?

A. Unwelcome.

Q. Last bullet point on that page. "At a work charity golf tournament, I was asked more than once why I was not wearing shorts at this event and if my supervisor could cut my pants into shorts, as well as other supervisors joined in and took a picture of my backside (buttock) and saved on phone.

Page 214

Would that be -- would Turney's questions as Jesse is portraying them to you, according to your notes, would that be a violation of company policy?

- A. Not necessarily.
- Q. Could be?
 - A. I think it depends on the circumstances.
 - Q. Well, based on what she's telling you here, is that a violation of company policy?
 - A. I don't necessarily think so. I think it's poor leadership behavior, but I don't think it violates company policy.
 - Q. Do you think it's inappropriate?
 - A. I think it's poor leadership behavior.
 - Q. Does that mean it's inappropriate?MR. TUCKER: Objection; asked and

"Will asked multiple times why I am not wearing shorts. I said, 'I can't wear shorts around you guys.' He repeatedly asked me. I organized the tent for the golf tournament. In the morning he asked multiple times, 'Maybe we can cut those shorts.'"

Violation of company policy as she's describing there?

- A. Yes, that's inappropriate.
- Q. And a violation of company policy?
- A. It depends on the circumstances.
- Q. As she's related it to you there?
 - A. Yes.
 - Q. Would make a reasonable woman feel offended?
 - A. Yes, it could.
 - Q. All right. Continued onto the next page, next 5. "Hondo hasn't done anything other than this, but he took a picture of my backside. He asked how much I thought he could get for the picture, and I said, 'I would delete that if I were you."

 - MR. TUCKER: Excuse me, Counsel. Objection; asked and answered several times.
 - Q. (BY MS. GURMANKIN) Why can't you take her word for it?
 - A. With all of her claims, I was trying to validate either by the individual she was claiming did the action or by someone else who had witnessed it to corroborate what happened.
 - Q. Were you told by someone that you couldn't just accept Jesse's word that something happened if vou believed her?
 - A. No, but with all investigations that I have completed, we have always validated with another person.
 - Q. So in order to believe an allegation of harassment, there needs to be either, I guess, some sort of documentary evidence or another witness confirming that it happened in order for the complainant to be believed?
- 22 A. There needs to be some type of evidence or 23 a witness.
 - Q. So by evidence, it would be like a picture

A. I was not able to validate that that

- 3 Q. But my question is that Shell's practice is 4 that if an employee making a complaint of harassment 5 doesn't have documentary evidence that it happened 6 or a witness to corroborate it, then the conclusion
 - is that it didn't happen?
 - A. I can't speak on behalf of Shell. I was just stating that from my training and from the investigations that I have completed, we have looked to validate the claim.
- Q. And your training came from Shell, right? 12
 - A. From other employees at Shell.
 - Q. Right. And your investigations were
- 15 conducted at Shell?

- Q. Why?
- A. In order to confirm that it happened.
 - Q. And you agree there are certain times that when an employee is being sexually harassed that stuff is going to happen that's deliberately not in view of other people who would witness it, right?
- 9 A. That could be.
 - Q. And you agree that harassers are going to generally try to avoid to put themselves in situations where their conduct can be recorded in some fashion, right?
 - A. That could be, yes.
 - Q. So there is going to be a lot of situations in these situations where there is not going to be documentary evidence and there is not going to be witness corroboration, right?
 - A. That could be.

MR. TUCKER: Excuse me --

You may answer again for the fourth time.

- A. I don't necessarily think that that would always be a violation of company policy.
- Q. (BY MS. GURMANKIN) When would that specific allegation, that my supervisor has told me he's thought about me while showering, when would that not violate company policy?

MR. TUCKER: Objection.

You can answer it for the fifth time now.

A. It depends on what he said he was thinking about, if it was just about you or if it was about you and something else. It just depends on exactly what he said.

Q. (BY MS. GURMANKIN) I'm asking specifically about her allegation as you wrote, "My supervisor has told that me he's thought about me while showering." That's it.

Are there any circumstances that you can think of as you sit here today that that allegation -- I'm sorry; that comment made by a male supervisor to his female subordinate would not violate company policy?

- an HR professional doing this investigation, a male supervisor telling his female subordinate that he's thinking about her while showering, on its own does not -- is not of a sexual nature?
 - A. Not necessarily.

- Q. Is it possible it is?
- A. It could be. That's why I think it depends on the nature of what he -- what continued on in that conversation.
 - Q. You think it's inappropriate for a male supervisor to tell his female subordinate that he's thinking about her while he's showering?
- A. I think it's poor leadership behavior, poor judgment to make an offhand comment like that.
 - Q. If he had not said the part about "buying your vehicle" and just said "I thought about you in the shower this morning," would that be a violation of company policy?

MR. TUCKER: Objection; hypothetical.

- Q. (BY MS. GURMANKIN) You can answer. THE WITNESS: Do I have to answer it? MR. TUCKER: You can answer.

MR. TUCKER: Objection.

You can answer again, if you like.

A. He says, I thought about you in the shower this morning and he said he was thinking about you and how you're buying your vehicle." I think it's a little bit offhand to say "I was in the shower." You didn't have to say that. But I don't think it's necessarily on its own a violation.

- Q. (BY MS. GURMANKIN) All right. You do not think her -- his comment as he's telling -- as she's relating it to you does not violate company policy?
- A. Right.
- Q. Okay. But there are times where you think that a male supervisor telling his female subordinate that he's thinking about her while showering would violate company policy?
- A. It's depends on the nature of what's saying he was thinking about then.
 - Q. When would it violate company policy?

 MR. TUCKER: Objection.
- A. If he was saying maybe something of a sexual nature or something that's very inappropriate.
 - Q. (BY MS. GURMANKIN) But in your opinion as

 $$\operatorname{\mathtt{Page}}$ 244$$ isolation I don't know that that would be a

2 violation of company policy.

Q. (BY MS. GURMANKIN) Is there anything in the policies that states that if a comment is made as an offhand comment or isolation, that that may determine whether or not it violates company policy?

A. Can I look at the policies again?

Q. Sure.

A. There is nothing in here that specifically states, yeah, an offhand comment or in isolation.

But I had to look at everything in totality. I wasn't just looking at this one comment.

Q. What does that mean?

A. We are asking about just this one -- this one particular comment. He didn't just say the comment "I thought about you while I was in the shower this morning." He said that he was thinking about her buying her car. So it wasn't just that a one comment.

- Q. Do you think a reasonable woman could be offended by her male supervisor telling her that he's thinking about her in the shower?
- A. It could be.
 - Q. And if a supervisor -- male supervisor came

- Q. Do you know if Michelle Priest got a copy?

 - Q. You didn't send it to her?
 - A. I don't remember.

- Q. (BY MS. GURMANKIN) All right. I'm showing
 you what's been marked as Exhibit 32, Shell 1167

 - Is this the report that you drafted?
- 11 A. Yes.

10

- Q. Did you have help in drafting it?
- A. I -- I would have had help from my
- 14 supervisor, Kelly.
- Q. Did you have help from Kelly?
- A. As far as I can recall, yes.
- Q. What did she do to help?
- A. Reviewed it and provided comments.
- 19 Q. After you drafted?
- 20 A. Yes.
- Q. Did you make changes based on comments she
- 22 made?
- A. I don't remember.
- Q. So there should be an initial draft that

- respect at all times' and 'You must not make
- 2 inappropriate jokes or comments."
- 3 And then you cite three instances:
- 4 "Will told Jesse that she makes good money for a
- woman and should not be upset with her pay grade;
- 6 Will told Jesse that she works well with male
- 7 employees because she is a woman, and Will referred
 - to Jesse as a 'hot blond' in a joking manner."
 - Why didn't you include in there that Turney showed Jesse a selfie of himself in his
- 11 underwear?

- A. As far as I can recall, because that

 - and it was -- I concluded that was just after-work

 - Q. So you left it out because it happened in
- 2014, it was an isolated incident and because you
- concluded it was after-work banter between a bunch
- 19 of employees?
- A. Between a number of employees outside of
- 21 work.
- Q. Why did you leave it out because it
 - happened in 2014? What about the timing led you to
 - conclude that you should leave it out of this

Page 274

- 3 A. As far as I can recall.

- Those are the dates where you interviewed the

- A. They are but now I also understand I
- 15 interviewed Mark Cooper.
 - Q. On 12/14?
- 17 A. Yes.
- Q. Did you just forget about that when you
- were writing this?
 - A. It was an oversight.
- Q. Okay. Under "Summary of Findings," you
- wrote "Evidence to support Will Turney's behavior

- A. It was an isolated incident two years
- before the rest of these examples and claims weremade.
 - Q. And what about that led you to conclude
- 6 that you should leave it out of the report?
 - A. So it wasn't just that. It was also that it was after-work banter with a number of employees
- 9 outside of work, just the one incident.
- Q. So a supervisor showing a female subordinate a selfie of himself in his underwear is
- just after-work banter?
 - A. There was other -- another photo shared by someone else. It was after work.
 - Q. It at a conference, wasn't it?
 - A. I believe it was after the conference, is my understanding.
 - Q. But you testified it was a violation of policy, right?
 - A. It could be.
- Q. How would it not be?
- A. I was looking at everything in totality.

- were a violation of Section 3.3 of the Code of

- 1 Conduct. I didn't include that specific allegation
- 2 in this example because it happened in 2014. And it
- 3 was an isolated incident then. It was not reported
- at that time, and it was after-work banter between a 4 5 number of employees outside of work.
 - Q. Let's go back to my question. You testified earlier that that was a violation of company policy.
 - Is that still your testimony?
 - A. It could be but I have to look at
 - everything in totality of everything that happened.
- 12 Q. As you sit here today, are there any
- 13 circumstances in which a male supervisor showing a
- 14 female subordinate a selfie of himself in his
- 15 underwear would not be a violation of company policy? 16
- 17

6

7

8

9

10

11

- A. I would say it's a violation of company 18 policy if it would have been reported at that time.
- 19
- We would have taken action that as a violation of
- 20 the conduct but I -- your question was why is it not included in this report along with the other 21
- 22 examples that I had named, and that was my response.
- 23 Q. My most recent question was, was it a
- 24 violation of company policy? Is that still your

- was after-work banter. I can't recall specifically but I don't believe I only included in here all of
- 3 the examples that were validated. These were just 4 some of them.
 - Q. What does that mean, that you concluded it was after-work banter for Turney to show Jesse a selfie of himself in his underwear?
 - A. There was also another photo that was shown by another employee. They were out having drinks outside of work, talking about their personal lives. I don't know all that was said in that setting. So it was just a personal conversation outside of work
- 13 that was happening. 14 Q. Does that make it okay?
- 15 A. It doesn't make it okay.
- 16 Q. Does that make it any less of a violation 17 of company policy, for a male supervisor to show his 18 female subordinate a selfie of himself in his
- 19 underwear?
- 20 A. No.
- 21 Q. And specifically about the fact that it 22 happened in 2014, what about that led you to 23
 - conclude that it shouldn't be included in here?
 - A. It happened more than two years before I

testimony?

1

2

5

6

7

8

15

- A. I believe it could be, yes.
- 3 Q. Okay. Any circumstances in which it would 4 not be?
 - A. No.
 - Q. When you say it was an isolated incident, you mean it only happened once that he showed her a
 - selfie of himself in his underwear?
- 9 A. Yes.
- 10 Q. These other three things that you mentioned 11 in the report, they only happened once, right?
- 12 A. Correct.
- 13 Q. Okay. But you still included them in your
- 14 report, right?
 - A. Yes.
- Q. Did anyone tell you that you should not 16
- 17 include certain things because they happened a
- 18 couple years before?
- 19 I can't recall that specifically.
 - Q. So why did you make that determination?
- A. What determination? 21
- 22 Q. To leave it out.
- 23 A. I made the determination to leave it out
- 24 because it happened in 2014, and I concluded that it

- Page 280 was looking into these claims, and it wasn't
- 2 reported at that time, and there was, I believe, 3 just -- as far as I can remember, just that one
- 4 incident that happened in 2014.
 - Q. And what does that have to do with concluding that you shouldn't include it in your
 - A. I can't recall off the top of my head if I included every single example in here that I corroborated or that I validated would have violated policy.
 - Q. I understand. But what specifically about the fact that Turney showing Jesse a selfie of himself in his underwear in 2014 led you to conclude that because it happened in 2014 it shouldn't be in here?
 - A. It's not just because it happened in 2014.
 - Q. Understood. And we talked about your testimony about the banter. But what was it about the fact that it happened in 2014 that led you to conclude that it shouldn't be in here?

Q. How did it impact his bonus?

A. The is used in a calculation that will

determine the bonus amount.

Q. So it would have been a lower calculation than he otherwise would have been entitled to?

22 A. Yes

Q. Did he still get a bonus for 2016?

24 A. Yes. Yeah.

Page 288

Q. So would there be anything to indicate to a hiring manager looking that he got an IPF of

that that meant anything bad?

A. It's a -- it's -- it's pretty much a standard across Shell that a is a bit lower than a good performance year.

Q. Like a meets-expectations year?

A. Lower than a meets-expectations year.

Q. Does not meet expectations?

A. We don't have any labels. We try to avoid that. But it's lower than what you would expect for someone who did meet expectations. It's a relative number.

Q. And the hiring manager would have no idea why Turney got the rating, right?

A. A hiring manager would not know why unless they asked or had those conversations or were shared that information.

Q. Would a hiring manager in a different group have access to that information?

A. Not unless they asked.

Q. Right. I mean, if they asked, could they get access to that information, why his rating was reduced or why his IPF was reduced to ??

Page 289 Page 291 1 A. Only if Mr. Turney or his current line 1 the Code of Conduct. 2 manager shared that information. 2 What did she do to violate the Code of 3 3 Q. Would HR share that information, if asked? Conduct? 4 4 A. No, I don't believe so. A. As far as I can recall off the top of my 5 5 Q. Yes, because as far as what my memory is is that we had Greg, Jesse and I had a different conversation where we were exploring and sharing different role opportunities for her before she had selected the HSE role. And then following that conversation I also got a follow-up with her. Q. What was that about? A. Just making sure that she had all the questions answered and if she had any concerns. Q. All right. - 10 A. I believe -- my recollection is that I sent
- 11 it to our HR service desk, who then uploads it to
- 12 his file and then also shared it with Michelle

- 14 Q. And when you say the HR -- is it service 15 center?
- 16 A. Yeah.

- 18 A. Correct.
- 19 Q. Is that his personnel file?
- 20 A. Correct.
- 21 Q. Okay. And who is that person?
- 22 A. There is a lot of employees at our HR
- 23 service center.
- 24 Q. Oh, you meant Turney's file?

Q. Okay. But you did see it around this time?

- 2 A. I can't recall the timing that I saw this.
- 3 I -- my recollection is that I saw this during the
- 4 investigation phase.
- 5 Q. Okay.

MR. TUCKER: Let me catch up with you, Counsel. All right.

Q. (BY MS. GURMANKIN) This is an email from Larsen to Jesse copying you on December 12, 2016.

8 He says, "Thanks for the time this afternoon to discuss potential roles for you going forward."

9 10 So this was before you guys had the

12/15 conversation with her to update her on the investigation?

- A. That's correct.
- 14 Q. And then is this the one where you had a 15 follow-up conversation with her after the three of 16 you talked?
 - A. That's my recollection.
 - Q. So why were you discussing with her before you were giving her an update on the investigation her rules for her?
 - A. One of the results of the investigation was that I knew that they could -- that Jesse was adamant that she could no longer work with
- 24 Mr. Turney. So we were exploring options for her of

- 1 where she would like to go so that we could have 2 that finalized before we had the final outcome 3 conversation with Mr. Turney and her.
 - Q. So during this conversation on December 12 before Larsen sends you this email, you are on the phone for this one, too, right?
 - A. Yes.

- Q. Did she tell you at any point, either when the three of you were talking about or the two of you talked afterward, that she wanted to stay in her role, she just didn't want to report to Turney?
- A. I recall her asking if that was still an option.
- Q. When the three of you were talking or the two of you?
- A. I don't recall when it -- when it was
- 18 Q. And what was the response?
- 19 A. I don't recall specifically.
 - Q. At some point she was told that if she
- 21 wanted to -- at some point she was given the message
- 22 that if she wanted to stay in her role, it would be
- 23 reporting to Turney?
 - A. That's my recollection.

Page 319

Page 320

- 1 A. No. I recall at some point she conveyed to 2 me multiple times that she did not want to work with 3 Mr. Turney. And then at some point -- I can't 4 recall exactly when -- she had asked if staying in 5 her role was an option.
 - Q. And you don't recall if her asking if staying in her role as an option, if that was before or after this December 12, 2016, conversation?
 - A. Correct.

12

13

14

23

24

- Q. Okay. But at some point during the course of the investigation, she conveyed to you that she did not want to report to Turney any longer?
- A. Correct, that she did not want to work with him.
- 15 Q. All right. And based on that, did you ask 16 Larsen to come up with other potential roles for 17 her?
- 18 A. Yes, that's my recollection.
- 19 Q. Okay. Resulting in him finding these three 20 options that are included in this email on December 12? 21
- 22 A. That is my recollection.
 - Q. And your expertise is in HR. I mean, do you know anything about the responsibilities of

Page 318

- 1 these roles to be able to give an opinion on if they
 - 2 differed from her maintenance analyst role, and if 3
 - so. how?
- 4 A. At a very high basic -- high level basic 5 level.

11

19

20

21

22

- 6 Q. Okay. So what do you know about the first 7 one, backup control room operator?
- 8 A. I know that this type of position is in 9 operations, and it is in a control room. But it's 10 kind of the front line working in operations.
 - Q. Okay. As a backup? In this -- the title.
- 12 A. Yes.
- 13 Q. And filling in for, I guess, two other 14 control room operators when they were out sick or on 15
- 16 A. In my understanding with these types of 17 positions, that they work shift work and there is 18 common -- commonly vacancies to backup.
 - Q. Do you know anything about -- or can you give an opinion on whether the responsibilities of backup control room operator were less prestigious or significant than the responsibilities that Jesse had as maintenance analyst? Do you know enough about either role to give an opinion on that?

- Q. And if she didn't want to report to Turney, she'd have to move elsewhere?
- A. That beads with the other opportunities that we had.
 - Q. And she'd have to go elsewhere if she didn't want to report to him?
- A. To one of these positions.
- 8 Q. Okay. Who came up with these positions
- 9 listed in this email on December 12, 2016? 10
- A. As far as I can recall, it was Greg Larsen, 11 but he may have had to -- I shouldn't think. It 12 was -- it was Greg Larsen.
- 13 Q. And he brought them to you?
- 14 A. Correct.
- 15 Q. So before the conversation on December 12.
- 16 2016, that's referenced in his email to Jesse on 17 that date, had -- had you had a conversation with
- 18 Jesse about her not wanting to report to Turney?
- A. Can you clarify what you mean? 20 Q. Yeah. So at some point before she's
- 21 presented with these three options on December 12,
- 22 2016, Jesse had conveyed to you that she wanted to
- 23 stay in her role but didn't want to report to
- 24 Turney?

24

Q. All right. So tell me about the

| 2 | You may answer. | 2 | sends this December 12 email. |

| 12 | and so is maintenance. | 12 | Q. What was that? |

- A. Just to ensure that we -- since we had had other conversations face-to-face, I just wanted to follow up and check in with her and see if she had any other questions that she wasn't comfortable asking with Greg.
 - Q. What did she say?
- A. I don't recall. I don't recall it being a long conversation.
- Q. I am showing you what's been marked as Exhibit 2. Have you seen -- if you can go through all five pages and let me know if you have seen this before.

Have you seen this before?

- 20 A. No.

result of your investigation?

- A. That was not one of my conclusions.
- Q. Did you conclude that she was not subjected to a hostile work environment based on her sex, or you just didn't reach a conclusion about whether or not she was subjected to a hostile work environment based on her sex?
 - A. Can you rephrase your question?
- Q. Sure. As part of your investigation, did you reach a conclusion as to whether Jesse was subjected to a hostile work environment based on her sex?
 - A. No.
 - Q. Why not?
- A. I concluded that the behavior that she was subjected to by Mr. Turney and Mr. Hoover was inappropriate and not in line with Shell's Code of Conduct, but it did not reach the level of that, of a hostile work environment based on gender.
- Q. So did you conclude that the conduct did not rise to the level of a hostile work environment based on sex?
- A. Correct.
- Q. Okay. And what -- why did you reach that

After the conversations that are referenced on page 2 and 3 --

- A. Yes.
- Q. -- did you have any further involvement regarding this investigation or any -- any follow-up actions in connection with the investigation?
 - A. No, not that I can recall.

(Exhibit 36 was marked.)

Q. (BY MS. GURMANKIN) I'm showing you what's been marked as Exhibit 36, Shell 639 through 641.

This is you sending a copy of your investigation of review to Cari Otto, and that kind of closes out your role in this; is that correct?

- A. Yes
- Q. Did you conclude that Jesse was subjected to a hostile work environment based on her sex as a

 - A. I believe that the claims and the examples that I validated were not severe or pervasive enough to rise to that level.

Jesse Barnes - Investigation Overview

Ethics & Compliance Case Received by HRiC:11/28/2016

Dates of Investigation: 12/6/2016 - 12/8/2016

Investigator: Megan Kloosterman, UP HR Account Manager

Parties Involved:

| Name | Position Title | JG | Date to Position | Date to Shell | Relationship |
|----------------|----------------|----|------------------|---------------|----------------------|
| Jesse Barnes | Maintenance | 8 | 9/14/2015 | 9/14/2015 | Will's Direct Report |
| | Analyst | | | | |
| William Turney | Maintenance | 4 | 1/16/2014 | 02/01/2012 | Supervisor of Jesse |
| | Supervisor | | | | |

Allegation: Jesse Barnes called the Ethics & Compliance hotline alleging harassment, specifically name calling, belittling, inappropriate touching and comments.

Summary of Findings

- Evidence to support Will Turney's behavior violated Shell's Code of Conduct, specifically Section 3.3 Harassment: "You must treat others with respect at all times" and "You must not make inappropriate jokes or comments.":
 - Will told Jesse that she makes good money for a woman and should not be upset with her pay grade
 - Will told Jesse she works well with male employees because she is a woman
 - Will referred to Jesse as a "hot blonde" in a joking manner
- Evidence to support Will Turney demonstrated poor leadership behaviors:
 - Will consistently inquires about personal matters with his staff, particularly with Jesse
 - Will texts Jesse on her personal cell phone regarding both work and personal matters outside of work hours
 - Will gestures "cat claws" and makes a "hissing noise" during situations of conflict;
 this is perceived by some as Will's way of avoiding conflict and to lighten the mood

Recommended Actions/Next Steps

- Will Turney: Provide a written warning on file for 18th months, reduce IPF to 0.9 for 2016, participate in LEAD leadership training offered in 2017, participate in code of conduct training, continued coaching from Greg and Steve.
- Jesse Barnes: Transfer to new role as an HSE Analyst for the HSE team, provide coaching on professional behavior, coaching to raise concerns early
- Provide code of conduct training for all Appalachia employees
- Hold leadership engagements for entire Appalachia leadership team with a focus on code of conduct and diversity and inclusion
- Documented coaching for Mark Hoover on leadership behaviors

Key Messages for Jesse Barnes: delivered on 12/15/2016 by Megan Kloosterman (HR) and Greg Larsen (Operations Manager)

- Purpose of this meeting is to share a high level overview of the investigation findings of allegations
- Specific details of the investigation are confidential (including who was interviewed, details shared by individuals, etc.)
- The investigation concluded that Will did make inappropriate comments towards you which are against Shell's Code of Conduct.
- Appropriate consequences will be actioned for Will and Mark.
- As discussed with you previously, we would like to offer the HSE Analyst role to you as an opportunity to broaden your skills and work in a different team. In line with this, we are granting your request that you will not report to, or work directly with, Will.
- We ask for your professionalism to ensure a thorough handover of your current role.
- We will not tolerate any retaliation for making a claim, so if you have any concerns at all, please raise immediately with either Greg, HR (Michelle), or the E&C hotline.
- Reminder on confidentiality of the investigation and conclusions do not discuss any of this with anyone other than Greg and HR.

Key Messages for Jesse Barnes delivered on 12/15/2016 by Megan Kloosterman (HR)

- Thank you for raising your concerns to the ethics & compliance hotline. Should you witness
 or encounter inappropriate behavior in the future, hope you feel comfortable to address it
 immediately. You may always contact your line management, the Shell Ethics & Compliance
 Office, Human Resources, Shell Legal or the Global Helpline.
- You and I have had a lot of conversations, and I wanted to follow up with you 1:1 separate from our conversation with Greg. You've shared a couple of times that you've reflected that some of your actions might have added to these situations. What are your learnings, what are you taking away from this? Thinking of your next role, how might you approach it differently?
- Coaching on personal brand at work.

Key Messages for William Turney: delivered on 12/15/2016 by Megan Kloosterman (HR), Greg Larsen (Operations Manager), and Steve Craig (Superintendent)

- Purpose of this meeting is to provide a high level overview of the investigation findings of allegations
- Specific details of the investigation are confidential (including who was interviewed, details shared by individuals, etc.)
- The investigation concluded there was evidence to support your behavior violated Shell's Code of Conduct, specifically Section 3.3 Harassment: "You must treat others with respect at all times" and "You must not make inappropriate jokes or comments".
- As a result of your behaviors, we will be taking the following actions:

- o Written warning on your file for 18 months
- IPF reduction for 2016
- o Leadership training: LEAD and code of conduct
- o On-going coaching from Greg/Steve
- \circ Jesse will no longer report to you and will be moving to a new role in HSE effective 1/1
- Coaching on leadership development balance of being a friend/personal versus friendly/engaging, cat claws/making jokes, texting about non work-related topics
- What questions do you have? What do you need from us in order to be successful?
- Reminder on confidentiality and we don't tolerate retaliation

Key Messages for Mark Hoover delivered on 12/16/2016 by Megan Kloosterman (HR), Greg Larsen (Operations Manager), and Steve Craig (Superintendent)

- Purpose of this meeting is to discuss the findings of the allegations made against you
- Specific details of the investigation are confidential (including who was interviewed, details shared by individuals, etc.)
- Understand there had been jokes back and forth between yourself and Jesse, and you did
 not realize you had upset her. However, as a leader we expect you to hold yourself to a
 higher standard and not participate in these types of comments that can be perceived as
 inappropriate.
- This conversation is considered a coaching any further examples of this could result in discipline.
- Reminder on confidentiality and we don't tolerate retaliation.

Subject: RE: Potential roles

I will be returning back to school for an Associates Business Degree thru Corning College. It is all online and mostly at night. I will be taking general business courses to help develop opportunities for me.

I am 100% going back to school to further my career within Shell. My hopes are that it will not interfere with my work schedule but it may be possible it could overlap one day a week for an hour. I am still working out my schedule with the school.

Subject: RE: Potential roles

Thanks for the information. I have sent you some additional details on the CIMS data entry role, which seems more plausible now.

I'm curious about the school comment at the end of your note. Is this a full time student? Will you be taking a sabbatical from work to go to school? What are you studying? If you are going back to school to further your Shell work career, we should talk more? I want to make sure we are aligned on expectations.

Greg,

Here is what I am struggling with;

My current role as a Maintenance Analyst I know holds its value to the business because I have obtained (SAP/PB-7) permissions/transactions that no one else has or knows at this point how to use. Overall in my current role, I do not believe anyone from my team and/or asset could fulfill my job (without training) which makes me believe I am more valuable as an employee in the Analyst role over the potential roles discussed. I do also hold the role dear to me because I am the first Analyst for our site.

With that being said, I have not ruled out the Back up Control Room Operator position, I just wanted to make sure it's best for me and my career with Shell. I feel as if my current role is unique, where the control room operator role, there are already 2 other people that currently do this role which makes me believe that possibly down the road I would be the probable layoff. I understand the control room operator position that I would fulfill would be more on the water management side, but again, the leads and more senior control room operators could potentially take this back over because they've already done it. Please do not think I am saying I feel there's no value, with the little I know about the position, these are scenarios I have come up with in my head.

Also, I do not like the title of "back up" control room operator. This may be nitpicking but it would ma than the others in this role. As in, I would just be the backup. Possibly there is a different title that wo EXHIBIT 035

specific to the water team or just taking "back up" out altogether as an equal Control Room Operator. I realize a title is just a title but this is important to me. I have worked hard to get out of an Administrative role so when I received my current title it felt pretty awesome.

I would also like to hear more on the Environmental Tech. (Field vs office time and responsibilities) I do not know anything about it other than Pat Bernethy is currently filling the role.

I apologize for putting you in a tough spot on a tight schedule but my mind will not stop until I ask these questions. I hope you understand and can shed some light on my thoughts...

I also want to inform you that I will be returning back to college in January. This may be a later conversation - I do not have my full schedule for school at this current time.

Thanks, Jesse

Subject: Potential roles

Jesse,

Thanks for the time this afternoon to discuss potential roles for you going forward. As I outlined, we would like for you to quickly make a decision on which role you would like to pursue so we can close out the rest of the actions we will be taking.

- 1) Back up Control Room Operator. In this role you would keep your current job grade and work schedule. You would learn the control room operator position and fill in for Bob or Lynn in their absence (illness, vacation). You would learn extensively about water management, and be part of the broader water team which is a critical aspect of our operations.
- 2) Move to the environmental team and work as an environmental tech. You would learn the field role that Pat Bernethy currently holds.
- 3) Become a second FLIR camera operator for Appalachia. Currently April Heater is in this role. There are forecasted increases in fugitive emission inspections related to methane.

Each of these roles would be a chance to broaden your skills.

I still need to check on the viability of working in the inspection team as a data entry person for CIMS. I talked with Shane about the possibility of adding a data entry clerk for CIMS to his team. Right now the inspectors are entering all the data themselves. Shane will get back to me by 9am tomorrow on the value to adding this role to his team. The inspection work won't go away, and the need to enter data will exist all the time. Future roles could grow under the inspection team, but unknown at this time. Hope this helps

- 11 A Yes.
- 12 Q Who?
- 13 A Erin, I can't remember her last name, while I worked in
- 14 Pinedale, Wyoming.
- Q So what years are we talking?
- 16 A 2012 to 2014.
- 17 Q Anyone else?

- Q And that's what you meant by you reported to her
- 7 functionally and not administratively?
 - A Right. I was responsible to her to deliver the project
- 9 that she was responsible for or accountable for.
- 10 Q Got it. Did you ever report to a female during your
- 11 employment at Shell?
- 12 A Not that I recall.
- Q Did you ever hire a woman during your employment at Shell?
- 14 A I guess I need to understand what you mean by hire.
 - Q Sure. Were you ever involved in the decision to hire a
- female employee during your employment at Shell? Bring them
- into the company?
- A I was involved throughout the years in interviews of both
- men and women into a variety of roles within the organization.
- 20 Q Were you ever responsible for making a decision to hire a
- 21 female employee during your employment at Shell?
 - A No
- 23 Q How about promoting a female, were you ever -- did you
- ever make the decision to promote a female employee?
- 25 A It would have been part of my job scope for female

Page 22

- Q How come you didn't mention her?
- 2 A Because I didn't remember her at the time.
- 3 Q What about your interactions with her makes you think she
- 4 would testify to that?
- 5 MS. KIRKPATRICK: Objection.
- 6 A She worked with me as the asset manager for -- or excuse
- 7 me -- operations manager for the Pinedale asset while I was
- 8 there, again, on the leadership team and I don't recall any
- 9 issues
- 10 Q Now I think you said you reported functionally to Susan
- 11 Walker but not administratively; is that right?
- 12 A Right
- 13 Q Can you explain what that means?
- 14 A So she was responsible for the project. I was responsible
- for delivering technical aspects of that project. So she had
- overall financial safety, anything that went -- you know, she
- was accountable for the entire project and I was responsible
- was accountable for the entire project and I was responsible
- 18 for part of it.
- 19 Q But when you say administratively, did she do your
- 20 performance reviews?
- 21 A No
- Q Did she decide whether or not you were going to get a
- salary increase or a bonus?
- 24 A No.
- Q Would you go to her and complain or talk to her about

- employees within our -- female employees within the
- 2 organization, yes.
- 3 Q Meaning that you would have had input into the decision or
- 4 you would have been the decision-maker?
- 5 A Input.
- 6 Q But you were never the decision-maker; you just gave your
- 7 thoughts or feedback?
- 8 A Correct.
- 9 Q What's the highest level position that you can recall
- having input into regarding a promotion of a female employee?
- 11 In other words, what's the highest level position that that
- female employee was being considered for that you had input in?
- $\,$ 13 $\,$ $\,$ A $\,$ When you say hiring, do you mean bringing in from the
- outside or do you mean transferring from within the
- 15 organization?
- Q Well my question was about promotion but we can talk about
- hiring. So let's talk about hiring from the outside. We'll
- 18 break it down.
 - Do you recall the highest level of position that a female
- employee was hired into that you had input in?
- 21 A No.

- 22 Q How about transfer from the inside?
- 23 A I don't recall details.
- 24 Q How about promoting?
- 25 A Not specifics, no.

- 1 Q You're aware that part of Jesse Barnes' complaint that has
- 2 resulted in this case is that she was discriminated against
- 3 based on the fact that she is a woman and then retaliated
- 4 against when she complained?
- 5 A As you say, yes.
- 6 Q You're aware that's generally the nature of her complaint?
- 7 A Yes
- 8 Q Other than that, are you aware of any other complaints of
- 9 sex discrimination or sexual harassment that have been made by
- 10 female employees during your employment at Shell?
- 11 A No.
- 12 Q During your employment at Shell, did you undergo any
- training that the company provided on EEO laws or
- 14 anti-discrimination and anti-harassment?
- 15 A Yes.
- 16 Q You know what I mean when I say EEO?
- 17 A Yes.
- 18 Q Before your retirement on December 31, 2017, when was the
- 19 last time that you underwent that kind of training?
- 20 A I can't remember that.
- 21 Q Do you remember whether it was a year or two years before?
- A I believe those were annually, but I don't remember any
- 23 specifics.
- 24 Q As you sit here today, do you believe that you underwent
- that kind of training annually during your employment, or you

- Q And where was the road show done?
- 2 A In Wellsboro and in Bradford, and it would have also been
- delivered to where our technical people were. And at some
- 4 point, the Pittsburgh office closed and moved to Houston and I
- 5 don't remember where they were at the time we did it.
- 6 Q Do you know why the decision was made to do a road show at
- 7 that -- whenever that was sometime between 2014 and 2017?
- 8 A Do I remember?
- 9 Q Mm-hmm.
- 10 A Why?
- 11 Q Yeah.
- 12 A No.

- Q And did you know if that was typical to do a road show
- about that kind of training or that was unusual?
- 15 A I don't have any idea.

- with or as a result of the complaints that Jesse Barnes made
- about Will Turney and others?
- 19 A I don't think so but I don't remember for sure.
 - Q Was the road show specifically EEO anti-discrimination?
- 21 A No. It was all kinds of.
 - COURT REPORTER: Wait until she finishes.
- 23 A Sorry. I'm sorry.
- 24 Q It happens. We'll remind you. Go ahead.
- 25 A Ask the question again.

Page 26

- 1 can't recall?
- 2 A I was part of a road show to deliver some of this
- 3 training.
- 4 Q When was that?
- 5 A Again, I think it was -- I don't remember. I can't
- 6 remember for sure.
- 7 Q Do you remember the year?
- 8 A No.
- 9 Q Do you remember if it was a year or two years or however
- many years before your retirement, or no idea?
- $\,$ 11 $\,$ $\,$ A $\,$ Well I was only there for two years, so at some point we
- did that during that two years.
- 13 Q This is when you were at Appalachia?
- 14 A Yes.
- 15 Q Between 2014 and 2017?
- 16 A Yes.
- 17 Q You can't pinpoint it any further than that?
- 18 A No.
- Q Do you recall if was the year of your retirement, or you
- 20 really have no idea?
- 21 A I can't remember.
- Q Who else was part of the road show?
- A Michelle Priest. I think there was another HR person
- named Ria, R I A. Steve Craig gave a presentation or a piece
- of the presentation. I don't remember anybody else.

- Q Sure. Was the road show just the EEO anti-discrimination
- 2 training or was that just part of it?
- 3 A It was part of it.
- 4 Q What was the road show?
- 5 A Safety, reporting environmental leaks, that kind of thing.
- 6 Life-saving rules.
- 7 Q Basically anything having to do with being employed at
- 8 Shell?
- 9 A Yes. Well not anything, but the specific things that we
- 10 talked about, yes.
- 11 Q And do you remember what you presented?
- 12 A No.
- 13 Q All right. Other than that, during your time at
- 14 Appalachia between 2014 through 2017, do you remember
- undergoing any training, any training at all during that time
- period from the company?
- 17 A I thought you already asked that question but.
- 18 Q Not specifically.
- 19 A Okay. Ask the question again.
- 20 Q Sure. During your time at Appalachia, so we're talking
- 21 2014 through the end of 2017, did you undergo -- not present
- but were you -- did you attend any training that the company
- 23 provided on any topic?
- 24 A Yes.
- 25 Q What?

| 1 | Paragraph 28. Do you see where I am? | 1 | A Return. |
| 2 | A Yes. | 2 | (Brief interruption.) |
| 3 | Q Okay. So it says, Defendants have subjected Plaintiff to | 3 | A How many pages are there? |
| 4 | sex discriminatory conduct including but not limited to the | 4 | Q A few. Through Page 10 of the complaint. |
| 5 | following: Subparagraph A, At an outdoor work event, several | 5 | A Okay. |

| 7 | was not wearing shorts and asked Plaintiff if attorney could | 7 | A Okay. I finished reading. |
| 8 | cut her pants into shorts. | 8 | Q So you have gotten through Subparagraph CC? |
| 9 | Did I read that correctly? | 9 | A Yes. |
| 10 | A You read it, yes. | 10 | Q Okay. So my question is the same as it was for |
| 11 | Q Okay. If that allegation is true that that actually | 11 | Subparagraph A. Are you unable to answer the question as to |
| 12 | happened, do you agree that that would violate Shell's EEO and | 12 | whether Subparagraphs B through Double C violated company |

| 14 | A I have no idea how to answer that question. | 14 | regarding Subparagraph A? |
| 15 | Q Why not? | 15 | A Yes, that's what I would say. |
| 16 | A What's the context of it? | 16 | MS. KIRKPATRICK: Objection. |
| 17 | Q Does it matter? I'm asking just based on what that says, | 17 | Q Are any of these allegations new to you? |
| 18 | is that in and of itself if that's true, is that a violation | 18 | A Yes. |
| 19 | of Shell's policies? | 19 | Q In other words, have you heard of any of them before? |
| 20 | A I can't make that determination. | 20 | A Not really. |
| 21 | Q Why not? | 21 | Q When you say not really, are there any that you are? |
| 22 | A That's not my role. That was not my role. | 22 | A The hot blonde item I saw in the exhibit. |
| 23 | Q Okay. So despite the fact that you took training on EEO | 23 | Q When you were preparing for your deposition? |
| 24 | and anti-harassment issues during your employment at Shell, you | 24 | A Yes. |
| 25 | can't answer that question; is that correct? | 25 | Q Before you prepared for your deposition, were you aware of |

| 12 | MS. GURMANKIN: Yes. | 12 | Q So talking around '88? |
| 13 | THE WITNESS: I'm still on Page 6. | 13 | A Probably, yeah. |
| 14 | MS. GURMANKIN: If you go here, you can put in the | 14 | Q And I know we're approximating. |

| 16 | MS. KIRKPATRICK: Okay. | 16 | Q All in Wood River, Illinois? |
| 17 | A And how do I get to another page or is that the last one? | 17 | A Yeah. |
| 18 | BY MS. GURMANKIN: | 18 | Q And then what happens in around '88? |
| 19 | Q No, it's not. You see that number sign up there, if you | 19 | A I got promoted to inspection supervisor. |
| 20 | hit that, you can put in the next page. | 20 | Q Where? |
| 21 | A Okay. So it would be Page 8 then because this says Page | 21 | A Same place. |
| 22 | 7. | 22 | Q Is that a position that you had applied for? |
| 1 22 | Q Yes. | 23 | A Yes. |
| 23 | | 1 | A 147 |

| 1 | Q But you were selected for promotion? | 1 was 30 miles further up the Mississippi river. |
| 2 | A Yes. | 2 Q Still with direct reports? |
| 3 | Q And about how long did you hold that position? | 3 A Not the same ones. |
| 4 | A Another five years. | 4 Q But different ones? |
| 5 | Q So in around 1983? | 5 A I had different ones, yes. |
| 6 | A Yes. | 6 Q Is that a lateral move or promotion? |
| 7 | Q All in Wood River? | 7 A That was lateral. |
| 8 | A Yes. | 8 Q Why did you take that one? |
| 9 | Q And then what happened in about 1983? | 9 A The project the second project at Norco was not |

| 16 | Q What do you mean by individual contributor role? | 16 role for about another five years. |
| 17 | A I had no direct reports. | 17 Q And then what happened in around 2001? |
| 18 | Q Had you had direct reports as an inspection supervisor? | 18 A It might have been 2003, but somewhere in that timeframe I |
| 19 | A Yes, I did. | 19 moved to the Netherlands as an asset integrity assurance lead, |
| 20 | Q And associate engineer? | 20 I think was the title. |
| 21 | A No. | 21 Q Promotion? |
| 22 | Q So about how long did you hold the mechanical engineering | 22 A Yes. That one was a promotion. |
| 23 | role in Houston? | 23 Q Did you have direct reports in that role? |
| 24 | A About five years. | 24 A Not initially. |
| 25 | Q All in Houston? | 25 Q At some point? |
| 23 | Q All III Houston: | 23 Q At some point: |

| 3 | Q But based in Houston? | 3 A It was fairly short, so, say, a year and a half. |
| 4 | A Yes. | 4 Q And then what happened? |
| 5 | Q Then what happened in around 1988? | 5 A I moved into the same I was in the same department and |
| 6 | A At some point let me get this right I moved to Norco | 6 I took a leadership a bigger larger leadership role in that |
| 7 | Manufacturing Complex to lead the assurance part of our project | 7 department. |
| 8 | as the construction assurance manager. | 8 Q Was that an official promotion, or you just took over? |
| 9 | Q Was that a promotion for you? | 9 A It was not a promotion. It was a lateral move from what I |
| 10 | A Yes, that was. | 10 was doing into a larger department. |
| 11 | Q I'm sorry. I don't think I asked that about the | 11 Q Still in the Netherlands? |
| 12 | mechanical engineering role in Houston. Was that a promotion | 12 A Still in the same location, yes. |
| 13 | for you? | 13 Q And after and about how long did you do that? |
| 14 | A I don't remember if that was a promotion or not. It | 14 A The whole time I was in the Netherlands was about five |
| 15 | didn't need to be but I don't remember. | 15 years. |
| 16 | Q And the Norco role, where was that? | 16 Q So when you've done that, are we talking sometime in the |

| 22 | Q In New Orleans? | 22 Q And then what did you do? |
| 23 | A Yes. | 23 A The same job. |
| 24 | Q What happened in around 2000? | 24 Q Where? |
| 25 | A I took the same role at the Geismar Chemical Plant which | 25 A It was a I had an office so I could go in and update my |

- 2 -- I was on the road. It was a road job. I traveled all
- 3 around the world.
- 4 Q Did you have direct reports?
- 5 A In that job, no.
- 6 Q And about how long did you do that?
- 7 A I did that until 2012.
- 8 Q Is that when you went to Pinedale?
- 9 A Yes.
- 10 Q That's in Miami?
- 11 A Yes.
- 12 Q And what position did you take there?
- 13 A Operations manager.
- 14 Q Is that the highest -- I'm sorry. Go ahead.
- A I thought of another female. Elise Tjong. Her last name
- is spelled I think T J O N G. And it was Elise so it's a Dutch
- name so it's spelled E L I S E but she called herself Elise.
- Q When you say another female, is that someone you think
- 19 would testify that you --
- A Yes. You said if I had thought of a person to bring them
- 21 up at any point.
- 22 Q Sorry. I know it's hard but you just have to try to let
- 23 me finish.
- 24 A Okay. I'm sorry.
- 25 Q It's okay. It's okay. So this is someone that you think

employment history to 2012 when you started working at the

- 2 Pinedale, Wyoming asset?
- 3 A In May of 2012.
- 4 Q And I'm sorry. You said that was the operations manager?
- 5 A Operations manager. That was a lateral move.
 - Q And that was the highest level position at Pinedale?
- 7 A In the office, yes.
 - Q Who did you report to in that position?
- 9 A Dave Todd initially who was vice president and then
- Richard Newsome. At some point Dave Todd either resigned or
- retired or I'm not sure what but he was no longer working for
- 12 Shell. Then I worked for Richard Newsome who was his
- 13 replacement.

8

- Q Did you report to Newsome throughout the remainder of your
- 15 time in Pinedale?
- 16 A Yes. We sold that asset and at some point all the staff
- was either being absorbed into the new company that bought us
- or being transferred elsewhere, and I'm not sure exactly when
- 19 Richard moved on.
- Q Would it surprise you if there were females who worked in
- 21 Pinedale when you were the operations manager there who would
- 22 testify that you said belittling and demeaning comments to
- 23 them?

- 24 A No.

- 2 A Yes
 - Q You worked with her while you were in the Netherlands?
- 4 A Yes

- 5 Q Do you have any idea if she is still at Shell?
- 6 A I do not.
- 7 Q What's your basis for believing that she would testify
- 8 that you treated women fairly?
- 9 MS. KIRKPATRICK: Objection.
- $\,$ 10 $\,$ $\,$ A $\,$ Okay. She joined the team that was being formed around me $\,$
- $11\,$ $\,$ to work on this global program to assess assets within our
- entire company, the integrity of those assets.
- 13 Q And what about that leads you to believe that she would
- testify that you treated women fairly?
- 15 A Because I treated her fairly. I don't know. I had a good
- 16 relationship with her.
- Q Do you know if she is still at Shell?
- 18 A I do not know that.
- 19 Q Was she there when you left the Netherlands?
- 20 A I do not know that because I was in a different role when
- 21 I left the Netherlands.
- 22 Q During what time period did you interact with her or work
- 23 with her?
- 24 A 2004 to 2007 timeframe.
- 25 Q All right. So I think we had just gotten in your

- Q That would not surprise you?
- MS. KIRKPATRICK: Objection.
- 3 A Excuse me. Can you rephrase the question.
- 4 Q Sure. Would it surprise you if there were women who
- 5 worked in Pinedale when you were the operations manager there
- 6 who would testify that you made belittling and demeaning
- 7 comments to them?
- 8 MS. KIRKPATRICK: Objection.
- 9 A I would be very surprised.
- 10 Q Because you did not do that?
- 11 A That's correct.
- 12 Q Did you -- when the asset was sold, did you help the
- employees get placements either into the new company or
- 14 elsewhere within Shell?
- $\,$ 15 $\,$ $\,$ A $\,$ Every single person at Pinedale that worked for me had an
- opportunity to work for Shell, so yes.
- 17 Q And how did that opportunity come about? I mean, did they
- have the opportunity to apply? Were they offered positions?
- 19 A Yes, and there were a number of different things that came
- up. There were -- HR was working to look for assets that
- 21 needed staff. People were given their own decisions on what
- 22 way they wanted to go and we tried to accommodate those as best
- 23 as possible.
- Q Do you know if there were any Pinedale employees for whom
- 25 alternate employment was not found as a result of the sale?

25

A Yes.

| 1 | Q Rutherford? | 1 A Pinedale area, yes. |
| 2 | A Mm-hmm. | 2 Q Do you recall if an opportunity or anyone tried to do |
| 3 | Q Yes? | anything to find an opportunity for her at Shell before she |
| 4 | A Yes. | 4 resigned? |
| 5 | Q Did you do anything when she told you about that? | 5 A I don't think she resigned. We closed the asset and |
| 6 | A No. | 6 people moved on. |
| 7 | Q Did you tell anyone at Shell? | 7 Q I'm sorry. I may have misunderstood you but I thought |
| 8 | A No, not that I recall. | there was only this one guy who was the only Pinedale employee |

| 17 | Q Do you know why she got a restraining order against | 17 A I don't think so. |
| 18 | Peterson and his wife if the threat was made by his wife? | 18 Q Can you think of anyone else? |
| 19 | A No. | 19 A No. |
| 20 | Q Did you ask her? | Q So she did resign to take this job with the competitor? |
| 21 | A No. | 21 A I don't know if she waited until the very end and left and |
| 22 | Q Did you ask her if Peterson did anything to her? | then took the job. I don't remember. |
| 23 | A No. | 23 Q Do you know if she got a severance package in connection |
| 24 | Q Do you know if anyone at Shell asked her that? | 24 with the asset closing? |
| 25 | A I don't know. | 25 A I don't know. |
| | Page 50 | Page 52 |
| 1 | Q After the conversation when Rutherford tells you about the | 1 Q And what happened to Peterson? |

| 3 | Rutherford about this issue? | 3 Q Before the asset was sold? |
| 4 | A Not that I recall. | 4 A Yes. |
| 5 | Q And did Peterson remain employed during this period? | 5 Q Why? |
| 6 | A Yes. | 6 A He was not working. We were told I believe that we could |
| 7 | Q Did you ever have any conversations or communications with | 7 only communicate with him through his lawyer and we told his |
| 8 | him about this issue? | lawyer that he needed to show up to work, and if he didn't, he |
| 9 | A No. | 9 would be terminated. He didn't show up to work and he was |
| 10 | Q Do you know if anyone did from Shell? | 10 terminated. |
| 11 | A I don't know. | 11 Q Do you recall how long this is after the conversations |

| 14 | conversation? | 14 A Months. |
| 15 | A I don't recall any other conversations. | 15 Q So at some point Peterson just stopped showing up to work, |
| 16 | Q And both Rutherford and Peterson remained employed at the | 16 right? Is that it? |
| 17 | Pindale asset after this situation came up? | 17 A He was off work for I don't remember the details. He |
| 18 | A Yes. | 18 was not working. |
| 19 | Q How long did Rutherford remain employed? | 19 Q Did he go on leave? |
| 20 | A Until he sold the asset. | 20 A We had a weird shift schedule there so people were on for |
| 21 | Q Then what happened to her? | 21 weeks. Then they were off for weeks. I don't remember the |
| 22 | A She took an HR job with a competitor in the region. | 22 details. |
| 23 | Q Do you remember who it was? | 23 Q Okay. So you don't remember if there was some point where |
| 24 25 | A No. | he just abandon his job or whether he was on leave? A He didn't come into his job. |
| 45 | Q But it was a competitor within the Pinedale | 25 A He didn't come into his job. |

| 1 | Q For scheduled shifts? | 1 | A No. |
| 2 | A For his scheduled shifts that was reported to his lawyer. | 2 | Q So you came and you immediately stepped into that |
| 3 | Q So I'm sorry. How did you know he had a lawyer? | 3 | position? |
| 4 | A Somebody told us that we needed the only way management | 4 | A I had never stepped in Pennsylvania ever before I moved |
| 5 | could talk to Kirby was through his lawyer. | 5 | into that job. |
| 6 | Q Do you know why he had a lawyer or why he | 6 | Q Okay. When you came here, that job is available and you |
| 7 | A I have no idea. | 7 | have been picked for it? |
| 8 | Q So do you ever communicate directly with the lawyer? | 8 | A Yes. |
| 9 | A No. | 9 | Q Was that something that you had applied for? |
| 10 | Q Do you know who did? | 10 | A I think it was part of the Pinedale closing. Looking for |
| 11 | A No. | 11 | opportunites for people to move, that was an opportunity for |
| 12 | Q So at some point someone from that you're aware of | 12 | me, and Robin Grouette's scheduled role was she was ready to |
| 13 | someone from Shell communicates with the lawyer and says | 13 | move to something else. |
| 14 | essentially if he doesn't show up he'll be terminated? | 14 | Q Do you know why she was leaving? |
| 15 | A Mm-hmm. | 15 | A No. |
| 16 | Q Yes? | 16 | Q Did you interact with her at all to transition? |
| 17 | A Yes. | 17 | A I had about a one-week transition, I think two days in the |
| 18 | Q And you don't remember who you heard that from? | 18 | field where we toured the site. She introduced me to people. |
| 19 | A No. | 19 | I got to see parts of the asset and that was about it. |
| 20 | Q And he didn't show up and then he was terminated? | 20 | Q Am I correct that approximately you had about 25 years at |
| 21 | A Yes. | 21 | least as a supervisor at Shell where you held a supervisory |
| 22 | Q And you don't know any other details or you can't recall | 22 | role? |
| 23 | any other details? | 23 | A That's an overstatement. So the first five years were no. |
| 24 | A No. | 24 | It was like a five-year thing. First five years were no. Next |
| 25 | Q Do you remember if you knew them at the time and you just | 25 | five years yes. Next five years no. Next five years yes, so |
| | Page 54 | | Page 56 |
| 1 | can't remember or you don't think you | 1 | and it just kind of goes on that. So roughly half my career I |
| 2 | A I don't remember the situation. | 2 | had direct reports in supervisory capacity. |
| 3 | Q Any other situations in Pinedale during the time that you | 3 | Q Is around 18 years fair? |
| 4 | were operations manager where you became aware that there were | 4 | A Yes. |
| 5 | complaints of inappropriate conduct or something along those | 5 | Q Okay. And the office manager was one of those supervisory |
| 6 | lines? | 6 | roles? |
| 7 | A No complaints. | 7 | A Yes. |
| 8 | MS. KIRKPATRICK: Objection. | 8 | Q So when you came to Appalachia to start as office manager, |
| 9 | Q Any inappropriate conduct that you were aware of even if | 9 | that's 2014? |
| 10 | there weren't complaints about it during the time that you were | 10 | A Appalachia operations manager, yes, in 2014. |
| 11 | office manager in Pinedale? | 11 | Q Do you remember when? |
| 12 | A No. | 12 | A I think I officially took the job on December 1st, 2014. |
| 13 | Q All right. So the asset closed and what happens to you? | 13 | Q Was the transition before the official start date? |
| 14 | A I stay there for as long as I can and then I move to | 14 | A Yeah. Thanksgiving was in there. I don't remember the |
| 15 | Appalachia. When that job is open for me, I take the job in | 15 | details but it was a fast turnover, yes. |
| 1 | | 1 | |

- Appalachia. When that job is open for me, I take the job in 15
- 16
- 17 Q And this is the operations manager job in Appalachia?
- 18 A Yes, a lateral transfer.
- 19 Q Same job you held in Pinedale?
- 20
- 21 Q Was there a period of time when you were in Appalachia but
- 22 you weren't working in that job? In other words --
- 23 A Say that again.
- 24 Q Sure. Did you move to Appalachia before the office
- 25 manager job in Appalachia was available?

18 A Trevor Winter. Chris Anderson. The admin in the office

Q All right. So when you come in December of 2014, who were

- 19 in Pittsburgh. I don't remember her name. There was another

| 1 | A Yes. | 1 Q That is correct? |
| 2 | Q Did you have any female direct reports? | 2 A That is correct. |
| 3 | A Not that I recall. Oh, I had Penny. Well the female | 3 Q When did you first meet Jesse Barnes? |
| 4 | admin in the in Pittsburgh and I can't remember her name and | 4 A I don't recall. |
| 5 | Penny Robins worked for me when I moved to the Wellsboro | 5 Q Do you know if that would have been on the tour? |
| 6 | office. | 6 A I don't I don't recall. |
| 7 | Q Also in an admin capacity? | 7 Q She was hired full-time at Shell in September of 2015. |
| 8 | A Yes. | 8 She was a contractor before that. Were you involved in her |
| 9 | Q Other than in an admin capacity, any other female direct | 9 being hired full-time? |
| 10 | reports during your time in Appalachia? | 10 A She was hired into my department, yes. |
| 11 | A Not that I recall. | 11 Q Were you involved in that decision? |
| 12 | Q As a supervisor at Shell, you understood it was part of | 12 A Not that I'm aware of, no. Not that I recall. |
| 13 | your responsibility to make sure that the employees under your | 13 Q Do you know who was? |
| 14 | chain of command adhered to the company's policies and | 14 A I don't remember. |
| 15 | procedures? | 15 Q Do you recall any discussions you had about Jesse being |
| 16 | A It was part of my role. | 16 hired on a full-time basis? |
| 17 | Q And in that capacity, you want to make sure that | A Okay. So you're showing me some documents now. |
| 18 | violations of the company's policies and procedures were not | 18 (Exhibit P 44 introduced.) |
| 19 | tolerated? | 19 Q Yes. I'm showing you what's been marked as Exhibit 44. |
| 20 | A Yes. | 20 MS. KIRKPATRICK: I don't have this one on my screen. |
| 21 | Q When did you first meet Will Turney? | 21 I still have the complaint. |
| 22 | A It was most likely on my tour, on my transitional tour | MS. GURMANKIN: I'm not sure why it's not working. |
| 23 | with Robin in November or December of 2014. | 23 Do you mind looking at hers for now? |
| 24 | Q So that tour would have included the Wellsboro asset? | Q So if you can look through this series of emails. |
| 25 | A Yes. All of Shell's assets in Pennsylvania. | 25 MS. KIRKPATRICK: How many pages is this? |
| | Page 58 | Page 60 |
| 1 | Q So Pittsburgh? Wellsboro? | 1 MS. GURMANKIN: Four. |
| 2 | A Well Pittsburgh was our office where technical staff were. | 2 A Okay. |
| 3 | We had a small operation south of Pittsburgh. We had a number | 3 Q You have looked through the four pages? |
| 4 | of properties north of Pittsburgh. We had a physical operation | 4 A Yeah. Yeah. Oh, there's four pages? |
| 5 | site in the Bradford area, and then we had the Wellsboro area. | 5 Q Mm-hmm. |
| 6 | Q Was that the case throughout your time in Appalachia? | 6 A No, I haven't. I read the first page. Sorry. |
| 7 | A It changed. We sold the stuff south of Pittsburgh. We | 7 Okay. |
| 8 | sold the stuff in Bradford. | 8 Q All right. So on the last page, Page 4, so this is a |
| 9 | Q Did you ever supervise Turney directly? | 9 communication from you to Michelle Priest copying Michael |
| 10 | A No. | Dewitt and Steve Craig. Are you talking about conversions from |
| 11 | Q Indirectly? | 11 contractors to full-time employees? |
| 12 | A I don't know what that means. | 12 A Yes, I am. |
| 13 | Q You reported to someone who reported directly to you? | 13 Q And then on the third page, there's an email from Steve |
| 14 | A Yes. | 14 Craig and he's sending something to you saying, I have reviewed |
| 15 | Q Was that Steve Craig that was between you? | 15 with Hondo. That's Hondo Blakely? |
| 16 | A Yes. | 16 A Mm-hmm. |
| 17 | Q So do you recall when you started reporting or supervising | 17 Q Yes? |
| 18 | Turney indirectly? Was that the whole time you were there? | 18 A Yes. |
| 19 | A It would have been, yes, because initially Will would have | 19 Q And he's saying, Jesse Barnes part of the numbers or not. |
| 20 21 | reported to Chris Anderson, and then when Steve Craig took | 20 What did you understand that to refer to? 21 A Jesse was not in an hourly position all of the other roles |
| 22 | Chris's job, Will would have reported to Chris or to Steve. Sorry. | A Jesse was not in an hourly position all of the other roles were in. Are you on that page? |
| 23 | Q So am I correct that you are not involved in Turney | 23 MS. KIRKPATRICK: Yeah. |
| 24 | becoming a full-time employee of Shell? | 24 A Are in an hourly, so all the operators and the maintenance |
| 25 | A Nope. | 25 people all are spelled wrong were hourly staff, basically |

| 1 | fieldworkers. | 1 thought that they would do? |
| 2 | Q And then there's an email from Turney at the top of that | 2 A No. |
| 3 | page saying what about Jesse. And if you go to Page 2. | 3 Q Okay. You thought that |
| 4 | There's an email from you. It's the second from the bottom | 4 A We were trying to hire the best contractors that were |
| 5 | which says, Steve and Will, Looking at this in the deepest way, | 5 good. |
| 6 | Jesse needs to be included as she takes the spot on our overall | 6 Q Right. And you understood based on that email that they |
| 7 | staff head count. | 7 thought that she was the best contractor for the maintenance |
| 8 | So was that you saying that we need her to be converted | 8 conversion, right? |
| 9 | from temporary to full-time or from contractor to full-time? | 9 A They said it was their top choice. |
| 10 | A No. That was me saying that as far as the staff count | 10 Q And that's what you understood them to be saying, that she |
| 11 | numbers, the way we looked at staff count was whether they were | 11 was |
| 12 | hourly or office staff or what or including myself, everybody | 12 A I don't know what this is actually saying but that's I |
| 13 | gets counted as a person and that's what that's in reference | would have understood that Jesse was their top choice. |
| 14 | to. | 14 Q Meaning that she was the best performer or strike that. |
| 15 | Q So you weren't talking at all about performance at that | 15 A Not necessarily the performer. |
| 16 | point? | 16 Q That they wanted someone good in that position and she |
| 17 | A No. | thought they and that they thought based on her performance |
| 18 | Q But then there's a response from Craig right above that | as a contractor that she would be good to convert into a |
| 19 | that says, He's discussed this with Will Hondo and Jesse is the | full-time employee position, I mean, that's what you understood |
| 20 | top choice for upcoming maintenance conversion. | 20 them to be saying? |
| 21 | Do you see that? | 21 MS. KIRKPATRICK: Objection. Asked and answered. |
| 22 | A Yes. | 22 You can tell her again. |
| 23 | Q And you understood at least from their perspective, they | 23 Q I need you to answer that question. |
| 24 | were talking about performance? | 24 A Yes. Ask the question again, please. |
| 25 | A Not necessarily performance. | 25 Q Sure. You understood that they believed that she was a |
| | Page 62 | Page 64 |
| 1 | Q What then? | good performer in the contractor position if they were saying |
| 2 | A Who they thought the best person to convert at that time | 2 to you she's our top choice for conversion into a full-time |
| 3 | would have been in that round of conversion. | 3 position? |
| 4 | Q And what would the basis of that have been other than | 4 MS. KIRKPATRICK: Objection. Asked and answered. |
| 5 | performance in her role as a contractor? | 5 You can tell her again. |
| 6 | A I have no idea. | 6 MS. GURMANKIN: I haven't asked that question yet. |
| 7 | Q Can you think of any others other than performance in her | 7 MS. KIRKPATRICK: Yes, you have. |
| 8 | role as a contractor? | 8 MS. GURMANKIN: No, I haven't. |
| 9 | A Business need. | 9 A We did not convert individuals that worked for us as |
| 10 | Q Business need is the need to hire someone for that | 10 contractors that were poor performers. |
| 11 | position, right? | Q So you understood when they told you she is our top choice |
| 12 | A Where the most backlog was. I don't know. It could have | for the maintenance conversion that they believed she was a |
| 13 | been a whole bunch of different things I guess. | good performer as a contractor? |
| 14 | Q Yeah. I'm asking the question, business needs you're | MS. KIRKPATRICK: Objection. You can tell her again. |
| 15 | talking about there's a need to fill a position, put someone in | 15 Q That was your understanding? |
| 16 | that role, right? | 16 MS. KIRKPATRICK: Objection. |
| | - | |

17 A Yes. 18 Q When they're talking about top choice, that's the person

19 they have selected as the person they want in that role and

20 that's what you understood them to be telling you, right?

A Not top choice necessarily based on performance but based 21

22 on need.

24

Q Well would they -- did you understand that to fill a 23

business need, they would put someone in that position who

25 performed horribly as a contractor? I mean is that what you A Not that she was necessarily a top performerr but that she

18 was from a business needs standpoint needed in our operation.

Q And that she did a good job as a contractor?

20 MS. KIRKPATRICK: Objection.

Q Because you didn't hire poor performers as contractors

22 into full-time positions at Shell, right?

23 MS. KIRKPATRICK: Objection. Keep telling her.

24 Q Right?

25 A Correct.

| 1 | Q Up until you find out that Jesse's main complaints about | 1 | have? |
| 2 | Turney and other employees and we'll talk about that in more | 2 | A Yes. |
| 3 | detail did you hear anyone complain about her performance? | 3 | Q Do you recall when that was? |
| 4 | A Not that I recall. | 4 | A No. |
| 5 | Q Or have any issues at all about the way she was performing | 5 | Q Does around Thanksgiving of 2016 ring a bell? |
| 6 | her job? | 6 | A Maybe. I don't know. |
| 7 | A No. | 7 | Q You don't recall? |
| 8 | Q As part of your job as operations manager, did you review | 8 | A I don't recall the date or the time. |
| 9 | performance reviews in the Appalachia asset? | 9 | Q All right. Where do you talk to Craig, in your office? |
| 10 | A Did I review performance reviews? | 10 | A So we shared an office and we had a small cubicle to the |
| 11 | Q Mm-hmm. | 11 | side of that. We probably would have gone into the cubicle. |
| 12 | A So | 12 | Q And did he was he talking to you specifically about |
| 13 | Q Of other employees that your reports, direct or indirect, | 13 | this issue or were you guys talking about stuff going on with |
| 14 | were going to deliver to employees, was that part of your job? | 14 | the asset and this came up as one issue? |
| 15 | A No. | 15 | A I don't remember any specifics about the conversation. |
| 16 | Q You talked to your employees about the performance of | 16 | Q What do you recall? |
| 17 | their employees, right? | 17 | A It's hard it's hard to remember. I mean he was |
| 18 | A If issues came up, I talked with them, yes. | 18 | reporting that there was an issue with Jesse. |
| 19 | Q That would be part of the typical conversation with you | 19 | Q What did he tell you? |
| 20 | engaging as Appalachia operations manager? | 20 | A I don't remember. |
| 21 | A With my Appalachia team, yes. | 21 | Q So you just remember that he told you there was an issue |
| 22 | Q Prior to your learning that Jesse's made complaints about | 22 | with Jesse and that's it? |
| 23 | Turney and other employees in the group, did you have any | 23 | A That's what I remember, yes. I don't remember much. |
| 24 | one-on-one interaction with her? | 24 | Q Do you recall if he told you that she had an issue with |
| 25 | MS. KIRKPATRICK: Objection. | 25 | Turney or she was making complaints about Turney? |
| | | | |
| | Page 66 | | Page 68 |
| 1 | A Did I what? | 1 | A I would imagine that was the case but I don't |
| 2 | Q Have any one-on-one interaction with her? | 2 | Q You don't recall? |
| 3 | A Not that I remember. | 3 | A I don't recall. |
| 4 | Q Do you recall being in meetings with her even if it's not | 4 | Q Based on the conversation with Craig, do you take any |
| 5 | one-on-one? | 5 | action |
| 6 | A She would have been in the required meetings where, say, I | 6 | A Yes. |
| 7 | would have been leading a meeting, our monthly meeting, yeah. | 7 | Q in connection with what he tells you? |
| 8 | Q Do you recall any conversations with her? | 8 | A Yes. |
| 9 | A No. | 9 | Q What? |
| 10 | Q How do you find out that she's made complaints about | 10 | A Called HR. |
| 11 | Turney and other employees in the group? | 11 | Q Who? |
| 12 | MS. KIRKPATRICK: Objection. You can answer. It's | 12 | A Would have been Michelle. |
| 13 | misstating the facts but you can answer. | 13 | Q Priest? |
| | A How did I find out? | 14 | A Yes. |

conversation with Priest?

A Do I recall talking about this to anybody else?

| | Page 69 | Page 71 |
|----------|---|--|
| 1 | Q When you say these sorts of issues, what are you talking | 1 Q Mm-hmm. |
| 2 | about? | 2 A No. |
| 3 | A Any issues between what you're describing here. | 3 Q And you don't recall how you learned that an investigation |
| 4 | Q So is it fair to say in that initial conversation that | 4 is going to be done? |
| 5 | Craig tells you that Jesse's made complaints about | 5 A No. |
| 6 | inappropriate conduct? | 6 Q Let me just clarify something. It's possible that Craig |
| 7 | A Possibly, but I don't remember any specifics. | 7 told you in that initial conversation that Jesse had an issue |
| 8 | Q But in any case, it was enough to concern you to the point | 8 with Turney and other employees in the group, you just don't |
| 9 | where you knew you needed to call HR right away? | 9 recall; is that fair? |
| 10 | A Yes. | 10 A I don't remember. |
| 11 | Q All right. Let's take a break now. | 11 MS. KIRKPATRICK: Objection. |
| 12 | VIDEOGRAPHER: Going off the record at 10:30. | 12 A I don't remember. |
| 13 | (Brief recess.) | 13 Q Right. But is it fair to say that he may have told you |
| 14 | VIDEOGRAPHER: We're back on the record at 10:41. | about that, you just don't remember in that initial |
| 15 | Q Going back to your direct reports for a sec. Was Camilla | 15 conversation? |
| 16 | is it Rechenski? | 16 A I don't know how to answer that question. Is it possible |
| 17 | A That's it. | that the moon crashes into the earth, yes. I mean |
| 18 | Q She's the admin in Pittsburgh? | 18 Q I'm not asking you about that. |
| 19 | A Yes. | 19 A I know you're not. I don't know how to answer that |
| 20 | Q Okay. And who's Darla Hooker? | 20 question. Ask it ask it again. |
| 21 | A You know, I recall the name, but I have no idea who she | 21 Q Sure. Is it possible in that initial conversation with |
| 22 | was. | 22 Craig you do recall him telling you that Jesse has had some |
| 23 | Q Do you remember her reporting to you at some point? | 23 issues, right? |
| 24 | A No. | 24 A Yes. |
| 25 | Q Okay. Do you remember what position? | 25 Q And it's also possible that he told you in that |
| | Page 70 | Page 72 |
| 1 | A I would remember that. I don't know what job she was in. | 1 conversation that her issues were regarding the fact that |
| 2 | I just remember her name. | 2 Turney and other employees sexually harassed her? |
| 3 | Q You would remember if she reported directly to you? | 3 MS. KIRKPATRICK: Objection. |
| 4 | A No. I remember her name. I remember that name. I do not | 4 A I don't recall that. |
| 5 | remember that she ever reported to me. | 5 Q But you don't recall the rest of the conversation, right? |
| 6 | Q Right. That's what I was clarifying. | 6 All you recall him telling you is that Jesse has got issues? |
| 7 | A Oh. Okay. I just want to make sure. | 7 A Yes. |
| 8 | Q So going back to the conversation you had with Craig where | 8 Q So it's not that you don't recall him not telling you |
| 9 | he informs you that there's some issue with Jesse and that | 9 anything else, it's you don't recall the rest of the |
| 10 | causes you enough concern to immediately call Michelle Priest. | 10 conversation? |
| 11 | Tell me about your conversation with Michelle Priest. | 11 A That's correct. |
| 12 | A I don't recall the conversation other than it happened. | 12 Q Okay. And you don't recall anything about your |
| 13 | Q You don't recall anything about it? | 13 conversation with Priest that happened immediately after your |
| 14 | A No. | 14 conversation with Craig? |
| 15 | Q Do you recall what happens next in connection with this | 15 A I do not. |
| 16 | issue? | 16 Q Did you take notes of your conversation with Craig? |
| 17 18 | A Not specifically, no. Q How about generally? | 17 A No. 18 Q How about Priest? |
| 19 | • | 18 Q How about Priest? 19 A No. |
| 20 | A An investigation was going to happen.Q Do you recall how you became aware of that? | 20 Q How come? |
| 21 | A No. | 21 A It wasn't my normal part to take notes on these sorts of |
| 22 | Q Do you recall anyone else who you talked to initially | 22 issues and I reported to somebody else. |
| 23 | other than the initial conversation with Craig and the initial | 23 Q What sorts of issues? |
| I | and make control called that Ording and the initial | |

Q Something that concerns you enough to immediately contact

25

A This sort of issue.

Q And after your initial conversation with Priest?

She approaches you?

A I don't remember what the order was after I talked to

Q All right. So tell me about your conversation with Jesse.

| 1 | HR once you learn about it, is that what you're talking about | 1 | A I don't recall the details. |
| 2 | when you say these issues? | 2 | Q Do you recall anything other than she approaches you? |
| 3 | A Yes. | 3 | A We would have gone into the private room cubicle that was |
| 4 | Q How often did these sort of issues come up during the time | 4 | on the side of my office. |
| 5 | that you were operations manager in Appalachia? | 5 | Q Are you guessing, or do you have a recollection of that? |
| 6 | A Once. | 6 | I just want to make sure. |
| 7 | Q So you viewed it as a pretty serious issue when you | 7 | A I'm guessing but that's what we normally would do or I |
| 8 | learned about it from Craig, right, that's why you immediately | 8 | would normally do if somebody came to me with something to talk |
| 9 | contacted HR? | 9 | about that I would consider confidential. |
| 10 | A I contacted HR immediately, yes. | 10 | Q Okay. I just wanted to differentiate between what you |
| 11 | Q Because you viewed it as a very serious issue? | 11 | usually did as a matter of practice and what your recollections |
| 12 | A Yes. | 12 | are. |
| 13 | Q And you understood based on what Craig was telling you | 13 | Do you have any other recollection of the conversation |
| 14 | that it needed to be addressed right away? | 14 | that you had with Jesse other than she approached you and you |
| 15 | A Yes. | 15 | had a conversation? |
| 16 | Q And that you needed to get HR involved right away? | 16 | A No. |
| 17 | A Yes. | 17 | Q Do you recall how long it was? |
| 18 | Q So understanding that it was a very serious issue and | 18 | A I have no idea. |
| 19 | something that you knew you needed to get HR involved in right | 19 | Q Did you take notes of that one? |
| 20 | away, why didn't you take notes of either conversation with | 20 | A No. |
| 21 | Craig or with Priest? | 21 | Q Any explanation for that? |
| 22 | A I don't know why. | 22 | A No. |
| 23 | Q All right. Before the investigation actually starts, do | 23 | Q Do you report your conversation with Jesse to anyone at |
| 24 | you recall any other conversations with anyone at Shell about | 24 | the company? |
| 25 | this? | 25 | A I don't remember. |
| | Page 74 | | Page 76 |
| 1 | A No. | 1 | Q And this is before the investigation actually begins? |
| 2 | Q Did you talk to Jesse? | 2 | A Yeah. It was the same day that everything was happening I |
| 3 | A Yes, I think so. | 3 | assume. |
| 4 | Q Tell me about that. | 4 | Q Well are you guessing, or do you remember? |
| 5 | A She approached me. | 5 | A Yes, I'm guessing. |
| 6 | Q This is in person? | 6 | Q But do you remember if the conversation with Jesse was |
| 7 | A Yes. | 7 | before the investigation actually started? |
| 8 | Q In Wellsboro? | 8 | A Most likely. I'm guessing. |
| 9 | A Yes. | 9 | Q I'm just asking what you recall. |
| 10 | Q Where did you work out of when you were operations | 10 | A I'm guessing, yes. |
| 11 | manager? | 11 | Q I don't want you to guess. |
| 12 | A Out of Pittsburgh and then I moved to Wellsboro when the | 12 | MS. KIRKPATRICK: We don't want you to guess. |
| 13 | Pittsburgh office closed. | 13 | A Then I don't know. |
| 14 | Q When was that? | 14 | Q If you have a recollection, tell me. If you don't, just |
| 15 | A I don't remember. | 15 | tell me. |
| | | | |
| 16 | Q You don't recall the year? | 16 | A I don't know. |
| 17 | A No. | 17 | Q Before the investigation actually starts, did you see any |
| 18 | Q All right. So she approaches you in Wellsboro, and this | 18 | documents regarding Jesse's issues or the allegations that are |
| 19 | is after your initial conversation with Craig, right? | 19 | being made? |
| 20 | A Yes. | 20 | A Not that I recall. |

Q Before the investigation starts, even if you don't recall

A No, I don't recall that.

Q Did you ever ask anyone?

| 1 | A No. | 1 Q How come? |
| 2 | Q How come? | 2 A These sorts of things from training we were to escalate. |
| 3 | A Not that I recall. | 3 Q What about this issue that you were told by Craig led you |
| 4 | Q How come? | 4 to conclude that you needed to escalate it? |
| 5 | A I don't I don't know. | 5 A Any issue related to gender issues. |
| 6 | Q I mean wouldn't you have? This is under your supervision | 6 Q So you knew enough from that conversation with Craig to |
| 7 | as operations manager. Wouldn't you want to know what one of | 7 understand that there were issues or Jesse had issues with |
| 8 | your employees is alleging about one of your supervisors? | 8 gender, something around that, right? |
| 9 | A When HR goes into an investigation, it's their ball. | 9 A Well, again, maybe it wasn't gender. Just the issues that |
| 10 | Q Did anyone tell you that they couldn't tell you what the | Steve talked to me about were enough to warrant the phone call |
| 11 | allegations are? | 11 to HR. |
| 12 | A Not that I remember. | 12 Q What about did he talk to you about that led you to think |
| 13 | Q So don't you want to know what one of your employees is | then, okay, I've got to escalate this? |
| 14 | alleging about one your supervisors that is serious enough to | 14 A I don't remember. |
| 15 | warrant an HR investigation? | 15 MS. KIRKPATRICK: Objection. He's told you he |
| 16 | A I think my immediate issue would have been or was to make | 16 doesn't remember. |
| 17 | sure that Jesse was safe, period. | 17 Q Was it gender? |
| 18 | Q Okay. And what did you do to ensure that? | 18 A I don't remember. |
| 19 | A Talked to her when she came and told me. | 19 Q What about the training that you got from Shell led you to |
| 20 | Q When she approached you? | 20 conclude as you just testified that what Steve Craig talked to |
| 21 | A Yes. | you about needed to be escalated? |
| 22 | Q And that was your immediate concern from the second that | A There were a lot of rules at Shell, rules around theft, |

| Q | Yeah. Does it concern you that you didn't know about this |

information as the operations manager at Appalachia that this

was going on, does that concern you?
 MS. KIRKPATRICK: Objection as to what may concern
 him now. He's no longer an employee. This is well far beyond.

MS. GURMANKIN: You can object to the form.

MS. KIRKPATRICK: Well you're not asking legitimate questions.

MS. GURMANKIN: You can object to the form. Please answer the question.

12 MS. KIRKPATRICK: I'll object what I want to object
13 to.

MS. GURMANKIN: I know. You have already made improper objections as the Court has noted.

16 A I'm not involved in the investigation process. I am

concerned about the performance of our asset when I was in that role.

Q Are you concerned about the way -- were you concerned about the way that female employees were treated by male

supervisors?A Yes, certainly. Yes. I was concerned about every

employee and how they were treated.

24 Q Including how female employees were treated by male

25 supervisors?

A Yes, and that's why I reported it to HR.

MS. KIRKPATRICK: He gave you the answer. You may not like it but he gave you the answer. You're not going to

shut down what the answer is.

7 Q Do you have an explanation for why you didn't ask anyone

at Shell a single question about what was going on?

A I knew the investigation was being handled professionally
 and it was not my business to interfere with the investigation.

11 Q Did you think asking a question would be interfering?

12 A Potentially.

Q Did you ask anyone can I ask a question or would that be

14 interfering?

15 A No. I was answering your first question.

16 Q I don't know what that means.

A Did you ask anyone and then you asked a second question

which I didn't answer.

19 Q Can you go back to my last question, please.

COURT REPORTER: Which one?

21 A She said did you ask anyone and I said no, and then she

22 asked a second question.

23 Q Did you ask anyone whether you asking a question would be

interfering with the investigation?

25 A Not that I recall.

Page 94

- A Yes. Regardless of gender, yes.
- 2 Q Do you have an explanation for why you didn't ask anyone a
- 3 single question about what the employees revealed during the
- 4 investigation or what was found out as part of the
- 5 investigation?
- 6 A It was not my business.
- MS. KIRKPATRICK: Objection. Asked and answered.
- 8 You can tell her for the tenth time.
- 9 Q No one ever told you it wasn't your business, did they?
- $10\,$ $\,$ A $\,$ I know it wasn't my business because HR conducts these
- 11 investigations.
- Q No one at Shell ever told you it wasn't your business,
- 13 right?
- 14 A I can't answer that question. I don't know.
- Q In fact, violations of policies of the asset that you are
- responsible for are your business, aren't they?
- A Violations of policy, yes, I have a role in that.
- your job as operations manager to ensure that the employees
- 20 under your supervision are adhering to the policies of the
- 21 company, right?
- 22 A Yes.
- $\,$ 23 $\,$ $\,$ Q $\,$ So when conduct that is going on is inappropriate, that is
- your business, isn't it, as operations manager of the asset in
- which this is going on?

Page 96

- 1 Q And is it your testimony under oath that you thought that
- you asking a question would interfere with the investigation
- 3 that HR was conducting?
- 4 MS. KIRKPATRICK: Objection. Asked and answered.
- 5 Q I haven't asked that.
- 6 A Again, it's not my responsibility to interfere with this
- 7 investigation in any way.
- 8 Q That wasn't my question.
- 9 A Asking a question about anything that was going on in this
- investigation in my opinion could have been seen as
- 11 interference on my part.
- 12 Q By whom?
- 13 A Anyone.
- 14 Q Anyone at Shell?
- $\,$ 15 $\,$ $\,$ A $\,$ Who am I asking the question to. Yes, whoever I was
- 16 talking to.
- Q Did you ask Kloosterman can I ask you a question about the
- 18 investigation --
- 19 A No.
- 20 Q -- or would you see that as interfering?
- 21 A Yes
- 22 MS. KIRKPATRICK: Objection.
- 23 A I did not talk to Megan while she was conducting this
- 24 investigation.
- 25 Q At any time before it was concluded, right?

| 15 | MS. GURMANKIN: Yeah, I did. | 15 | A Yes. |
| 16 | MS. KIRKPATRICK: I don't understand the question. | 16 | Q Based on what it says there, can you answer that question, |
| 17 | MS. GURMANKIN: Well you don't have to. | 17 | yes or no? |
| 18 | MS. KIRKPATRICK: No. I have to understand the | 18 | MS. KIRKPATRICK: It's not a yes or no answer. |
| 19 | question to know. | 19 | A I don't think I can answer your question. |
| 20 | MS. GURMANKIN: I said in his capacity as operations | 20 | Q Despite the training that you've taken at Shell? |
| 21 | manager of Appalachia asset. I said that five years ago. | 21 | A Correct. |
| 22 | Q Please answer the question. | 22 | Q Penny Robins was an admin while you were at Appalachia, |
| 22 | | 1 | |
| 23 | A Would this have concerned me? | 23 | right? |
| | A Would this have concerned me? Q That this was going on according to Fletcher? | 23 | right? A She was. |

Page 104

Page 101

- 1 you work with her directly?
- 2 A She was a direct report for part of my time in that asset.
- 3 Q Okay. During the time that she reported to you, did she
- 4 ever do or say anything that led you to question her honesty or
- 5
- A No, not that I remember. 6
- Q All right. I'm showing you what is hopefully an interview 7
- 8 with Penny Robins.
- 9 A Yeah, I see it.
- (Exhibit P 25 attached.) 10
- 11 Q This is Exhibit P 25. And you see at the top it says,
- Penny Robins and Megan Kloosterman? 12
- 13
- 14 Q And you have never seen this document before, correct?
- 15 A No. not that I recall.
- 16 Q And no one ever told you about information that Robins
- 17 told Kloosterman as part of the investigation?
- 18 A That is correct. I don't have any knowledge of this.
- 19 Q By the way, before today, did you have any idea that
- 20 Kloosterman talked to Wayne Fletcher and Penny Robins as part
- 21 of their investigation?
- 22 A No.
- 23 Q So if you look at Number 5 at the bottom?
- 24 Five.
- 25 Q It says, Is there anything else you would like to share

Q After Grouette transitioned out of Appalachia, did you

- 1
- 2 have any communications with her?
- 3 A After who transitioned?
- Q Robin Grouette? 4
- 5
- Q About work-related issues? 6
- 7 Α
- 8 Q About the Appalachia asset?
- 9 Α Nο
- 1.0 Q What about?
- 11 A She was working in China and wanted to bring a team of her
- 12 Chinese asset staff to visit Appalachia to see how we did
- 13 things.
- Q Did that happen? 14
- 15 A Yes.
- 16 Q When?
- 17 A It was probably in the final year that I was there but I
- 18 don't remember precisely.
- Q Is Carmela still employed, do you know, with Shell? 19
- 20 A I don't know for sure but I don't believe so.
- 21 Q Was she there when you retired?
- 22 A I don't -- I don't know. I know after when we were
- 23 closing the Pittsburgh office, Carmela stayed on with I believe
- 24 it was the environmental department or it might have been the
- 25 Wells department filling out paperwork for them that they were

Page 102

- 1 related to the items -- related the items we discussed today
- 2 that haven't been asked yet. And the answer is, She works very
- hard. The women comment was not okay. It doesn't seem like 3
- 4 she has a lot of conflict with others. He says she's scared of
- me so he doesn't do it to me. He thinks he is a ladies man. 5 6 A Who is he? Who are they describing?
- 7 Q Turney.
- 8 A Okay.
- Q He thinks he is a ladies man. Him and Robin Grouette 9
- 10 would flirt. That is my perception.
- Did you ever hear from anyone that Turney was a ladies man 11
- 12 or words to that effect?
- 13 A No.
- 14 Q Did you ever hear from anyone that he and Robin Grouette
- would flirt? 15
- A No. 16
- 17 Q And Kloosterman, you never knew that she was interviewed
- 18 until today so Kloosterman never told you anything that Robin
- said as part of the investigation, correct? 19
- 20 A Correct. So are you saying that Robin was interviewed as
- 21 well?
- 22 Q Penny Robins was interviewed. No, not Robin Grouette.
- 23 A I thought you -- that's who I thought you meant.
- 24 Q Okay. No. Penny Robbins.
- 25 A No. No on both.

- 1 trying to digitize and that's what I remember.
- 2 Q Who is Matt Empsen?
 - A You know, I know he worked in my organization but I don't
- 4 remember what role he was in.
- 5 Q Ever have any contact with him?
- A Since I retired?
- 7 Q No. While you were there?
- 8 A Certainly while I was there I would have talked to him at
- 9 some point but.

3

- 10 Q Worked with him?
- 11 He was in our organization. Okay. I'm reading down now.
- 12 Integrity inspector. Yeah, I would have at some point
- certainly talked to him. 13
 - (Exhibit P 20 introduced.)
- Q Are you looking at Exhibit P 20? 15
- 16 A Yes.

- 17 Q And this is the interview notes of Megan Kloosterman or at
- 18 least her writeup of the interview she had with Empsen?
- 19 A Okav.
- 20 O You have never seen this before?
- 21 A No.
- 22 Q And prior to now you didn't know Empsen was interviewed,
- 23 correct?
- 24 A That's correct.
- 25 Q So if you look at the last part of Page 1 under

Page 105

- 1 Subparagraph A. It says, What are your
- observations/perceptions of the work dynamics on that team 2
- 3 specifically between Jesse and Will. Then the answer, Cubicles
- sit right next to them. Their work group dynamic from my 4
- 5 perspective. Will is very condescending to them and more
- specifically Jesse. The way he talks to her is very demeaning. 6
- 7 Doesn't respect her new role. Not afraid to blame her for
- 8 something that has nothing to do with her. If my boss treated
- 9 me that way, I would talk to them because of this
- 10 disrespectful. He has demeaned her in meetings, blamed her and
- 11 talked down to her on a daily basis. It's very condescending
- 12 and sarcastic like he's better than they are. It seems like
 - everyday there is something. An example would be how he asks
- 14 her if he needs something, he would tell her he needs it but
- 15 that it should already have been done. For example, updating a
- 16 board saying you should already know how to do this. It's the
- 17 tone, body language, more frequently towards her.
 - If you go to the second page. You can tell after their conversations she gets very quiet and doesn't talk to anybody.
- 20 You can tell she is bothererd by it. Other guys on the team
- 21 give it back to him or stand up for themselves but it affects
- 22
- her. Over the past year or two it's gotten progressively 23 worse. I have seen Will say inappropriate comments to all
- 24 women in the office, body language, things he would say, how he
- 25 postures himself around other females. With Jesse a little

- 1 MS. GURMANKIN: Well that's all you can make.
- 2 Q If you look down at the chart, do you see the chart on the
- 3 second page?
- 4 A Yes
- 5 Do you see the second one, my supervisor touches my arm
- and/or leg? Do you see that? 6
- 7 A Yes.

8

10

15

17

- Q The majority of the time I have a meeting or talk to him
- 9 one-on-one. So you see that's the claim underneath the header?
 - A Yes, I see that.
- 11 Q And then to the right, the last column, the header says
- 12 Test whether you see this amongst Will and others on the team,
- 13 self, or just between Jesse. And the response is, I see it at
- 14 the desk going over stuff with her personal space that he
 - crosses. He does not get close to other males, only noticed it
- 16 with her.
 - You never heard that before, right?
- 18 A No. I did not.
- Q Then on Page 3. First one on the chart, My supervisor has 19
- 20 told me that he has thought about me while showering and then
- 21 the response from Empsen is N/A and then I could see him saying
 - something like that.
- 23 And no one ever told that you at the time, right?
- 24
- 25 Q Or at any time?

Page 106

- closer to her than he should be, how close you are, how you sit
- 2 next to her, mannerisms. Example sit beside her and lean on
 - her impeding on her comfort zone, too close.
- 4 Did you ever hear that that came out as part of the
- 5 investigation?
- 6 A No.

13

18

19

1

3

8

15

- 7 Q Does it concern you that you didn't hear about that?
 - A Will's office was not adjacent to Jesse's when I worked
- 9 there.
- 10 Q That wasn't my question. Do you need it repeated?
- 11 Yes. Please repeat the question.
- 12 Q Does it concern you that you weren't aware of this
- 13 information that according to Kloosterman's notes Empsen told
- 14 her?
 - A Again, it fell --
- 16 MS. KIRKPATRICK: Objection as to what may concern 17 him nowadays.
- 18 Q No. Did it concern you in the fact that in the capacity
- 19 of operations manager that no one told you that?
- 20 A No
- 21 MS. KIRKPATRICK: He didn't know about it at the
- 22 time.
- 23 MS. GURMANKIN: You can make objection to form.
- 24 MS. KIRKPATRICK: There's more than objection to
- 25 form.

- Page 108
- A No. I have not seen any of this.
- 2 Q By the way, can you -- are you able to answer the guestion
- as to whether if Turney showed Jesse a -- I'm sorry. If Turney 3
- 4 told Jesse that he thought about her while showering, would
 - that be a violation of company policy?
 - MS. KIRKPATRICK: Objection.
- 7 A In the context of what was going on, I don't think I can
 - answer the question. I would need a ton more information and
- 9 it's not my decision to make. HR is involved in making
- 10 conclusions and doing the investigation into what the claims 11
- 12 Q And that's despite the training you have had at Shell you
- 13 can't answer that question, correct?
- 14 A Yes.
- 15 Q Under Number 3, the second -- actually the first
- 16 paragraph. It says, Is there anything else you would like to
- 17 share related the items we discussed today that hasn't been
- 18 asked yet. The answer, Will treats her like she is not
- 19 competent in her job. When he talks to her, he slows down his
- 20 speech like she can't understand. He will talk to someone
- 21 else. He sits down and breaks it all down slow and methodical.
- 23 disrespectfully. They see how he treats her so they see it's
- 24 okay. Dan Krise, Ken Foreman, would be others that treat her

Next paragraph. Her co-workers on that team treat her

25 that way. They feed off of Will. They think it's okay and

- 1 it's funny and Will can do it. They poke fun at her about it.
- 2 They don't have bad intentions but they think it's funny. Will
- 3 is setting the example. For Will it seems like it's a power
- 4 thing for him. He thinks he's in a position he can treat his
- 5 subordinates how he wants and get away with it. In my opinion
- 6 he's a womanizer. When someone can talk to male or female,
- 7 have two different postures, how they speak, body language.
 - You should treat everyone with respect. I noticed it since I
- 9 started. I have seen it affect Jesse in the past six months to
- 10 a year. Her attitude, she feels uncomfortable. She sits at
- 11 her desk and does her work.
- 12 Anyone ever tell you about that at any point?
- 13

8

- Q Does that concern you that no one told you? 14
- 15 MS. KIRKPATRICK: Objection as to what may concern
- 16 him nowadays.
- 17 Q It's the same answer I've given about six times now.
- 18 Answer my question.
- 19 A Again, HR conducts these investigations. They found this
- 2.0 information and they are the ones that are best in place to
- 21 make conclusions on it
- 22 Q My question is only does it concern you that no one told
- 23 you about that at the time of the investigation or at any point
- 24 while you were operations manager?
 - MS. KIRKPATRICK: Objection as to what concerns him

Page 111

- Q Do you have any knowledge as to whether he or any of the
- 2 others that we've looked at told anyone about this earlier?
 - A I assume they didn't.
- Q Do you know that? 4

1

3

6

- 5 A No, I don't know that.
- Q If they didn't, you would certainly as the operations
- 7 manager of Appalachia want to find out why they wouldn't come
- 8 forward with this information?
- 9 A If they didn't tell anybody, how would I know to ask the
- 1.0 question why they didn't tell anybody.
- 11 Q If you had found out at the time of the investigation that
- 12 they reported this stuff to Kloosterman, then that's a question
- 13 that you would follow up with?
- 14 A Oh, no. If that's your question, again, this
- 15 investigation is handled by HR. They are the responsible
- 16 party. They do -- this is their job to manage these processes.
- 17 The investigation process in this sort of a manner.
- 18 Q Let's go back. I want to make sure to make sure you and I
- 19 are on the same page with what I asked you and what your answer
- 20 was. You said it concerns you maybe a little that you didn't
- 21 find out about this information that according to Kloosterman's
 - notes people are telling her.
- 23 Why does that concern you maybe a little?
 - MS. KIRKPATRICK: Objection. Asked and answered.
- 25 Tell her again.

- 2 A As operations manager, did it concern me that nobody told
- me about any of this? 3
- 4 Q Mm-hmm.
- 5 A Maybe a little. But then again, I don't know the validity
- 6 of what anybody is saying here and in what context it was and
- 7 how they were coming up with this information.
- 8 Q Why does it concern you maybe a little?
- A It's not -- it's not what we're taught how we're supposed 9
- 10 to be behave.
- 11 Q What about it is not -- when you say we're taught, you
- 12 mean at Shell?
- A From the rules, yes, that Shell provides. 13
- 14 Q And the training?
- 15 Yes. Α
- 16 What about it leads you to say that it's not how you are
- 17 taught how you should behave as an employee of Shell?
- 18 A That somebody didn't speak up earlier.
- Q I'm sorry. What? I didn't understand that. 19
- 20 These people have knowledge. They didn't speak up. Α
- 21 Q How do you know?
- 22 A This person says they have talked to -- or they have heard
- 23 these things going on.
- 2.4 Q This is Matt Empsen?
- 25 A Yes.

- Page 112
- A I don't even know what I'm answering right now. 2 Q I'll ask it again so we're clear because I want to make
- sure you and I are on the same page. You testified that the 3
- 4 fact that no one told you that this stuff was being reported to
- 5 HR during in the investigation concerns you maybe a little. I
- 6 want to know why it concerns you maybe a little.
 - MS. KIRKPATRICK: Objection.
 - A The investigation was handled by HR. Human nature,
- curiousness. But I know that they are a responsible party to 9
- 10 deliver this sort of investigation and the outcomes that result
- 11 from it. I'm not involved in that process in any way.
- 12 Q What about human nature or curiousness concerns you maybe
- 13 a little?
- 14 A Maybe I misspoke.
 - Q All right. Let me ask it this way so we're clear.
- 16 Does it concern you at all that you didn't find out about
- 17 this stuff that employees are reporting to Kloosterman that
- 18 we've gone over so far, the fact that no one told you when you
- 19 were operations manager of Appalachia?
- 20 MS. KIRKPATRICK: Objection. Asked and answered.
- 21 A Does that concern me that I didn't understand what was
- 22 going on in the investigation? No, that did not concern me.
- 23 Q No, that's not my question. Does it concern you that no

one told the operations manager of Appalachia that this stuff

25 is being reported during the course of the investigation that

| Barnes | v. Shell Exploration & Production Company Appalachia, et al. | | |
|--|--|--|---|
| | Page 113 | | Page 115 |
| 1 | no one told you about this? Does that concern you? | 1 | A Yes. |
| 2 | MS. KIRKPATRICK: Objection. Asked and answered. | 2 | Q How? |
| 3 | A No. | 3 | A I'm not part of the process. |
| 4 | (Exhibit <mark>P 21</mark> introduced.) | 4 | Q And no one told you that you no one told you that, |
| 5 | Q All right. You should be looking at Exhibit 21. | 5 | right? |
| 6 | A Okay. | 6 | A No one told me anything about what was going on in this |
| 7 | Q Is it up on your screen? | 7 | investigation. I think they were instructed, at least that's |
| 8 | A Yes. | 8 | what I thought I read at the end of each one of these |
| 9 | Q All right. And these are you have never seen this | 9 | documents. |
| 10 | document, right? | 10 | Q I'm talking Kloosterman. |
| 11 | A That is correct. | 11 | A When I say no one, no one. |
| 12 | Q And you never saw the Empsen document? | 12 | Q And all the employees that we've talked about so far whose |
| 13 | A I did not. | 13 | interview notes we've looked at, these were either under your |
| 14 | Q So this appears to be interview notes of Kloosterman's | 14 | supervision or worked at the asset that you were responsible |
| 15 | interview with Mark Hoover. Do you see that? | 15 | for, right? |
| 16 | A Okay. | 16 | A I know the names of all these people, yes. |
| 17 | Q And if you go to Page 2. Under the claim chart, last one, | 17 | Q And they were either under your umbrella of supervision or |
| 18 | Jesse's claim is I have been called a bitch by numerous people | 18 | worked at the asset that you were responsible for? |
| 19 | in the office. Do you see that? | 19 | A Yes. |
| 20 | A Why are you? Sorry. | 20 | (Exhibit <mark>P 22</mark> introduced.) |
| 21 | Q Last claim in the | 21 | Q So looking at Exhibit 22 which should be up in your |
| 22 | A Page 2? | 22 | screen, the interview with Ken Foreman? |
| 23 | Q Yeah, in the chart. | 23 | A I see it. |
| 24 | A Okay. Okay. My eyes aren't very good. All right. Go | 24 | Q And you have never seen this, right? |
| 25 | ahead. | 25 | A That's correct. |
| | | | |
| | Page 114 | | Page 116 |
| 1 | Q And then do you see that? | 1 | Q If you go down to Number 3 at the bottom? |
| 2 | A Yes, I see that box. | 2 | A Okay. |
| 3 | Q Okay. And then the Mark Hoover response, do you see the | 3 | Q Last paragraph. Jesse, she received my product when I was |
| 4 | column to the right? | 4 | a scheduler. She is a different girl. She is super smart. If |
| 5 | A Yes. | 5 | you go with stereotypes, she is surprisingly smart. She gets |
| 6 | Q And the header that says Mark Hoover response? | 6 | offended by things that are not meant to be offensive. She |
| 7 | A Yes. | 7 | thinks things are personal when they are not. |
| 8 | Q And then it says, bitchy, yes. It was strictly in a | 8 | Then I want to move on to Page 2. |
| 9 | joking manner. It was never, there was no malice or meanness | 9 | A Okay. |
| 10 | involved. | 10 | Q If you look at the claim chart. |
| 11 | Did anyone ever tell you that Hoover admitted in the | 11 | A Mm-hmm. |
| 12 | investigation to calling Jesse bitchy? | 12 | Q Second one, my supervisor touches my arm and/or leg the |
| 13 | A No. | 13 | majority of the time I have a meeting or talk to him |

| 14 | Q Does that concern you that no one told the operations | 14 | one-on-one. |
| 15 | Q Does that concern you that no one told the operations manager that? | 15 | By the way, are you able to answer the question as to |
| | | | |
| 15 16 17 | manager that? MS. KIRKPATRICK: Objection. A As part of the investigation, no, it does not concern me. | 15 16 17 | By the way, are you able to answer the question as to whether if that's true that would be a violation of company policy? |
| 15 16 17 18 | manager that? MS. KIRKPATRICK: Objection. A As part of the investigation, no, it does not concern me. Q And how come? | 15 16 17 18 | By the way, are you able to answer the question as to whether if that's true that would be a violation of company policy? A I don't know that statement. Page 121

- 1 MS. KIRKPATRICK: Objection.
- 2 A It's not inappropriate for Turney. So he's saying it's
- 3 appropriate for Turney.
- 4 Q Yes.

6

- 5 A That's what you're saying?
- Q He's saying it's not inappropriate. Do you see that?
- 7 A Yeah. Again, I would say that HR is the -- are the people
- 8 that need to be answering these sorts of questions and they're
- 9 the experts in these sorts of investigations.
- 10 Q Right. So you can't answer that question about --
- 11 A Correct.
- 12 Q -- whether it's appropriate for a male supervisor to call
- his female subordinate a hot blonde; is that your testimony?
- 14 MS. KIRKPATRICK: Objection.
- A I don't have the context. I don't understand where, when,
- how. It's not my call.
- Q I'm just asking you were a manager of Shell, right?
- 18 A Yes.
- 19 Q For several years in two locations, right?
- 20 A Yes.
- 21 Q And you had about 18 years of supervisory responsibilities
- 22 at Shell, right?
- 23 MS. KIRKPATRICK: Objection.
- 24 A Yes.
- Q And you took multiple trainings that Shell provided about

1 A Again, in the context and situation, I'm not part of the

- 2 investigation. I don't know -- I don't know. I'm not the
- 3 expert in this.
- 4 Q Well then, why would you tell an employee that it would be
- 5 inappropriate for them to do that if someone just came to you
- and asked if they could call a female employee hot?
- 7 A If somebody asked me that question, I suggested why I told
- 8 them that, why I would tell them what I did or what I said
- 9 which was I would advise against it.
- 10 Q Based on your training?
- 11 A Yes.
- 12 Q So why can't you answer the question as to whether Turney
- doing that is inappropriate?
- 14 A There's not enough information for me.
- 15 Q What else --
- 16 A I'm not an expert at it.
- Q What else do you need to know in order to be able to
- 18 answer that question?
- 19 A I think I need to be there.
 - Q Be where? Where he's actually calling her a hot blonde?
- 21 A Yes

20

- 22 Q Because the context matters as to whether or not it's
- 23 inappropriate?
- 24 A Of course.
- Q Does the context matter in terms of whether or not it

Page 122

- 1 EEO issues and anti-harassment issues, right?
- 2 A Yes
- 3 MS. KIRKPATRICK: Objection. Asked and answered.
- 4 Q And it's your testimony that you can't answer the question
- 5 as to whether it would be inappropriate for a male supervisor
- to refer to a female subordinate at Shell as a hot blonde; is
- 7 is that your testimony?
- 8 MS. KIRKPATRICK: Objection. Asked and answered.
- 9 A Yes
- 10 Q Have you ever called a female a hot blonde during your
- 11 employment at Shell?
- 12 A No.
- 13 Q Have you ever called a female employee or contractor hot?
- 14 A No.
- Q So if someone came to you, if an employee came to you at
- Shell in your capacity as an operations manager at two
- different assets and said, is it okay if I call my female
- subordinate hot, you would say I can't answer that, go ask HR?
- 19 A I would likely advise them that that would not be
- 20 appropriate.
- 21 Q Why?
- 22 A Because of my training.
- 23 Q So then do you agree that if what Greene says here is true
- 24 according to Kloosterman's notes that Turney told Jesse that
- she's a hot blonde, that that is inappropriate?

- would violate company policy?
- 2 A Yes.
- 3 Q And what information would you need to know as to whether
- 4 -- to be able to determine whether or not a male supervisor at
- 5 Shell calling his female subordinate a hot blonde would violate
- 6 company policy?
- 7 A Repeat that question.
- 8 Q Sure. What other information do you need to know to
- 9 determine whether or not a male supervisor calling his female
- subordinate a hot blonde would violate company policy?
- 11 A I think I already answered that question.
- 12 Q No. I haven't asked that one.
- 13 A I said I had to be there.
- Q What information would you need?
- 15 A The conversation. Is that not what you asked and is that
- not what I answered when I said if I was there?
- Q What about the conversation would you need to hear in
- order to make that determination?
- 19 A I can't make that determination.
- 20 Q Well you said if you were there. Well, if you were there,
- would you be able to make that determination?
- 22 A If somebody -- the first question you asked me in this
- series was what would you say if somebody said I'm going to go
- call somebody a hot blonde, and I said I would advise against
 that based on my training.

- 1 Q Okay. Are you finished with your answer or no?
- 2 A Yes, I'm finished.
- 3 Q You said -- and correct me if I'm wrong -- I want to make
- sure I understood you correctly -- that in order to determine 4
- 5 whether or not a male supervisor calling his female subordinate
 - a hot blonde would violate company policy is you would need to
- be there to actually hear that conversation? 7
 - A It would need to be investigated.
- 9 Q But I'm asking you in your capacity as a former operations
- 10 manager at Shell in two different assets who had 18 years of
- 11 supervisory responsibility, would you need to have heard the
- comment to determine whether or not it violated company policy? 12
- 13 A I need it to be investigated.
- 14 Q And what information would you need in order to make that
- 15 determination?
- 16 A A completed investigation by professionals who do that
- 17

8

- 18 Q What specifically would you need to know in order to make
- 19 that determination?
- 20 MS. KIRKPATRICK: Objection.
- Q What information do you, Greg Larsen, need to make that 21
- 22 determination?
- 23 MS. KIRKPATRICK: Objection. Asked and answered.
- 24 A I'm not one that makes that determination.
- 25 Q I'm asking you in your capacity as a supervisor, do you

Page 127

- Q Because you need to know the context and you're not an
- 2 expert?

- 3 A I wouldn't provide advice unless I knew the context like
- 4 you said
- 5 Q I'm not asking --
 - A I'm trying to answer the question. And as far as the rest
- 7 of it, I'm not the expert that does the investigation that is
- part of the organization that does this professionally.
- 9 Q Okay. That's fine. I just -- my question is slightly
 - different so I want to make sure I understand. I understand
- 11 that you are not able to answer the question as to whether
- 12 Turney calling Jesse a hot blonde would violate company policy?
- 13
- 14 A Correct.
- 15 Q Is part of the reason that you're not able to do that is
- 16 because you're not an expert in terms of professional
- 17 investigations?
- 18 A Correct.
- 19 Q And is another reason why you're not able to do that is
- 20 because you don't know the context in -- or you need to know
- 21 the context in which that comment was made?
 - MS. KIRKPATRICK: Objection.
- 23 A I'm not part of the investigation, but yes.
- 24 Q Any other reasons as to why you would not -- you're not
 - able to answer the question as to whether a male supervisor

Page 126

- agree that Turney saying that to Jesse would be a violation of 1
- 2 company policy?
- 3 MS. KIRKPATRICK: Objection. Asked and answered a 4 hundred times
- A I'm not the expert at making determinations on what 5
- 6 somebody says. HR does that in this sort of an issue, in this 7
- 8

sort of a complaint.

- Q So you can't answer the question as to whether or not
- 9 Turney saying that --
- 10 A I don't think I can.
- Q Hang on. -- would be a violation of company policy? 11
- 12 A I don't think I can.
- 13 Q And that's because you're not an expert.
- MS. KIRKPATRICK: Objection. It's a 14
- 15 mischaracterization of his testimony.
- 16 A Correct
- Q Is it also because you don't know the context of the 17
- 18 comment?
- 19 MS. KIRKPATRICK: He also said it needs to be
- 20 investigated by HR before a conclusion is made.
- 21 Q Is it because you don't know the context of the comment? 22 Is that also why you're not able to make that determination?
- 23 MS. KIRKPATRICK: Objection. Asked and answered. He
- 24 told you that already.
- 25 A It's both.

- Page 128 calling his female subordinate a hot blonde would violate
- 2 company policy?
- 3 A Any other reasons?
- 4 Yeah, other than we just discussed, you're not an expert
- 5 in terms of professional investigations and you don't know the
- 6 context?
- 7 MS. KIRKPATRICK: Objection. There's more than he
- 8 said than that.
- 9 Q Anything else?
- A Jumping to conclusions is probably the worst thing a 10
- 11 manager can do.
- 12 Okay. Can you answer my question?
- 13 A I thought I did.
- 14 Q No. I didn't ask about jumping to conclusions.
- 15 A You said is there anything else and I said that was the
- 16
- Q How would that be jumping to conclusions to determine 17
- 18 whether or not -- you got to let me finish.
- 19 A Go ahead. I'm sorry.
- 20 Q -- as to whether Turney saying that to Jesse would violate
- 21 company policy?
- MS. KIRKPATRICK: You're assuming first of all that 22
- 23 it happened.
 - Because according to Greene, according to what Kloosterman
- 25 wrote about her interview with Greene, you see Greene says it

A No.

Page 129 Page 131 1 happened, right, you see that? 1 MS. KIRKPATRICK: Objection. He gave you other 2 2 A Is this Greene's? reasons. You're mischaracterizing his testimony. 3 Q Let me go back. 3 Q I'm sorry. I don't think I asked you this, but you never MS. Stop A That is correct. 11 asking improper questions. 11 Let me show you -- who's Dan Krise? BY MS. GURMANKIN: 12 12 It's Krise. 13 Q Go to P 26, that's what we were looking at. 13 Q Krise? A I'm on P 26. 14 14 A He was in my organization. I think he was in the 15 Q Okay. So are you on Page 2? 15 maintenance department. 16 Α Yes. 16 You should have P 24 in front of you. 17 Q Okay. So this is what we looked at. 17 A I see it. 18 A This is Jeremy Greene? 18 Q The interview with him. 19 Q Mm-hmm. 19 Yes. Α 20 A Okay. 20 You have never seen this, right? 21 Q And just so we're clear, go to Page 1. You can confirm 21 That's correct. 22 that's Jeremy Greene? 22 No one ever told you anything that he said? 23 A That's okay. 23 That's correct Α 24 Do you see it? 24 If you look under Number 2. On Page 1, the question is 25 A Yes. 25 describe the work environment and team dynamics on your Page 130 Page 132 1 1 Q Back to Page 2. I don't remember her being 14 A We had a number of women in our workforce. 15 15 offended or noticeable. Q Any other reasons why you disagree with that? 16 So according to Kloosterman's notes, Greene is confirming 16 A I didn't know that they called themselves cubicle team 17 awesome. I have no idea what that means. that Turney said that to Jesse. Do you see that? 17 18 A Yes 18 Q Based on your experience at Shell, you would agree that Q So is there any other information -- or are there any 19 the oil industry is generally dominated by male employees? 19 20 other reasons other than you're not an expert in terms of 20 A I have no idea. - A Well Mark Hoover had one as well if I remember.
- 2 Q You got to let me try to finish my question.
- 3 A I'm sorry. I'm sorry.
- 4 Q All right. So at some point before you sit down with
- 5 Turney, do you have a specific recollection of someone telling
 - you that there's been a conclusion that Turney violated the
- 7 company's policies or words to that effect?
- 8 A You're expected -- yeah, I mean, that's why we did this.
- 9 Q Okay.

- 10 A The conclusion of the investigation was this.
- 11 Q This P 33?
- 12 A Yes.
- 13 Q The warning that Turney got?
- 14 A Yes.
- Q Do you recall, did someone tell you when you were told
- that the investigation has been concluded that there was a
- 17 decision -- well strike that.
- 18 Whose decision -- were you involved in the decision to
- give Turney the written warning?
- 20 A I don't remember.
- 21 Q You don't remember one way or the other?
- 22 A No.
- 23 Q Well do you remember when you were told about the
- 24 conclusion of the investigation, were you also told that there
- 25 was a decision that Turney -- or I'm sorry -- that there was a

- 2 A I can't remember.
- 3 Q Were you ever told that there was a conclusion that Hoover
- 4 violated company conduct or company policy?

Q Did you ever see a document?

- 5 A I don't remember.
 - Q So is it fair to say that aside from remembering that at
- 7 some point you were informed somehow that the investigation had
- 8 been concluded, you don't recall anything about what you were
- 9 told or by whom?
 - MS. KIRKPATRICK: Specifically.
- 11 A Yeah, the specifics of that, I do not recall.
- Q All you recall is that at some point you were told that
- the investigation has been concluded and then at some point you
- 14 saw P 33?

- 15 A Yes, and I delivered P 33.
- 16 Q Right. But other than that you don't have --
- 17 A I was not -- sorry. I'm sorry.
- 18 Q At some point -- I'm sorry. Other than that, you don't
- remember being told anything about the investigation or the
- 20 conclusion of the investigation, correct?
- 21 A I was told possibly that the investigation was concluded
- and that's the reason why this paper was done, was developed.
- Q Other than that, you don't have a recollection of being
- told anything else about the investigation or the conclusion,
- 25 right?

Page 142

- 1 conclusion that Turney had violated policy? Do you have a
- 2 specific recollection of that?
- 3 A No, I do not.
- 4 Q You just assumed that you were because at some point you
- 5 were shown P 33?
- 6 A I had to deliver it. I was the person that did that.
- 7 Q And do you remember being told that there's been a
- 8 decision that Turney is getting a written warning?
- 9 A Do -- say that again.
- 10 Q Sure. Do you remember being told that there was a
- decision that as a result of the investigation Turney is going
- to get a warning?
- 13 A I don't remember specifically, but like we talked before,
- this would have been representation of that.
- 15 Q Right.
- 16 A P 33 or O 33.
- 17 Q But you don't recall anything about whether you were
- involved in deciding that Turney should get a warning?
- 19 A No
- Q And you don't remember anything you were told about why?
- 21 A No.
- Q All right. But you also recall being told -- or you saw a
- 23 similar document from Mark Hoover?
- A I thought I did, but then my memory may be bad, so if
- 25 there isn't one of those documents, then it didn't exist.

- 1 A Right.
- 2 Q You were not involved in drafting P 33; is that right?
 - A That's correct.
- 4 Q And you don't recall who gave it to you or told you to
- 5 deliver it to Turney?
- 6 A That's correct. But you asked me that question before and
- 7 I said HR.
- 8 Q But you don't remember who?
- 9 A That's correct.
- Q Do you remember if you were involved in any discussions
- about the -- any consequences for Turney that would result as
- 12 part of the investigation?
- 13 A I don't remember.
- Q And, I'm sorry, I just want to clarify you were told by
- someone in HR that Turney was going to get a written warning
- and you were handed the unsigned version of P 33 to give to
- 17 him?
- 18 A This was the conclusion, yes.
- 19 Q Yes. Okay. And you were told you had to meet with him to
- 20 deliver it?
- 21 A Yes.
- Q It's dated December 15, 2016. Do you recall if that's
- actually when you met with him?
- 24 A It would have been, yes.
- Q Do you remember if you were actually handed the unsigned

| 2 | A I don't remember. | 2 Q Do you see that? |
| 3 | Q Was it just you and Turney? | 3 A Yes. |
| 4 | A Steve Craig may have been in the room but I don't | 4 Q And the subject is signed letter, confidential, Will |
| 5 | remember. | 5 Turney. Do you see that? |
| 6 | Q Was it the room, the cubicle | 6 A Where does it say that? |
| 7 | A Yes. | 7 Q At the top. |
| 8 | Q off the office that you guys had? | 8 A Oh, signed letter, confidential, Turney. Yes, I see that. |
| 9 | A Yes. | 9 Q That's dated the same day as the warning 12/15. Do you |
| 10 | Q What do you recall about the meeting with Turney? | 10 see that? |
| 11 | A It was fast. I told him what was he sat down, I sat | 11 A Yes. |

- 1 Q And no one ever talked to you about any other things that
- 2 would be done to Turney or any other consequences?
- 3 A Correct, that I recall.
- 4 Q So if you go back to the written warning for a second
- 5 which I'm showing you P 33.
- 6 A Yep.
- 7 Q There's nowhere on here that it references that Turney
- 8 called Jesse a hot blonde, is there?
- 9 A If it's not, then it's not.
- 10 Q Can you just confirm?
- 11 A Rather than me reading every -- can you confirm it?
- 12 Q Yeah, I can confirm it, but I would like to have you
- 13 confirm it as well.
- 14 A I don't see it, no.
- 15 Q So where did you get that from?
- A It must have been from somewhere else in the pre-read.
- 17 Q You mean in the dep prep?
- 18 A Yes. Yes. Sorry. From Friday.
- 19 Q Turney remains in his supervisory role, correct?
- 20 A Yes, he does.
- 21 Q And he remains in the group, correct?
- 22 A In what group?
- 23 Q In the same group. He wasn't reassigned or transferred or
- 24 anything?
- 25 A At that time, no.

s that 1 somehow. I don't know. I don't remember. I do remember

- somehow. I don't know. I don't remember. I do remember of the list that I did coach -- Jesse had questions. I talked to
- 3 Jesse about options and encouraged her or at least suggested to
- 4 her, because she was interested in her advancement, in going
- 5 places with the company, that the agency job had the highest
- 6 top, if you understand what I'm saying, the highest end of the
- 7 roles that were on that sheet.
- 8 Q Did you present Jesse with these options?
- 9 A I know I talked to her about it. I don't remember if I
- 10 presented it or not. I don't know.
- 11 Q Was it your decision to offer her other options outside of
- 12 Turney's group?
- 13 A It was not my decision.
- 14 Q Whose decision was it?
- 15 A I don't know.
- Q Do you remember which group made the decision? Was it
- 17 someone in HR?
- 18 A No, I don't know.
- 19 Q Well how were you told?
- 20 A I think it would have been operations working with HR to
- 21 look for opportunities for Jesse.
 - Q Were you involved in that?
- A In someways, certainly, but I don't remember.
- 24 Q You remember being involved but you don't remember how; is
- 25 that fair?

- 1 Q At some point subsequent to that was he?
- 2 A Not while I was there but I don't know.
 - Q Were you aware that he was eventually promoted into a
- 4 maintenance supervisor position?
- 5 A He was in a maintenance supervisor position.
- 6 Q Were you aware that he was promoted after this
- 7 investigation?
- 8 A No.

- 9 Q Were you aware that at some point he started working in
- 10 Houston?
- 11 A No.
- 12 Q Is this the first time you are hearing that?
- 13 A Yes.
- 14 Q Both with Houston and the promotion?
- 15 A Both
- Q What happened with -- did anything happen with Jesse that
- you are aware of as part of the investigation or resulting from
- 18 the investigation?
- 19 A She took a different position.
- Q And how did that come about?
- 21 A She was provided some alternatives within our asset where
- she could function outside of her current role, outside of her
- 23 current line.
- 24 Q And how did that come about?
- 25 A I don't remember specifics but it would have come about

- 1 A Yes. That's probably fair.
- 2 Q And the decision to move her out of Turney's group was a
- 3 result of the investigation?
- 4 A I think so, yes.
- 5 Q Why?
- 6 A I don't recall. I don't think I can answer that question
- 5 because I don't have any information.
- 8 Q Did you ever have it?
- 9 A I don't remember.
- Q When you say it was operations working with HR, who are
- 11 you talking about in operations?
- 12 A Possibly me. Possibly Steve Craig.
- 13 Q Are you guessing?
- 14 A I am guessing.
- 15 Q All right. I don't want you to guess.
- 16 A I can't answer the question then.
- ${\tt 17} \qquad {\tt Q} \quad {\tt So \ do \ you \ have \ any \ idea}$ who made the decision --

- $\,$ 19 $\,$ $\,$ Q $\,$ Hang on. As you sit here today, do you have any idea who
- 20 made the decision to move Jesse out of Turney's group as a
- result of the investigation?
- MS. KIRKPATRICK: Objection. Asked and answered. Go
- 23 ahead.
- A Jesse chose the alternative of the options from which she
- 25 was presented.

- 3 A I don't recall the specifics.
- 4 Q Do you recall generally?
- 5 A No. I recall talking to her about those jobs. I think
- 6 she respected me and I think she trusts my -- trusts my opinion
- 5 being a long-term Shell employee that I was providing good
- 8 advice about the different options that were there.
- 9 Q Do you remember if you were were involved in the decision

- 11 A Was I involved in the decision?
- 12 Q Yes.
- A I think that was her decision. Jesse made the decision to
- move to the agency department.
- Q So did Jesse come to someone and say, hey, I'd like to
- move into an HSE position?
- A I don't know if that would have been me or somebody else
- but certainly that's how it would have happened.
- 19 Q All right.
- 20 A She would have communicated to somebody.
- 21 Q Well do you know that she communicated to someone that she
- 22 wanted to move out of Turney's group into an HSE position, or
- 23 are you guessing?
- 24 A Do I -- ask the question again.
- 25 Q Yeah. I want to understand. If you don't remember,

A Jesse chose the position and then the action was to move

2 her into that role.

- Q Right. But I want to understand if you remember anything
- about how Jesse came to choose the position. Was that
- 5 something she initiated, or was that a decision that the
 - company made?
 - MS. KIRKPATRICK: Objection. Asked and answered.
 - A The company did not make that decision.
- 9 Q So Jesse initiated it?
 - A Jesse made the decision.
- Q So did Jesse come to you or someone else at the company
- and say, I want to move into another position, what's
- available, and then options were presented to her? Is that
- 14 your recollection?
- 15 A So that's a very gigantic question you just asked. Could
- 16 you break that up?
- 17 Q Yeah. Did Jesse come to you and say something to the
- effect of, I want to move out of Turney's group into another
- position, are there any options available? Not the exact words
- 20 but something to that --
- 21 A I don't remember the specifics around how all of this came
 - about

22

- 23 Q So you don't remember whether it's a move that she
- initiated or whether someone at the company made the decision
- 25 that she was going to go out of Turney's group into another

Page 154

- that's fine, just tell me you don't remember but I want to
- 2 understand. The result is that after the investigation is
- 3 concluded, Jesse is moved out of Turney's group, right?
- 4 A Mm-hmm.
- 5 Q Yes?
- 6 A Yes.

1

- 7 Q And she's moved into an HSE position?
- 8 A Yes.
- 9 Q Was that the only option she was presented with, or was
- she presented with other options?
- $\,$ 11 $\,$ $\,$ A $\,$ From my memory, there were at least two other options or
- maybe three other options. There were options.
- Q Who came up with those options?
- 14 A I don't remember.
- Q Do you remember if you were involved in that, or you don't
- 16 remember?
- 17 A I don't remember specifically.
- 18 Q And how did it come about that Jesse moved out of Turney's
- group into an HSE position? Was that a decision that someone
- at the company made, was that something that Jesse initiated,
- or you don't remember?
- A I don't remember the specifics around how that was
- 23 actually -- how that actually occurred.
- 24 Q Do you remember anything generally about how that
- 25 occurred?

Page 156

- 1 position; is that fair?
- 2 A I don't remember. I don't remember. I honestly don't
- 3 remember.
- 4 Q Is it true that -- well strike that.
- 5 The options -- I think you said Jesse was given two or
- 6 three options, right?
- 7 A Yeah. I was thinking it was three or four including the
- giob that she ultimately took, but that's the best of my
- 9 recollection.
- Q Okay. Was one of the options she was given was to stay in
- 11 her role that she was in then and for the company to reassign
- 12 Turney to a different role?
- A I believe that was a possibility, yes.
- 14 Q Who came up with that?
- 15 A I don't know.
- Q So she was presented with that option? That was one of
- 17 the --
- A I think that was on the list, yes.
- 19 Q Okay. And you don't remember who came up with that?
- 20 A No.
- 21 Q And she said no to that?
- 22 A She took the other job.
- Q So she said no staying in her current role?
 - A I don't know that she said no to taking -- to staying in
- 25 her role.

| 1 | Q Did she indicate these are conversations you had with | 1 Q In Wellsboro? |

| 3 | A I discussed alternatives with her about the other | 3 Q Reporting to whom? |
| 4 | positions that she didn't know about. I encouraged her to take | 4 A Mark Hoover. Or actually to I'm trying to remember. I |

| 10 | she would learn. | Hoover's role or Mark Hoover's group responsibility. |
| 11 | Q What was it specifically about that role that led you to | 11 Q So she would have had some indirect reporting |

| 13 | A She would be in the field and she could do that job. | 13 A Yes. |
| 14 | (Exhibit <mark>P 35</mark> introduced.) | 14 Q And why was it just backup control room operator as |
| 15 | Q All right. I'm showing you what's been marked as Exhibit | 15 opposed to control room operator? |
| 16 | 35. If you can look through this and let me know when you're | 16 A I think you could say that was a bad choice of words. It |

| 18 | VIDEOGRAPHER: Going off the record at 12:26. | to automate our operation more significantly. We were building |
| 19 | (Brief recess.) | a control room. I think we had two people at that time that |

| 2 | A Yes. | 2 A Yeah. It was it was control room operator role. |
| 3 | Q And you meet with Turney on December 15 to give him the | 3 That's where it ultimately leads. |
| 4 | written warning, right, I mean, we saw that? | 4 Q Okay. But she would have been a trainee? |
| 5 | A Yes. | 5 A At first, of course, in any job you would be a trainee. |
| 6 | Q So does this refresh your recollection as to how soon or | 6 Q Right. Do you know if she was qualified for that role? |
| 7 | when you're told about the conclusion of the investigation? | 7 A That's why we provide training. I don't know. |
| 8 | A No. I don't know when the investigation concluded. | 8 Q Where did you come up with this role, the backup control |
| 9 | Q But it would have been before the date of this email, | 9 room operator? |
| 10 | right? | 10 A I don't know that I came up with this role. |
| 11 | A I believe it would have had to have been before this. | 11 Q Do you know who did? |
| 12 | Q Because Jesse is being talked to about moving to a | 12 A No. |
| 13 | different role as a result of the investigation, you testified | Q No idea where you got that from that you were able to put |
| 14 | to that, right? | 14 it in this email? |
| 15 | A As a potential opportunity, yes. | 15 A No. I imagine it was proposed and talked about and |
| 16 | Q So where are these you presented her here with three | thought a viable opportunity for Jesse. |
| 17 | options, right? | 17 Q I don't want you to guess. Do you have any idea |
| 18 | A Mm-hmm. | 18 A I don't know. |
| 19 | Q Yes? You have to say yes for the record. | 19 Q Let me just finish. Do you have any idea how you came to |
| 20 | A Yes. Sorry. | include backup control room operator as a possibility in this |
| 21 | Q First is backup control room operator? | 21 email? |
| 22 | A Yes. | 22 A No. |
| | | |

Q It says, In this role you will keep your current job grade

and work schedule. Whose decision was that?

A Say that again. Where does it say that?

23

24

25

Q Right? Where was that -- where would have that been, what

group?

A In operations.

- 2 role you would keep your current job grade and work schedule?
- 3 A I'm blind. I can't see it. Are you on one, two or three?
- 4 Q One.
- 5 A You're on one.
- 6 Q Second sentence right after the title.
- 7 MS. KIRKPATRICK: It's back.
- 8 A Oh. I was reading down. I thought you said the last
- 9 sentence in there and I just couldn't see it. It's in the
- 10 first line.
- 11 Q Mm-hmm.
- 12 A Yeah, I see that.
- 13 Q Whose decision was it that that would be her current job
- grade and work schedule?
- 15 A I don't know.
- Q It goes on to say, You would learn the control room
- operator position and fill in for Bob and Lynn.
- Were those the control room operators?
- 19 A They were the two people that had those roles, yes.
- 20 Q In their absence on this vacation. What would she be
- doing when they weren't sick or on vacation?
- 22 A I believe that's what the reference is about the water
- 23 management. I'm just, I'm guessing. Sorry. I shouldn't
- 24 guess. I don't know.
- 25 Q You don't remember?

1 Q Hang on.

- 2 A I'm sorry.
- 3 Q Is it something that she would have had to apply and be
- 4 interviewed for?
- 5 A I don't recall. I answered early and I shouldn't have
- 6 because the last part of your session said posted. I don't
- 5 believe the job was posted.
- 8 Q Well there was no actual environmental tech job yet,
- 9 right?
- 10 A There was not a second environmental tech job.
- 11 Q There was one that Pat Bernethy held?
- 12 A Yes. And we had a contractor named April Heater who
- supported Pat I believe in that role doing -- and I take that
- back. That's option three. That's option three. Sorry. I
- 15 was confused.
- Q All right. So right now Pat Bernethy was the only
- 17 environmental tech, right?
- 18 A Yes.
- 19 Q So what you were talking about or someone was talking
- about because you don't remember how you came up with Number 2
- that you wrote here, right?
- 22 A Yes.
- 23 Q Is creating a second environmental tech position similar
- 24 to the one that Pat Bernethy currently held, right?
- 25 A Yes.

1

Page 162

- A I don't know. That's correct, I don't remember.
 - Q Second option is move to the environmental team and work
- as an environmental tech. You would learn the field role that
- 4 Pat Bernethy currently holds.
- 5 Was he going somewhere?
- 6 A I don't believe so.
- 7 Q So would she be joining Pat Bernethy in the position that
- 8 he held?
- 9 A Yes.

- 10 Q Was that an open position?
- 11 A It was a position that Pat was overloaded in.
- Q Was there a second position actually created at the time
- you're sending this email?
- 14 A Yes. A second opportunity for Jesse.
- Q No, no, no. Was there an actual open position for
- 16 environment tech?
- 17 A No.
- Q So if Jesse said yes to that, would there be anything that
- would have to be done from the company's perspective about
- getting a new position approved and --
- 21 A Sure.
- 22 Q -- posting it and having people apply?
- 23 A Yes.
- Q So it's something that she would have had to apply --
- 25 A Well when you say --

- Q But there was no such position as of the time that you are
- 2 sending this email, correct?
- 3 A That is correct.
- 4 Q So if Jesse had said yes to this, what would have needed
- to have been done from the company's perspective to create
- another position, get it approved, and go through all that
- 7 process?
- 8 A I don't know the specifics. HR would have been involved.
- 9 Q Did you have discussions with anybody when you're sending
- Jesse this email -- hang on -- and say what needs to be done
- 11 here if she chooses this option?
- 12 A Ask your question again, please.
- 13 Q Was there any discussion that you were involved in with
- anyone at the company including HR about what would need to be
- done from the company's prospective about creating this new
- position, getting it approved, going through all that needed to
- be done if Jesse said yes to Option Number 2?
- 18 A I don't recall.
- 19 Q By the way, Number 1, the backup control room operator,
- was that actually an open position at the time that you are
- 21 sending this email?
- 22 A I don't believe so.
- Q So that would have to go through the same process?
- 24 A Yes.
- 25 Q Any discussion with anyone about that that you were

24

25

Q Right. The discussions would have included are we going

to move her out of the role, what's going to happen to her,

| | Page 165 | | Page 167 |
|----------|---|----|---|
| 1 | involved in? | 1 | along those lines? |
| 2 | A Not that I recall. | 2 | A Not necessarily what's going to happen to her because a |
| 3 | Q Number 3. Number 2, by the way, who would Jesse be | 3 | contractor if we release a contractor, they're gone, it's |
| 4 | reporting to? | 4 | not our responsibility. |
| 5 | A That's part of the agency organization. | 5 | Q All right. So the discussions would have included moving |
| 6 | Q So who would she be reporting to? | 6 | April out of that role? |
| 7 | A I don't know. Possibly Steve Ellis. | 7 | A At some point Jesse would have had to have learned the |
| 8 | Q Any other possibilities? | 8 | role first and I don't think we had two FLIR cameras. Maybe we |
| 9 | A I don't believe so. | 9 | did. I don't remember. |
| 10 | Q Number 3, become a second F L I R. What does that refer | 10 | Q And you don't recall well this says become a second |
| 11 | to? | 11 | FLIR camera operator, right? |
| 12 | A It's forward looking infrared. | 12 | A Yes. |
| 13 | Q Camera operator for Appalachia. This is the role that | 13 | Q And April was the only one at the time, right? |
| 14 | April Heater currently holds? | 14 | A Yes. |
| 15 | A Yes. | 15 | Q So was the proposal that was being made here to Jesse was |
| 16 | Q There are forecasted increases in fugitive emission | 16 | that there would be a second position created; April would hold |
| 17 | inspections relating to methane? | 17 | one and Jesse would hold the second? |
| 18 | A Yes. | 18 | A Initially, yes, I think that's where it was. |
| 19 | Q Was a second FLIR camera operator position open at the | 19 | Q But there was no at the time you're sending this email |
| 20 | time that you're sending this email? | 20 | there was no second FLIR camera operator Appalachia position |
| 21 | A April was a contractor. I think the idea was that over | 21 | approved? |
| 22 | time the role would be that April would be leaving the role and | 22 | A That is correct. |
| 23 | if Jesse took that role, that she would take over the entire | 23 | Q There was nothing approved by the company? |
| 24 | responsibility. | 24 | A We had no Shell person in that role. |
| 25 | Q Had a decision been made as of the time that you are | 25 | Q That wasn't my question. The company hadn't approved |
| | Page 166 | | Page 168 |
| 1 | sending this email on December 12, 2016, that April would be | 1 | creating a second FLIR camera operator for Appalachia at this |
| 2 | leaving that role? | 2 | time, correct? |
| 3 | A Read say that question again. Sorry. | 3 | A Yes. |
| 4 | Q Sure. As of the time you're sending this email December | 4 | Q Who would if Jesse were in a FLIR camera operator for |
| 5 | 12, 2016, had a decision been made that April was going to be | 5 | Appalachia position at this time, who would she be reporting |
| 6 | leaving the FLIR camera operator for Appalachia role that she | 6 | to? |
| 7 | held as a contractor? | 7 | A I don't remember. |
| 8 | A So you said December 16th but it's 12th on the email. | 8 | Q What group would she have been in? |
| 9 | Q I'm sorry. I thought I said December 12th. | 9 | A I don't remember. |
| 10 | A So I think that's what threw me the first time so I | 10 | Q And you don't remember how you came up with any of the |
| 11 | thought I was looking at the wrong email. Did was April | 11 | options that you put in your email or whether you even came up |
| 12 | aware that her job that she could lose her job? | 12 | with these options, right? |
| 13 | Q Nope. Had a decision been made as of December 12, 2016, | 13 | A That's correct. |
| 14 | that April was going to be moving out of the role that she held | 14 | Q Do you remember how you came to write this email? Let me |
| 15 | as a contractor FLIR camera operator for Appalachia? | 15 | ask it this way. |
| 16 | A I don't believe. I don't recall specifically, no. | 16 | A No. |
| 17 | Q So if Jesse had said yes to this role, there would have | 17 | Q Did you write this email? |
| 18 | needed to be discussions about whether or not April could be | 18 | A Yes, I wrote this email. |
| 19 | moved out of the role and then what would happen to her and | 19 | Q But you don't remember anything about where you got the |
| 20 | then going through the same discussions about what the process | 20 | information? |
| | would be? | 21 | A Did you remember I mean I know I'm not supposed to ask |
| 21 22 | A It would have been different discussions because April is | 22 | these type questions, but do you remember an email that you |

A I don't. I don't remember the specifics around writing

Q I'm just asking.

- 1 this email. I don't.
- 2 Q You don't remember anyone you talked to to get the
- 3 information regarding this email?
- 4 A I don't remember.
- 5 Q In the last paragraph, it says, I still need to check on
- 6 the viability of working in the inspection team as a data entry
- 7 person for CIMS. What's that?
 - A Computer inspection management system, I believe, or
- 9 computer based inspection management system. It's part of the
- 10 asset integrity function.
- 11 Q And who's Shane?
- 12 A Shane Sollinger (phonetic) was the leader supervisor of
- 13 that department.
- 14 Q So Jesse would be reporting to him if she joined that
- 15 group?

8

- 16 A Yes.
- ${\tt 17} \qquad {\tt Q} \quad {\tt You\ say\ I}\ {\tt talked\ with\ Shane\ about\ the\ possibility\ of}$
- adding data entry clerk for CMIS to his team.
- Do you remember how that came about that you talked to
- 20 Shane about that?
- 21 A No.

1

- 22 Q You go on to say, Right now the inspectors are entering
- all the data themselves. Shane will get back to me by 9 a.m.
- tomorrow on the value to adding this role to his team. The
- inspection work won't go away and the need to enter data will

- 1 investigation or the conclusions of the investigation?
- 2 A No. I don't recall.
 - Q Just other opportunities?
- 4 A Yes.

3

6

8

- 5 Q You go on to say, As I outlined I would like for you to
 - quickly make a decision on which role you would like to pursue
- 7 so we can close out the rest of the action we will be taking.
 - Do you see that?
- 9 A Yes.
- 10 Q What did you mean by that?
- 11 A We were trying to expedite Jesse's situation to get her
- out of the environment, that investigation and discovery.
- 13 Q You mean Turney's group?
- 14 A Yes.
- 15 Q Why?
- 16 A That was the conclusion of the investigation.
- 17 Q So someone told you that you were trying to expedite
- getting her out of that situation?
- 19 A Someone told. I don't know.
- 20 Q Well where did you get the information you just testified
- 21 to?

25

1

5

10

- 22 A Say what I just said.
- 23 Q You said you were trying to expedite getting her out of
- the situation she was in, meaning being in Turney's group.

- exist all the time. Future roles could grow under the
- inspection team but unknown at this time. Hope this helps.
- 3 Was there any actual open positions in CIMS at the time
- 4 that you're sending this email?
- 5 A I don't recall.
- 6 Q In the first paragraph of this email, you say, Thanks for
- 7 taking the time this afternoon to discuss potential roles for
- 8 you going forward.
- 9 Do you see that?
- 10 A Yes.
- $\,$ 11 $\,$ $\,$ Q $\,$ Do you recall meeting with Jesse on December 12, 2016, or
- 12 around then?
- 13 A The date, no, and this is December 12. So the date I
- don't recall the specifics, but I did tell you before that I
- did discuss -- at least I think I told you before that I
- discussed with Jesse options that she had.
- Q Do you recall doing that before you sent the email?
- A That's why I would have written it that way. I don't
- recall it but that's -- what other conclusion could I come to.
- I pre -- pre -- there is no way I did this in advance.
- Q Was it just you and Jesse?
- 22 A Yes.
- 23 Q And you don't remember how that meeting came about?
- 24 A No.
- 25 Q And did you discuss in that meeting anything about the

- Q So where did you get that information from?
- 2 A I don't know.
- 3 Q Did someone tell you?
- 4 A I don't know. I don't recall.
 - Q It wouldn't have been your conclusion, right? You would
- 6 have gotten that from HR or someone else at the company?
- 7 A Most likely, yes.
- 8 Q Did you take notes of your conversation with Jesse?
- 9 A No, not that I recall.
 - Q Did anyone at the company tell you that Jesse engaged in
- inappropriate conduct as part of the investigation or the
- 12 conclusion?
- 13 A Let me go -- I'll answer that question but let me go back
- 14 to the prior question. You said were these -- this I take as
- notes from the conversation. Thanks for the time this
- afternoon to discuss potential roles. As I outlined we would
- like -- so this is what we talked about.
- 18 Q So you presented Jesse with the three options listed here
- in that meeting?
- A And the potentially fourth one.
- 21 Q For the CIMS?
- 22 A Yes.
- 23 Q Okay. Does this email reflect everything that you
- discussed with Jesse in that meeting earlier that day as far as
- 25 you recall?

Page 176

|--|

- 1 A As far as I know, yes.
- 2 Q All right. As part of the investigation or the conclusion
- did anyone from Shell tell you at any time that there was a
- 4 conclusion that Jesse had acted inappropriately?
- 5 A I don't remember.
- 6 Q Is there anywhere -- well strike that. In that
- 7 conversation that you had with Jesse in the meeting that you
- 8 had with her before you sent this email, did you discuss with
- 9 her the possibility of staying in her current position and the
- 10 company reassigning Turney?
- 11 A I don't recall the specifics.
- 12 Q So you don't recall if you mentioned that one?
- 13 A At this meeting, no.
- 14 Q But you would have, right, because that was a possibility
- that was being presented to her?
- A I think it was but I don't recall.
- 17 Q How come that's not included in your email?
- 18 A Because maybe it wasn't what we discussed. I don't know.
- 19 I don't remember.
- 20 Q Is that documented anywhere that Jesse was offered the
- option to stay in her current position and the company would
- 22 reassign Turney?
- A I don't have any information or recollection.
- 24 Q Do you recall seeing that anywhere?
- 25 A No.

1

3

A That's what I don't remember.

- 2 Q And it's not included in this email you sent to Jesse on
- 3 Page 2 of Exhibit 35?
- 4 A That's correct.
- 5 Q And then starting on the bottom of the first page, going
- 6 into the second page, Jesse is responding to your proposals,
- 7 right?

1

- 8 A I think so, yes.
- 9 MS. KIRKPATRICK: Which page?
- 10 A Page 1 at the bottom.
- 11 Q So looking at the first paragraph of her email on December
- 13, 2016, where she says, Here is what I'm struggling with, my
- 13 current role as a maintenance analyst.
- 14 Do you see that?
- 15 A Mm-hmm.
- 16 Q Yes?
- 17 A Yes.

20

25

- 18 Q She says, My current role as a maintenance analyst I know
- 19 holds its value to the business because I have obtained,
 - parens, SAP PB 7 permissions transactions that no one else has
- or knows at this point how to use. Overall in my current role
- 22 I do not believe anyone from my team and/or asset could fulfill
- 23 my job without training which makes me believe I'm more
- valuable as an employee in the analyst role over the potential
 - roles discussed. I do also hold the role dear to me because

- Q In your preparation for your deposition today, do you
- 2 recall seeing that anywhere?
- A I thought that that was always a possibility from these
- 4 processes that that could be an outcome.
- 5 Q Where did you get that from?
- 6 A Training.
- 7 Q Did anyone tell you that a possibility as a result of the
- 8 investigation was keeping Jesse in her current position and
- 9 reassigning Turney?
- 10 A Did anybody tell me? Not that I recall.
- 11 Q Okay. And you don't recall ever presenting that to Jesse,
- 12 correct
- 13 A I don't remember.
- 14 Q And you haven't seen that documented anywhere, correct?
- 15 A I don't remember. I don't know.
- 16 Q How about the documents you reviewed last Friday, did you
- recall seeing it anywhere in there?
- A I don't remember. I don't remember if it specifically
- 19 said what you said.
- 20 Q No. What you said. You said that at some point Jesse--
- 21 A No. I meant what you said relative to Friday. Sorry. Go
- 22 ahead.
- 23 Q You don't recall seeing that document anywhere in the
- documents you reviewed on Friday in preparation for your
- 25 deposition today?

- 1 I'm the first analyst for our site.
- 2 Did I read that correctly?
- 3 A Yes.
- 4 Q And you respond to her up top, right?
- 5 A Ye
- 6 Q Why don't you say something to the effect of, well, an
- 7 option that you have is staying in your current maintenance
- 8 analyst role and we'll just reassign Turney?
- 9 A I don't know.
- 10 Q No explanation?
- 11 A No explanation.
 - Q And that would make sense for you to respond that way
- given what she is saying, right?
- 14 A It may or may not make sense.
- 15 Q But no explanation for why you didn't say anything about
- 16 that?

12

- 17 A I said I don't know.
- Q She's also -- she also references -- let's look at the
 - second paragraph. She is saying to you she has not ruled out
- 20 -- with that being said, she has not ruled out the backup
- 21 control room operator position.
- Do you see that?
- 23 A Mm-hmm.
- 24 Q Yes?
- 25 A Yes.

| Page 1 | 7 | 7 |

- 1 Q She says, I feel as if my current role is unique where the
- 2 control room operator role there are already two other people
- 3 that currently do this role which makes me believe that
- 4 possibly down the road I would be the probable layoff.
- 5 Do you see that?
- 6 A Yes.
- 7 Q And Bob and Lynn were the other two people who held the
- 8 control room operator role at this time?
- 9 A Yes
- 10 Q Did you respond to her in any way addressing that concern?
- 11 A Not in my email response.
- 12 Q Did you have a conversation with her where you addressed
- 13 that concern?
- 14 A I don't recall.
- 15 Q Why wouldn't you do that?
- 16 A I don't know that I didn't.
- 17 Q So you may have had a separate conversation?
- 18 A I don't remember.
- 19 Q Why wouldn't you include that in your email?
- 20 A I don't know.
- 21 Q Do you have a specific recollection of having any other
- conversations with Jesse after the December 12 conversation
- referenced in your email on Page 2 of P 35?
- 24 A I don't recall any specific conversations.
- 25 Q She says in the third paragraph, Also I do not like the

1 Do you see that?

- 2 A Yes.
- 3 Q She responds to you that she is 100 percent going back to
- 4 school to further her career within Shell.
- 5 Do you see that?
- 6 A Yes.
- 7 Q You never thought in your communications with her that she
- 8 wasn't fully dedicated to the company, did you?
- 9 A No.

10

- (Exhibit P 40 introduced.)
- 11 Q I'm showing you what's been marked as P 40. Do you know
- 12 what this is?
- 13 A I'm reading it, yes.
- 14 Q Sure. Let me know when you're done.
- A Okay. I believe this is the role that she took.
- 16 Q The HSE analyst?
- 17 A Yes.
- 18 Q But what is the document itself?
- A It is a -- I think, but I don't know for sure, but I think
- it is a piece of our posting, the job posting for that role.
- 21 Q Did someone pull it?

A I read that.

- 22 A I have no idea.
- Q So you don't know how this document came to exist?
- 24 A No.
- Q The Post-It on there that says, Steve this was --

Page 178

- title of backup control room operator. She says, This may be
- 2 nitpicking, and then she says, Possibly there's a different
- 3 title.

1

8

- 4 Do you see that?
- 5 A You went to Page 2. Yeah, I see what's at the bottom of
- 6 Page 1.
- 7 Q So how come you didn't say in response -- in your email
 - response, I was wrong. I shouldn't have called it a backup
- 9 control room operator, it should be trainee, or something to
- 10 that effect?
- 11 A I don't know.
- 12 Q No explanation for that?
- 13 A No.
- 14 Q She also references on Page 2 at the end of her email she
- may be going back to college in January.
- Do you see that?
- 17 A Yes.
- 18 Q And --
- 19 A Back on Page 1.
- 20 Q Yep. In your response you say, I'm curious about the
- school comment. Is this a full-time student. Will you be
- taking a sabatical from work to go to school. What are you
- studying. If you're going back to school to further your Shell
- work career, we should talk more. I want to make sure we are
- 25 aligned on expectations.

- Page 180
- Q Okay. It says, Steve, this was my notes from a planned
- discussion with Jesse about her role options?
- 4 A Yes.

- 5 Q But what was that -- the context of that?
- A As I was leaving, there were lots of people on -- so it
- was December, the last week of December. There's lots of
- 8 people on vacation. Steve was not there. I was going through
- 9 my files. I pulled out as he's taking over my role documents
- that I felt were important for him to have and that's why that
- Post-It Note was on there. So rather than just piling them,
- getting a pile of paper, I put a note on the papers that I gave
- 13 him to say what it was.
- Q Is this around the time of December 2017, is that what
- 15 you're talking about?
- A It would have had to have been, yes.
- 17 Q When you retired?
- 18 A Yes.
- 19 Q He took over your role?
- 20 A Yes.
- 21 Q So this was part of your transitioning?
- 22 A Yes.
- 23 Q So this is about a year after this discussion was taking
- 24 place?
- 25 A What is about a year after this discussion?

| | Page 181 | | Page 183 |
|----------------|---|----------|---|
| 1 | Q When you're getting the Post-It | 1 | position, correct? |
| 2 | A Yes. | 2 | A Correct. |
| 3 | Q and you're giving this to Steve? | 3 | Q And you don't recall any other communications you had with |
| 4 | A When I gave this to Steve, it would have been in the last | 4 | her about the investigation or the new role after that December |
| 5 | week in December of 2017. | 5 | 12 conversation? |
| 6 | Q Did you have other documents in your office that you | 6 | A No. |
| 7 | transitioned to anyone else regarding Jesse? | 7 | Q After that initial conversation after Steve Craig comes to |
| 8 | A Steve was my direct report. He would have received every | 8 | you and tells you about the issues she is having, the initial |
| 9 | document regarding anything I thought was important. | 9 | conversation that started the investigation? |
| 10 | Q Do you remember if there was anything else regarding Jesse | 10 | A Yes. |
| 11 | other than <mark>P 40</mark> ? | 11 | Q And then Jesse approaches you and you have a conversation |
| 12 | A I don't remember. | 12 | with her, did you do anything to make sure that she was safe at |
| 13 | Q The handwriting on the right side, other than the Post-It | 13 | any point after that? |
| 14 | Note, is that yours? | 14 | MS. KIRKPATRICK: Objection. Asked and answered. |
| 15 | A Yes. | 15 | A I did answer that question and that was my immediate |
| 16 | Q What does that say? | 16 | concern when she approached me. |
| 17 | A Stay in role to vacation. So this would have been likely | 17 | Q Right. Did you do anything after that to ensure that she |
| 18 | at the end of 2016 a forward plan for Jesse that she would stay | 18 | was safe? |
| 19 | in her role up to her vacation which I assume is over | 19 | A I don't recall. |
| 20 | Christmastime, move into the new role that she chose in 2017, | 20 | MS. KIRKPATRICK: Objection. |
| 21 | and then transition with a maintenance replacement who would be | 21 | (Exhibit P 14 introduced.) |
| 22 | taking her spot as the maintenance analyst. | 22 | Q Did you ever let me show you this. I'm showing you |
| 23 | Q Who does that? | 23 | what's been marked as Exhibit P 14, you're looking at Page 3. |
| 24 | A I didn't recall until I saw some documents that I believe | 24 | This is Jesse's internal the first page of Jesse's internal |
| 25 | it was Tina king. | 25 | complaint that she made to the company. You can look through |
| | Page 182 | | Page 184 |
| 1 | Q In reference to your deposition? | 1 | whatever you need to do but I just want to know if you have |
| 2 | A Yes. | 2 | ever seen this before. |
| 3 | Q Had Tina been working at the company before? | 3 | A I've never seen this before. |
| 4 | A I don't know how long she was working there. | 4 | Q Let me go back to the complaint, Jesse's court complaint. |
| 5 | Q But she was at the company? | 5 | You're being shown Page 15. Do you have Paragraph 49? |
| 6 | A She was an employee, yes. | 6 | A Yes. |
| 7 | Q Were you involved in the decision to move her into the | 7 | Q So Paragraph 49. |
| 8 | maintenance analyst position? | 8 | MS. KIRKPATRICK: Which page is that? |
| 9 | A No. | 9 | MS. GURMANKIN: 15 |
| 10 | Q Do you know who made that decision? | 10 | Q On or about December 2016, following the investigation |
| 11 | A No. | 11 | into Plaintiffs sex discrimination complaints, Greg Larsen, |
| 12 | Q So at some point does Jesse how does she end up in the | 12 | male operations asset manager, told Plaintiff to think about |
| 13 | HSE analyst position? | 13 | how to presents herself in the office and what she talks about |
| 14 | A She would have expressed an interest. | 14 | at work. |
| 15 | Q I don't want you to guess. Are you guessing? | 15 | I read that correctly? |
| 16 | A The only way it can happen is if she expresses an interest | 16 | A Yes, you did read it correctly. |
| 17 | in the job. | 17 | Q Is that true? |
| 18 | Q I understand but I want you to tell me what you recall. | 18 | A I don't recall. |
| | A I don't know. If you're not accepting our standard | 19 | Q Is it possible that you said that? |
| 19 | | 20 | A Anything is possible. |

| 1 | A I don't know. | 1 wasn't he? |
| 2 | Q You don't recall? | 2 A What review? |
| 3 | A I don't remember. | 3 Q The 2016 performance review? |
| 4 | Q You don't recall one way or the other? | 4 A So are you talking about the writeup that goes into Shell |
| 5 | A No. | 5 people or are you talking about her IPF? What specifically are |
| 6 | Q Plaintiff understood Larsen's comments to be blaming her | 6 you talking about? |
| 7 | for the sex discrimination including sexual harassment to which | 7 Q What's the difference? |
| 8 | she had been subjected. | 8 A Were you specifically involved, I guess maybe there is no |
| 9 | Did I read that correctly? | 9 difference, but they are separate entities as far as I'm |
| 10 | A You read it correctly. | 10 concerned. |
| 11 | Q You laughed when I read it. Why did you laugh? | 11 Q Right. So what's the difference between the writeup and |
| 12 | A I was surprised. | 12 the IPF? |
| 13 | Q Why? | 13 A The writeup goes into Shell people and is a document that |
| 14 | A I can't imagine a situation where I would blame her for | is written by either the employee or the manager or supervisor |
| 15 | what's said here. | and agreed to by both parties before it is entered into the |

| 18 | Q And you testified earlier you never had a conversation | either party and that goes into Shell people as well. So |
| 19 | with her about the investigation other than the December 12 | 19 that's the performance writeup. |
| 20 | conversation about other positions for her, right? | 20 Q And IPF? |
| 21 | MS. KIRKPATRICK: That he could recall. | 21 A IPF is a process annually, conducted annually by HR with a |

- 1 Q At some point a final decision is made about the IPF?
- 2 A Yes. At some point those decisions are made.
- 3
- A There are different phases of approval that the whole IPF 4
- 5 process goes through. It's an HR function.
- Q When was the final approval done? 6
- 7 A When the IPFs are rolled out, I guess, in January, late
- 8 January.
- 9 Q So for 2016, the final decisions would have been made
- 10 sometime in January of '17?
- 11 A The final approvals would have been made and issued and
- 12 the IPFs would have been issued, yes.
- 13 Q And there are multiple meetings that go on between the --
- you and the supervisors for your group, for example? 14
- 15 A There was one big meeting.
- 16 Q In October?
- 17 A Yes.
- 18 Q Are there discussions that happened after that?
- 19 A No.
- 20 Q Everything is decided pending approval in October of 2016?
- 21 A Individuals are placed in a 9 box grid basis performance
- 22 against goals, performance against their peers and their
- 23 behaviors.
- 24 Q So when you learned that Turney was the subject of Jesse's
- 25 complaints in 2016, did you do anything to ensure that he was

- Q Did this indicate to you that Jesse was complaining about
- 2 her performance ratings or her performance reviews?
 - A lassume so, yes.
- 4 Q If you look at the last paragraph?
- 5

1

3

6

- Q So did you do anything when you got this?
- A This would have been Steve's responsibility to manage and 7
- 8 follow up.
- 9 Q So no?
- 10 A I don't recall what I did.
- 11 Q If anything?
- 12 That's correct.
- 13 At some point were you aware that Jesse's IPF was changed
- 14 for 2016?
- 15 A Through the prep.
- 16 Q Through the dep prep?
- 17 Α Yes
- 18 Q Not before then?
- 19 A No, not that I recall.
- 20 Q Were you at the level for approval for the IPF ratings as
- 21 operations manager at Appalachia?
- 22 A Am I an approver?
- 23 Q Yes. You referenced I think multiple layers of approval.
- 24 Were you one?
- 25 A It's a process. Not each process necessarily is an

- being fair when discussing her feedback and IPF score? 1
- 2 A I don't recall.
- 3 Q Do you know if anyone did anything about that?
- 4 A I don't recall.
- 5 Q All right. So at some point you become aware that she is
- 6 complaining about her writeup and/or her IPF rating for 2016?
- 7 Through the I'll say pre-read. But what did you call it?
- 8 Q The deposition prep?
- Yes, then. 9 Α
- 10 But not before then?
- 11 I don't recall anything before then, no.
- 12 (Exhibit P 46 introduced.)
- Q Showing you what's been marked as P 46. Is that up on 13
- 14 your screen?
- 15 A Yes.
- 16 It's Bates stamped Shell 0418. Can you read this email
- 17 and let me know when you're done.
- 18 A Okay.
- 19 Q You're copied on this, right?
- 20 A Yes. Well it's to me but it's also to Steve.
- 21 Q Right. And Megan Kloosterman and Michelle Priest are
- 22 copied, right?
- 23 A Yes.
- 24 Q And this is from Dusty on January 24, 2017?
- 25 A Yes.

- Page 192
- 1 approval. It's a proposal. People are, like I said, placed
- into boxes. Those boxes have indicators and ranges of IPFs. 3 So at the conclusion of our October 2016 with the input that we
- 4 had, I would have had no reason to object to any numbers that
- 5 were on that for any person in my organization.
- 6 Q I'm saying when you have that meeting and people give
- 7 feedback, you're part of that discussion, right?
- 8 A Yes.

2

- Q And sometimes you pose questions or pushback? 9
- 10 A Sure.
- Q And then as the operations manager, are you I guess the 11
- 12 first level of approval? If you're in agreement with what the
- supervisor is proposing, then it goes on to the next level? 13
- 14 A I don't know that it's an approval step. It's part of the
- process and, like I said, it's our proposal to go forward. So 16 I won't say it's an approval because it's not.
- 17 Q Okay. Well let me ask it this way. Just go through with
- 18 me the process for approving or coming up with the final IPF
- 19 rating for employees.
- 20 A What's the entire process or from this meeting onward?
- Q We've covered the meeting. What happens next? 21
- 22 A That input goes into a bigger conglomeration of
- 23 unconventional assets. They look at skews, gender, race, age,
- 24 to see if there's any level of discriminating factors that
- 25 cannot be justified.

- 1 Q Who's they?
- 2 A HR.

6

- 3 Q Okay. Do you know who during the time for 2016?
- 4 A In our meeting, we would have had a -- Michelle Priest
- 5 would have been managing some skew, preliminary skew data for
- our stuff, so Appalachia as an asset cannot send in everybody's
- 7 high ranked. We had to fit a range, there's an average that we
- 8 have to meet, and we can't -- we cannot exceed that average.
- 9 So all of those things are happening at the meeting.
- 10 Q Got it. Or conceivably if Priest noticed at the meeting
- that all the men were being given high rankings and all the
- tilat all the men were being given night fanklings and all the
- women low rankings, she would presumably say something?
- 13 A At the meeting and we would manage that.
- Q Got it. So someone from HR, multiple people in HR,
- reviewing the unconventional assets information?
- A Yeah. So operations would be compared to all the other
- 17 operations -- operational assets, which I don't remember how
- many there were at the time, but all this data gets merged and
- then it gets merged with Canada. It gets merged with drilling.
- 20 It gets merged -- because it's all unconventionals and every
- single bit of information has to meet this average. So you
- send in your data as an average and if you have outliers, then
- you explain those outliers, and hopefully another asset can
- 24 accommodate that adjustment either way if they need to provide
- additional credit or there's a debit to be taken.

Page 195

- Q Do you remember if there were any changes for 2016?
- 2 A I don't remember.

1

13

15

22

12

15

- 3 Q Are there typically or not necessarily?
- 4 A I have heard of them but that's through the process.
- Where another asset may have a bunch of low performers or a
- 6 bunch of high performers, so if they have a bunch of high
- 7 performers, they're looking for data from -- or more credit
 - from elsewhere. If an asset has a bunch of low performers and
- 9 they come in with their average 1.01, say, then they have room,
- there's money in the budget to give it to somebody else. So
- you look to people that are on the threshold and you provide
- that to those people. I'm not involved in that process but I
 - understand that's the way it works. Or I was not involved in
- 14 that process.
 - (Exhibit P 41 introduced.)
- 16 Q Showing you Exhibit P 41. If you can just read through
- 17 this email exchange.
- 18 A Okay.
- 19 Q Just Page 1?
- 20 A Yes.
- 21 Q So this is --
 - A So the lower document is the one that we've already
- 23 reviewed?
- Q Yes. And then Jesse follows that up with another email
 - the following day to you, Craig, Kloosterman and Priest. She

Page 194

- 1 Q So how is that sent in for your group, would that have
- 2 been a spreadsheet?
- A I don't know how HR does it. Probably a spreadsheet.
- 4 Q Okay. But you don't see that, do you?
- 5 A No. No. We see the 9 box grid and how that all -- I
- 6 don't know. At the meeting we see the 9 box and by job grade
- 7 we put people into boxes.
- 8 Q So after this goes to HR and they are looking at the other
- 9 operations groups, they are comparing race, gender, and making
 - sure that everything is kosher for lack of a better word. Then
- 11 what happens?

- 12 A I don't know exactly but it just goes through successive
- levels of approval and ultimately all of Shell has to meet that
- average, so downstream, upstream, everything. All the
- organizations, including senior management is my understanding.
- Q But after Michelle Priest's involvement as the HR support
- for your organization at the October 2016 meeting, is it
- correct you are not aware of who the individuals are who were
- involved in the process after that?
- 20 A I have no idea.
- Q But at some point you get information back basically
- saying this has been approved, these are the IPF scores for
- your people or something like that?
- 24 A Yeah. We put in a proposal and what I would like to hear
- 25 back is were there any changes.

- $\label{eq:page_page} {\tt Page \ 196}$ is saying, I want to point out that I reached out to Steve in
- 2 May 2016 for input in my role before and I didn't receive a
- response. I touched the email. That's the email on the second
- 4 page that she is referencing. In addition to my first email, I
- 5 touched three high fives I have received as well.
- 6 What are high fives?
- 7 A Peer-to-peer recognition.
 - Q Did you do anything when you get this email?
- 9 A I don't recall.
- 10 Q Do you recall ever having a conversation with Will Turney
- about Jesse's performance review or IPF for 2016?
 - A I don't remember.
- 13 Q How about Steve Craig?
- 14 A A conversation with Steve Craig about Will Turney.
 - Q No. About Jesse's 2016 performance review IPF rating?
- 16 A I don't recall that either.
- Q Showing you what I have marked as Exhibit 40 -- P 47,
- Shell 770 through 772. Can you read through these emails. Let
- me know when you're done.
- 20 A Okay.
- Q So on the first page there is an email that Turney is

| 6 | Q Yes. So is the HSE analyst position even on here? | 6 | she had any concerns or any issues, anything? |
| 7 | A It possibly is a blend of two, three. I don't know how. | 7 | A I'm sure I would have said something to her at some point |
| 8 | Maybe we had to title it something. I'm not sure. I don't | 8 | but I don't know what that was. |

| 12 | A Yes. | 12 | A A specific recollection, no. |
| 13 | Q Which one? | 13 | Q Do you have a general recollection of following up with |
| 14 | A I don't know. Like I said, I don't know. I don't | 14 | her and you just don't recall the conversation? |
| 15 | remember. I don't remember how it came to be called HSSE | 15 | A I don't think I can answer the question because I just |
| 16 | analyst or which of these jobs that actually was. | 16 | don't remember. |
| 17 | Q All right. But putting title aside, are the | 17 | Q You don't remember if you ever followed up with her, |

| 19 | responsibility of an HSE analyst? | 19 | A I don't remember. |
| 20 | A I don't know. I don't think I can answer the question. | 20 | Q Have you talked to your attorney at any point during this |
| 21 | Q How come? | 21 | deposition today? |
| 22 | A The FLIR camera operator was a camera was a contractor | 22 | A No. |
| 23 24 | and we don't have official titles for those people. An | 23 | Q Have you talked to anyone during your deposition or |

| 5 | A I don't remember specifically. | 5 | off the record at 1:41. |
| 6 | Q Okay. | 6 | COURT REPORTER: I need orders on the record. |
| 7 | A But I see this appointment, yes. | 7 | MS. GURMANKIN: I think we have a standing order, |
| 8 | Q What does that mean? | 8 | whatever that is. |
| 9 | A That these titles don't align with HSE analyst. | 9 | MS. KIRKPATRICK: Mini script and you can just send |
| 10 | Q Do you know, the position she ended up going into, do you | 10 | me the mini script with the exhibits. |
| 11 | know if anything changed about her status other than the title | 11 | |

| 13 | A What do you mean relative to status? | 13 | |
| 14 | Q Do you know if anything changed about her compensation? | 14 | |
| 15 | A I don't know. | 15 | |
| 16 | Q Do you know if anything changed about the prestige or | 16 | |
| 17 | visibility of her responsibilities? | 17 | |
| 18 | A She would have been in the field so her environment would | 18 | |
| 19 20 | have changed. | 19 20 | |
| 20 | Q Do you know anything about what she actually did after she was moved off of Turney's team? | 20 | |
| 22 | A I assume that the role description described what she did. | 22 | |
| 23 | Q Do you know anything about what she actually did? | 23 | |
| 24 | A I don't remember precisely. | 24 | |
| 25 | Q Do you remember anything about it? | 25 | |

Exhibit 27

<u>Jesse Barnes</u> - 2015 End of year performance summary was held on 01/25/16. Goals for 2016 were discussed and IDP was started. No problems were identified and progress is doing well. — Will Turney

Jesse was hired on with Shell in September 2015. Jesse continues to deliver strong performance as the Appalachia maintenance analyst. She is able to effectively manage a very large volume of inquiries and work order submissions to help maintain the MIE/HWGD process. Jesse is diligent in keeping up with our KPI's and ensures our processes are keep up to date. Jesse continues to learn and engage others to seek out answers when needed. Jesse also does a great job at managing our maintenance activities at our office and the 660 office.

Opportunities:

Jesse can allow her frustration of certain management decisions affect her ability to manage aspects of her role. She often doesn't see the big picture only what directly affects her. Active listening and seeking to understand first then providing constructive feedback will help such process to improve. Be willing to engage in meetings and participate when needed. There are more times than not valuable information you will need to hear.

Will Turney – Field Support Supervisor

A And I had wrote it all down because that was what Hondo Blakley suggested that I do, because that day, at the end of the day, he had called me --I had left a message to him because Ricky and Kyle asked me -- or told me that I should contact him for his advice -- he was down to Warrendale at that time -- he called me, he suggested that I write everything down, which I did.

If I'd have known, I would have brought that whole letter down. But that -- and I did write it all down at that time, so I was able to use that as a guideline when I talked to David Summers and Michelle Priest.

Q Okay. And then at some point after that, comes back to you and talks to you about his --

A He texted me, it had to be between the time that I had talked to him, we had given him the cards -- or the cards -- I had talked to David Summers when I got angry and said you didn't tell me, you said you would call me before you

Q Go ahead.

A All I know is that when they were down to Warrendale -- that's where they had a lot of their meetings -- that they had a meeting and he -- he asked to be released and to go to a different asset.

Q David Summers or

A David Summers.

Q Okay. And do you know why?

A David -- I must be getting the David --

David Summers is the one that had the conflict of interest with Robin Grouette.

Q And what is your knowledge about what that conflict was with Robin Grouette that he had?

A How she was -- how she dealt with some of the issues. being one of them.

Q Okay. Do you know what was it about her handling of this particular incident that David Summers had a conflict with or an issue with?

A At that time, I did not. Like I said, I did not know who he had spoken to about this, and so I really couldn't, it's just what was said.

Q Okay. At some point after this incident took place, did you -- did you learn something about what Summers' conflict was or issue with the way

Page 23

that Robin Grouette found out about this?

A Yes.

BY MS. GURMANKIN:

Q How did you find out about --

Summers had a conflict of interest with Robin your knowledge about that?

that Robin Grouette handled this situation?

Q Okay. And what did you find out after?

A Just that he didn't -- she didn't -- because that he didn't like how she handled the conflict with there was -- I assume there was other things going on, I -- I could not say, and it's been quite a while, so...

Q Sure. Am I correct that no one told you that you did anything wrong in connection with this incident?

A Nobody said anything, because it was -- I went and told people -- as it was going down, I notified higher-ups.

Q Um-hmm.

A And, also, I made sure I sent an email to that you want -- stating that he wanted these gift cards and that I would use his credit card, and I do have the email -- I wish I had known -- I have the email that stated that he said yes to purchase the gift cards.

Q By the way, I also forgot to tell you in

gentleman with her at the Christmas party, he was sending her texts -- I do not know what the texts said -- and that she was upset about it.

Q And so if the incident that you testified to with the gift cards, that was around Christmas, I understand you're not certain, but you think 2014?

A I can't remember if it was the 2014 Christmas and the beginning of the '15, right there -- I'm thinking it is, but I'm not sure. If I had the papers, the date would have been on them. But I don't have them.

Q So was it around this time you referenced that Jesse talked to you at the Christmas party; would it have been around the same time?

A It would have --

MS. KIRKPATRICK: Objection, leading.

17 BY MS. GURMANKIN:

Q Go ahead.

A It would have been after the issue with and David Summers and Robin Grouette, so it would have to have been after January --

22 Q Okay.

A -- that this went down, that then she talked to HR, or talked to someone that advised her

the beginning, if you need a break at any time, you can just let us know and we'll take a break, okay?

I think you said shortly after this, tendered his resignation, right?

A Yes.

Q And do you have any knowledge as to whether it was in connection with this incident or any other incident?

A That Christmas, at the Christmas party, when this was all going down, I was telling Ms. Barnes; I did not know what was going down with her, she did not speak of it. But after I was going through this, she came up to me and she said, if you have the strength enough to do it, I can too.

And then I -- it was -- I didn't, at that time, know what she had done, but then she went to speak with somebody of what had acted or -- issues with

Q At some point around this time, did she tell you what was going on with her and

A Only that he was sending texts -- and I think this was way after; I know it was after she had spoke to HR -- that at that Christmas party, that he was with his wife, and Ms. Barnes had a

to talk to HR.

Q Are you talking the following January?

A In that -- yes.

Q In that time?

A Whatever was going on with me, she said if you can, then she talked to someone and they advised her I can do it, and she did.

Q At some point, did you learn more about the text messages that was sending?

A I didn't, all I remember is Jesse coming out of a meeting with HR -- it was the end of the day, and Jesse came out of the HR crying her eyes out because they had given her a pamphlet how to conduct herself around men.

Q And based on what you observed, she was upset about that?

A She was devastated.

Q Did she show you the brochure?

19 A No, she ran out of there.

Q Did she tell you what it said?

A She just said they gave me a brochure to conduct myself -- how to conduct myself around men.

Q At any point before you left Shell, did Jesse tell you anything else about that issue that

A Provocative. She was in FR clothing. If you know what FR clothing is, we're talking blue jeans, it was required to have long sleeves, jackets. She was out in the field, if she went out in the field, with a hat on because it was cold. She did not wear makeup when she went outside or when it was hot. There was no sense in it, it would run or whatever.

She conducted herself when she was around me in a professional way. The incidents on here, I was not there. I know where it was. There was -and I have no idea, I do not believe Ms. -- I don't know.

This was at the golf course, the Shell tournament, whatever -- I do not know what year, whatever -- they required us to help out. And I'm sure she did as she was told, to man the -- they had -- production would have a hole, you know, and they would have to furnish fruits, liquor, whatever at that hole.

one -- they'll tell you all, I just didn't enjoy it.

Q So was it around this time that Jesse told you that something happened at the golf tournament?

MS. KIRKPATRICK: Objection.

THE WITNESS: It would have been

6 after -- it would have --

BY MS. GURMANKIN:

Q Go ahead.

A -- been after. This golf tournament is in June of every year; it used to be a two-day tournament, a Friday and a Saturday. It has gone down to a one-day. But I do know that had got out of hand at times.

Q And what had you heard about it getting out of hand at times?

A Alcohol. I can't tell you any incidents or anything. A lot of alcohol and carrying people out, people driving that shouldn't have been.

Q Do you know of any names?

20 A No, I wouldn't, I...

Q So what did Jesse tell you about this?

22 A It would have been around that time 23

afterwards. 24

Q Um-hmm.

Page 34

I can personally tell you that I've never seen Jesse in a pair of shorts at the workplace. That day, they would go from home to there, so I really wouldn't know what she wore. I know what some of the others wore because I seen pictures, so...

You're talking -- when you're talking gentlemen that's been there all day long and each hole was liquor, and I seen what some of it was purchased, it wasn't just beer, it was hard liquor that was served at this. So I'm sure some of the gentlemen got out of hand. But I was never there, I would not go there.

- Q So you were not at this golf tournament?
- Tournament, I would not. But she did speak of that. She told me of this time. I can't tell you which tournament it was.
- Q And you said that you would not go to that. How come?
- A I'm not a golfer, for one thing. I did not -- I don't enjoy going to places that have a lot of people, groups of people, and I don't serve beer and alcohol. I mean, it's not against -- and I've drank, but I just don't enjoy it, don't -- I'm not

Page 36

- 1 A Like I said, it was in June, so it was 2 shortly there afterwards she would have said 3 something to me. I remember her saying that --4 about the shorts, you know, because the other girls 5 had wore summer outfits.
 - Q All right. So if you go back to Exhibit 7, Page 6, the first subparagraph, A, do you see where I am?
 - A Yes.
- 10 Q All right. It says: (As read.) At an 11 outdoor work event, several male supervisors and 12 male coworkers asked Plaintiff why she was not 13 wearing shorts, and asked Plaintiff if Turney could 14 cut her pants into shorts.

A Per the job, I would think Winters, Hondo -- because they worked together, so they all had, you know, conflicts.

Q Any other male employees?

A Who she worked with? She worked with, closely with, I think -- I'm not sure Larsen was there at that time. I'm not sure. I really don't remember. There was a lot she had conflicts with.

Q Did Tonia ever talk to you about a supervisor that asked her to come to his hotel?

A No.

Q Do you remember --

A If she does, I don't remember her stating it -- yes, there was, she was around -- they had a dinner out, it was a Bradford gentleman, and I can't say who it was -- I really could not say the name --I do remember her saying they went out to dinner, and she was asked at that time to -- invited to his room.

Q Okay. That he invited her?

A Yes, that he invited her. I cannot remember the gentleman's name.

or not, if he was there.

Q Do you remember any of the male employees who were around when she said that?

A This is in Mansfield, so I wouldn't -- you know, if they talked with the Bradford guys before we sold the Bradford asset, and they didn't come over, so it would be before that, and I, really, I couldn't tell you.

I just remember her -- when Warrendale was going down, you know, they were selling that asset, which was after Bradford, I do believe, she was up and around for a while; she came up two weeks at a time to help with the -- with the transition, and then she had to train her replacement, which was not good, because she didn't feel that she should have lost her job.

Q Do you know if her replacement was male?

A No, it was Kathy Lehman.

Q Okay. Did Tonia talk to you about why she lost her job?

A She talked a lot about it. She thought it was conflicts with other supervisors, but yet they were stating because she was a contractor, the -she was only supposed to have a -- being a

Page 70

Q Do you remember when this was that Tonia told you that?

A When Robin Grouette was over in Bradford, and I can't tell you when that was -- before she became general manager, she was supervisor over there, so I -- I really -- or superintendent, I guess, is what...

Q Do you know if it would have been before you talked to Megan Kloosterman about Jesse?

A Yes, it was before that.

A No, she told everyone.

Okay. How do you know?

A Oh, Jesse was there, there was a lot of other guys. I mean, it was a group, but --

Q Turney?

A I really couldn't tell you whether it was

Q All right, so just to go back, because I want to make sure this is clear, do you remember, other than Jesse and Tonia, who else was in the group when Tonia told the story about the supervisor who invited her back to his hotel room?

A Yeah, she talked -- I mean, there was probably Houseknecht was there, because we all talked together -- at that time, it was before Houseknecht -- and I think Houseknecht went in September --

Q Um-hmm.

A -- of '16. I'm not positive there.

Q So before you met with Megan Kloosterman, you knew that there was an investigation into code of conduct issues in connection with Jesse? A Yes. |

A No, only that it was issues about the code of -- I can't remember, it's been so long ago, I really can't. I don't remember a certain person saying anything other than it was about a code of conduct with a supervisor pertaining with Jesse, that's basically all I knew.

Q Okay. So do you remember anything about the interview with Megan that you had?

A I really can't. I mean, she asked questions and I answered them.

Q Do you remember what kinds of questions she was asking?

A No, I can't. It was that long -- I really cannot answer. I wish I did, but I didn't have a -- what I seen or what I heard.

Q Do you remember if she told you why she was conducting these interviews?

A Just the code of conduct with a supervisor.

Q Did she tell you who the supervisor was?

A No.

22 Q At some point, did --

A I -- not that I -- I cannot remember.

Like I said, I just really cannot remember.

Page 79

A I don't remember. It may be HR. I don't know, I really don't.

Q Did you complain to someone at the company about your conflict with Larsen?

A No, it was during the evaluations, the evaluation period, I had had, as you know, several different supervisors; they evaluated me between a one down to a nine, which is the average, and he came in and -- I can't even remember when he came in -- I got no midyear review; and in December, or whenever that review was, he came in and sat down and said my performance was lacking. And I stated that out of all the supervisors I had ever had, he was the only one that made that statement, and he says, they lied to you.

So therefore, he talked to Michelle, and I also talked to Michelle. I tried to get Megan, but they said she was on to another position at the time. And Megan told me that it was -- how did she put it? She told me that after Larsen had talked to her for an hour, I talked to her a couple days later and she said it was miscommunications.

Mr. Larsen told me personally that it was the worst evaluation one-on-one he had had in

Page 78

Q Did you -- did Megan ever show you any notes or write-up of her interview with you?

A No.

Q Were you ever asked to submit a statement in connection with this investigation?

A I can't remember of typing one or sending one to her.

Q Do you remember if you were asked to?

A No, I can't.

Q Other than Megan Kloosterman, did anyone else at the company talk to you at all about this investigation?

A No. I was just asked to -- after the first of the year, we were -- I was asked to set up meetings for code of conduct refresher courses.

Q Okay. Did Larsen ask you to do that?

A I do believe so.

Q Did he tell vou --

A Because it's in this book that -- Larsen.

Q What is that book that you have there?

A This was just a -- I had a conflict with

Larsen, my evaluation, and they advised me to start writing down what I did during the day with Larsen.

Q Who advised you of that?

And then according to her notes, you say: (As read.) She works very hard.

You were referring to Jesse there?

A Yes, ma'am.

- Q Okay. Do you remember saying that to Kloosterman?
 - A Oh, definitely.
- Q And then she goes on to write: (As read.) The woman comment was not okay.

Do you know what you told Kloosterman that's reflected there?

- A The woman -- because she's a woman, she don't get paid as much.
 - Q The comment that Jesse had made to you?
- A Yes, the -- you know, because she was a woman, she didn't need to be paid as much as a man.
 - Q And you had relayed that to Kloosterman?
- 18 A Yes.
 - Q Did you tell anyone else that Jesse had told you about that; did you tell anyone else at Shell?
 - A I think in conversation, probably, with Jennifer Card about that, because we were always in conflict of our pay compared to a male's.

Page 103

- supervisor over any of the guys; I just -- I liked what I was doing, it's just that -- we complained.
 - Q You complained about what?
 - A The pay that we were getting to compare with what some of the other guys -- I mean, we put in some good hours, we did exactly what we were asked to do, and it just, you know, some people were at certain levels.
 - Q Who did you complain --
 - A I mean, I compared myself to, I guess, to the guy that was -- there was a gentleman over to Bradford, and it was a very small building over there, not nearly what we had at ours, his name was Keith Dart, and all of a sudden, there was a job opening in the Appalachia for office manager -- and it wasn't at the Wellsboro office that we had all those people, it was at the Bradford office -- and he got the office manager job and a hefty raise to go with it under Robin Grouette.
 - Q Before he got the office manager position, do you know what he did?
- A What I did. He was a -- he was an administrative assistant.
 - Q Do you have any idea what he was making as

Page 102

- Q Did you feel that you were paid less than male employees?
 - A Well, I was paid less than a male.
 - Q Did you think that you were --
- A I did my job and I got paid well, but, you know, they got paid more than we did. And there was really no going up; I mean, if we wanted to stay, we stayed right where we're at.
- Q Did you think that you were paid less than males who did comparable work to you?
- A There was no person to compare to us. I mean, the other guys were supervisors or they were the guys that go out in field, out in the field, so there was no -- to compare our wages.

We just knew that we were on this level and there was just really no way to get higher, I mean, that was it. I mean, we just didn't get -- I mean, you got your pay raise, I mean, whatever percentage it was, and we weren't asked if we wanted to be... And at the bottom of your evaluation every year, I guess they asked you whether or not you wanted to go anywhere.

- Q Would you ever indicate that you did?
- A No, I said I didn't want to be a

- the administrative assistant?
- A I don't know what his wage is, I just know what he got -- higher, when you -- you go up, you get levels, and he went up a level.
 - Q When he became office manager?
 - A Manager.
- Q You understood that to be a promotion?
 - A Yes.
 - Q Did you think, based on your knowledge, that you were qualified to do the position of office manager?
 - A Yeah, 'cause I remember us saying why isn't there an office manager here at the Wellsboro.
 - Q Do you know if that position was posted, the one that he got?
 - A Yes, it was posted, that's how we found out.
 - Q Okay. Did you apply for it?
- A No, I wasn't going to Bradford.
 - Q How far is Bradford from Wellsboro?
- A Two and a half hours from Wellsboro.
 - Q And who did you complain to about the pay issue?
 - A I don't think I complained. I do remember

- Q And what did Summers or whomever say?
- A I don't know, and that was it.
- Q How come you didn't ever take that

further, like to HR or anyone else at the company?

A I don't know why we didn't, to tell you the truth, why. I mean, we had so many people in the Wellsboro-Mansfield area, and they wouldn't even offer the office manager job. I mean, that wasn't even a -- and they did it over there in Bradford, and it was such a small asset, I -- we didn't understand.

- Q It didn't make sense to you?
- A It did not make sense to us, no.
- 20 Q Do you know --
 - A But at the time, it was under the Robin
- Grouette superintendent, she was superintendent.
- Q Did he -- did Keith Dart report to Robin
- Grouette in his position of office manager?

- A No, I cannot say I did.
 - Q And are you talking about the comments that Jesse told you about, like talking about her pay, that she's --
 - A No, I would -- it would be talk about a woman, blonde, touching. He wouldn't dare touch me because I probably would have -- I would have spoken, you know, said something.
 - Q Bottom of the last line of -- under number five, Kloosterman's notes say: (As read.) He thinks he is a ladies' man. Him and Robin Grouette would flirt, parens, that is my perception.

Do you remember saying that to Kloosterman?

- A Yes, I do.
- Q What made you conclude that Turney thought that he was a ladies' man?
 - A The way he conducted himself around any lady that come into the office. We're not talking the ones that were there at all times, we're talking about the ones that may come up from Warrendale for meetings, and he was always -- my perspective of flirting was he would flirt with Robin Grouette; he

Page 106

- A I do believe so.
- Q Okay. Do you know if he actually applied for the position?
 - A No, I do not know any of that.
- Q Do you know who else applied for the position?
- A No, I do not.
- Q All right. So back to the bottom of page one of Exhibit 25, under number five, Kloosterman's notes say: (As read.) He says he is scared of me so he doesn't do it to me.

Do you remember --

- A Oh, yeah, he says I, you know, the way I talked or conducted, he was scared of me. So he didn't make comments, 'cause probably I would say something back.
- Q You mean the comments that Jesse talked to you about?
- A Yes, he wouldn't --
 - MS. KIRKPATRICK: Objection.
- THE WITNESS: -- wouldn't say anything
- like that to me, 'cause I spoke it right back.
- 23 BY MS. GURMANKIN:
 - Q Did you hear him make those types of

always made himself accessible, you know, talking on the phone.

- Q What would he do that you concluded was flirtatious or acting like a ladies' man?
 - A Just the way he would touch.
 - Q He would --
- A You know, he would just touch their arm or put his arm around, around them; there was a lot -- you know, Tonia Peguliano and... I mean, he would just, when they would come up from Warrendale, he would always make sure that he was presentable.
- Q Did you see Turney touch or put his arm around Robin Grouette?
- A I cannot -- I will not confirm or deny, I just don't know. I mean, I know that I must have if he -- but I can't say, yeah, on this date, he touched her.
 - Q I'm not asking about dates, but that led to your conclusion --
- A Yes, that led to my conclusion.

| 1 | inaccurate? | 1 | she came back from Canada. |
| 2 | MS. GURMANKIN: Objection to form. | 2 | BY MS. KIRKPATRICK: |
| 3 | THE WITNESS: No. | 3 | Q And what specifically did she say to you |
| 4 | BY MS. KIRKPATRICK: | 4 | about what happened in Canada? |
| 5 | Q Do you have any reason to believe that | 5 | A Not much, she was very private, only that |
| 6 | Ms. Kloosterman would have would have omitted any | 6 | that was very inappropriate. |
| 7 | information that you may have said to her? | 7 | Q What did she say when she described what |
| 8 | MS. GURMANKIN: Objection to form. | 8 | happened specifically? |
| 9 | THE WITNESS: I would not know. | 9 | A She didn't say much. She was aggravated |
| 10 | BY MS. KIRKPATRICK: | 10 | and then she she went to HR. |
| 11 | Q And you were asked a question, number | 11 | Q So after the Canada trip, she said she was |
| 12 | five: (As ead.) Is there anything else you'd like | 12 | aggravated? |
| 13 | to share related to the items discussed today that | 13 | A No, she did not say; I said she was |
| 14 | hasn't specifically been asked of you? | 14 | aggravated. |
| 15 | MS. GURMANKIN: Objection to form. | 15 | Q Okay. I'm just asking what she |
| 16 | BY MS. KIRKPATRICK: | 16 | specifically said to you. |
| 17 | Q Is do you know why you may not have | 17 | A I really can't remember that far back. |
| 18 | mentioned these other incidents that you talked | 18 | Q Do you remember any of the specifics of |
| 19 | about today? | 19 | what Ms. Barnes said to you about what happened in |
| 20 | MS. GURMANKIN: Objection to form. | 20 | Canada? |
| 21 | THE WITNESS: I did not think of them | 21 | A No. |
| 22 | at that time. | 22 | Q Did you report any of what she said to |
| 23 | BY MS. KIRKPATRICK: | 23 | anyone? |
| 24 | Q Did you know about them at that time? | 24 | A No, because I do believe she, at that |
| | Page 138 | | Page 140 |
| 1 | A Like I said, I assume that she had told | 1 | time, she was going to speak with someone, 'cause I |
| 2 | me, I am after the tournament but I may have | 2 | remember "you've gotta speak with someone," stating |
| 3 | forgotten it by the time Megan did the interview. | 3 | you have to talk with somebody about this. |
| 4 | Q Is it possible that you learned some of | 4 | Q That's what you said to her? |
| 5 | Ms. Barnes' complaints about Mr. Turney after you | 5 | A Yes. And I think I think I said that |
| 6 | had the interview with Ms. Kloosterman and that's | 6 | quite often to her, "you have to speak with |
| 7 | why they're not in here? | 7 | somebody." |
| 8 | A No. I mean, she would have told me I | 8 | Q When did you first begin telling |
| 9 | do not believe so. | 9 | Ms. Barnes that she should speak to someone? |
| 10 | Q Is it possible that you learned of some of | 10 | A Probably at the golf tournament. |
| 11 | Ms. Barnes' complaints about Mr. Turney in January | 11 | Q Around June of 2016? |
| 12 | of 2017 or after? | 12 | A Yeah, and but I can't tell you when the |
| 13 | A I do not believe so. | 13 | Canada if the Canada was before or the Canada |
| 14 | Q And why do you think it would have been | 14 | "you have to speak with somebody," "get ahold of |
| 15 | before that? | 15 | somebody in HR." |
| 16 | A Because of all the code of conduct | 16 | Q Do you have any understanding as to why |
| 17 | meetings that we were having to have to refresh our | 17 | she didn't speak to someone at that time? |
| 18 | our conducts at the building. | 18 | MS. GURMANKIN: Objection to form. |
| 19 | Q But you don't remember when Ms. Barnes | 19 | THE WITNESS: I wouldn't know if she |
| 20 | relayed any of these complaints to you, other than | 20 | didn't. |
| 21 | the golf tournament complaint, which was right after | 21 | BY MS. KIRKPATRICK: |
| 22 | it occurred? | 22 | Q You also said that Ms. Barnes reported |

| 1 | A I didn't say she reported it, she stated | 1 | Q It's possible it was only one time? |
| 2 | it to me. | 2 | MS. GURMANKIN: Objection to form. |
| 3 | Q What exactly did she say? | 3 | She just said she doesn't know. |
| 4 | A That she was a woman and she had blonde | 4 | THE WITNESS: I would not know how |
| 5 | hair. | 5 | many times. |
| 6 | Q She said Mr. Turney said you're a woman | 6 | BY MS. KIRKPATRICK: |
| 7 | and you have blonde hair? | 7 | Q Is that because you don't remember? |
| 8 | A In the statement, that, you know, she's a | 8 | A I do not remember, correct. |
| 9 | woman and she has blonde hair, so | 9 | Q And what specifically did she tell you |
| 10 | Q Was there anything else that Ms. Barnes | 10 | when she said that he touched her hair? |
| 11 | said that Mr. Turney said to her as it relates to | 11 | A That he touched her hair. |
| 12 | blonde hair, other than you're a woman and you have | 12 | Q That's it? |
| 13 | blonde hair; is that it? | 13 | A And she was didn't like it. |
| 14 | A I that was it at the time. She would | 14 | Q She was not specific as to how he touched |
| 15 | yeah, at that time. | 15 | her hair or what part of the body he used to touch |

THE WITNESS: Her -- her department was at the other end, so unless it was the touching, no, I did not see the other.

BY MS. KIRKPATRICK:

Q Did Ms. Barnes tell you specifically what

it was that Mr. Turney did that was aggravating to her?

him, or just...

MS. GURMANKIN: Objection to form.

THE WITNESS: Not specifics.

BY MS. KIRKPATRICK:

It's been testified to.

Q And you were located at one end of the building and maintenance was at the other end of the building?

A Mr. Turney was right next to my cubicle, and her -- the maintenance department was up about three-quarters of the way up the other end of the building.

Q So Mr. Turney was not -- his desk was not located with the other maintenance employees?

A No.

Q How often would you see Mr. Turney and Ms. Barnes interact?

A They would've had -- I would assume, I'm

Q Meetings that you would participate in that Ms. Barnes and Mr. Turney would also participate in.

A In the Thursday morning meetings, they were the ones that everyone -- that was mandatory. If, for some reason, they had another meeting that needed to be -- for the whole production, I would have to go in that with them.

So it wouldn't be -- it would be odd. I mean, the Thursday morning was one that was mandatory, everyone had to go to that one. Other ones could be any time.

Q So you would see Mr. Turney and Ms. Barnes interact at these Thursday morning meetings sometimes?

A I would see them -- I would -- they would be in the same room.

Q Okay.

A They would not sit together, they were just in the same room.

Q Were there any other regular occasions or events where you would be in the same room or in the same vicinity as Mr. Turney and Ms. Barnes?

A You could at any time, because they would

Page 150

not sure, you would have to -- he was the head of maintenance, he would have to speak with her every day.

Q But my question is how often would you see them interact?

A I would walk by them every day if they -if they had a -- we had a morning meeting, I would
see them -- morning meetings on a Thursday would be
everyone had to be together. Or a morning meeting,
he would have his maintenance people maybe in the
maintenance department or in this group. He had
maintenance guys that came in and out, and he would
have to have morning meetings with them, and I may
walk by while she was at the computer with her
maintenance, there was a scheduler.

- Q The meetings were every Thursday morning?
- A Those were the production meetings.
- Q Were there other meetings?
- A I'm sure he had meetings every day for his -- to schedule his maintenance on the well sites.
- Q I'm talking about meetings that you would
- participate in.

 A That Thursday morning -- with Jesse and

Page 152

have their meetings and I might have to go up and
ask a question. I don't -- it would be at any time,
'cause these were not -- if they would have their
meetings, it may be in the conference room, it may

be right where their cubicles where he had all his maintenance men or people.

Q So can you estimate how often you would see Mr. Turney and Ms. Barnes interact?

A I couldn't give you a number; they -- they would have to interact every day, but I didn't see them every day.

Q And you can't estimate how often --

A No, I could not.

Q -- you would see them?

Now, you said earlier that you complained to Michelle Priest that you were treated differently; is that correct?

A With Larsen.

Q Do you remember when you made that complaint?

A Around the time we were getting evaluated -- I don't have the paperwork -evaluated, our yearly evaluation. December/January, so it would have to be December of '16 or

Michelle,

Monday afternoon (11/21/2016) I called Jesse Barnes into room 120A to have a one on one discussion about recent performance concerns. After talking with her few a few minutes she started saying that I was the problem. I asked why I was problem and she stated that I always put her down, telling her nothing was ever done correctly etc....After only a few minutes into this, I asked her to hold tight until I went and got Steve. She agreed to this and Steve joined the conversation. Talking with Steve today, I don't want to let this go. I haven't (In my opinion) ever done anything wrong. Now, I know I have said some things that I shouldn't have but apologized for saying it...I guess what I'm wondering is if we can discuss this. Everything has been fine this week (between her and me) and far as business goes. I don't want this to get out of hand or I fear that I cannot coach her because of this. Anyway, let's discuss Michelle when you return to work. Thank you very much.

Thanks.

Jared

I had a meeting yesterday with Jesse Barnes who has formally submitted an online complaint to HR regarding harassment in the workplace. Can you provide me any guidance on next steps that will be initiated by HR or follow up that I need to take? I was only made aware of this yesterday and have not discussed with Michelle yet.

It was reported on 11/15/2016. The report # is : SHELL-16-11-0050 Thanks Steve

Issue Summary

I have been dealing with harassment issues, specifically name calling, belittling, inappropriate touching and comments.

Issue Details

Since I have started working under my direct supervisor there has been issues with harassment and a hostile work environment. I put in a list form below of the incidents I have been dealing with.

I have been shown a "selfie" of my supervisor in his underwear by him.

I have been brought into situations with a employee that were not necessary because my supervisor thought it was funny that the other employee and myself did not like each other.

I have received non work related text messages.

I was told in my mid-year review that I make good money for a woman and should not be upset with my pay grade by my supervisor.

I was told I work well with male employees because I am a woman by my supervisor.

I was told I am a hot blonde by my supervisor.

I am continuously asked about my personal life by my supervisor.

My supervisor has referred to my significant other as a nerd.

During a pulse survey meeting, when I spoke up about an opinion I had, I was told the meeting was not about me by my supervisor.

At a work charity golf tournament I was asked more than once why I was not wearing shorts at this event and if my supervisor could cut my pants into shorts as well as other supervisors joined in and took a picture of my backside (buttock) and saved on phone.

I was informed to "bullshit" my superintendent on what my position competency by my supervisor.

My supervisor touches my arm and or leg the majority of the time I have a meeting or talk to him one on one.

I was told I am only right if my supervisor allows me to be by my supervisor.

I have addresses my supervisor about an issue I was having with a co-worker and was told that is the way it was going to be.

This co-worker had lied to me saying that my supervisor was mad at me because I was falling behind on work. When I asked my supervisor what I needed to catch up on he denied that he had said anything.

My supervisor told me I was intended to be a pay grade 7 but was told by OM that I would be an 8 with no explanation.

My supervisor said he thinks it's funny when I get into a disagreement with other women co workers. Supervisor gestures cat claws and makes a hissing noise.

I expressed a concern to my supervisor a CPR trainer that instructed at our office that when I was performing CPR the instructor told me to "pick my ass up" in front of male colleges. My supervisor said "well did you pick it up?" in a laughing manner.

In my goals on HR online I entered I would attempt to visit the field every quarter for I am office based and want to gain knowledge of the field. When I asked permission to spend the day in the field with a female colleague I was told by my supervisor I was only allowed to go for 4 hours. When I asked why and/or if he needed me for something that prevented me from spending an 8 hour day in the field, he responded with no I just don't think you need to spend the whole day in the field.

I have been called a bitch by numerous people in the office.

I was told when I voiced some of my concerns that "I need to stop playing the victim".

I have been told by co workers that maybe if they wore tight pants and batted their eyes they could get what they wanted, suggested that this is what I do.

I have been referred to as a "window licker", which I believe was to insult my intelligence.

Superintendent had written me a note to tell me he thought I did a good job regarding certain projects and CC's my supervisor on the email. I was then taken a side by my supervisor and a door was closed so the superintend could not hear supervisor talk down to the things the superintendent just gave me recognition for.

I have been asked by my supervisor multiple times if I thought about him over the weekends.

I supervisor has told me that he has thought about me while showering.

My supervisor encourages arguments among my team.

I was told I was not smart enough by a supervisor to be able to do something.

A co worker had put his hands through my hair without permission.

My supervisor mocks me when I have informed people I do not like to be touched.

My supervisor has mocked me when I told him I do not come to work to hear that I am pretty when a co worker referred to be as pretty. My supervisor kept saying it when I addressed him "I don't come to work to hear I am pretty" he would say to me.

I feel like I am being bullied at work. On a daily basis I feel upset and frustrated. I have become very unhappy while at work. My motivation level has decreased and my communication is lacking. This is affecting my work and personality at work.

Subject: CONF: Tioga Updates

Attachments: SHELL-14-03-0058_Harassment_PENN.PDF; Summary - 2.docx

Megan,

In Appalachia Operations, there was an investigation involving an employee who was Field Supervisor in Tioga (), and announced that he would become Superintendent in Q1/2 2014. Jesse Barnes was an admin assistant contractor at the time, and would have reported directly to this person once he became superintendent. She raised a complaint regarding in February 2014 to the current/outgoing superintendent, David Summers. While Mr. did sent text messages of questionable intent and of poor judgment, he acknowledged giving hugs to her and explained his behaviors as "friendly" and "how he treats everyone—male or female". His supervisor, the Ops Manager at the time, did not agree with a written warning, and gave him a verbal warning only. We also asked him to apologize to Jesse for making her feel uncomfortable. She said that she would not be comfortable with him 1:1, but would be comfortable with Will Turney present.

In March 2014, a Staff Associate raised a complaint to the Ethics & Compliance hotline alleging that past incidents were "swept under the rug", mentioning that Jesse Barnes continues to feel uncomfortable around attached PDF does not name names, this is who I recall the complaint is referring to.) The was the subject of several other investigations and left Shell in Q2 2014 around the time this hotline call was received. As some of the concerns listed in the actual complaint attached had already investigated and responded to, BID was brought in to review. From the BID investigation, new allegations were subsequently raised during some of the interviews and 4 employees ultimately received discipline. None of those 4 who received disciplines based on the findings were related to Jesse Barnes' complaint, Jesse herself, nor Will Turney. 3 of the 4 individuals who received discipline are no longer with the asset.

Interview Questions: Shane Sollinger

Attendees: Shane Sollinger, Megan Kloosterman (HR)

Date: 12/7/2016

Introduction

• Introduction of myself

- Purpose of meeting is to follow up on the concerns raised regarding the work environment and team dynamics
- Allegations have not been made against you specifically, but you were identified as someone that may have information that will help me understand the overall picture
- At this time I don't have any conclusions, we take these allegations seriously and are in the process of gathering information
- Ask that you be honest and transparent in your responses so we can gather the information needed to complete a thorough investigation
- Please keep the information we discuss here confidential, I will as well only sharing on an absolute need to know basis

Ouestions

- 1. Describe your current role and responsibilities.
- 2. Describe your working relationship with Will Turney and Jesse Barnes (understand not on their team). Will it's all just at work; our functions cross each other, things I do drive what he does. We find what needs to be fixed and then his team fixes it. I have been disappointed in the way he conducts his business and things he talks about. Nothing serious, but one of my team members he has taken it out of context and I confronted it. He backed down. He has a tendency to talk about his people to other people, even in negative ways. I don't think he was trained properly as a supervisor. He is a little blunt with is people instead of being understanding. I heard a lot from his employees. They will say I can't stand working for that guy.

Jesse Barnes – SAP stuff, but a notification or something. I know Jesse because my daughter knows her. I haven't seen her outside of work. Good working relationship with Jesse. Talking to her, she always takes care of stuff really well.

3. What are your observations/perceptions of the work dynamics on that team? What are your perceptions of their working relationship? Have you overheard any conversations/interactions amongst them? (Jesse said he was shaking his head).

The team doesn't like Will very much – trying to drive costs down, it doesn't sit very well. I think there is more to it than just that. He likes to talk down instead of listening. He talks down instead of to. I think that's what creates his problems for him. Some of the people don't work for him anymore – 4-5 people have expressed they don't like working for him.

He particularly talks down to Will and Jesse does not like him. Belittle the other person- I'm the boss. I haven't heard anything that's inappropriate, like male/female relationship.

4. Is there anything else you'd like to share related the items we discussed today, that hasn't been asked vet?

5. Is there anyone specifically you think I should talk to regarding the concerns raised?

EXHIBIT 028

6. Please send me any supporting documentation (emails, text messages, etc.) that may be useful for us to reference as part of our investigation.

Conclusion

- Please keep this conversation and the information we discussed confidential and do not share others
- We will maintain confidentiality as well and will only be shared on a need to know basis
- As a reminder, we do not tolerate retaliation for submitting a complaint nor participating in investigatory interviews if you have any concerns related to retaliation, please let us know
- Feel free to contact us should you think of anything else after our meeting
- We take these complaints seriously and as a reminder, we will not draw any conclusions until the investigation has been completed

Questions

1. Describe your current role and responsibilities.

Maintenance planner – pipeline operations – 2 years. Worked for East Resources – 5 years; Operational Readiness prior.

2. Describe the work environment and team dynamics on your immediate team (i.e. direct reports of Will). There are two teams – the tech's in the field who aren't here very often; and guys who are in cubicle team awesome; things have been tough and we have been working hard.

A lot of men work here; it doesn't surprise me – no specifics come to mind. It is a men dominated environment.

3. Describe your working relationship with Will Turney and Jesse Barnes.

Will is an interesting supervisor, Steve asked for feedback on Will. I told him I would not want to be Will's boss but I like working for him. He is always pushing back. For us, he is overworked, I think. But they have made changes, he has less direct reports. At the time it was hard to get with him. Multiple times a day I need to get with him, something is always happening.

Jesse – our relationship is tenuous at best; I am extroverted, like to interact with people; jesse and I – we have a weird relationship. It is strained, which is fine, I am used to that. No relationship outside of just work, hello, goodbye, etc..

There was a day when she was just "I don't want to talk today" - don't remember when – don't remember what happened that day – she just wasn't in a good mood. I asked how things were. And she didn't want to talk. And from then on I got the message, it's just about work. We interact for our positions – working relationship is fine.

a. What are your views on Will as a leader?

024

Will wants to be the best, and he will tell you that wants our team to be the best; very driven; as far as leader goes, he is good at feedback, he is always looking for feedback. Most of the time he is a good boss, he is the most accessible boss I have had when it comes to issues.

b. What are your observations/perceptions of their relationship?
 I don't see anything – we are back to back, I haven't noticed anything. There are planner/scheduler specific meetings that she is not a part of so I don't see anything.

He has a way of what he wants, it's in his head, but to get you to do what he wants it doesn't always translate until the 5th time. There is back and forth, I want to see this instead, fix it. It happens with me too, but it happens more with her because he is getting reports from her.

- 4. Have you noticed anyone teasing Jesse and her getting upset?

 She is ok with teasing, she doesn't get upset. Other than that nothing comes to mind with her.
- 5. Have you made jokes regarding being a woman in the workplace towards Jesse?
 - a. Example of batting eyelashes and wearing tight pants to get what you want. I don't remember saying that or hearing it.
- 6. Is there anything else you'd like to share related the items we discussed today, that hasn't been asked yet?

In general, I think it is a tough work environment for women. Just generally, it could be a respect issue, culturally, socio-economically. Feeling respected, it might be the type of environment where if you were a man you would be treated differently.

- 7. Is there anyone specifically you think I should talk to regarding the concerns raised?
- 8. Please send me any supporting documentation (emails, text messages, etc.) that may be useful for us to reference as part of our investigation.

Conclusion

- Please keep this conversation and the information we discussed confidential and do not share others

Ouestions

1. Describe your current role and responsibilities.

Well integrity – 4 years. eWIMS is electronic program that manages the data. Manage inspections, servicing of well heads, manage mechanical integrity assessments. Servicing wells and doing inspections. Specific to wells.

2. Describe the work environment and team dynamics on your immediate team (i.e. direct reports of Will).

My best description would be dynamic, it changes quite a bit. There are a lot of different personalities, sometimes you will see friction, they get along most of the time. My outlook on a lot of things is different than others in the office, I was born and raised on a farm. I have a strong work ethic.

On the surface they get along, sometimes you wonder why someone said something or so on.

3. Describe your working relationship with Will Turney and Jesse Barnes.

Will – I don't consider it a bad relationship, consider it strictly a working relationship; there are a lot of things I respect and I don't respect. It's my personal views though. We have a good working relationship. I am open with him in 1:1s, if I think he is doing something I don't think he should. I requested he do the same thing for me. We communicate on a daily basis (morning meetings), as far as having to request info I may go several days or a week working independently. Does not micromanage what I do.

Jesse – she helps with setting up some of the maintenance programs for well integrity system, SAP uploads, managing work orders. At least weekly; positive work relationship. Prior to Shell I was with East Resources, her mother worked with ER. I had a good relationship with her mother, she is a friend. I have more of a tie to Jesse. She is a good kid and good worker, I like her a lot. I respect her.

a. What are your observations/perceptions of their relationship?

EXHIBIT 027

I think he underestimates or takes for granted at the same time – throwing work things at her constantly. Will has a simplistic view of getting things done. We had a project in the field and the guys were having a hard time getting it done, - underestimates what it takes to get things done. Doesn't realize the amount of work in his requests. I see him doing that towards Jesse more than others, but it might be because I see her more than others.

They talk back and forth, I never have seen her protest how much work she takes on. She says yes. I think she has a lot of frustration for the amount of work.

I have never seen anything be negative about their relationship.

I think she has a good working relationship with the team, it seems like everything is easy going, people request things and she will do it; general comments that are made the team has a good opinion of what she does.

I would like to review a few specific examples of their work relationship with you. Please share any information or perspective you have related to these matters.

| I have been called a bitch by numerous people in the office. | More near the beginning of 2016 | I have not; that would have stuck in my mind. |

Personal opinion - With Will, I view Will as an extremely goal oriented, type A overachiever, he has to be the best at everything. If there is something going on he has to be the top one. He wants his group to be 100%. He has to be – his SAP score – got to be the best. He seems to be more driven by what people think of him, materialistic, image-wise, his appearance. His value of the people in his team is- he values them in how much they can help him be the best in his- support his goals. That's why I have a free working relationship because I work hard and get my stuff done. He doesn't want to be bothered with it unless its value to him. We had to let go some part time people that were temporary workers. Once we knew they weren't going to be here it was like they didn't mean anything to him. This is one of my issues with him.

There is a lot of light-hearted – nothing has caught my attention that is inappropriate. If something is offending her, she is pretty good about keeping it internalized or I am not noticing. She is a quieter person; she wouldn't confront someone in front of the group. She is more quiet and reserved. Knowing her mother and the way she was, I can see she was probably more respectful and reserved.

Every once in a while people will joke back and forth, and occasionally things will get said that I don't think is appropriate for an office environment. They cross the line sometimes, not too often, but sometimes. I can't recall a specific example. Once or twice have been about women, probably.

4. Is there anything else you'd like to share related the items we discussed today, that hasn't been asked yet?

She is the only female up where we sit, she is younger, and she is attractive. It is not uncommon to stop and visit with her. More people stop casually with her than they do with anyone else up there.

I have not seen anything directly aimed at Jesse that I thought was extremely excessive or out of place, but she might be more sensitive. However, I am hard of hearing and I might not hear everything. But I hadn't noticed anybody or actions in particular being overtly offensive to Jesse.

- 5. Is there anyone specifically you think I should talk to regarding the concerns raised?

Questions

1. Describe your current role and responsibilities.

Operations Supervisor in Tioga, I oversee the day to day operations, the flowing wells of this asset, the operators are my direct reports. There are about 23 direct reports. In role try to be out in the field but due to meetings it's not always possible. Lead operators, control room operators, etc.

Huge overlap with maintenance. Maintenance and operations go hand in hand, we have problems that are not a quick fix or something that needs some specialized equipment, like a truck crane or something. Then we will interface with maintenance. If it is causing deferment or lost gas/revenue. We will try to work on it. Sometimes in conversation we talk about it.

2. Describe your working relationship with Jesse Barnes as the Maintenance Analyst and how your role interacts with hers. How would you describe the nature of your relationship?

Always had a good relationship with her, I have known her for at least 4.5 years. The interaction there is – there is some interaction due to scheduling, we might talk about who will do what next week. PMs that fire through the SAP system. If operators are not up to getting paperwork in, then we will talk about that.

a. Working relationship with Will Turney as Maintenance Supervisor?

Primarily interface with him as supervisor – our working relationship is outstanding, we have a strong relationship, we aren't butting heads.

b. Do you have any observations of the team dynamic for the Maintenance team?

From what I have seen – the maintenance planners, schedulers, field guys, they have their own separate meetings that I usually don't attend. From what I have seen they function very well. they get a lot of accolades across UPU for things they've done over the past year, year and a half.

I would like to review a few specific examples of the work environment and team environment with <u>you. Please share</u> any information or perspective you have related to these matters.

| Claim | Timing (from Jesse) | Mark Hoover Response |
|--|---------------------------------------|---|
| • I was told I was not smart enough by a supervisor to be able to do something. | Apr-16 | If I did, it was most certainly in a joking manner. We've pretty much had a back and forth joke with one another, throughout the – once we got to know each other. We do jabs back and forth. We are both somewhat sarcastic people, not in a negative way. We like to laugh and jab. I always thought it made the day pass. I understand there are limitations – I don't remember this specifically, but it would not surprise me. |
| have been referred to as a "window licker", which I believe was to insult my intelligence. | Jul-16 | Yes, I did do that. We were – it was probably similar or maybe the same instance about being not smart enough to do something, I think that may have been what it was. She laughed and called me oen right back, or soemthing similar. Or just said Mark Hoover, you're a pain or whatever. |
| I have been called a bitch by numerous people in the office. | More near the beginning of 2016 | Bitchy – yes. It was strictly in a joking manner. It was never, there was no malous or meanus involved. |

I never sensed she was upset by any comments. The way I see it, if it was one of those days where she was overwhelmed or busy, if the conversation started that way, or it was pretty obvious that she didn't want to joke around then I wouldn't have. If I had the impression that I set her off I would have apologized. I think she is nice a smart and I wouldn't want to do that.

Most certainly she has made jokes to me as well. I've had Jesse tell me to go "F" myself. It was banter, I don't remember why she told me. It might have been one of those times where the pressure was there a little bit. I don't know what I said to be honest. It had to do with scheduling or something, she said Mark Hoover go F yourself. And I said ok, I'm good. Right now specifics, honestly, I can't nail down where i could give you verbatim.

I don't interact with her enough, any conversations we have had about scheduling we were able to straighten out issues we've had with scheduling. I always felt we had a friendly working relationship and no problems to speak of. I would have hoped it would have been brought forward. She can be outspoken, I felt strongly if I did something she would let me know and I would make sure it didn't happen again. I never felt a strained relationship with her at all.

3. Is there anything else you'd like to share related the items we discussed today, that hasn't been asked yet?

I've always enjoyed working with her, I don't work with her on a regular basis. There is an overlap and it's not as big from my perspective, but I've worked with her for quite a long time. We have shared stories of going to concerts and have laughed and joked. I give her the back in the day stories and we laugh about it. I always thought it was quite good.

4. Is there anyone specifically you think I should talk to regarding the concerns raised?

5. Please send me any supporting documentation (emails, text messages, etc.) that may be useful for us to reference as part of our investigation.

1. Describe your current role and responsibilities.

Process Improvement Lead – improving processes on a regular basis – manage the pipeline maintenance group. I manage flowback, contractors. Water systems and team that moves water in the field.

2. Describe your working relationship with Will Turney and Jesse Barnes.

Will Turney – interface with Will on a daily basis – not on maintenance team, but how work gets done on a daily basis I utilize his planners/schedulers to get work done. Always looking for ways to save money, plan work at the same time, trade work back and forth. I relieve the superintendent when Steve is not here, and I work with Will on that level. We have a good working relationship. Open relationship – work with him on a daily basis. – Sometimes down to the hours.

Jesse Barnes – I don't interface as much, she helps me get work orders from the system, has helped me with SAP, I would say most of the time it is daily but not consistently. I think it's a good relationship, she has come to me before in the past with other issue for advice and I have helped her through stuff.

PERCEPTIONS OF THE TEAM/WORK ENVIRONMENT – for the most part, to be honest, most of them don't have too many issues. In some cases I see Jesse has issues with some of the schedulers – it seems like there is always a riff between Dan/Jesse. I don't know why but they don't get along. The team as a whole isn't too bad – in the past I have tried to coach Will to get higher up than he was – trying to be friends. Too chummy maybe with the employees. On a regular basis – with Dan, I think it's a personality conflict.

a. Jesse shared that you have coached her to control her temper – can you share details on this?

She has come to me when she has issues with Will, she was upset because he would just tell her things that were wrong. She got so angry one time that she got sent home to take a break. She was so angry she was crying when talking to me. Coaching was to try not to cry, if she doesn't understand something, make sure she understand it and be clear. Participate in meetings, she doesn't participate in much. We were talking

about the SPS and trying to get people to give feedback, and she was on her phone the whole time. I coached her that she should participate in those meetings. Have a voice in the room.

Some conversations I've had with Will is you need to help her more. His response is I might have done it myself. Say repeat to me what I want you do to so I know you understand it.

I see a lot of banter back and forth – joking – friendly.

INNAPROPRIATE? Talking about personal life, boyfriend; she recently bought a jeep, was pretty proud. I said good job, there was a statement made whether her boyfriend gave her permission. Getting pretty personal.

GETTING HIRED – Will pushed for her to get hired, she showed ability to get hired; to be honest I think she is one of the sharpest employees as far as ability, but she lacks energy/motivation for some reason. She was angry about the woman statement (getting paid well).

I would like to review a few specific examples of their work relationship with you. Please share any information or perspective you have related to these matters.

When she got hired, we had a conversation with her, you made it. Coaching that you have to bring it to the next level. Chris Andersen cautioned hiring her, because she is 'trouble' and we will all end up in the same position as the last guy. Biggest reason to hire her was her performance; she was driven and would do a lot of work for everyone. When she became an MA he would try to get people to stop because she was the goto person. I think he felt bad for how he was treated in the past. He never told me that, but maybe.

As the year went on, I noticed and spending time, giving advice. Every time I asked her I couldn't figure out what it was. I was trying to coach her.

- 3. Understand you had observed an instance in March of this year when Will referred to Jesse as a hot blonde share your perception of this event. Confirmed, made a statement about it.
- 4. Understand you were at the golf tournament this past summer with Jesse and Will. What were the group dynamics at this event? Do you recall Will and others asking Jesse why she was not wearing shorts? Did you take a picture of her back-side at this event? No recollection the whole golf tournament, I remember a lot of booze, she had a friend acting in appropriately. No recollection, but everyone was taking picture. I'm sure there were pictures of her in it.
- 5. I understand Jesse has shared this information with you previous. What has she shared with you? Did she share how this behavior was impacting her? What was your response? Why didn't you escalate to HR or leadership?
 - You could tell she was visibly frustrated, and I was trying to help her through it. Trying to give her some stuff that I've learned through the years. Coaching; I told her if you are not getting help from Will and we aren't helping, talk to Steve/Greg. If you have a problem with Will and I am not helping. Hindsight is always 20/20, there was nothing I saw that told me to escalate it. I have had some conversations with Steve about it, because we would talk about employees in general. Nothing was a huge red flag.
- 6. Is there anything else you'd like to share related the items we discussed today, that hasn't been asked yet?

In working with both of them, it was always assumed as harmless banter, she dealt as much as she received. In some situations, she started it. It seemed a joking banter back and forth. He has done that stuff, or still does, trying to keep the stress low. People are frustrated, our SPS is low. Trying to find ways to keep morale up. He tried to make people laugh, joke, etc. At the time you go back and forth. That is how I

perceived it, it never was intentional, it seemed as harmless. He tried to work equally as hard to make sure she was successful.

- 7. Is there anyone specifically you think I should talk to regarding the concerns raised?
- 8. Please send me any supporting documentation (emails, text messages, etc.) that may be useful for us to reference as part of our investigation.

Conclusion

- Please keep this conversation and the information we discussed confidential and do not share others
- We will maintain confidentiality as well and will only be shared on a need to know basis
- As a reminder, we do not tolerate retaliation for submitting a complaint nor participating in investigatory interviews if you have any concerns related to retaliation, please let us know
- Feel free to contact us should you think of anything else after our meeting
- We take these complaints seriously and as a reminder, we will not draw any conclusions until the investigation has been completed

Michelle,

I was unaware of Managers willing to submit before the Employee was able to review it with the Manager. Steve Ellis gave me the written review so I do not need it now but the part that talk about my "attitude" was a direct result of what I was having to deal with and go thru so I'm not sure how that is a reliable reasoning. What was I expected to do in this case?

Thanks, Jesse

Hi Jesse,

Some managers show their reports the write up in Word or email first, others put it directly in HR Online. Perhaps Greg thought you had already seen or discussed it and just needed a copy. I have shared some of the feedback Greg and Steve gave to me and you have had separate conversations with them. Are you requesting to see the written feedback before it is loaded in HR Online?

Jesse,

While I'm more than happy to continue to discuss this, the best use of our time might be to assure your development is proceeding. I've talked with Steve Ellis and he seems to think your work schedule is well loaded and delivering value. Taking over the E&S inspection work and showing that the work can be done in much less time than was previously needed is certainly a positive differentiator.

I'm not sure why your 2016 performance write up is not yet loaded. I have requested this be loaded by HR.

2016 Year-end Review - Jesse Barnes

General comments:

Jesse was the Maintenance Analyst for Appalachia's Tioga Operations in 2016. Jesse continued to grow and develop in the role and has worked to complete her assigned tasks. She also supported a few extra activities. Examples include creating a 'Z6 Tracker' for work order changes, tracking scheduling conflicts, reducing the number of standing orders to achieve better cost control and conducting a PM review that was able to reduce ~ 400 hours of unnecessary work. Jesse received three High 5's in 2016 for work aligned to our Unconventional Behaviors. In the area of Safety, Jesse met her target of one BBSM observation per month.

Opportunities:

Jesse is meeting expectations in 'Performance' as a Maintenance Analyst, however additional contribution opportunities were not fully realized. At times Jesse is seen as not working well with others and appeared isolated which can contribute to lower productivity of the Planning and Scheduling department. Jesse can also become frustrated in her job and has missed work as a result. Being open to others assistance and ideas, actively participating in meetings, and looking for opportunities to collaborate with others may help improve this gap.

Greg,

I have attached what I sent Steve though you may have already seen this already.

Missed Opportunities for <u>Jesse Barnes</u>:

- Actively participate in meetings (MIE/HWGD Daily YTT, Notifications, scheduling etc.) Was asked to stop
 going because she didn't act like she wanted to be there and wasn't participating.
- KPI Reporting Jesse would know about certain KPI's, but failed to send to me or the group unless reminded about it. Didn't dig into information enough for us to find solutions to problems.
- Jesse had a hard time letting work go. When I wanted to get the maintenance folks to close out their own CATS, Jesse was against it. She said they would mess things all up. When we trained them, it went very well. A few small hiccups but nothing major. Once we starting this new procedure, we noticed that we weren't capturing the hours correctly. Jesse was just putting what was on the WO instead of actual hours worked. Same thing with the damage codes. This was an eye opener.
- Jesse never wanted any help from the other staff. She also said they would screw things up and she would have
 to fix it. This is why she left work a few times because I had Ken Foreman helping her get caught up.

These key components in the HWGD process can make the department suffer if not applied. Let me know if you need anything else. I hope I have explained it well enough for you.

I have also attached Jesse's 2015 EOY Performance Summary, just for awareness!

<u>Jesse Barnes – 2016 E.O.Y Performance review</u>

Jesse has worked as Tioga's maintenance Analyst for over a year now. She has interacted with many different groups and assets over the past year. She has gained more knowledge and competencies for her role. Jesse has different vendors and contractors for work based in the office (Slaven Const., McClure Co., Wolfe etc) worked on some LEAN initiatives with our support group form Calgary and in-house stuff with our Lea

EXHIBIT 047

has completed and stays caught up on her CBT's and other related safety training. She is diligent in providing information (Reports, KPI's etc) when needed.

Jesse can allow her frustration of certain things affect her ability to work effectivity (Anger with another staff member, business decision etc). She can get frustrated when challenged to explain herself on certain tasks she has completed. I think it's difficult for her to create and imagine what you may be looking for unless it's a document you can grab for SAP or other resources readily available. Jesse doesn't engage in meetings (Safety, common day or MIE).

Overall Jesse performs at her role.

All,

Here is my 2017 GPA and Performance Contract. These two documents were combined last year. You can combine them for simplicity. If you all could review and create your own by the end of December that would be great. I'd also like for you to review your IDP. I will be setting up your end of year performance reviews so they are completed by end of December. We can review and discuss any gaps, concerns or issues with your GPA/IDP at that time. If you have any questions or concerns, please get with me. I will send this out to the hourly folks as a separate email.

Thanks,

Hi, Jesse

Sorry for the delay in responding – I needed to follow up with Michelle, who had looked at your concerns again. She explained to me that she created a timeline and was satisfied that there did not appear to have been retaliation against you by reducing your IPF. The IPFs were decided in late October/early November, which was before you raised your initial complaint. She explained to me that the feedback from supervisors at the time that the IPF was determined was related to behaviours and not to your work responsibilities, and that the IPF ranking was appropriate using the 9 box model.

Your concern about not getting the feedback in writing before it was put into HR Online seems to unfortunately be a breakdown in communication. Greg and the various supervisors involved all thought that the others had given you the feedback in writing, and as a result none of them did it. While unfortunate, this can happen when you change supervisors late in the year. I had a similar thing happen to me this past year as a former supervisor closed out my GPA in HR Online with no feedback in it and the two supervisors I had over year end weren't sure who was supposed to put feedback in. We ended up having to reopen my GPA after the deadline to get any feedback in there at all.

I know that when you have lost trust in your leaders, it is hard to see any of their actions in an innocent light, but I know Michelle did look at your situation carefully and I can agree that it does not appear to be retaliation based on the explanations she provided. I know that is not the answer you wanted to hear. If you encounter specific incidents that feel like they could be retaliation in the future, please contact me again and we will look into them.

Michelle will touch base to answer any specific questions that you may have.

I am writing to follow up about our conversation last week. We talked about my IPF and my concerns that throughout 2016 I was working under leadership that was in violation of the code of conduct. I appreciate you taking the time to talk with me, unfortunately, I have not heard back from Michelle yet. I am reaching out to you per our conversation and your suggestion to follow up with you if nobody contacted me.

What should my next steps should be in addressing my IPF and a section of the written feedback?

Hello,

I have put together documentation that shows I went above and beyond my role as a Maintenance Analyst. I feel it is necessary to communicate my accomplishments correctly, given the issues that I recently have had with my Supervisor. Keep in mind the struggles I had to work with all while completing this work. I avoided my Supervisor and one other Supervisor in any way possible and still was able to complete these tasks. Also, there would have been more savings in the PM review but I was told I needed to make sure the Leads time (which I needed for the review) was scheduled, so I put notifications in for the Leads time and the scheduler kept pushing my order out, when I asked why, his response was because we had lost our contractors and needed the Leads to do more field work.

I have attached our schedule compliance for your review so you can see how much the scorecards have dropped in my absence.

I attached job aides to help Operators, Techs, etc... that I have created and my schedule conflict tracker.

Please review and let me know your thoughts. I am having an extremely hard time accepting I am only ranked as a .8 when I was told I was doing very well in my role up until this point, now I am being labeled as an underperformer.

Thanks, Jesse

2016 Accomplishments- Jesse Barnes

- 89 Z6 submitted, completed- this includes anything from changing hours to creating PM's, deleting PM*see Z6 needs cheat
- Streamlined and initiated management of Z6 needs sheet and all Z6 entries this I had to fight for for months with Will to be able to manage all though it was a part of my job
- Creation of 400 water sample maintenance plans 3 Months of work
- Handover from AI to Pipeline Ops Task List created and Equipment Calibration PM's created
- Kold Katcher, MOC Health Check, Well validation PM's per Engineering request created
- F2F Analyst Training at Caroline Plant
- Started PM review/redlining with Leads, **16K in potential savings thus far** I brought this back from my Analyst training at the Carolina Plan
- Obtained permissions/training from CMFT to make SAP data changes/LAFD extensions on site traveled to Canada 2 days early to have this one on one trainingt
- Corrected cost reports with Joe Rathburn by changing main workcenters/timewriting for operators
- Filled in for notification review when planner was off from surgery and also helped when Scheduler was off from motorcycle accident
- Created Z1 notification, CATS Timewriting, Attached Document to Notification job aides
- Incorporated notification training in Onboarding process with Tom Underholt had Tom send new employees to train on how to enter a notification
- Trained Maintenance Technicians and I & E Tech on CATS Timewriting
- Assisted in IW21 role out which saved money converting super users into light users
- Whiteboard updates/pareto charts for lean initiatives
- Scheduled and planned building maintenance PM and CM's with McClure's, Wolfe Communications, Slavin's Construction
- Requested PO's for specific jobs for the building
- Incorporated 1 field visit with April Heater/1 Rig visit with Jen Card
- PDS training with Shawn Dueitt, requested specific report to be created, helped Shawn several times on how the costs in WO/SAP works
- Organized Operations Golf Tournament Tent
- One on One JSA training with Wayne Fletcher to be able to review JSA's with building vendors
- Submitted a BBSM for each month.
- Created Equipment Tracker system with Luke S. and Matt Furstoss, went out and found all equipment with Luke and marked equipment for tracking
- Reduced by over 1200 orders standing order list for 2017 for better cost control
